THE DALLES - OREGON

Entered at the postoffice at The Dalles, Oregon, as second-class mail matter.

STATE OFFICIALS.

- Governor: W. P. Lord
Secretary of State: H. R. Kincaid
Treasurer: Phillip Metcalf
Supt. of Public Instruction: G. M. Irwin
Attorney-General: C. M. Idleman
Senators: G. W. McBride, J. H. Mitchell
Congressmen: J. B. Hermann, W. H. Ellis
State Printer: W. H. Ellis

COUNTY OFFICIALS.

- County Judge: Geo. C. Blakeley
Sheriff: T. J. Driver
Clerk: Wm. Mitchell
Treasurer: Frank Kincaid
Commissioners: A. S. Blowers, F. H. Wakefield, E. F. Sharp
Assessor: T. R. Shelby
Superintendent of Public Schools: W. H. Butts
Coroner: W. H. Butts

NEW ROAD TO THE DALLES.

The project for a new road to The Dalles, mentioned in this paper some time ago, is not dead by any means; neither has it been sleeping. Wood Gillman has spent considerable thought on the matter and has succeeded in working up quite a sentiment in its favor, not only here, but throughout at least half of the county.

Those who have never given any thought to the matter have no idea of the advantage such a road would be, not only to Fossil, but to Mayville and Condon and surrounding and intervening country. A preliminary survey has been made over a direct route from Fossil to 30-Mile, thence up the hill on the other side of the John Day river to the table land in Sherman county, where connection is made with a good road running direct to The Dalles.

This week Mr. Gillman interviewed the leading business men of The Dalles, who agreed to give substantial help in building the proposed road. He also saw prominent business men and farmers of Sherman county who stated that Sherman county would help. He is satisfied that if Gilliam will make the road in this county, Wasco and Sherman counties will build the grade on the other side of the river.

Private subscription will do a good deal toward building the road in this county, but Gilliam county should make an appropriation for this purpose—say one dollar for every dollar that is raised by subscription. The county court has practiced this plan to some extent already, with good results.

As to advantages that would result from such a road, they are so apparent that it is not necessary to say much concerning them. Once it is built, goods can be laid down as cheap in Fossil and Condon as in Arlington, as there is some 50 cents difference in the average price of freight between Portland and The Dalles and Portland and Arlington, in favor of the former point, whose water competition has cut the railroad rates one-half between The Dalles and Portland.

This 50 cents would haul the freight from The Dalles to Fossil or Condon. Before long, when the locks are completed, The Dalles boats will be even better prepared to compete with the railroad, as there will be no breaking of cargo between there and the seaboard, and The Dalles should then be able to supply interior points at Portland prices.

Grain at present brings 10 cents per bushel more in The Dalles than in Arlington. This being so, the Mayville farmers can well afford to haul their wheat an extra fifteen or twenty miles for the extra 10 cents per bushel, and several of the largest farmers of that section are strongly in favor of the early building of the road.

Over the proposed road we could have a daily mail route, and a man could drive to The Dalles in a day with a light rig, and he cannot travel to Arlington in less time. On a trip to Portland he would save about \$5 in car fare alone.

These are but some of the advantages that would accrue to the people of Gilliam county. Sherman county would be benefited by the increased travel through her territory, and through the fact that the timber surrounding Fossil is considerably nearer to a large portion of Sherman county than her present source of supply. But The Dalles would probably reap the greatest benefit of all from the road, as it would get a large trade that now goes to Arlington, and might just as well as not, especially as terminal rates are promised her in the near future, which means that freight from the East will be laid down there as cheap as in Portland, get the entire trade of the merchants of Fossil, Mayville and Condon, which now goes principally to Portland.

In the near future we shall have more to say concerning this project, which deeply concerns considerably more than half the population of Gilliam county.—Fossil Journal.

ACTING LIKE A BULLY.

A dispatch from London, April 25th, shows the desire of England to have this country stand in with her to help her get a slice of China, or at least to pre-

vent Russia, France and Germany from interfering. It says: "Member of Parliament Howorth, in a letter to the Times, advocates a common policy on the part of England and America in regard to far eastern affairs. The Pall Mall Gazette favors Howorth's suggestion. It says: 'America has received many marks of respect from China and Japan. Joint diplomatic action with the United States by England would prevent stronger action on the part of others. Our stake on every side of the Pacific, in China, Canada and Australia, forbids us to remain passive.'"

