Report of the Grand Jury.

To the Honorable Circuit Court: We, the grand jury for the May term, 1895, respectfully submit this our final report.

We have been in session five days and have returned and reported to the court from time to time four "true bills" and three "not true bills."

We have examined the county records, and books, and as far as we are able to judge from our hasty examination, we find all books neatly and correctly kept.

We find from the report of the expert appointed to examine the books of the clerk's office, that there has been fraudulent script issued to the amount of \$1311.77, and we recommend that the county proceed to collect this amount from the bondsmen of the respective clerks during whose term of office such fraudulent script was issued, or in any other manner provided by law.

We further recommend that an expert be appointed by the county court, to investigate and examine the books of the sheriff's office, from July, 1890, to the present time, and to report the result of his labor to the county court.

We find that our county indebtedness is large and that there is a large amount of delinquent taxes to be collected, and we therefore recommend that the necessary action be taken at once to collect these taxes.

Having completed our labors we ask to be discharged.

WILLIAM FLOYD, Foreman.

Remove the Thistles.

THE DALLES, June 3, 1895.

To the Editor—In a few weeks the thistle will be in blossom, and then the seed time will come; and what then? Thousands upon thousands of seeds will be sown and take root in the soil of the lawns and flower and vegetable gardens, to say nothing of the streets, vacant lots and alleys. To take note of the appearance of some of the unoccupied property on our main streets, there will be enough seed sown this summer to fill the city next year.

What can be done to prevent this? How put a stop to the extension of the tract of country now occupied by the thistle? Simply obey the law. Section 9, 10 and 11 of city ordinance No. 274 refers to this matter and provides that property owners shall not permit thistles to bloom nor exist on their premises nor abutting streets or alleys.

The penalty for any violation of this ordinance is a fine of not less than five dollars nor more than fifty dollars or imprisonment in the city jail.

Now is the time to begin and by a little work save a vast amount of trouble.

The street commissioner is charged with the duty of seeing that the provisions of the ordinance are enforced and should look well to the matter.

A CITIZEN.

A Dalles Young Lady Married.

A very pretty wedding occurred in Portland at 534, Morrison street, June 1st, the contracting parties being Miss Ida C. Fritz of The Dalles, Or., and Mr. Jno. C. Fleischhut of Portland, who were united in the bonds of matrimony by Rev. B. Orth of St. Lawrence church.

The bridal couple took position under a beautiful floral wedding bell of white carnations and pink rosebuds. They were attended by Miss Margaret Kelly of Portland and Mr. Chas. Fritz, a brother of the bride.

The bride, gowned in pearl grey and lace, wearing a handsome white hat, and carrying bridal roses, was a picture of loveliness. The bridesmaid was attired in white mull, carrying La France roses. The decorations were very artistic, and reflected great credit on the decorator.

Dainty refreshments were served, after which, at a late hour, the guests departed, wishing the young couple long life and prosperity. Only the family and a few intimate friends were present.

Maloney and Snelling Acquitted.

The case of the State vs. Dan Maloney and Charles Snelling went to the jury Saturday evening. Mr. Dufur and Judge Bennett spoke for the defense and were followed by Mr. Jayne for the prosecution. The judge charged the jury at length particularly on what would constitute a reasonable doubt. The jury was out nearly two hours and returned with a verdict of acquittal. On the first ballot the vote stood eight for conviction and four for acquittal, but the minority were not long in changing. The result was what was expected.

The Last of the Taine Parties.

A very pleasant party gathered at the residence of Mrs. Dunham on Court street, last evening. The occasion was

the regular meeting of the Taine class and as it was known to be the last one in the series, a large number was in attendance. The evening was given up to Dickens and each one portrayed some character which the others were required to guess. Some of the conceptions were very amusing and all were interesting. Selections from Dickens and music made up the evening's program. The night was a perfect one and the moonlight made the outdoors a pleasant place to sit. The young ladies with their guitars played some pretty music and the rest of the guests sang familiar songs. The Taine class has been a very prominent feature in the winter's entertainment and the members have derived both pleasure and profit from the meetings, besides getting better acquainted with one another in a social way. A broad range of study in English literature has been gone over, which will be continued when the class meets again in the fall. Those taking part last night were Mr. and Mrs. Curtis, Mr. and Mrs. Huntington, Mrs. Stewart, Mrs. Dunham, Mrs. Wilson, Mrs. Thompson, Mrs. Barrett, Misses Mitchell, Sampson, Hall, Georgia Sampson, Story, Lois Helm, Lewis, Rueh, Ketchum, Enright, Riggs and Thompson, Messrs. Phelps and Wilson.

