Horticultural Quarantine Regulations At a special meeting of the Oregon State Board of Horticulture, held in Portland April 2, 1895, all members present, the following regulations were adopted, in accordance with the laws regulating such matters, and are, therefore, binding upon all persons.

Rule 1—All consignees, agents or other persons, shall, within twenty-four hours, notify the quarantine officer of the State Board of Horticulture, or a duly commissioned quarantine guardian, of the arrival of any trees, plants, buds or cions at the quarantine station, in the district of final destination.

Rule 2—All trees, plants, cuttings, grafts, buds or cions, imported or brought into the state from any foreign country, or from any of the United States or territories, are hereby required to be inspected upon arrival at the quarantine station in the district of final destination, and if any such nursery stock, trees, plants, cuttings, grafts, buds or cions are found to be free of insect pests, and fungous diseases, the said quarantine officer or duly commissioned quarantine guardian shall issue a certificate to that effect.

Rule 3—All peach, nectarine, apricot, plum or almond trees, and all other trees budded or grafted upon peach stock or roots, all peach or other pits, and all peach, nectarine, apricot, plum or almond cuttings, buds or cions, raised or grown in a district where the "peach yellows" or the "peach rosette" are known to exist, are hereby prohibited from being imported into or planted or offered for sale, gift or distribution with the state of Oregon.

Rule 4—All trees, plants, cuttings, grafts, buds, cions, seeds or pits arriving from any foreign country found infested with insect pests or their eggs, larvae or pupae, or with fungi, or other disease or diseases heretofore unknown in this state, are hereby prohibited from landing.

Rule 5—Fruit of any kind grown in any foreign country, or in any of the United States or territories, found infested with any insect or insects, or with any fungi, blight or other disease or diseases injurious to fruit or fruit trees, or to other trees or plants is hereby prohibited from being offered for sale, gift or distribution within the state.

Rule 6—Any boxes, packages, packing material and the like infested by any insect or insects, or their eggs, larvae or pupae, or by any fungi, blight, or other disease or diseases known to be injurious to fruit or to fruit trees, or to other trees or plants, and liable to spread contagion, are hereby prohibited from being offered for sale, gift, distribution, or transportation until said material has been disinfected by dipping it in boiling water and allowing it to remain in said boiling water not less than two minutes; such boiling water used as such disinfectant to contain in solution one pound of concentrated potash to each and every ten gallons of water.

Rule 7—Animals known as flying fox, Australian or English wild rabbit, or other animals or birds detrimental to fruit or fruit trees, plants, etc., are prohibited from being brought or landed in this state, and if landed shall be destroyed.

Rule 12—Quarantine stations: For the Fourth district, comprising the coun-

ties of Morrow, Wasco, Gilliam Crook and Sherman, shall be The Dalles. Emilie A. Schanno quarantine officer, or any member of the board or the secretary thereof.

Rule 13—Importers or owners of nursery stock, trees, or cuttings, grafts, buds, or cions, desiring to have such nursery stock, trees, plants, cuttings, grafts, buds or cions inspected at points other than regular quarantine stations may have such inspection done where required, provided, however, that such importers shall pay all charges of inspection. Such charges and expenses to be paid before a certificate is granted.

Transportation companies, or persons and consignees or agents shall deliver and caused to be detained all nursery stock, trees, plants and fruit at one or other of the quarantine stations, for inspection, as provided by the rules and regulations of the board.

Passed at a meeting of the State Board of Horticulture at Portland, Or., April 3, 1895. J. R. CARDWELL, Pres. Attest: GEO. I. SARGENT, Secy.

1000 Reward \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.

A Millionaire to Answer the Charge of Murder.

ST. LOUIS, Mo., May 11.—The jury at Union, Mo., which for a week has been hearing the insanity case of Dr. Arthur Duestrow, a millionaire of this city, who, in February, 1894, shot and killed his wife and child in cold blood, today found him sane.

Dr. Duestrow appeared to be a happy man, smiling triumphantly when the verdict became known. "Are you glad?" he asked. "Yes, I am," he answered. "This nonsense is over now."

Governor Johnson, Duestrow's attorney, was asked by his client in an insolent manner, "Have you got anything to say to me?" "I will see you later," said the governor.

Judge Horsell and the attorneys decided upon July 26 as the time of the trial of Duestrow on the charge of murdering his wife and child.

A Discharged Employee Attempts to Slag Mayor Swift. CHICAGO, May 10.—A panic was caused in the mayor's office this afternoon by the attempt of a discharged employee to slag Mayor Swift.