England is a bully when she has the power, as witness her course with Nicaragua; but when it comes to facing Russia or France she is not so handy with her guns and her warships. She would like to use Uncle Sam's hand to put her chestnuts out of the fire, but she will be unable to do so. Just at present this country is looking rather jealously at her conduct in Nicaragua, and while her right to collect indemnity for the treatment of her representative is conceded, we cannot but feel contempt for her bullying manner. She will be left to her own resources in China, but she need not go to sleep on the idea that the Nicaragua matter is entirely settled. If she collects her indemnity and quits, and that soon, all will be well; if not she will have a fight on her hands with this country that will prevent her paying much attention to Japan and China. In spite of her boasted fleet, it is probable we could make it interesting enough for her to at least let her know we were around. The history of 1776 and 1812 is not yet ancient, and she may well remember the proverb about history repeating itself.

There is not much danger of war however, as she is only running a bluff.

SIXTEEN TO ONE.

The silver question has captured the Illinois democracy, and in spite of the president, Senator Palmer, or any one else, the state convention will come out flat-footed for free silver at the ratio of 16 to 1, and regardless of any international combinations. Some of the big dailies indulge in sarcasm about the democrats going over to the populists, and seem to think that they will not be strong enough to accomplish anything. With all due deference to the ponderosity of their opinions, we believe that not only will the silver question split the democratic party in Illinois, but it will split the republican party also.

Be it for good or bad, the free silverites are going to carry the day in Illinois, and we believe in every state west of it. It is going to be a fight between the South and West on one side, and the East on the other; between the agricultural class and the speculative class. There can be but one result of such a battle. We may shout sound money and flout blood-red pictures of financial disaster before the eyes of the voters, but it will not work. There is a stampede on, and those who undertake to stop it will be simply trampled out of existence. That is the handwriting on the wall now, and we predict that in the fight next year a state west of Pennsylvania will be against free coinage, and not one south of Mason and Dixon's line but that will be for it.

We do not presume to argue the merits of the situation, but state what we believe the consequences will be. The blast of Watterson's bugle horn sounds loud, but it will not serve to gather the clans.

A DURRANT STORY.

The dispatches today state that a new witness has been found against Durrant, it being the 15-year-old daughter of a San Francisco gentleman. The story has all the earmarks of a rank fake. It states that a chief official has communicated to Chief Crowley a statement that a San Francisco physician had informed an Oakland fellow practitioner that some time ago he had been called to attend professionally a 15-year-old girl, who claimed that she had been lured into the belfry of Emanuel church by Durrant and ruined by him. There are a good many "they says" in the story, too many to permit it being considered. The case of the detectives is getting pretty hopeless when they report to that kind of a fake to keep public excitement at a high pitch. Up to date no evidence has been adduced sufficient to convict Durrant, though probably enough to cause him to be bound over.

After all the comment that has been made over President Cleveland's course with England over the Nicaragua affair, it seems that he has been exactly correct. The justness of England's claim cannot be disputed, and had the United States interfered it would have been virtually the establishing of a protectorate over all the country south of us, and we would have been kept in hot water continually by the peppery Spanish republics, who not being held responsible for their acts would have been barking at the heels of every nation in Europe.

Baker City is the most moral town in the state, because it has a Virtue mine.

Cows for Sale.

Parties wanting fresh milk cows can obtain them by calling on A. Fields at his place near Crate's point. j26-1f

The Pall Mall Gazette says editorially: "As Japan's troubles drop asunder she moves nearer to America. Let us also move nearer to America." That is all right if England would move nearer to America in the proper spirit, but just now Americans are rather suspicious of her, and firmly of the opinion that she is moving entirely too near, since she has landed her troops in Nicaragua and is undertaking to take a slice of territory from Venezuela and to control the mouth of the Orinoco. The United States recognizes England's right to protect her representatives and to collect indemnity for injury to her citizens, but recognizing this right the people of this country deprecate her use of force to accomplish what could be done by diplomacy, and what would be accomplished by diplomacy if it were this country or some other power strong enough to protect itself. England is exposing herself to the contempt of the world by her action, and while she may come out of the quarrel with the plunder she started after she will never get out of it with credit to herself. She has bitten off a very large mouthful in Nicaragua, and will do well to see that it is masticated before she puts a lip to Venezuela.

