

## AMNESTY REFUSED

### Pardon to Revolting Brazilians Not Granted.

#### THE CORBETT-FITZSIMMONS FIGHT

##### May Possibly Occur in Indian Territory if Texas Refuses—Outlaws Surrender.

RIO JANEIRO, Sept. 27.—The bill granting amnesty to those until lately engaged in revolution against the government in Rio Grande do Sul was voted down by the house of deputies after a debate marked by a vast amount of excitement.

Large forces, both of police and military, were necessary outside the legislative halls to keep back the dense crowd that had gathered, and that was filled apparently with a spirit of dangerous rebellion. The deputies when they appeared in the street were hissed and insulted, and had it not been for the guard that surrounded them they would undoubtedly have been attacked and perhaps killed.

#### STAGE-ROBBER CAUGHT.

Elda Wood on His Way to Roseburg in the Sheriff's Charge.

GRANT'S PASS, Sept. 28.—Elda Wood was arrested about 40 miles from here this morning, and brought to this city, arriving at midnight, charged with having robbed the stage between Roseburg and Coos Bay August last. It will be remembered that a note was found nailed upon a tree near the scene of the robbery, signed Elda Wood, and threatening death to any one who dared to pursue him.

Charles D. Reeser, a miner, who knew Wood well, accidentally ran across him working on the Copper Mine trail, 40 miles west from here, nearly two weeks ago, and spoke to him. Reeser came to this city and wired Sheriff Cathcart, at Roseburg about it. Cathcart came up here and deputized Reeser, who, in company with W. T. Turnham, of this place, went out and brought Wood in. Wood was going under the name of Jim McCarthy.

He denies all knowledge of the robbery, but it is known here that he told parties that he robbed a Chinese camp between here and Roseburg some months ago, and strongly intimated that he had robbed the stage. He answers the description of the man Sheriff Cathcart has been after ever since the robbery, and it is believed no trouble will be had in convicting him.

Sheriff Cathcart left tonight on the overland for Roseburg with the prisoner. The reward for conviction is \$500.

#### RED CROSS IN CUBA.

Spaniards Will Respect the Flag Wherever Seen.

WASHINGTON, Sept. 27.—The flag of the Red Cross Society will be respected by the armies of Spain, now engaged in an effort to crush the Cuban revolution. The statement by a member of the New York Cuban junta that the Spaniards have refused to allow the Red Cross Societies to enter the ranks of the Cubans is emphatically denied by Miss Clara Barton, who is at the head of the organization in the United States. Miss Barton says:

"Spain, as one of the forty nations that have signed the treaty of Geneva, is bound to respect the Red Cross wherever seen, whether a member of the organization is attempting to relieve the sufferings of a rebel or not."

#### OUTRAGES CONTINUE.

Reign of Terror Prevails in Portions of Armenia.

VARNA, Sept. 27.—Advices from Antioch state that the Ottoman officials there have excited Mussulmen with the report of an impending massacre by Armenians. As a result the Mussulmen, accompanied by the police, raided the Armenian church and searched the building for arms. The Armenians resisted and three were killed. A reign of terror prevails in Kemakah and Erzenzen, owing to oppression by the Turks. Many Armenians have been arrested.

#### The Great Frize-Fight.

CHICAGO, Sept. 27.—The Chicago sporting men do not seem to be much alarmed at the action taken by the governor of Texas. They say it is one thing to call the legislature together and another to secure the passage of a law prohibiting fighting. Dan Stewart last night telegraphed F. E. Kennedy, who, with Paddy Carroll, expects to run a load into Dallas for the fight that the fight would be brought off in Indian territory if a law was passed forbidding it

in Texas. What action Uncle Sam would take if the two pugilists attempt to meet on his domain is problematical.

