#### Concluded from First Page.

The United States marshals sworn in at the instance of the General Managers Association. He cited instances where men were caught in the act of applying the torch and when arrested by the police United States marshal badges were found on them. He said the 3,600 special deputy United States marshals sworn in were chosen from the sewers and the slums, and were men of no character; that the A. R. U. had won the fight and that the railway managers knew that unless public sentiment was changed they would have to back down, so the riff-raff of the city were pressed into the dirty work of fire demons. He said there were no Pullman coaches burned, although many of the cars were in the yards, only cheap rolling stock and box cars being burned. He said that when the trial is continued in May, it will be shown "who the conspirators are." Mr. Debs explained privately that his tour is being made for the purpose of raising money to pay the costs of the suit and to carry the case on appeal. He expects that the United States supreme court, in full bench assembled, will hand down its decision, which will be final and will let Mr. Debs and the railway employees know just where they stand.

#### Claimed Eighty Victims.

EVANSTON, WYO., March 21.—It is expected it will take a few days before the bodies in the Central Pacific mine at the canyon, will be reached. The explosion wrecked the power-plant and several buildings, entailing a heavy loss. The best information obtainable places the number of victims at 80. Two bodies have been taken out of the slope by rescuers who claim further progress is impeded by caves. The explosion is believed to have been caused by sparks from a blast setting fire to the dust. It is said the mine was wholly free from gas. In addition to the 80 mentioned, it is believed 10 lost their lives in the powerhouse. A searching party is now exploring the slopes of the mines. General mourning prevails throughout the place and nearly all the woman and children are assembled at the scene of the disaster awaiting the news of dear ones. Half a dozen bodies are already lying in the improvised deathhouse. The bodies of the following have been recovered: Willard Brown, Baptist Julian, James Limb, Angel Dermodi, all married, having big families, and two boys, William Grieves and a son of J.R. Slay. The following married men with large families are known to have been in the mine: Henry Burton, Samuel Holston, George Hardy, David Lloyd, William Sellers, sr., Thomas Hutchinson, Samuel Bates, Walter Miller, Henry Scotchren, Aaron Butt, George Cricket, Hugh Sloan, William Morris and the following young men: John Morris, William Graham, jr., Marshall Langton, George Hymes, John G. Locke, Albert Clark, David Lowry, jr. The greater part of the men who perished are covered with debris at the seventh level, where they were gathered awaiting a man trap. Work is being pushed with all possible speed to uncover the dead. There is no fire in the mine.

#### Expresses No Surprise.

WASHINGTON, March 20.—Persons familiar with the course of Hawaiian affairs in congress express no surprise at the recall of Thurston. Members of both houses who supported the policy of the administration in Hawaiian matters made no secret of their dissatisfaction with the alleged course of Thurston in furnishing information to friends of his government for use in debates. McCreaty, chairman of the house committee on foreign affairs, is said to have been considerably provoked at Thurston's activity in matters before congress and the story goes that he told Gresham of Thurston's frequent presence at the capitol, and his belief that he was furnishing the opponents of the administration with their facts and figures for use on the floor. Gresham refused today to make any comments whatever on the report concerning Thurston's recall.

#### On Behalf of Armenians.

LONDON, March 20.—Francis Seymour Stevenson, M. P., chairman of the Anglo-Armenian Association, on behalf of the Tiflis Armenians, will present to Mr. Gladstone, when the latter returns to London, the copy of the Armenian gospels inscribed upon vellum, which is to accompany the address to the ex-premier, now being signed by the Armenians there. In a recent letter, Mr. Gladstone says he has abandoned hope that the condition of affairs in Armenia will change for the better. The sultan, he declares, is no longer worthy of the

courtesy of diplomatic usage or Christian tolerance. The ex-premier promises that when the gospels are formally presented to him on his return to London, he will deliver a rallying address on behalf of the Armenians.

Memorial for Boy Soldiers. BENTONVILLE, N. C., March 21.—The monument to the memory of the Confederate Junior Reserves, was unveiled yesterday. The veterans acted as a guard of honor for the orator of the day. The monument is the only memorial of the heroic deeds of the boy soldiers of the Confederacy.

Doctor H. R. Fish, of Gravois Mills, Mo., a practicing physician of many years experience, writes: De Witt's Witch Hazel Salve has no equal for indolent sores, scalds and burns. It stops the pain instantly, heals a burn quickly and leaves no scar. Snipes-Kinnersly Drug Co.

