#### THE NICARAGUAN COMMISSION.

Its Work Progressing Rapidly—Honors Accorded the Members.

WASHINGTON, June 25.—A mail report received at the department from Colonel Ludlow, dated Rivas, Nicaragua, June 2, shows that all is going well with the commission; that the health of the party has been excellent; that the climatic changes have not interfered with the work and that the Nicaraguan government has extended every attention and courtesy, and has tried to make their stay agreeable and profitable. The commission was not finding its task an easy one. It had just returned Rivas, June 1, from an inspection of the western division of the canal from Brito to Lake Nicaragua, and was about to inspect the eastern division, leaving Rivas on a steamer, June 5, going into the woods at Ochoa, and then traversing the jungle on foot over the canal route to Greytown—no small undertaking in a tropical climate in the wet season. Colonel Ludlow expected to reach Greytown between June 25 and July 1.

While the board was at Granada the party was invited to visit the capital, and were taken on a special train to Managua, where the president gave them a special reception, receiving them with great courtesy and placing at their disposal the government steamer and free use of the telegraph lines.

#### AMERICANS IMPRISONED.

United States Minister McKinney's Request for Their Release Denied.

NEW YORK, June 25.—A special from Colon says: Governor Velez, of Cartagena, and United States Minister McKinney have had a tilt. Mr. McKinney while on the way here from Bogota found two Americans, an engineer and a conductor on the Cartagena railway, incarcerated at Cartagena for running over and causing the death of a native woman. McKinney asked for their release. Upon his request being refused he threatened to invoke the aid of his government, and pressed his demand as the American minister to Colombia. Governor Velez said Mr. McKinney was at the moment only a private gentleman, without locus standi, because on quitting Bogota his duties as minister fell upon the locum tenens.

The governor thereupon ordered the prisoners into closer confinement.

#### Congress Building Burned.

WASHINGTON, June 25.—Minister Strobel, at Santiago, has sent the state department the following: "I regret to report the destruction by fire of the build-

ing occupied by the house of congress. The edifice was regarded as the finest in Chili, and but little of the furniture or archives were saved. The loss is estimated at about \$1,000,000 in United States gold, without considering the archives, which can never be replaced. The building was begun in 1857, but was not dedicated until 1876, during the presidency of Frederick Errazuriz.

"While there are rumors that the fire was the work of incendiaries, it seems to be more naturally the result of accident. There were several lighted stoves in the building, which probably caused an explosion by escaping gas.

"The government has called for plans for a new building, notifying congress that on their completion it will ask for funds for its reconstruction. An extra session of congress, called to consider the financial question, is now being held in the state university."

"Julius Negbauer, an American citizen, 65 years old, was found dead in a small hotel May 4. Minister Strobel buried him, and took charge of his effects, \$69 in Chilean currency, and a little clothing. The minister is seeking information as to his antecedents.

### WILL DISSOLVE SOON

#### Parliamentary Crisis Imminent.

#### ABOUT ENGLAND AND FRANCE

Their Relations Said to be Strained. Trouble Probable Between Russia and Japan Over Corea.

LONDON, June 25.—Conservative leaders seem to have opened Pandora's box of troubles in forcing the Rosebery government to resign. The latter have clearly the best of the situation. Lord Salisbury is compelled to make a cabinet with a hostile majority, and as events are now tending, will be obliged to go before the country with at least some indication of policy about the present burning social question.

The news of most interest in America is that Joseph Chamberlain having precipitated the present situation, has been disappointed in his ambitions. He demanded the chancellorship of the exchequer, but Lord Salisbury refused it, and gave him the secretaryship of state for the colonies, which he has accepted. This post is lower in point of official status than the home office, the war department or the admiralty.

The fact that Lord Dufferin has come from Paris has excited some uneasiness quite apart from home politics. It transpires that the present state of relations between this country and France is serious, if not threatening. It has been suggested that Lord Dufferin has been asked to undertake the lord lieutenantship of Ireland, but the fact is that he cannot be permitted to leave Paris until the Anglo-French relations are much improved.

Late last night a report was circulated that Mr. Chamberlain had withdrawn his consent to accept the colonial secretaryship and had applied for the war office. But his appointment to that office would be immediately challenged, as he and his brother are largely interested in cartridge manufactories, which have contracts with the government.

According to the latest information dissolution will take place next week. The members of the McCarthy party have nearly all returned to Ireland to make preparations for the struggle. Redmond has stated that he will contest every seat in Ireland, which declaration might be interpreted that he is receiving other than Irish financial support. McCarthyite calculation is that his party will win three seats from Redmond and five from Ulster Tories, while they may themselves lose two; so that they expect a net gain of six. This is provided Healy does not raise a flag of revolt, which up to the present he has shown signs of doing.

LONDON, June 25.—Replying to Henry Labouchere, member for Northampton in the house of commons today, Right Hon. Akers Douglas, the conservative whip, said his party was anxious for the

dissolution of parliament at the earliest possible moment, and hoped to be able to make a statement on the subject Monday next. He moved new writs for an election to be issued in the cases of East Manchester, West Bristol, St. George's, Hanover Square and West Birmingham, represented respectively by A. J. Balfour, the new first lord of the treasury; Sir Michael Hicks-Beach, chancellor of the exchequer; George J. Goschen, first lord of the admiralty, and Joseph Chamberlain, first secretary of state for the colonies, who have to be re-elected upon their appointment as cabinet ministers. The mention of Chamberlain's name was received with cries of "Judah" from the Irish benches.

