RANDOM TALKS

Indulged in by Ex-Governor Flower Upon Returning Home.

New York, June 18.—Ex-Governor Flower has returned from his Western trip. Among other things, he said to a reporter:

"Don't believe what people tell you about bad crops. It's going to be a crop year. The cold weather which we had a few weeks ago only injured winter wheat, and not more than 100,000,000 bushels of winter wheat is raised east of the Rocky mountains. But the spring wheat is in fine condition, and the corn crop promises to be very large. The corn was not out of the ground when the frost came, so it escaped injury. Fruits are also in good condition. Our personal observation of the farming territory through which we passed give us great encouragement, and the reports which we got at Chicago from the railroads convinced us that these favorable conditions were general throughout the West and Southwest.

"Presidential candidates seem to be quite numerous on the republican side, but on the democratic side there seems to be a disposition to wait political developments before discussing candidates. "I can't say that the talk has crystallized much yet around any one man, but I heard Vice-President Stevenson's name mentioned considerably. Senator Vilas has a great many friends who would be glad to see him get the nomination, and so has Boies, of Iowa. Don Dickinson is a likely dark horse, and so is Morrison, of Illinois. The free-silver democrats, of course, want on out-and-out silver man. I heard some talk about William L. Wilson having the administration's influence for the nomination. If the nomination goes East Whitney stands as good a chance as any other Eastern man."

AN IMPREGNABLE CITY.

Opinion Respecting the New Fortification for San Francisco.

SAN FRANCISCO, June 18.—Lieutenant-General Schofield, who is inspecting the fortification of this city, says he is pleased beyond expression at the advancement in this line.

"The work completed, and that now under construction," said he, "is a marvel of perfection. No better exists in the United States, and when the batteries are completed and equipped they will be a credit to the country. If the present recommendation and intent of the war department is carried out, and there is no reason to doubt that it will be, there will be one continuous chain of batteries extending from the Cliff House to Fort Winfield Scott. These batteries of modern mortars and improved guns will make it impossible for the warships of an enemy to sail through the Golden Gate."

Another Good Man Gone Wrong.

DENVER, Col., June 18.—President H. J. Aldrich, of the Colorado Securities Company, who disappeared five weeks ago, is believed to be sojourning in Mexico. It is claimed that his hasty departure was due to the fact that Eastern creditors were pressing him closely. The operations of the company embraced loans aggregating \$1,500,000 to \$2,000,000. It is said that Mr. Aldrich, as trustee, did not account for hundreds of thousands of dollars. It is not believed that Aldrich appropriated a single dollar to his own use, but in order to protect the company from embarrassment occasioned by falling values he guaranteed both principal and interest on all loans, and applied the money wrongfully to meet the obligations.

In consequence of his transactions, it is said, that several hundred Colorado farmers will lose their lands and many Eastern people their investments. A vast amount of litigation will be required to straighten out the muddled affair of the company, of which T. G. Fatterson is receiver.

Altgeld's Latest Move.

SPRINGFIELD, Ill., June 18.—Governor Altgeld today issued a call for a special session of the general assembly to meet June 22, to pass revenue laws to relieve the deficiency in the state treasury and to pass laws regarding sleeping-car charges and regarding justice courts in Chicago.

Sherman County Gossip.

EDITOR CHRONICLE:—It would be almost a breach of journalistic etiquette for a Sherman county correspondent to write up the items here without advertising to the perpetual wind we have experienced this spring. It "bloweth where it listeth," and that seems to be everywhere throughout the length and breadth of our county; but with the equanimity of the true philosopher, we feel like saying, in the language of the poet: "Let her blow, Gallagher." Yet grain is looking well, with the exception of volunteer, which is expected to be a failure. Many of the farmers are still hauling their last year's crop to the river, and it is putting a good deal of money in circulation, which is very much appreciated at this dull time of the year.

The Sherman County Musical Association will hold its semi-annual session at Grass Valley this month, commencing on the 24th and ending on the 28th. The three first days will be devoted to the instruction of the members, and on

the nights of the 27th and 28th the public will be entertained with music and literary exercises, great care having been bestowed by the committee upon the program for both nights. The people of Grass Valley have erected a fine building for public purposes, and the association will have the benefit of this structure, which is large enough to contain 800 people without inconvenience. A grand time is anticipated, and it is hoped that some of our friends at The Dalles will help swell the audience.

The Woodworth church is rapidly nearing completion under the experienced management of Mr. Rosmun and other skillful mechanics.

Campmeeting will begin on the 20th, I believe, in the Woodworth neighborhood, and Rev. J. W. Adams will have charge.

Some of the Baptist brethren at Grass Valley do not feel very kindly towards Rev. L. D. Driver on account of his remarks on the subject of "Baptism," but if we are rightly informed, the Rev. gentleman refused to discuss the question at first, and it was only after much persuasion and in pursuance of a majority vote of the audience, that he ventured upon such dangerous ground. So far as we could judge, and we heard him on several occasions, Dr. Driver endeavored to be absolutely fair in all his remarks, and nothing was further from his wish or intention than to run down any denomination. Like the great dramatist, he "saw good in everything" that helped to build up the cause of Christianity, notwithstanding that all denominations were not alike in their forms of church government.

The patriotic citizens of Murray Springs are making preparations for an elaborate celebration on the Fourth of July; so are the Grass Valley folks.

HORNETTE.

Antelope, Or., June 17, 1895.

DO YOU EXPECT TO Become a Mother? If so, then permit us to say that Dr. Pierce's Favorite Prescription is indeed, a true "Mother's Friend," FOR IT MAKES Childbirth Easy by preparing the system for parturition, thus assisting Nature and shortening "Labor." The painful ordeal of childbirth is robbed of its terrors, and the dangers thereof greatly lessened, to both mother and child. The period of confinement is also greatly shortened, the mother strengthened and built up, and an abundant secretion of nourishment for the child promoted. Send to cents for large Book (168 pages), giving all particulars. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main St., Buffalo, N. Y.

PAINLESS CHILD BIRTH. Mrs. FRED HUNT, of Greenville, N. Y., says: "I read about Dr. Pierce's Favorite Prescription being so good for a woman with child, so I got two bottles last September, and December 13th I had a twelve pound baby girl. When I was confined I was not sick in any way. I did not suffer any pain, and when the child was born I walked into another room and went to bed. I keep your Extract of Smart-Weed on hand all the time. It was very cold weather, and our room was very cold but I did not take any cold, and never had any after-pain or any other pain. It was all due to God and Dr. Pierce's Favorite Prescription and Compound Extract of Smart-Weed. This is the eighth living child and the largest of them all. I suffered everything that flesh could suffer with the other babies. I always had a doctor and then he could not help me very much, but this time my mother and my husband were along with me. My baby was only seven days old when I got up and dressed and left my room and stayed up all day."
