From the Fruit Market.

Below is published the latest advices received from the Eastern fruit market. Our fruit raisers cannot watch the reports too closely, as it is the only way of becoming thoroughly posted:

"The past two weeks have seen more cherries shipped from Oregon than ever before and while prices have ruled higher generally than heretofore, it is not an unusual price. California cherries have sold in past years for better prices and the prices ruling prior to July 4th is simply an eye opener to the cherry growers of Cregon; 5 cents per pound to the shipper is a trifle higher than Eastern markets warranted, notwithstanding commission houses paid that price for several carloads. A representative of the Oregon Fruit Union left Portland June 25th and attended the auction sales, where the cars of cherries shipped by local commission houses jointly, were sold, prices varying from 75 cents to \$1.20 per box. On July 2d, two cars arrived the same day in Minneapolis, one shipped by Levy & Spiegle, Mark Levy & Co. and Page & Son, the other by W. S. Offner and Dr. N. G. Blalock. This, of course, is the reason why some ruled somewhat lower than necessary.

cents per box."

3 20 Without a doubt The Dalles beats all rivals in the matter of runaways or accidents to horses. And of late a new animal was palled along. Both buggy Kinersly Drug Co. and mule went into the river and sunk beneath its waters. A crowd soon gathered and the buggy was fished out by means of a hook and rope. The mule was unable to swim on account of being tied to the body and before help could arrive was drowned.

Mr. Snipes took his misfortue with usual fortitude and said when hard luck starts coming it never knows when to stop. Mr. Snipes had owned the mule for four years and said it was the best driving animal he had ever owned. This makes the second accident of this 125 00 kind in three days within a short distance of each other. However exciting it may be to the spectators this division is anything but pleasing to the owners of animals seemingly bent on suicide.

Word From Trilby Camp

TROUT LAKE, July 8, '95. EDITOR CHRONICLE: - Wishing to let you know The Dalles is "in it," as it always has been, we will make the accent of Mt. Adams with the Mazamas; that is, if they can walk fast enough to keep up with us. We will leave here for the timber line in the morning and then go up the next day. There are probably altogether about 100 people at the snow line, but don't suppose there will be over one-third make it. There is quite a delegation from Hood River and the ladies all wear bloomers-about fifteen of them. Several are from Pendleton, Tacoma and Corvallis.

Please send us a paper once a year. TRILBY CAMP.

Marvelous results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rivers junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. Kingis New Discovery; it was quick in its work and highly satisfactory n results." Trial bottles free at Snipes-Kinersly Drug Co's Store. Regular size 50c. and \$1.00.

Last night Lee Morehouse, a prisoner in the county jail, made an ineffectual on the Deschutes hill is still a subject attempt to escape. It is Jailer Fitz. for controversy and the Observer takes gerald's custom to go through the jail exception to the letter of Mr. Russell, every evening to assure himself that the supervisor which was published everything is as it ought to be. Morehouse secreted himself in the cell nearest the door leading into the sheriff's office and intended as soon as the jailer retired to make a break for liberty. Mr. Fitzgerald, however, looked into that cell first, and discovered Morehouse with his shoes in hand ready to run. He was bent on going and it took something more than moral persuasion on the jailer's part to convince him he had better stay. Morehouse is in jail walt-ing the grand jury on the charge of the larceny of a horse and bridle.

W/OMEN'S FACES

—like flowers, fade and wither with time; the bloom of the rose is only known to the healt hy woman's cheeks. The nervous strain caused by the alments and pains peculiar to the sex, and the labor and worry of rearing a family, can often be traced by the lines in the woman's face. Dull eyes, the sallow or wrinkled face and those "feelings of weakness" have their rise in the derangements and irregularities peculiar to women. The functional derangements, painful disorders, and chronic weaknesses of women, can be cured with Dr. Pierce's Favorite Prescription. For the young girl just entering womanhood, for the mother and those about to become mothers, and later in "the change of life," the "Prescription" is just what they need; it aids nature in preparing the system for the change. It's a medicine prescribed for thirty years, in the diseases of women, by Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. Dr. Pierce's Favorite Prescription will cure the chronic inflammation of the lining membranes which cause such exhausting drains upon the system, It cures nervous prostration, sleeplessness, faintness, nervous debility and all disorders It cures nervous prostration, sleeplessness, faintness, nervous debility and all disorders arising from derangement of the female organs and functions.

organs and functions.

Mrs. Jennie Williams, of Mohawh, Lane Co., Orgon, writes: "I was sick for over three years with blind dizey spells, palpitation of the heart, pain in the back and head, and at times would have such a weak tired feeling when I first got up in the morning, and at times uervous chills.

The physicians differed as to what my disease was, but note of them did me any good. As soon as I commenced taking Dr. Pierroe's Favorite Pre-

As soon as I commenced taking Dr. Pierce's Favorite Prescription, I began to get better; could sleep well nights, and that bad, nervous feeling and the pain in my back soon left me. I can walk several miles without getting tired. I took in all three bottles of 'Prescription' and two of 'Discovery.'"

Owing to an accident in the Stampede tunnel in the Carcade mountains, through traffic on the Northern Pacific is blocked. Their trains are being run over the O. R. & N., and pass through The Dalles. The east-bound passenger left Portland this morning after I o'clock, and passed through The Dalles at 5. The west-bound passenger went through town a flying at 8:30 this morning. There were ten coaches, including a diner. Engineer Hayes was at the throttle, and as the train can do no local business, it will make rapid time to Portland. The damage to the tunnel will probably be very great, as the wood work is on fire and a lot of rock will fill portions of the tunnel. The Stampede is one of the most famous pieces of rail-road engineering in the country.