#### Smothered by Fire-damp.

BOONE, Ia., June 25.—John Marshall, jr., son of one of the proprietors of the Crowe & Marshall Coal Company, who was dipping water in the bottom of a shaft which the company was sinking, was observed to stop work and lean against the side of the shaft. A workman insisted on going after him, and was lowered into the shaft, but collapsed when he reached the bottom and was hauled out. Then John Thunell went down to save the young man. He reached the bottom and took hold of Marshall to draw him into the cage, when he was overcome by fire-damp and fell out of the cage. It was half an hour before the air could be purified so that the bodies could be recovered.

#### Fruit War in Chicago.

CHICAGO, June 25.—South Water street had another sensational development yesterday in the fight begun recently by the Fruit Buyers' Association to stop California growers from selling fruit to the peddling trade at all auction houses.

A meeting of the association was held and a plan formulated whereby a new auction house and fruit exchange will be established and kept within control of the association. A license to incorporate the new concern has been secured, and a meeting of the association to elect officers and a board of directors will be held July 5. A representative has been sent to California to confer with growers, and from six to ten agents will be placed in different parts of that state. The new combine will be one of the most gigantic ever formed on the fruit trade of the West.

The Greek and Italian peddling class will not be allowed within the doors of the new exchange, but what the fruit-buyers call reputable merchants will have free access.

Nearly all large fruit firms, as well as the grocers, are back of the new enterprise, and abundant capital is said to be forthcoming to give the concern practically a control of the disbursement of California fruit here.

#### A Murderous Japanese Beaten.

SAN FRANCISCO, June 25.—A discharged Japanese cook went to the clubhouse of the Pacific Yacht Club, in Sausalito, this afternoon, and shot Mrs. Doler, wife of the club steward. When Doler heard of the shooting he pursued the Japanese, whom he almost beat to death. The condition of the Japanese is critical, and Doler was arrested pending the outcome.

#### Guilty of Embezzlement.

OAKLAND, Cal., June 25.—The jury in the case of Walter R. Lambert, ex-clerk of the police court, charged with embezzlement, found him guilty today. Lambert skipped to Honolulu and was arrested on his return. He was formerly a political boss in Oakland.

#### Another Oriental War Predicted.

#### The Crime of a Drunken Man.

#### MAGNIFICENT STREET PARADE.

Every Department of the Great Syndicate Shows Superior.

The Emporia (Kansas) GAZETTE has the following to say of the Great Syndicate shows and Paris Hippodrome which is to appear in The Dalles on Saturday, July 6.

"The New Syndicate Shows came to town this morning, and as usual when that popular attraction is advertised the streets were lined with people at 11 o'clock as the parade moved down Commercial street. It was one of the most creditable pageants ever witnessed in the city, and the crowd all along the line from Seventh and Third avenues was amused and interested with the display.

"The tents were crowded at the performance which began at 2 o'clock this afternoon, and the entertainment showed a marked improvement over the usual circus performances, many new features being introduced in the circus performance. The menagerie was also very extensive and far superior to most wild beast exhibitions.

The Grands Rapid (Mich.) LEADER has to say of the New Great Syndicate Shows and Paris Hippodrome which will exhibit in The Dalles.

"It was a very large crowd that attended the circus performance given by the New Great Syndicate Shows last evening. Fully 3,500 people occupied the seats of the main tent and departed at the close of the entertainment well

satisfied with the exhibition they had witnessed. The character of the entire show, from beginning to end, in every department, is pleasing and above reproach. It is from start to finish far beyond the ordinary circus and in quality is the peer of any in the land."

"The New Syndicate Shows form as large and complete a circus and menagerie as has ever visited Victoria. It created the most favorable impression."—Victoria (B. C.) Colonist.

#### Still Insists.

LOS ANGELES, June 27.—Democratic State Central Committeeman Mitchell who sent a letter to Chairman Gould some days ago asking to have a meeting of the committee called, for the purpose of calling a silver meeting of the state, and received an unfavorable reply, has now addressed a second letter to Chairman Gould. This letter is sharp, and takes exception to the fact that Mr. Gould took Mr. Mitchell's other letter personally. It asks that the central committee be polled on the question of calling a silver convention. "That a preponderance of democratic opinion exists in favor of the coinage of silver at a ratio of 16 to 1 is a fact that you seem not to be impressed with, and I will set this down to your ignorance of current events. I well understood that the species of egotism that prompts you to make the remarkable statements of your letter. If you really hold the views you express, I think the head of the state democratic committee would be most acceptable to that element in society known as 'anarchist.'

#### A Horrible Death.

PRESOTT, Ariz., June 27.—Joseph H. Walker died here last evening in most horrible agony. Several days ago, he suffered dislocation of the ankle on a cow range in Kirkland valley, and laid out in the sun for several hours. During the time, a blow fly got into his nose and laid eggs, and when he was brought to town for medical treatment for his ankle, screw worms commenced to drop from his nose. Several physicians attended him, but the worms increased in his head, dropping from his nose and mouth, and on opening his mouth, a mass of insects could be seen. Finally they reached his brain, resulting in his death.

#### General Warner Hopeful.

CLEVELAND, June 27.—General A. J. Warner said today it was evident there would be a split in the democratic party next year on the silver question. He said the silver men must get together. He believed a candidate would be found for whom the democrats of the South, the republicans of the West and the populists would vote.