WEATHER BUREAU.

Weather Crop Bulletin No 10 of the Oregon State Weather Service for Eastern Oregon.

WEATHER: Showers prevailed in the fore part of the week. Since Tuesday the weather has been cool and cloudy. Frosts occurred in the greater portion of this section of the state on the 28th, 30th and 31st of May, being especially heavy south of the Blue mountains. The total rainfall for the week amounted to about one-quarter of an inch. The maximum temperature ranged from 52 to 76 deg.; the minimum from 40 to 46 deg.; except south of the Blue mountains, where it ranged from 30 to 42 deg. Freezing temperature prevailed over the greater portion of the country south of the Blue mountains, which has an elevation of from 2,000 to 5,000 feet, on the 28th and 31st of May.

CROPS: There was no damage done by the frosts. Where the frosts were heavy the vegetation has not advanced sufficiently for damage to be done; in the Columbia river valley the frosts were too light to do injury. Strawberries are ripening rapidly throughout the Columbia river valley and large shipments are being daily made. The crop is an unusually heavy one. Cherries are ripe at Hood River and at The Dalles.

The rain was of great benefit to the grain crop. There is a large acreage of spring and volunteer grain this year, especially in Gilliam and Morrow counties; more than the usual grain of this kind is in Wasco, Sherman and Umatilla counties; spring and volunteer grain requires frequent and timely rain to make a crop; the past rains have been very beneficial; but more will be required during this month to make good yields.

The present condition is good, but the farmers are nervous over possible hot, dry winds this month. Fall-sown or summer-fallow grain was never more promising; it has stood well and has a good stand. It is now heading rapidly. Rye has headed and will soon be ready to cut. The hay crop has been greatly benefited by the rains, and like in the western portion of the state, a heavy hay crop will be secured. Grasshoppers are unusually plentiful in portions of Gilliam and Morrow counties. Range grass is good and the cattle present an excellent appearance. They are fat and in prime condition. Every correspondent except a few in Morrow and Gilliam counties reports excellent prospects for large yields of all crops.

The average June rainfall ranges from 1/2 to 1 1/4 inches in the Columbia river valley, and from 3/4 to 1 1/4 inches south of the Blue mountains; as a rule the rainfall is more in the form of heavy spring showers than in long-continued gentle snows.

The condition for bounteous crops of all descriptions have seldom, if ever, been better in years gone by than they are at the present time.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. GOLDEN MEDICAL DISCOVERY

Many years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., compounded this medicine of vegetable ingredients which had an especial effect upon the stomach and liver, rousing the organs to healthful activity as well as purifying and enriching the blood. By such means the stomach and the nerves are supplied with pure blood; they will not do duty without it. You can not get a lasting cure of Dyspepsia, or indigestion, by taking artificially digested foods or pepsin—the stomach must do its own work in its own way. Do not put your nerves to sleep with so-called celery mixtures, it is better to go to the seat of the difficulty and feed the nerve cells on the food they require. Dyspepsia, Indigestion, Biliousness and Nervous Affections, such as sleeplessness and weak, nervous feelings are completely cured by the "Discovery." It puts on healthy flesh, brings refreshing sleep and invigorates the whole system.

Mrs. K. Henke, of No. 506 North Halsted St., Chicago, Ill., writes: "I regard my improvement as simply wonderful. Since taking Dr. Pierce's Golden Medical Discovery in connection with his 'Pleasant Pellets' I have gained in every respect particularly in flesh and strength. My liver was dreadfully congested and I suffered greatly from dyspepsia. No physician could give relief. Now, after two months, I am entirely relieved of my disease. My appetite is excellent; bowels regular and sleep much improved."

The State Commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail."—Signed F. W. Stevens, State Com.—Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at Snipes & Kinersley's Drug Store. Regular size 50c and \$1.00.