#### Decree Will Not Be Revoked.

CHICAGO, Sept. 27.—A local paper says: Some of the American bishops doubting that Rome would strictly enforce the order condemning Catholic membership in the Knights of Pythias, Sons of Temperance and Odd Fellows, recently wrote for instructions. A letter in reply from Archbishop Larrison, secretary of the propaganda, says there is no chance for a revocation of the decree. In special cases recourse may be had to Rome

LONDON, Sept. 27.—The Pall Mall Gazette this afternoon prints a dispatch from Shanghai saying: Appearances indicate that England is finally in earnest regarding the massacres in China. Five warships are now on the river Yang-tse-Kiang, proceeding toward the scenes of the disturbances, and four more are expected to start tomorrow.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional treatment. #### The Bannock Troubles.

WASHINGTON, Sept. 27.—The attorney general has sent additional instructions to the district attorney of Wyoming, based on information furnished by the Indian office, which will probably enable the United States officials to commence a prosecution against the whites responsible for attacks upon the Bannock Indians.

The chronic grumbler still lives, but there are less cases of chronic indigestion and dyspepsia than formerly. The fact is so many people in the past have taken Simmons Liver Regulator that they are now cured of these ills. And a great multitude are now taking Simmons Liver Regulator for the same troubles and they'll soon be cured. "It is the best medicine."—Mrs. E. Raine, Baltimore, Md.

## DURRANT CONFIDENT

### That His Ultimate Acquittal is Assured.

#### SAYS HE HAS BEEN LIED AGAINST

##### The Weakness of the Defense Claimed Upon by Local San Francisco Attorneys.

SAN FRANCISCO, Sept. 28.—An evening paper publishes an interview with Theodore Durrant, in which the prisoner expressed his disgust at the witnesses who had testified for the prosecution. He is quoted as saying:

"I wonder that the fate of Ananias and Sapphira has not overtaken some of them. It is strange to me that they have not been struck dead for what they have said against me on the stand."

Durrant expresses confidence in his ultimate acquittal. In the opinion of many members of the local bar, the counsel for the defense has opened the door for the admission of all the evidence in the Williams case at the present trial for the murder of Blanche Lamont.

During the examination of Sergeants Reynolds and Burke, who were called by the defense, they were asked concerning a shoe with a brown stain on the sole, found in the pastor's study. The prosecution may claim the right to demonstrate that the stain might have resulted from walking around Emanuel church the morning the mutilated body of Minnie Williams was found. Evidence could then be put in showing the condition of the room where the murder was committed and the possibility of a person entering it getting blood on his shoe.

The defense will fight any proposition which has for its object the placing before the present jury of any fact regarding the Williams murder. The district attorney says he is satisfied he has put in a very strong case and does not like to take the chance of introducing testimony that might be declared irrelevant by the supreme court.

The defense does not seem to rely so much upon the alibi as it did a few days ago, and its efforts are now being devoted to an attempt to find flaws in the prosecution. Not one of Durrant's 75 classmates will step to the front and say the accused attended Dr. Cheney's lecture of April 3. If he were there every member of the class would know it and dozens would appear and tell of incidents which happened during the lecture whereby the presence of the accused was impressed on their minds.

The simple fact that nobody recollects his presence is proof positive to the prosecution that he was absent. If General Dickinson fails to put the students on the stand, Mr. Barnes will call them in rebuttal, and although their testimony that they do not know whether the defendant was at the lecture will be negative in character, it will thoroughly dissipate from the minds of the jurors any impression that the introduction of the rollcall might have. In rebuttal, the district attorney will attack the rollbook and will, by a great many witnesses, show the careless way in which the record of attendance at the college is kept. It will be shown that scarcely a student had not at some time had the roll falsified by having a classmate answer for him.

Durrant's hopes now rest on the ability of his attorneys to so manipulate the proceedings as to create a doubt in the mind of a juror so as to secure a disagreement. He can build on nothing more substantial, and it seems impossible at the present writing that he can expect an acquittal.

#### DR. PASTEUR'S DEATH.

He Wept Because He Was Sorry to Leave His Children.

