GIBSON ON THE STAND

His Appearance Causes a Great Commotion.

TACOMA HAS A FATALITY
Two Electric Cars Collide in a Morning Fog—A Dozen People Injured—Two Fatally.

SAN FRANCISCO, Oct. 4.—When the Durrant case was resumed this morning Judge Murphy announced that he had decided not to send Miss Cunningham, the newspaper reporter, to prison for refusing to tell him the name of the person who told her what Mrs. Leak would testify. Miss Cunningham still refuses to disclose the name of her informant. Then Judge Murphy explained why he would not enforce his positive threat to send the plucky newspaper woman to jail. The judge said he had serious doubts as to the propriety of the question, as he did not believe the defense had the right to go on a fishing excursion for witnesses who might or might not impeach Mrs. Leak's testimony. The judge also said the supreme court of California had in a similar case sustained the right of a newspaper reporter in refusing to tell where he obtained certain information. The court then said he would hear arguments on the point from opposing attorneys.

Frank A. Sademan, janitor of Emanuel church at the time of the murders, was recalled and examined in regard to the ventilators. The defense tried to show that the attic was so poorly ventilated that a person might easily have been overcome by escaping gas.

A great commotion was caused in court when General Dickinson called the name of Rev. J. George Gibson as the next witness. Gibson was handed several pieces of paper, one at a time, and asked to state if the writing contained on each was not his own. In each case the witness replied that while the writing bore a remarkable resemblance to his own, he could not swear that it was actually his writing.

On cross-examination District-Attorney Barnes asked the witness to write from dictation a letter to George R. King, in which the names of Professor Schernstein and Mrs. Charles G. Noble occurred. The purpose of this was to compare the names with those on the paper in which the rings of Blanche Lamont were returned to Mrs. Noble. As Mrs. Noble's name and address were printed on the wrapper containing the ring, Attorney Deuprey asked Rev. Gibson to print Mrs. Noble's name and address. Witness complied with the request and the writing was introduced in evidence.

L. L. Levings, a newspaper reporter, was called by the defense, and asked if he wrote an article which appeared in a local paper on April 14, in which Detective Gibson was quoted as saying that he saw prints of a number 8 or 9 shoe in the belfry where Blanche Lamont's body was found. Witness said he was not positive whether or not he wrote that article, but was of the impression that he did not.

When the court took a recess until two o'clock, Rev. Gibson was told to return this afternoon with specimens of his handwriting contained in sermons, one of which should have been written before and the other after April 3.

TWO CARS COLLIDED.

Fatal Accident on the Electric Line From Tacoma to Puyallup.

TACOMA, Wash., Oct. 4.—A frightful head-end collision between two electric cars occurred on the line to Puyallup, near the southern city limits, at 7:30 o'clock this morning, during a dense fog. Both cars were crowded to their utmost capacity and were running rapidly. A dozen people were badly injured, two fatally. John Tournier and H. Bailey, who were riding on the platform, were jammed between the cars. Both of Tournier's legs were broken, and one of Bailey's. Each was injured internally. Eddie Lemagie, 16 years old, was badly crushed and is insensible. Fred Foy, a motorman, was injured internally. The others were less seriously hurt. Both cars are badly shattered. The injured were taken to the Fanny Paddock hospital, where Tournier died tonight, after one of his legs had been amputated. Travel was delayed several hours. The accident is attributed to carelessness in running too fast in a fog.

Mrs. E. E. Davis, of San Miguel, Cal., says: "I am trying in a measure to repy the manufacturers of Chamberlain's Cough Remedy for the great good their remedy has done me. For years I was a constant sufferer from weak lungs and bronchial asthma. My rest at night was disturbed by a hacking cough, so that I felt miserable the greater part of the time. Many remedies recommended by friends were tried, none of which proved suitable to my case. I did not experience any beneficial results until I began taking Chamberlain's Cough Remedy. After two bottles of the large size have been used I am pleased to state, my health is better than it has been for years. The soreness has left my lungs and chest and I can breathe easily. The Republicans Meet in Old Time Harmony.

GREENHALGE IS RE-NOMINATED

All the Present Officers Were Renominated Except the State Treasurer—Other News

BOSTON, Oct. 5.—The republican ticket as nominated, contains only one new name—that of the candidate for state treasurer, and is as follows:

Governor, Frederick T. Greenhalge; lieutenant-governor, Roger Wolcott; secretary of state, William L. Olin, of Boston; treasurer, E. P. Shaw, Fewburyport; auditor, J. W. Kimball, Fitchburg; attorney-general, A. M. Knowlton, New Bedford.

It was a short convention and without any sensational features. There was no contest over any of the nominations, and in no case was there more than a shadow of opposition. Even that was intended, according to some of the men who led, simply as a declaration of strength.

For several weeks there had been rumors of very bitter opposition to the re-nomination of Governor Greenhalge on the part of the A. P. A. element in the city, and some of the faithful predicted a long and fierce contest before the head of the ticket was selected, but the state central committee made every effort to straighten matters out, and so far succeeded that it was given out that the regulars were in control of the situation, and that everything would run smoothly when the convention met this morning. The forecast proved correct in every particular, and there was not a single hitch in the proceedings from the time the chairman raised his gravel until 2:30 p. m., when the business of the convention was completed and it adjourned.

When the delegates convened this morning Curtis Guild, jr., was chosen permanent chairman. The committee on credentials reported 1939 delegates present out of a possible 2013, after which the report of the committee on resolutions was adopted unanimously.

