MR. HOOD RESIGNS.

The Councilman From the First Ward Sends in his Resignation--It is Laid on the Table -- A Report of the

Council Meeting Last Night. The city council met in adjourned session last evening and if the amount of time consumed were the sole judge of its importance, few sessions have been as weighty as this one. It was nearly 11 o'clock when a motion to adjourn was carried. When the roll was called the winter. following were present, besides Mayor Menefee, Councilman A. R. Thompson, M. T. Nolan, G. C. Eshelman, R. E. Saltmarshe, T. F. Wood and S. S. Johns. The meeting opened with a genuine surprise in the shape of the resignation of Councilman R. B. Hood. The letter of resignation had been handed to the recorder in the afternoon and when read before the councilmen ran as follows:

THE DALLES, Or., Nov. 7, 1895. To the Honorable Mayor and City Council of The Dalles, Or.

R. B. Hood.

GENTLEMEN: I hereby tender you my resignation as councilman for the first ward of this city. Thanking you for your kindness and courtesy to me while I was a member of your honorable body, I remain, Yours Respectfully,

After the surprise occasioned by the resignation had subsided a motion was made and seconded that the resignation be accepted, Later this motion was withdrawn and another one carried to
the effect that the resignation be laid on
the table until the next meeting. As
can be seen by the letter no reasons are assigned by Mr. Hood for his resignation drawn swords. He was then driven and none have been advanced by way on surrounded by swords' points on three sides, while on the floor on the of explanation. The resignation was entirely unexpected by the other members of the council. The select committee gave an awful shriek and jumped well appointed at the last meeting to look after the sewer question reported through Dr. Eshelman that Mr. Crandall had been appointed to furnish specifications. That gentleman being in attendance stated the specifications for the building of the sewer, which were discussed at great length by the members of the council. Finally no action was taken and the matter of the sewer was left in about the same con-

At this point in the proceedings Marshall Blakeney fell asleep and after being awakened a motion to adjourn was made but received no second. A motion shaning through the skylight and the was then made by Mr. Thompson that the present committee act in connection with Mr. Ross and Mr. Wood to lay plans for the sewer system, but as the motion received no second it was not brought before the house. As the hour was growing late and there seemed little ehance of accomplishing anything durehance of accomplishing anything dur-ing the remainder of the session the councilmen wound their watches, passed keeper who is dealing out that which a motion to adjourn and went home.

The barge City of Sprague, which belonged to Clarke and Inman, was leased by J. G. & I. N. Day, contractors, for building to completion the locks at the Cascades, for the period of ten months. Day Bros. entered into an agreement with Clarke & Inman to pay them the sum of \$175 for the use of the barge for that time. It was agreed that Clarke should furnish a captain to navigate the barge, or was to act himself in that capa-city. He assumed the management of the craft himself. The men who worked on the barge were employed by Day Bros. On the 17th of last October, during the absence of Clarke from the barge, and without his consent, the men attempted to move the craft, and in doing so ran her against a rock, which stove a hole in the side and bottom, causing the barge to partly sink. At the time the barge was lying near the shore loading with rock. By the terms of the agreement between Clarke and Day Bros., the latter were to stand any loss or damage which might result to the barge during the ten months' time. After the barge the ten months' time. After the barge sunk, it is alleged that Day Bros. and Clarke worked for about two weeks endeavoring to raise the craft, but that Day Bros. had abandoned further efforts to get the submerged barge afloat. Soon after, suit was commenced by Day Bros. against Clarke, alleging a breach of contract, and asking for \$5,000 damages. This case is now pending in the United States court. Clarke claims in his affidavit that, by reason of the sinking of the barge and the failure of Day Bros. to keep their agreement and raise the craft, he was unable to comply with his part of the contract; that the alleged breach was through no fault of his.

The case was set for trial on November 18. D. R. Murphy, U. S. attorney, appears for Mr. Inman, who as a partner with Clarke, was equally sued by J. G. and I. N. Day.

South Waucoma Addition to Hood River.

The owner of this, the most beautiful residence portion of this beautiful village, has notified us that money must be had and to cut the prices until they will sell, and so we have made a slash of from 25 to 40 per cent. on everything placed in our hands. When you realize the fact that the beautiful new \$9,000 schoolhouse is built in this addition and that this property surrounds it, you will know that it is offered at prices below anything ever known. We have three 5-acre tracts, two blocks from new schoolhouse, for \$750 each, or a rate of \$150 per acre. No land in this addition has ever sold for less than \$600 per acre and never will be again. Weshave also lots in adjoining block to the schoolhouse ranging from \$75 to \$250, according to location and size, no lot less than 50x100 feet. Now see what you think of this: We have an 8-room hard finished house with six lots, the house cost \$1,200, ordinary price of lots in same locality \$200; the former price at which this has been held was \$2,500. We now offer this beautiful property at the ridiculous figure of \$1,200. We have an adjoining house of six rooms, hard finished, with three lots, the very finest residence location in the city, only \$800. It is a crying shame to offer this property at these prices; but we are helpless and must obey orders, We have also some choice strawberry and fruit lands at very low prices. Now this is an advertisement and gotten up to sell the land, and is every word true. If you don't believe it come and see it; we will be glad to show it.
