OVERWORK INDUCED Nervous Prostration Complete Recovery by the Use of Ayer's Sarsaparilla

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, was unable to look after my interests, and manifested all the symptoms of a decline. I took three bottles of Ayer's Sarsaparilla, began to improve at once,

and gradually increased my weight from one hundred and twenty-five to two hundred pounds. Since then, I and my family have used this medicine when needed, and we are all in the best of health, a fact which we attribute to Ayer's Sarsaparilla. I believe my children would have been fatherless to-day had it not been for Ayer's Sarsaparilla, of which preparation I cannot say too much."

WEATHER BUREAU. Weather Crop Bulletin No 29 of the Oregon State Weather Service for Eastern Oregon.

Weather - The temperature rose to 110 degrees on Monday, August 5th. Since then it has fallen, but rose again Saturday and Sunday. The maximum temperature during the week ranged from 74 to 100 deg., and the minimum from 44 to 72 degrees.

Weather - The temperature rose to 110 degrees on Monday, August 5th. Since then it has fallen, but rose again Saturday and Sunday. The maximum temperature during the week ranged from 74 to 100 deg., and the minimum from 44 to 72 degrees.

The fruit is in good condition and is ripening rapidly. Many new sections have developed, where fruit can be successfully and profitably grown. Melons are especially prolific in Wasco county; in this county the apple and peach crop will be unusually large.

August is usually very dry; seldom does any rain fall during the month. The conditions at present do not indicate other than usual weather for the next few weeks, which is warm, dry and sunny.

Mr. Page has returned from his temporary tour of duty in San Francisco, and has assumed charge of the Portland, Or., office.

Suggestions as to the improvement of these bulletins, or means to extend the scope and usefulness of the weather bureau work are solicited from all who may in any way be interested.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Woman, she clung to Castoria. When she had Children, she gave them Castoria.

Can You Answer Them?

MOTHERS and those about to become mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its torture, terrors and dangers to both mother and child, by aiding Nature in preparing the system for parturition. Thereby "labor" and also the period of confinement are greatly shortened. It also promotes an abundant secretion of nourishment for the child. During pregnancy, it prevents "morning sickness" and those distressing nervous symptoms from which so many suffer.

For Infants and Children. Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property. "Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ASCHEB, M. D., 111 South Oxford St., Brooklyn, N. Y. "For several years I have recommended your 'Castoria,' and shall always continue to do so, as it has invariably produced beneficial results." EDWIN F. PARSONS, M. D., 125th Street and 7th Ave., New York City. "The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARSTEN, D. D., New York City. THE CANTON COMPANY, 77 Murray Street, N. Y.