Patronize home industries is a good motto, and it doesn't matter what those industries are, either. Be loyal to your own town, patronize your home merchants, your home tailors, your home manufacturers, no matter what they are. Encourage your neighbor by patronizing him, and keep your money at home. Don't send a dollar out of town for anything you can get in it. That is the way to grow, and that policy is what builds up a town.

Horticultural Quarantine Regulations.

At a special meeting of the Oregon State Board of Horticulture, held in Portland April 2, 1895, all members present, the following regulations were adopted, in accordance with the laws regulating such matters, and are, therefore, binding upon all persons. The regulations are to take effect and be in force from and after May 4, 1895:

Rule 1—All consignees, agents or other persons, shall, within twenty-four hours, notify the quarantine officer of the State Board of Horticulture, or a duly commissioned quarantine guardian, of the arrival of any trees, plants, buds or cions at the quarantine station, in the district of final destination.

Rule 2—All trees, plants, cuttings, grafts, buds or cions, imported or brought into the state from any foreign country, or from any of the United States or territories, are hereby required to be inspected upon arrival at the quarantine station in the district of final destination, and if any such nursery stock, trees, plants, cuttings, grafts, buds or cions are found to be free of insect pests, and fungous diseases, the said quarantine officer or duly commissioned quarantine guardian shall issue a certificate to that effect. And furthermore, if any of said trees, plants, cuttings, grafts, buds or cions are found infested with insect pests, fungi, blight or other diseases injurious to fruit or to fruit trees, or other trees or plants, they shall be disinfected and remain in quarantine until the quarantine officer of the State Board of Horticulture or the duly commissioned quarantine guardian can determine whether the said trees, plants, cuttings, grafts, buds or cions are free from live injurious insect pests or their eggs, larvae or pupae, or fungous diseases before they can be offered for sale, gift, distribution or transportation. All persons or companies are hereby prohibited from carrying any trees, plants, cuttings, grafts, buds or cions from without the state to any point within the state beyond the nearest point on its line or course to the quarantine station in the district of ultimate destination, or from any point within the state to any other point therein, until such trees, plants, cuttings, grafts, buds or cions have been duly inspected, and if required disinfected as hereinbefore provided, and all such shipments must be accompanied by the proper certificate of the inspecting officer. Provided, however, that after such persons or company have given the proper officer four days' notice, he or they shall not be required to hold such shipments further, without directions from such officer.

Rule 3—All peach, nectarine, apricot, plum or almond trees, and all other trees budded or grafted upon peach stock or roots, all peach or other pits, and all peach, nectarine, apricot, plum or almond cuttings, buds or cions, raised or grown in a district where the "peach yellows" or the "peach rosettes" are known to exist, are hereby prohibited from being imported into or planted or offered for sale, gift or distribution with the state of Oregon.

Rule 4—All trees, plants, cuttings, grafts, buds, cions, seeds or pits arriving from any foreign country found infested with insect pests or their eggs, larvae or pupae, or with fungi, or other disease or diseases heretofore unknown in this state, are hereby prohibited from landing.

Rule 5—Fruit of any kind grown in any foreign country, or in any of the United States or territories, found infested with any insect or insects, or with any fungi, blight, or other disease or diseases injurious to fruit or fruit trees, or to other trees or plants is hereby pro-

hibited from being offered for sale, gift or distribution within the state.

Rule 6—Any boxes, packages, packing material and the like infested by any insect or insects, or their eggs, larvae or pupae, or by any fungi, blight, or other disease or diseases known to be injurious to fruit or to fruit trees, or to other trees or plants, and liable to spread contagion, are hereby prohibited from being offered for sale, gift, distribution, or transportation until said material has been disinfected by dipping it in boiling water and allowing it to remain in said boiling water not less than two minutes; such boiling water used as such disinfectant to contain in solution one pound of concentrated potash to each and every ten gallons of water.

Rule 11—Animals known as flying fox, Australian or English wild rabbit, or other animals or birds detrimental to fruit or fruit trees, plants, etc., are prohibited from being brought or landed in this state, and if landed shall be destroyed.