Presidential Appointments. WASHINGTON, March 21.—The president today made the following appointments: William M. Springer, Illinois, judge of the United States court for the northern district of Indian Territory; Constantine Kilgore, Texas, judge of the United States court for the southern district of Indian Territory.

Found Guilty and Sentenced. BUFFALO, N. Y., March 21.—Clarence Robinson has been found guilty of murder in the second degree and Sadie Robinson, of manslaughter in the first degree. The man was sentenced to life imprisonment and his wife to 20 years.

#### Sounds Like Old Times.

One of those frequent happenings—a barroom fight—occasioned by a too free indulgence of stimulants took place about 1 o'clock yesterday morning at the Mann corner and which resulted in a number of black eyes, broken noses and swelled heads. The fight has more than a passing significance inasmuch as one of the principals, Eben P. Torrey, heretofore the champion "scrapper" of the town, was badly worsted.

At the time of the commencement of hostilities there were assembled a large crowd of all-round "good men," husky miners, who are open for an engagement at any time. Thomas Murrey and Eben Torrey with others were at the bar and engaged in a parleying of words, when it is said Torrey, as he has many times done on previous occasions, struck the first blow, landing on Murrey's eye. Murrey gathered himself and went at Torrey like a whirlwind, landing heavy on Torrey's nose and eyes and felling him to the floor. The first blow that Murrey struck was a stunner and Torrey, to the surprise of those present, showed the "white feather," by asking for quarter. This made Murrey more incensed than ever, since he had not yet started in on his man, and he hit him harder than ever. At this juncture Ed. Farrell, a peace maker, stepped up and was in the act of separating the men, when Dan Halsey struck him a fearful blow over the eye. Farrell, who is somewhat of a fighter himself, then went for Halsey and the way he done him up was a pleasure to all the eye witnesses. A stop to the row was made when Jack Monahan stepped in and demanded peace.

As a result of the "scrap" Torrey is now confined to his bed with a broken nose, eyes swollen shut and generally in a badly used up condition. Murrey has only a slight discoloration of one eye and Farrell and Halsey are laid up for repairs. Chief Lamb has caused warrants of arrest to be issued and they will be served upon Torrey, Murrey and Halsey as soon as practicable and a full investigation of the affair made in Judge Packwood's court. The general sentiment seems to be that Torrey got just what he has long been looking for and that Halsey should be heavily fined for the part he took in the affair. His attack on Farrell was cowardly in the extreme.—Baker City Democrat.

J. A. Richardson, of Jefferson City, Mo., Chief Enrolling force 38th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed. I obtained almost instant relief and a speedy cure by the use of One Minute Cough Cure. Snipes-Kinnersly Drug Co.

Mr. Debs, the great labor leader, is in Portland. We are glad that we got away before he arrived, for while our modulated voice and softly beaming eyes, could hardly be taken up for contempt of court, yet in view of Mr. Debs' business with the United States courts and the fact that we were mistaken for him three days before he arrived, we feel more secure, while we have a good strong alibi.

B. H. Bowman; Pub. Enquirer, of Bremen, Ind., writes: Last week our little girl baby, the only one we have, was taken sick with croup. After two doctors failed to give relief and life was hanging on a mere thread we tried One Minute Cough Cure and its life was saved. Snipes-Kinnersly Drug Co.

#### A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippé, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

#### Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a second spoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

Ayer's Cherry Pectoral Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Prompt relief given to coughs.

"Perhaps you would not think so, but a very large proportion of the diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Edson. "It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to the cold. New York is one of the healthiest places on the Atlantic Coast and yet there are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 50 cent bottles for sale by Blakely & Houghton, druggists.

#### Taken Up.

Came to my place on Long Hollow about Jan. 1, 1895, a gray pony, branded with two quarter circles on left shoulder, weight about 700 pounds. A. J. HOLT, Dufur.

The continued dry weather has not been favorable for the placer miners, particularly those who depend upon working the rich gulches and among the smaller streams where water is expected only during a few months in the year during the winter season. Those who depend upon the snowfall in the higher mountains to supply water during a longer season, are all right for there is the usual store of moisture in the higher altitudes.—Ashland Tidings.

PARDEE, M. D., 122nd Street and 7th Ave., New York City. "The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City. THE CANTERA COMPANY, 77 Murray Street, N. Y.