LONDON, Sept. 30.—A Paris dispatch to the Standard says that the cause of M. Pasteur's death was weak condition of his heart, with other complications. Last Wednesday, the correspondent adds, the crisis, uremia, set in, and from that time his life slowly ebbed away. He was quite conscious of his approaching end and bade an affectionate farewell to his wife and his daughter and son-in-law and their children. He wept a little and upon being asked:

"Why are you crying, grandpa?" He replied: "Because I am going to leave you all, my children."

No Actual Attempt, but a Conspiracy. YOKOHAMA, Sept. 29.—It is now learned that no actual attempt was made upon the life of Marquis Ito, prime minister and president of the council, as at first reported yesterday, but a conspiracy had been discovered, the parties to which intended to kill Marquis Ito.

Wednesday night last, documents, which implicated the man who has been arrested were found.

WASHINGTON, Sept. 29.—The Japanese legation tonight had no cable advices confirmatory of the press report of the attempted assassination of Marquis Ito.

#### Goldendale Railroad Extension.

GOLDENDALE, Wash., Sept. 29.—The Klickitat Valley Railway Company finds it will be unable to accept the Dalton & Gerlinger proposition. If any extension of time is not granted the Klickitat people, other propositions will be entertained. It is said the subsidiary committee has met with much encouragement, but the farmers who have delayed action are waiting to see what they can realize from the years crop, when they believe they can act more intelligently for their own interest.

There are so many accidents to live stock which cause delay and loss to the farmer in his work. In a large number of instances the delay would be but trifling if a remedy was promptly applied. Dr. J. H. McLean's Volcanic Oil Liniment has for many years been regarded as the farmer's friend. Its healing on flesh of domestic animals is immediate and permanent. Price 25c, 50c and \$1.00 per bottle. For sale at Snipes-Kinnersly Drug Co.

#### Date of the Fight Changed.

AUSTIN, Tex., Sept. 30.—The Florida Athletic Club has notified Corbett and Fitzsimmons to appear in Dallas to fight October 10, it being the latest possible date before a decision could be got through the legislature to stop the contest.

Fitzsimmons says he has received no such notice, and would pay no attention to it if he had, for the agreement calls for the fight October 31, and he will either fight or claim the forfeit that day.

There comes a time to all of us, when we feel mean and "out of sorts" and in a condition to invite disease. It is then we need such a remedy as Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. To persons exhausted by sickness or overwork its invigorating influence is surprising, promptly restoring health, energy and cheerful spirits. Price \$1.00 bottle. For sale by Snipes-Kinnersly Drug Co.

## IN ONE MIGHTY BOISE

### All Chicago Asks the Cubans be Recognized.

#### TWO GREAT MEETINGS HELD

##### Seldom Has More Enthusiasm Been Shown and Never Were Speakers More Seriously in Earnest.

CHICAGO, Sept. 30.—As much of the population of Chicago as could find entrance to the auditorium of the Central Music hall and the Y. M. C. A. building tonight shouted itself hoarse in approbation of a series of resolutions in which the government is asked to recognize the Cubans as belligerents. Such genuine enthusiasm has seldom been witnessed in this city, and on no occasion were words spoken by men more full of the heart and soul than the speakers. Mayor George B. Swift presided at the main meeting in Central Music hall, while Judge William A. Vincent was chairman of the Association building. There were 17 vice-presidents who occupied seats on the platforms, chosen from leading business men and each had previously expressed himself in full accord with the object of the meetings.

Among telegrams from men who could not be present, was one from Governor John P. Altgeld, and its ringing words called forth cheer after cheer. It was as follows:

"It is time that Spanish misrule, Spanish brutality and Spanish outrage should be driven from American continent. The nations have long asserted the right to interfere for the purpose of suppressing a practice that shocks the moral sense of the civilized world, such as cannibalism and the slave trade, yet the cannibals do not torture their victims and do not indulge in wholesale slaughter, while in Cuba the torture is fiendish and the butchery continues.