Rule 12—Quarantine stations: For the Fourth district, comprising the counties of Morrow, Wasco, Gilliam, Crook and Sherman, shall be The Dalles. Emile A. Schanno quarantine officer, or any member of the board or the secretary thereof.

Rule 13—Importers or owners of nursery stock, trees, or cuttings, grafts, buds or cions inspected at points other than regular quarantine stations may have such inspection done where required, provided, however, that such importers shall pay all charges of inspection. Such charges and expenses to be paid before a certificate is granted.

Transportation companies, or persons and consignees or agents shall deliver and caused to be detained all nursery stock, trees, plants and fruit at one or other of the quarantine stations, for inspection, as provided by the rules and regulations of the board.

Details as to quarantine stations, officers, fees of inspection, recipes for disinfection, and all desired information may be obtained on application to the secretary or any member of the board, or by reference to the pamphlet circulated.

Passed at a meeting of the State Board of Horticulture at Portland, Or., April 3, 1895. J. R. CARDWELL, Pres. Attest: GEO. I. SARGENT, Secy.

School Report of District No. 42.

Friday closed the first month of the spring term, commencing on the first day of April.

The enrollment for the first month has reached 86; general average for the month 78. The following are the names of the pupils who were neither absent nor tardy and whose deportment is perfect: May Magill, Lena Driver, Irene Woodcock, Neva Harvey, Mirta Palmer, James Kennedy, Harry Zumwalt, Parsie Driver and Eddie Driver in the advanced department, and those in the primary department for excellent deportment are: Glen Grant, Eddie Woodcock, Maud Gordon, Francis Farlow, Alice Savage, Elsie Douglas, Laura Wing, Georgia Zumwalt, Laura Noble. The visitors for the month were: Jack Swift, Henry Miller, Selma Miller, Miss Swift, Messrs. Farlow and Savage, trustees, and H. F. Woodcock, clerk of the district.

The school generally is doing excellent work, and we (the teachers) are glad to see the interest that the patrons of the school manifest in our behalf and the school interests in the district. We extend a cordial welcome to visitors at all times. H. G. LAKE, Principal. MISS BERTIE WHITEAKER, Asst.

DO YOU EXPECT To Become a Mother? If so, then permit us to say that Dr. Pierce's Favorite Prescription is indeed a true "Mother's Friend," FOR IT MAKES Childbirth Easy

By preparing the system for parturition, this assisting Nature and shortening "Labor." The painful ordeal of childbirth is robbed of its terrors, and the dangers thereof greatly lessened, to both mother and child. The period of confinement is also greatly shortened, the mother strengthened and built up, and an abundant secretion of nourishment for the child promoted.

Send 2 cents for a large Book (168 pages), giving full particulars. Address, WORLD'S DISPENSARY, MEDICAL ASSOCIATION, 663 Main St., Buffalo, N. Y.

PAINLESS CHILD BIRTH.

Mrs. FANN HUNT, of Glenville, N. Y., says: "I read about Dr. Pierce's Favorite Prescription being so good for a woman with child, so I got two bottles last September, and December 1st I had a twelve pound baby girl. When I was confined I was not sick in any way. I did not suffer any pain, and when the child was born I walked into another room and went to bed. I kept your Extract of Smart-Weed on hand all the time. It was very cold weather and our room was very cold but I did not take any cold, and never had any after-pain or any other pain. It was all due to God and Dr. Pierce's Favorite Prescription and Compound Extract of Smart-Weed. This is the eighth living child and the largest of them all. I suffered everything that flesh could suffer with the other babies. I always had a doctor and then he could not help me very much, but this time my mother and my husband were alone with me. My baby was only seven days old when I got up and dressed and left my room and stayed up all day."

VEST'S LATEST ROLE An Organizer of the Free Silver Forces.

HIS RECENT WORK IN MISSOURI

He is Attempting to Commit the Democratic Party of That State to Free Silver.

DENVER, April 29.—A special to the Times from Washington says: Senator Vest has dispatched 900 letters to democrats in every quarter of Missouri urging that chairman of the democratic county committees be requested to ask the democratic national central committee to call a free-silver convention, and in the event of the refusal of the state committee to do so, for as many as favor free coinage to join in a call for a convention.

Silver Conference.

