Mesers. R. H. Darnielle and F. J. Kellar, two prominent farmers of 8-Mile, have just returned from a trip to the Warm Springs. They left The Dalles June 12th and on June 14th they had the novel experience of witnessing a snowstorm which began on the 13th and continued till the next day, when the snow fell as hard as a winter storm, according to Mr. Darnielle's story. The crops in the country around Warm Springs are not doing very well on account of the excessive cold. The grass is not as high as is usual at this season of the year and irrigation has been of little benefit because of the continued cool weather. The two gentlemen, while on their journey, saw Mr. E. A plan was laid last night to rob the till of the Columbia hotel. The night clerk and barkeeper are always out at through The Dalles this morning on the night train when it comes in and the men who did the planning knew many, for one of them got drunk and his conscience hurting him, he told Policeman Connelly about it. This nipped the thing in the bud and the men, who were in the scheme were no where to be found when the officers went to look for them.

A fight took place last night on Second street, in which several of the boys were badly mixed up. A large crowd soon gathered to see the fray and would have been much amused had not the police stopped the melee. As a result George Sandman swore out warrants against C. Murray and F. Heater, charging them with assault and batteries. The case came up before Justice Davis this morning, but by request of the defendants the case was put off till 7:30 this evening. E. B. Comm. The Latest From the Fruit Market.

The manager of the Oregon Fruit Union in The Dalles kindly furnished THE CHRONICLE with the following latest advices regarding fruit in the Eastern markets. The quotations were those which applied in the markets yesterday:

Prices for fruit in Helena and Butte remain the same, each place receiving a car of California vegetables per week, beside California apricots and plume. Raspberries and strawberries are moving slow. New potatoes are in good demand at \$1.50; yellow onions, \$1.75; cabbage, \$2; cherries 90c@\$1, demand Eght.

The Oregon Fruit Union sold in Denver today currants, \$2.50 to \$3; Royal Anne cherries, \$1.15 and \$1.25, market good for limited supply. Sloux City the same, Omaha and Kansas City are receiving some California stock, but the market will not rule good until after July 1st, when home-grown gooseber-ries, raspberries and blackberries are out of the market.

The present outlook for cherries is very favorable. California has a short crop, and Oregon is left to supply the bulk of the fruit. They must, however, be well packed, and not all sent to the
