STEWARDS OF AN OCEAN LINER. A Position of Responsibility with an Army of Subordinates to Oversee. It may surprise some old globe trotters to know that the big ocean grey-hounds running between New York and the European ports carry on an average nineteen thousand pieces of sterling silverware for their table service, and that this large amount of plate is handled during the voyage by from two hundred to two hundred and forty waiters or "stewards," as they are called on shipboard. The chief steward is responsible for every piece, says the New York Mail and Express. He must be a man of quick powers of observation, a student of human nature and be up to all the little devices of a small army of subordinates usually keener and quicker witted than those found ashore in the same calling. It is a busy day for the steward twenty-four hours before the time set for departure. He has purchased or contracted for all the supplies and an assistant sees that the contracts are fulfilled. But his personal attention must be given to silverware. He keeps a regular debit and credit account and can tell to a toothpick just what he will start away with. On the voyage passengers are apt to lose spoons or forks or other ware by accident, and occasionally a gray blade may think it amusemment to toss a sugar bowl or half a dozen knives through a port hole. It is needless to say that he furnishes a quid pro quo before he goes ashore. When the other side is reached the chief steward spends a day in balancing accounts. He started with so much, and so much should be on hand. If there is a difference he seeks to find it, and if he can't find it he "makes good" himself. The responsibility of such a position naturally commands a high salary, and every chief steward from every ocean steamship running from this port is, without exception, a man of unimpeachable integrity. The extraordinary record is that in thirty years there have been but two accusations of a betrayal of a trust.

NOT A SICK DAY For Over Thirty Years! RESULT OF USING AYER'S PILLS "Ayer's Cathartic Pills for over thirty years have kept me in good health, never having had a sick day in all that time. Before I was twenty I suffered almost continually—as a result of constipation—from dyspepsia, headaches, neuralgia, or boils and other eruptive diseases. When I became convinced

that nine-tenths of my troubles were caused by constipation, I began the use of Ayer's Pills, with the most satisfactory results, never having a single attack that did not readily yield to this remedy. My wife, who had been an invalid for years, also began to use Ayer's Pills, and her health was quickly restored. With my children I had noticed that nearly all their ailments were preceded by constipation, and I soon had the pleasure of knowing that with children as with parents, Ayer's Pills, if taken in season, avert all danger of sickness."—H. WETTERLIN, Byron, Ill.

AYER'S PILLS Highest Honors at World's Fair. Ayer's Sarsaparilla Strengthens the System. Chokester's English Diamond Brand. PENNYROYAL PILLS Original and Only Genuine. Sold by all Local Druggists.

ASSIST NATURE a little now and then in removing offending matter from the stomach and bowels and you thereby avoid a multitude of distressing derangements and diseases, and will have less frequent need of your doctor's service. Of all known agents for this purpose, Dr. Pierce's Pleasant Pellets are the best. Once used, they are always in favor. Their secondary effect is to keep the bowels open and regular, not to further constipate, as is the case with other pills. Hence, their great popularity with sufferers from habitual constipation, piles and their attendant discomfort and manifold derangements. The "Pellets" are purely vegetable and perfectly harmless in any condition of the system. No care is required while using them; they do not interfere with the diet, habits or occupation, and produce no pain, griping or shock to the system. They act in a mild, easy and natural way and there is no reaction afterward. Their help lasts. The Pellets cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation, sour stomach, loss of appetite, coated tongue, indigestion, or dyspepsia, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. In proof of their superior excellence, it can be truthfully said, that they are always adopted as a household remedy after a first trial. Put up in sealed, glass vials, therefore always fresh and reliable. One little "Pellet" is a laxative, two are a cathartic. As a "dinner pill," to promote digestion, or to relieve distress from over-eating, take one after dinner. They are tiny, sugar-coated granules; any child will readily take them. Accept no substitute that may be recommended to be "just as good." It may be better for the dealer, because of paying him a better profit, but he is not the one who needs help.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's Fair, Chicago. Manufacturers of other sarsaparilla sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Castoria For Infants and Children. Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property. "Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCADE, M. D., 111 South Oxford St., Brooklyn, N. Y. "For several years I have recommended your 'Castoria,' and shall always continue to do so, as it has invariably produced beneficial results." EDWIN F. PANNON, M. D., 122th Street and 7th Ave., New York City. "The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.