SALT LAKE CITY, April 29.—A conference of prominent silver advocates will be held in this city on May 15, to secure united action looking to the effective placing of bimetallic literature in the hands of voters throughout the Union. Representatives are expected to be present from California, Oregon, Washington, Nevada, Idaho, Wyoming, Arizona, New Mexico, Colorado and Utah.

The governors of the states and territories mentioned will lend their aid by naming three delegates each to attend the conference. Governor McConnell, of Idaho, urges the necessity of having delegates who will earnestly undertake the work of raising funds for the bimetallic cause.

Durrant Still Stolid.

SAN FRANCISCO, April 29.—Durrant was arraigned this morning on the charge of murdering Blanche Lamont. He listened to the reading of the complaint in the same stolid manner which has characterized him ever since his arrest. The preliminary hearing of the prisoner was set for tomorrow with the understanding that a continuance would be granted until after the conclusion of the coroner's inquest.

Durrant held a long consultation with his attorneys. He thinks the public is disposed to be prejudiced against him. Circumstances against others, he says, are ignored, and everything suspicious made to fit his case. The inquest of the Blanche Lamont case will commence this evening.

Wheat Still Advances.

CHICAGO, April 29.—After a decline at the start, wheat went up wildly today, gaining two cents before 10 o'clock. At the opening a bearish movement started a liberal selling, but offerings were snapped up with such eagerness that early sellers soon began buying back their wheat. The shorts were covering vigorously. July opened 3/8c lower at 63 3/8c, touched 63 1/2c and advanced to 65 1/2c. Corn and oats went up with wheat.

Other Arrests Will Follow.

SALT LAKE CITY, April 29.—The arrest of John Beck, the Mormon millionaire and mineowner, on a charge of living with three wives, is to be followed up by other arrests on like charges. The prominent Mormons next booked by rumor for the dragnet, under the Edmunds-Tucker act, are rich and powerful, socially and politically. The arrest of John Beck is believed to be the first move in a political game which has for its object the defeat of equal suffrage, and consequently the constitution now being framed.

Movements of War Vessels.

WASHINGTON, April 29.—It is stated the Olympia will relieve the Philadelphia at Honolulu some time during the month of May.

The Petral has arrived at Shanghai.

The flagship Baltimore left Nagasaki for Yokohama yesterday.

BEFORE I could get relief from a most horrible blood disease, I had spent hundreds of dollars TRYING various remedies and physicians, none of which did me any good. My finger nails came off, and my hair came out, leaving me perfectly bald. I then went to

HOT SPRINGS

Hoping to be cured by this celebrated treatment, but very soon became disgusted, and decided to TRY S.S.S. The effect was truly wonderful. I commenced to recover after taking the first bottle, and by the time I had taken twelve bottles I was entirely cured. Hot Springs had failed.

NOTICE.

U. S. LAND OFFICE, The Dalles, Or., March 27, 1895. Complaint having been entered at this office by William T. Meeks against John Spey for abandoning his homestead entry No. 3382, dated January 10, 1890, upon the E 1/4, SW 1/4, and W 1/2, Sec. 20, T. 2 N., R. 12 E., in Wasco county, Oregon, with a view to the cancellation of said entry, the said parties are hereby summoned to appear at this office on the 25th day of May, 1895, at 10 o'clock a. m., to respond and furnish testimony concerning said alleged abandonment. JAS. F. MOORE, Register.

KNIGHTS OF THE MACCABEES OF THE WORLD!

The Deputy Supreme Commander Expresses His Gratitude.

Amnesia Cured by Dr. Miles' Nervine

Deputy Supreme Commander's Office, Knights of the Maccabees of the World, Emporium, Pa., Dec. 15, 1894. Gentlemen—I feel very grateful to you and your valuable medicine—Dr. Miles' Restorative Nervine. My little daughter, Helen was almost blind from loss of power in the optic nerve. Her eyes looked perfectly natural, but there was a gradual failure of sight until on some days she could hardly tell daylight from darkness. We had several prescriptions from oculists and tried several remedies, but without success. We happened to see in a paper accounts of what Dr. Miles' Nervine had done for others, and I purchased a bottle one day of Dr. Lamb. To our great joy it restored her eyesight. I bought two bottles more and they made a final cure. Thanking you for what it has done for us, I can and will recommend it to others. Yours with gratitude, GEO. DICKINSON.

THREE MONTHS LATER.