GAVE HIMSELF UP.

Frank Wade. Who Shot Frank Marlow. Is Now in Jail.

MEDFORD, Or., Oct. 5.—Frank Wade, who killed Frank Marlow at Lake creek, about 25 miles northeast of Medford, Thursday afternoon, gave himself up last night and was brought to this city today. He was taken before Justice Purdin and his hearing postponed until Monday. Lawrence Wade had his preliminary examination before Justice Purdin this afternoon, which resulted in his being held without bail as an accessory to the murder. The coroner's jury, at the inquest of Frank Marlow, returned a verdict of premeditated murder. Much bitter feeling against the Wade brothers exists in the Lake creek settlement, and Frank Wade gave himself up in order to seek protection at the hands of the officers, as he knew that he was being pursued, and feared the result had he been caught by others than officers of the law. Both are now in the county jail at Jacksonville.

Anything to Meet Corbett.

CORPUS CHRISTI, Tex., Oct. 5.—Today Fitzsimmons was informed that he was to be admitted to the Chickasaw tribe of Indians in order to escape federal interference when he went to the Indian territory to fight. When the reporter asked Fitzsimmons how he would like to make an Indian of himself, he said that, while not "struck on joining the tribe," he would gladly do so, if it would assure him of meeting Corbett, and meet Corbett he must or suffer the worst disappointment of his life. He also stated that all the trouble could have been avoided had not Corbett insisted on having the fight pulled off in Texas, but he had strong hopes that everything would be amicably arranged, and then "Gentleman Jim" would either have to fight or suffer himself to be branded before the world as a coward.

Martin Julian will leave Sunday or Monday for Dallas, where he has been summoned for a conference with Dan Stuart, Brady and others. He says that he is going there for business, and will see that arrangements are speedily completed for the fight.

Little Child Burned.

INDEPENDENCE, Or., Oct. 5.—The 3-year-old child of G. W. Pierce was burned to death, dying at 5 o'clock this morning. Yesterday afternoon, about 4 o'clock, while the family was away from home, the Pierce children and some others built a bonfire of dried leaves in the back yard, and a burning leaf lit on the dress of little Ada Pierce, and, in a moment, she was enveloped in flames. The brother, aged 11, ran into the house and brought out a quilt, and wrapping it around the girl, put out the flames, but not until her body and one arm were shockingly burned. Her clothes were burned off, and the flames which she inhaled caused her death, after she had lingered in awful agony until this morning.

TO APPLY THE TORCH
A Colored Pastor's Proposed Remedy for Lynching.
CHICAGO, Oct. 6.—"If the law is not allowed to take its course concerning our men involved in crime, the torch may be applied in those cities where the outrages occur."
These were the words uttered last night at the close of the regular service by the Rev. J. M. Townsend, colored, pastor of Quinn chapel, Twenty-fourth street and Wabash avenue. An audience of a thousand colored people applauded the sentiment and rose to their feet to further show their appreciation of their pastor's stand.
The Rev. Townsend's sermon was called forth by the report in the morning papers of the outrages upon Neal Smith, at Chattanooga. When it was finished the pastor gave out the hymn, "Thou Sleepest, Justice, Awake." At the conclusion of the singing Mr. Townsend asked the audience to remain a short time saying:
"I want no one to leave the house while I am speaking."
He produced a clipping from a morning paper, read the account of the torturing of Neal Smith, and then said:
"This must stop in a Christian land. If the law is not allowed to take its course, concerning our men involved in crime, the torch must be applied in those cities where the outrages occur."
The preacher delivered these sentences in an impassioned manner, and as he finished for a moment there was silence, and then the entire audience arose and applauded.

NEWS BY TELEGRAPH.

NEW YORK, Oct. 7.—A special to the Herald, from Washington, says:

There is discussion in political circles here over the possibility that all the pan-American countries may in the near future, act jointly in the recognition of the belligerency of the Cuban insurgents. Pan-American representatives have been anxiously waiting to see what Secretary Olney will do and the suggestion has been made informally to the department that it would be a good plan for the United States and all South and Central American countries to act in concert as to the recognition of the insurgents and as to the independence of Cuba whenever the proper time arrives. It has already been reported that Mexico and Venezuela have declined to grant belligerent rights. If this be the case, the representatives of the respective countries in this city have not been advised of it. It is admitted by those concerned, however, that the insurgents must make greater headway before it will be entirely safe for the United States or any other republic to recognize them. The proposition for joint action is based on the possibility of insurgent victory in engagements which are likely soon to occur.

RIOT AMONG BOATMEN.
A Captain Killed, and His Son Seriously Injured.
TONAWANDA, N. Y., Oct. 7.—One man was killed and another fatally wounded here this morning in a riot among boatmen over a question of unloading at Scribner's dock. One hundred and fifty men were involved.
Captain Phillips, the owner of the boats John Graft and May, was shot in the head and died soon after. Phillips' son was struck on the head with a club and it is believed the skull is fractured.
Captain Phillips brought his boats down from Buffalo two days ago and sought to load out in turn. The boatmen objected, and gathered at the dock to prevent him. Tonawanda boatmen say Phillips began the shooting. However that may be he was the first to fall. His son then cut the line and the boats drifted down stream out of range. While cutting the lines young Phillips was assaulted. The shooting brought the police, but the rioters dispersed.