"We must end these horrors or else talk less about Christian civilization. Besides, when viewed from a geographical and political or a military standpoint, Cuba should be ours. Let our country first extend recognition, then a helping hand, and lastly, a place in the Union. This done, the richest island of the world will soon become the gem of the seas."

Senator Cullom wired: "The people of the United States strongly sympathize with the Cubans struggling to be free from Spanish domination. Our government should do everything consistent with national honor in their behalf."

General Alger's message read: "It seems to me what has been previously done by our government and so clearly defined by President Monroe, concerning belligerent rights of those countries, should now be granted to Cuba. She has made a magnificent struggle for liberty; has formed a provisional government; has been victorious in many hard-fought battles, with every advantage against her, save that she is right. I trust and believe she will win her independence.

The Rev. Dr. H. W. Thomas read the resolutions, which were adopted as by one mighty voice. The resolutions also declared for a permanent organization to continue the work.

#### REBELS ROUTED.

Spanish Troops Claim to Have Dispersed 2500 Insurgents.

HAVANA, Sept. 30.—An important engagement is reported to have taken place at Portero, Las Vegas, near Santa Spiritus, province of Santa Clara. It is said Lieutenant-Colonel Antonio Rubin, with a battalion from Grenada, two companies of the Zamora battalion, a company of the Chictana battalion and two squadrons of cavalry dispersed 2500 insurgents commanded by Castillo, Sanchez, Legon and Sayas, after capturing the enemy's position.

The insurgents are reported to have lost 120 killed and wounded. Among the latter are Sanchez and Legon. Roberto Pinar was killed.

On the government side, 14 men, including Colonel Rubin, were wounded.

#### A Pneumatic Ring.

CHICAGO, Sept. 30.—Dan Stuart has sent to Chicago for a pneumatic ring to be used at the Corbett-Fitzsimmons contest. The ring is stakeless and the up-

per rope is upon the same principle as the tire on a bicycle. On the floor is a big rubber mat, which can be inflated just sufficient to make it springy to the feet of the boxers and yet not retard their movements. A fall on the pneumatic mat or against the rope could not result in injury.

#### PREMATURE EXPLOSION.

Six Men Killed in a Quarry Near Independence, Mo.

KANSAS CITY, Sept. 30.—Six lives were sacrificed at a quarry eight miles from Independence, Mo., this morning by the premature explosion of a blast. The victims are: Miles McTiernan, contractor; Con. Pruitt, farmer, 25 years old; Daniel Larkin, quarryman; Antonio Carlin, quarryman; Pat Welsh, quarryman, and Tom Ferguson, 6 years old. The men were crushed under a huge rock, and instantly killed. The boy lived four hours.

Two blasts had been set. It was intended to touch off the smaller one, and the men stepped out of the way and right under the other blast. The man who touched off the blast mistook the signal and set off the larger one. A terrific explosion followed, jarring loose an immense overhanging rock which mashed the men to a pulp.

#### None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's Fair, Chicago. Manufacturers of other sarsaparilla sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's fair authorities in favor of Ayer's Sarsaparilla is in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

#### Passenger Train Overturned.

DENVER, Col., Sept. 30.—A special to the Times from El Paso, Tex., says:

The passenger train from New Orleans was partly capsized at 7:30 a. m. today, near Malone, 80 miles east of here, owing to the softening of the roadbed by heavy rains. The engine, tender, mail and baggage cars were turned over, and the engineer, F. A. Thompson, was badly scalded. Big washouts are reported on the Mexican Central, near Chihuahua, and also on the Southern Pacific west of Lordsburg.

Mr. A. A. Snyder, Supt. Poor Farm, Winneshk Co., Ia., says:—Last winter Mr. Robert Leach used two boxes of De Witt's Witch Hazel Salve and cured a large running sore on his leg. Had been under care of physicians for months without obtaining relief. Sure cure for Piles. Snipes-Kinnersly Drug Co.
