AFTER THIRTY YEARS.

For the first time since its organization, the Grand Army holds a national encampment south of Mason and Dixon's line.

Not the least of the hearty welcome comes from the confederate veterans, who thirty years ago were feeling bitterly the sting of defeat.

The meeting of the G. A. R. in Louisville will cement in strong bonds the brotherhood which has been re-established and the union will be all the better for the meeting of the North and South in Dixie's land.

HAD BETTER BEEN A DRAW.

The yacht commission has sustained the protest of the Defender and the American racer given the race. From every account received there seems no doubt but what the Valkyrie was at fault and clearly fouled at the start.

A rumor in today's dispatches says a great battle has been fought in Puerto Principe, and that the Spanish were defeated.

That was a deplorable accident which happened at Louisville yesterday. By the explosion of a caisson six young men met a terrible death.

The first duty of the next congress, when it convenes, is to provide means for the raising of sufficient revenues to meet the expenses of the government.

erty-loving Cubans will not rest till their beautiful island is declared free and independent, a worthy associate for her sister country to the westward.

DEMOCRATIC DISGUST.

Maryland and Kentucky furnish the chief political battle ground in the fall elections. In no other states will the contest be so close, or the prospect of a change from long-continued democratic rule, better.

In Maryland the prospect is, if anything, still brighter. The revolt against Gormanism is increasing, and the disposition exists, among the better men in all parties, to rise in their might and give a lasting rebuke to bossism.

The latest political sensation has been the action of William Pickney White, ex-governor and ex-United States senator, and a leader of the better element of democrats.

The political equilibrium of Portland is easily disturbed, and the death of Judge Hurley has caused much contention to arise over the choice of his successor.

AN UNWELCOME DECISION.

The supreme court of Washington has handed down a decision which declares unconstitutional the proposal to issue bonds for an amount aggregating upwards of one and one-half million dollars, and to cause the same to be sold for the purpose of funding the outstanding warrants drawn on the military and tide lands funds pursuant to an act of the last legislature.

However the legal status of the thing may be, and the supreme court undoubtedly knows the law thoroughly, the equity of the decision will not commend itself to the people of the state at large, or those in other places who are interested financially in Washington.

The decision will be of special interest to the people of The Dalles who are holders of Klickitat county warrants. Our neighboring county is in the same position as the state.

Mr. Frederick George Jackson, in his recently published "Great Frozen Land," has given an interesting, well-told story of the ever-fascinating North. The adventures are laid in the Arctic, northeast of Europe, adjacent to the frozen tundras of Siberia.

A holy war is in progress in Portland, which occupies considerable space in the newspapers, but will do little good to anyone. Cases of ecclesiastical discipline can better be settled within the pale of the church than through the public press.

GOOD POINTS FROM THE PRESS.

Moro Observer: Is there a man in Sherman county who has seen a copy of the premium list of the district fair, to be held in The Dalles—when?

Spokesman Review: "Incompatibility of temper" has driven Mrs. Francis Hodgson Burnett and husband apart.

Pendleton Tribune: Secretary Kincaid has gone to Alaska for a rest. The hearts of the people will throbb in responsive start to your good determination, Kincaid.

Arlington Record: We hardly think the democratic party will be able to suc-

cessfully go before the country on its record in the coming presidential struggle. While it is true that the republicans made mistakes by legislating in such a way as to injure some localities while others were benefited, yet the general trend of the legislation was such as to benefit the whole country.

Bills Allowed.

Table listing bills allowed with names and amounts, such as Troy Shelley, quar examination and supplies \$18 00, Anne Lang, quar examination 15 00, Tina Rintoul, examination 15 00, etc.

Admitted to Partnership.

A private letter received by Mr. Lord, of the Wasco warehouse, contains the information that Mr. W. E. Jones, who spent last summer in The Dalles, has been admitted to full partnership in the great wool firm of Hollowell & Donald, Boston.

No more BOLLS, no more PIMPLES. Use Kinerly's Iron Tonic. The Snipes-Kinerly Drug Co. Telephone No. 3.

CHOLLY—"Ah, I say, Miss Knickerbocker, may I aspiah to youah hand and fortune? I have just made a record in the five-mile dash, and am stwictly in it—so to speak."

MISS KNICKERBOCKER—"That may all be, Cholly, from a wheelman's standpoint, but every woman likes style in her affianced. I think your legs would look decidedly better in a pair of 'HAPPY HOME' trousers. Go and get a suit of these swell garments and 'come again.' I shall be at home tomorrow evening."

MOSIER BREEZES.

What Our Live Correspondent Has to Say of Happenings in Mosier Neighborhood.

