

Done By the County Court.

The last session of the county court consisted principally in allowing bills, and no very important action on other matters was taken.

The application of W. E. Campbell and others for a new road district was passed, as was also the petition of A. J. Dufur to change a county road.

Our Water Works.

EDITOR CHRONICLE:—It has occurred to me many times to inquire what the income from our water system is; what proportion of loss there is by reason of the failure of water consumers to pay water rents; what methods are followed to keep track of the losses, and what reports are made by the manager and preserved by the water commission;

If these reports are not too long, will you please publish them, or if they would require too much of your space, could you not give the public the substance of them?

A WATER CONSUMER.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable.

Concerning Mrs. Hinsdale.

Mrs. F. Hinsdale's fine soprano voice added greatly to the interest of the evening's program and each number she sang was greeted with a hearty encore.

In response to the encore which this brought out, Mrs. Hinsdale gave Streliski's "Dreams." Her second regular number was Kuchen's lovely song "Good Night, Farewell," in which the pure, true tones of her soprano voice appeared to great advantage.

Among the numerous persons who have been cured of rheumatism by Chamberlain's Pain Balm, mention should be made of Mrs. Emily Thorne, of Toledo, Wash., who says: "I have never been able to procure any medicine that would relieve me of rheumatism like Chamberlain's Pain Balm.

TAKE STEPS

In time, if you are a sufferer from that scourge of humanity known as consumption, and you can be cured. There is the evidence of hundreds of living witnesses to the fact that, in all its early stages, consumption is a curable disease.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it.