BEHAVING THE CURE PERMANENT HE WANTS EVERYBODY TO KNOW IT.

Emporium, March 20, 1894.

Gentlemen—What we wrote you last December about our daughter's eyes, still holds good, and we believe the cure permanent. Please publish this for the benefit of others. I hope your valuable medicines will reach the afflicted in every home and hamlet and nation on earth. Thankfully yours, GEO. DICKINSON.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.50 bottles for \$5, or it will be sent, prepaid, by receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Dr. Miles' Nervine Cures.

Bessie Footlights—I should like to show you my new dance, but there isn't room for it here. Manager—Wait till I move this table out of the way. Bessie Footlights—That won't do any good; the ceiling is too low.—New York World.

A Frankford bard wrote a poem to his innamorata which was published in a suburban paper. He said her mouth was like a cowlip. The printer spaced it and it read "cow lip." Unhappy bard!—Philadelphia Record.

Castoria

For Infants and Children. Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ACHESON, M. D., 131 South Oxford St., Brooklyn, N. Y.

"For several years I have recommended your 'Castoria,' and shall always continue to do so, as it has invariably proved the most reliable." DORIS F. PARSONS, M. D., 122th Street and 7th Ave., New York City.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTY, D. D., New York City.

THE CASTORIA COMPANY, 77 Murray Street, N. Y.

Sheriff's Sale.

By virtue of an execution and order of sale issued out of the Circuit Court of the State of Oregon for Wasco county, and to me a decree and judgment, made, rendered and entered by said Court on the 16th day of February, 1895, in favor of the plaintiff in a suit wherein Laura Sanders as trustee was plaintiff and James E. Brown, Daisy E. Brown, a minor by O. D. Taylor, her guardian ad litem, Nellie L. Reed and Maurice Reed were defendants, and to me a decree and judgment, commanding me to levy upon and sell the lands mentioned and described in said writ and hereinafter described, and to me a decree and order of sale, I do hereby levy upon and will sell at public auction to the highest bidder for cash in hand, on Thursday, the 16th day of May, 1895, at 2 o'clock in the afternoon of said day at the front door of the County Court House in Dalles City, Wasco county, Oregon, all of the lands and premises described in said writ and hereinafter described as follows to-wit: All of the Southwest quarter of the Northwest quarter, the West half of the Southwest quarter and the Southwest quarter of Southwest quarter of Section twenty-five in Township two north, Range twelve east of the Willamette Meridian, in Wasco county, Oregon, together with all and singular the tenements, hereditaments and appurtenances thereto belonging or in any wise appertaining, or so much thereof as shall be sufficient to satisfy the sum of one hundred and thirteen dollars and ten cents per annum, since February 16th, 1895; \$40 attorney's fees and the further sum of \$20.00 costs and disbursements, together with cost on said writ and sale and costs of sale. Dated at The Dalles, Oregon, this 15th day of April, 1895. Sheriff of Wasco County. By R. KELLEY, Deputy. 417-54

Executor's Notice.

Notice is hereby given that the undersigned executors of the last will and testament of John Baxter, deceased, have filed their final report and account in said case and that Monday, the 6th day of May, 1895, at 10 o'clock, a. m., of said day, has been affixed by the honorable county court of the State of Oregon for Wasco county, as the time and place for hearing objections to said account and report, if any there be. All persons interested in said estate are notified to appear at said time and place and show cause, if any, why said report and account should not be in all things approved and allowed and an order made discharging said executors from further liability by reason of their said trust. Dated this 30th day of March, 1895. JAMES WHITTEN, JAMES S. BAXTER, Executors of the estate of John Baxter, deceased. 418-54

NOTICE.

U. S. LAND OFFICE, The Dalles, Or., Mar. 30, 1895. Complaint having been entered at this office by Sylvester Babcock against E. Clarence Meek for abandoning his homestead entry No. 3760, dated May 5th, 1891, upon the E 1/4, NW 1/4, NE 1/4, SW 1/4, Sec. 20, T. 2 N., R. 12 E., in Wasco county, Oregon, with a view to the cancellation of said entry, the said parties are hereby summoned to appear at this office on the 25th day of May, 1895, at 10 o'clock, a. m., to respond and furnish testimony concerning said alleged abandonment. J. F. MOORE, Register.