John Davis and James Wynn have moved into the Frank Ireland house. A Stewart is back on the section as boss. He is a good man and the railroad knows it.

G. L. Carroll has dug a well on his place. It is seventy-five feet deep, but he says it is good water.

Mr. Pinkham of The Dalles, agent for the Oregon Fruit Union, was here last Friday to load another carload of prunes. Chas. Stark has been very sick on the coast. They are expecting him home.

Today's Race. [Special dispatches furnished through kindness of the Western Union.]

11:15 a. m.—Hazy off shore; wind eighteen miles an hour. Judges' boat obscured by mist. Course is fifteen miles to leeward, east to south and return.

11:20:24—Defender starts. 11:21:58—Valkyrie starts. As the Valkyrie crossed the line, steam tug Fanny Williams was directly in the way.

Valkyrie hoisted protest flag, and headed back for judges' boat. The Defender continues on her course. Valkyrie withdrew from the race and taken in tow by a tug. At this juncture the excursion boats all started for New York City.

11:51—The judges' boat starts after the Defender. 1:06—Defender is still off Long Beach, going to stake boat.

1:15—Defender turns the stake boat. Wind not over eight knots an hour, and still growing lighter. 1:30, Fire Island—Defender well off here. Two schooners and several boats stand between her and us.

4:04—Defender finishes. Unless the Defender is willing to call it no race the victory will be given to her. It is probable another race will be run.

In the Land Office.

A homestead entry was made in the land office today by Robert E. Phillips of Mosier. The land taken is the ne 1/4, sw 1/4, nw 1/4, ne 1/4, sec 9 and the e 1/2, se 1/4, sec 4, tp 2 n, r 12 e, W M.

Two homestead entries previously made were commuted today. Thomas E. Brasket, of Crook county, paid the requisite \$200 and made final proof for the w 1/2, nw 1/4, ne 1/4, nw 1/4 and the nw 1/4, ne 1/4 of sec 26, tp 10, r 16 e.

The other commutation was by Grant Brasket, a resident of Hay Creek, Crook county, and for ne 1/4, ne 1/4, sec 26 and the nw 1/4, sw 1/4 of sec 25, tp 10 s, r 16 e.

Business is picking up in the office and Register Moore says they are doing a "land office business" in every sense of the term.

A Coming Concert.

The ladies of the Congregational church are planning to give a concert which promises to be one of the most successful The Dalles has ever seen. The date is set for September 18th, the day before the Christian Endeavor convention begins. A fine array of talent, both local and from abroad, has been secured, and the program will be an unusually interesting one.

voices in The Dalles, which will be heard, are those of Mr. Perkins and Mr. G. W. Crossen. Many other interesting numbers have been provided, so that all those who attend will have a musical and literary treat.

The More Fruit the Better.

The fruit market this year has been probably the best this section has known. More fruit has been grown and more shipped, and the returns, while in all individual cases perhaps not so large, have amounted to more in the aggregate than in any former year.

With the increased amount of fruit that is raised the market will be better, as buyers will come and buy in large quantities. The commission men prefer to do their own packing, and when the fruit output of The Dalles is doubled, packing houses will be built and the crop will be bought as it hangs on the orchards, saving to the grower the trouble and expense of packing.

ON THE ROAD

to recover, the young woman who is taking Doctor Pierce's Favorite Prescription. In maidenhood, womanhood, widowhood and motherhood the "Prescription" is a supporting tonic and nerve tonic that is peculiarly adapted to her needs, regulating, strengthening and curing the derangements of the sex. Why is it so many women owe their beauty to Dr. Pierce's Favorite Prescription? Because beauty of form and face radiate from the common center—health. The best bodily condition results from good food, fresh air and exercise coupled with the judicious use of the "Prescription."

If there be headache, pain in the back, bearing-down sensations, or general debility, or if there be nervous disturbance, nervous prostration, and sleeplessness, the "Prescription" reaches the origin of the trouble and corrects it. It dispels aches and pains, corrects displacements and cures catarrhal inflammation of the lining membranes, falling of the womb, ulceration, irregularities and kindred maladies.

"FALLING OF WOMB."

Mrs. FRANK CAMPFIELD, of East Dickinson, Franklin Co., N. Y., writes: "I deem it my duty to express my deep, heart-felt gratitude to you for having been the means, under Providence, of restoring me to health. For I have been by spells unable to walk. My troubles were of the womb—inflammatory and bearing-down sensations and the doctors all said, they could not cure me. Twelve bottles of Dr. Pierce's wonderful Favorite Prescription has cured me."
