Is Unknown in Hawall. Honolulu, April 11 .-- Correspondence of the United Press, per steamship Alameda: On the arrival of the China, the 2d inst., a lively sensation was created by the newspaper dispatches announcing that Secretary Gresham had instructed Minister Willis to demand the recall of Minister Thurston. Minister Willis stated to the editor of the Advertiser that he had received no instructions upon that subject, and knew nothing whatever about it. Nor has the government received from him any communication thereon. No serious apprehension is entertained of any grave complications. The opinion is generally expressed that Thurston will probably have no difficulty in justifying himself. So far as can be learned, it seems probable that this government will in any case not make a point of honor in the matter, but will send another minister in Thurston's place. United States Minister Willis is believed to feel some uneasiness lest in retaliation the government should give him his passport; but it is considered highly improbable that the government will disturb Minister Willis as long as he gives no special cause therefor. A reception to Minister Willis and

lady was given on the evening of the 2d, on board the flagship Philadelphia by Admiral Beardslee and officers of the ship. All the prominent government officials then in town were present. President Dole had gone to Kanai.

The government and their supporters feel that little relirnce is to be placed upon the ex-queen's oath of allegiance or act of abdication, and that she is still liable to foment agitation and insurrection. The native weekly paper, Makasinana, was suspended for ten weeks during court martial law, its editor, Kapu, being in prison as a suspect. Since his release its publication has been resumed. Its tone is nearly as treasonable as it had been before. Its last issue declared that the queen's oath to the republic did not bind her adherents, she having made it under the stress of captivity. She was not to be regarded as a martyr who had sacrificed herself for her people.

A serious and growing apprehension is expressed here of what the Japanese government may feel impelled to do to Hawaii after the termination of their war with China. The temper of that government is less distrusted than the inordinate jingoism of Japanese politicians who are likely to make unreasonable demands for increased political power for Japanese residents in Hawaii, who at present, like the Chinese, do not participate in all public affairs. More attention is directed to Japanese matters on account of rapidly increasing competition experienced from Japanese importers and retailers. Goods of Japanese manufacture are fast displacing those of Europe and America in Hawaii, while Japanese retailers are easily underselling the white men. Altogether, more danger is feared from Japan than from any other source.

The Mazamas and Mazamaresses give notice that they are going to ascend Mt. Hood in July. When they get there they are going to telegraph to their fellow goats and goatesses on Mount Hood by means of a heliotrope, and these goats will in turn heliotrope the Nurseryman, Chicago, Ill. message to some more goats on top of The Assistant-Comtroller's Condition. some other mountain, until the whole heard from British Columbia to Mexico no change in the condition of Assistant have learned the message. What that Controller Mansur, and he is still criticmessage will be is hard to say, but it ally ill. will have to be short. The Mazamas have our best wishes, and we hope they may enjoy the climb and clime of Mt. Adams; they are welcome to our share.

### Insurgents Defeated.

NEW YORK, April 11 .- A special cable to the Herald from Kingston, Jamaica, says: News has been received from Santiago of three encounters between the government troops and the insurgents led by General Maceo. In every instance the insurgents were defeated. The first battle was near Los Brazos on Sunday, the next on Tuesday, near Alegria, and the third near Palenque yesterday. In a battle near Mayasi yesterday the insurgents were also defeated.

### Advice to Germans in Russia.

FRIEDERICHSRUH, April 11 .-- Prince Bismarck replying to a deputation representing the Germans in Odessa, today begged his hearers to Foster the political friendship which, he insisted, was so necessary to both Germany and Russia, adding "Russia is certainly a better neighbor than many another." The prince concluded: "Continue to be good Germans, and do nothing to prejudice the friendship of Russia."

ONE STHEAK OF GOOD LUCK. A Millionaire's Story of a Pivotal Experience in Boyhood's Days.

"What is the luckiest thing that ever happened to you?" a Herald man asked of a New York millionaire. "Do you mean sheer, unadulterated

luck-something that just happens without any seeking on your part?" replied the millionaire. "Well, yes; let it go at that."

lucky man by the thousand and one peo-

do myself. But, on my honor, what I call a genuine piece of good luck happened to me only once in my

life. It didn't amount to much, though it meant much to me at the time. It was when I was filling my first job—that of an errand boy at three dollars a week-and I tell you I have never since felt so rich as when I carried home my first three dollars. I had been given a check to cash and a bill to pay. After paying the bill I had thirty-seven dollars of my employer's money left. just crossed Broadway, when, happening to look back, I saw two men fighting in the street. I was enough of a boy then to take a keen interest in anything like a 'scrap.' I retraced my steps to see what it was all about. To my amazement and surprise I discovered that the two men were fighting about the thirty-seven dollars and the receipt bill, which in some mysterious fashion had dropped out of my pocket. A policeman happening along at that moment I was able to prove that I had a better right to the property in dispute than either of the two combatants, and recovered it forthwith. They had each grabbed for it at the same time, and each was bound to get all or none-luckily for me. I have often speculated upon what might have happened if they hadn't quarreled. I should never have recovered the money, and, in consequence, I should certainly have lost my situation. That might have changed the whole current of my career, and instead of being a rich man I might to-day have been a poor devil, or I might have been twice as rich as I am. Who knows? Anyway, I regard it as the only piece of downright, simon pure, unmistakable good luck that ever befell me. But any Tom, Dick or Harry that you chance to meet will be able to tell you lots of pute than either of the two combatants,

me. Some of them things that I had

#### Hard Work and Indigestion go Hand in Hand.

Concentrated thought, continued in, robs the stomach of necessary blood, and this is also true of hard physical labor. When a five horse-power engine is made to do ten horse-power work something is going to break. Very often the hard-worked man coming from the field or the office will "bolt" his food in a few minttes which will take hours to digest. Then too, many foods are about as useful in the stomach as a keg of nails would be in a fire under a boiler. The ill-used stomach refuses to do its work without the proper stimulus which it gets from the blood and nerves. The nerves are weak and "ready.

refuses to do its work without the proper stimulus which it gets from the blood and nerves. The nerves are weak and "ready to break," because they do not get the nourishment they require from the blood, finally the ill-used brain is morbidly wide awake when the overworked man attempts to find rest in bed.

The application of common sense in the treatment of the stomach and the whole system brings to the busy man the full enjoyment of life and healthy digestion when he takes Dr. Pierce's Pleasant Pellets to relieve a bilious stomach or after a too hearty meal, and Dr. Pierce's Golden Medical Discovery to purify, enrich and vitalize the blood. The "Pellets" are tiny sugar-coated pills made of highly concentrated vegetable ingredients which relieve the stomach of all offending matters easily and thoroughly. They need only be taken for a short time to cure the biliousness, constipation and slothfulness, or torpor, of the liver; then the "Medical Discovery" should be taken in teaspoonful doses to increase the blood and enrich it. It has a peculiar effect upon the lining membranes of the stomach and bowels, toning up and should be taken in teaspooning doses to increase the blood and enrich it. It has a peculiar effect upon the lining membranes of the stomach and bowels, toning up and strengthening them for all time. The whole system feels the effect of the pure blood coursing through the body and the nerves are vitalized and strengthened, not deadened, or put to sleep, as the so-called celery compounds and nerve mixtures do—but refreshed and fed on the food they need for health. If you suffer from indigestion, dyspepsia, nervousness, and any of the ills which come from impure blood and disordered stomach, you can cure yourself with Dr. Pierce's Golden Medical Discovery which can be obtained at any drug store in the country.
