How it Halls in Taxas

San Antonio, Tex., April 25 .- A terrific hail storm which swept through Wilson, Bexar and Medina counties last night, did \$200,000 damage. Hail stones as large as goose eggs covered the ground to the depth of two feet. Lyttle, Benton City and Castroville were devastated, the houses being riddled like sieves. The damage to residences and business houses in Lyttle alone amounts to \$50,-000. A hundred head of live stock were killed. The track of the International & Great Northern railroad was blockaded with hail stones which had to be removed before the trains could proceed. Cotton and corn crops in the path of the storm were completely destroyed.

The government will not buy them off, as was the case in the previous insurrection. The minister stated that at present there were eight modern warships in Cuban waters.

The Allianca incident, he says, will be satisfactorily settled. He added he thought it would have been wise if the Allianca had stopped and then put in a claim for indemnity.
