

NO ALLIANCE EXISTS

Only an Understanding Between Turkey and Russia.

THIS, HOWEVER, VERY INTIMATE

CHINA WILL BUILD A NEW FLEET

A Large Sum Has Been Appropriated for the Construction of Iron-clads, Cruisers and Torpedo Boats.

NEW YORK, Jan. 24.—A special to the Herald from Berlin says:

A Turkish functionary asserts that no alliance exists between Russia and Turkey, but there is an understanding between them of so intimate a character that it practically amounts to the same thing.

China's New Fleet.

NEW YORK, Jan. 24.—A special to the Herald from St. Petersburg says:

A special to Novoe Vremya from Vladivostok says news has been received from Peking that the Chinese government has assigned a large sum for the creation of a fleet. The plan of construction is very large. The government is ordering iron-clads, cruisers and torpedo boats. The disturbances in the interior are subsiding.

CAMPOS' RECALL.

It Was Brought About Through Intrigues of His Enemies.

NEW YORK, Jan. 24.—A special from Havana to the World, after reviewing in detail the intrigues in Cuba to bring about the recall of General Campos says:

"General Campos refused to resign, and placed himself in the hands of the Spanish ministry. The responsibility was thrown upon the latter.

"The greatest difficulty in the way of the success of the plot was the queen regent of Spain. This excellent woman is a devoted friend of General Campos, whom she regards as a father to her. Her consent was necessary before General Campos could be removed. A bold stroke was made to secure this. It was represented to the queen that the life of the captain-general was in danger from the Havana mob; that his valor and tenacity would prevent him from avoiding or yielding, and the only safe thing to do to get him out of the way was to recall him. The fact was ignored that there were plenty of troops within call, and that General Campos himself reported no disorder. The queen consented to his recall and the enemies of the general triumphed.

"Immediately after the order was issued the queen addressed a long cable message to General Campos. She informed him that she believed him to be in danger. She renewed her confidence and regard, and altogether sent a sincere friendly message that expressed her heart's feelings. General Campos understood the situation perfectly. He determined to go home untrammelled. He declined a highly honorable post offered him by the government, and he will immediately resume his place as a senator of Spain.

Irving's Generosity.

NEW YORK, Jan. 24.—A dispatch to the World from London says:

A frightful murder here this week makes known another instance of Sir Henry Irving's constant generosity. The victim was the daughter-in-law of Old Tom Chambers, at whose Liverpool theater Mr. Irving played in his youth. Her husband seemed to be a worthless fellow, who left her with seven children to support. Henry Irving has ever since allowed her £1 a week from his private purse, which she supplemented by taking as a boarder a Mrs. Pearson. The murder was committed apparently for money by Mrs. Pearson's son, a returned convict.

BROWN NOT YET CAPTURED.

The Murderer Seen Near Dora—Albert Pool Held for Aiding Him.

ROSEBURG, Or., Jan. 24.—The latest report from Dora, Coos county, concerning the pursuit of murderer Sam G. Brown, was brought by the mail carrier between Myrtle Point and Dora, who saw the man supposed to be Brown three miles west of Dora yesterday at 3 p. m. Seeing the carrier, the man ran across a field and disappeared in the brush. The sheriff of Coos county and a posse are in pursuit.

Albert Pool, who was recently acquitted by the federal court of complicity in the Cow creek train robbery in July last, was arrested this afternoon

and lodged in jail here on a charge of assisting Brown to escape. Pool waived examination, and his bond was fixed at \$500.

The Extra-Session Talks.

SALEM, Jan. 26.—Talk of an extra session of the legislature continues a topic of conversation here, and expressions from Governor Lord on the subject are above par. Some who have conversed with the governor say there will be no call issued. They have not, however, been authorized to say there will not be a call issued. The governor has said there has been no direct demand made upon him.

W. H. Hobson says he was quoted incorrectly in The Oregonian of the 23d inst. He said:

"I am of the opinion that an extra session would not profit the state very much."

The machines made him say it would profit the state very much.

The Kentucky Deadlock.

FRANKFORT, Ky., Jan. 24.—Senator Blackburn's election seems almost impossible, as the sound-money democrats have declared they will not support Blackburn on account of his free-silver views. The ballot today resulted as follows: Hunter 67, Blackburn 58, McCreary 4, Carlisle 1, M. W. Read 1, Buckner 2, Wilson 1, Hezelrigg 1. Edgington (populist) voted for Blackburn and seems immovable.

Gomez Reported Ill.

HAVANA, Jan. 24.—It is stated upon excellent authority that General Maximo Gomez, commander-in-chief of the insurgents forces, had consumption in an advanced stage, complicated with fever, and the doctors are agreed that he can live but about two months longer.

The popularity of Chamberlain's Cough Remedy and the high esteem in which it is held leads us to believe it to be an article of great worth and merit. ST. PAUL AGRICULTURAL

Struck a Sandbar on the Jersey Coast.

ACCIDENT DUE TO HEAVY FOGS

Thought to Be Leaking—If She Is Not Ready to Sail Wednesday the St. Louis Will Take Her Place.

SANDY HOOK, Jan. 26.—The American liner St. Paul, from Southampton, for New York, struck the outer bar, off the Hotel Brighton, at Long Branch, N. J., during a dense fog, between 1 and 2 o'clock this morning. She was shortly afterwards discovered by the patrol from the Long Branch life-saving service, and preparations were made to open communication with her. The apparatus was dragged to the place and a shot was fired across the vessel, a hawser was placed on board and the breeches-buoy sent off. The people on board desired to remain by the vessel, as there was no danger. Messages were sent ashore notifying the agents of the maritime exchange and the wrecking companies of the accident.

Crews from Seabright, Monmouth Beach and the Long Branch life-saving stations were all in attendance on the steamer. The wind was light, southwest, with a long ground swell.

Among the passengers on the St. Paul are: Ex-Congressman W. Bourke Cochran, Prince Serge Wolkousky, Dixon C. Walker, Dr. S. A. Knorr, Harvey W. Brown, H. G. Fellows, Miss Minnie Sachs, Louis R. Worth and W. W. Whitehouse.

The St. Paul has on board \$1,500,000 in specie.

The vessel struck on a sand bar a quarter of a mile from the iron pier. He nose ran about 100 feet into the sand before the engines could be stopped. She is pointing southwest.

The St. Paul sailed from Southampton, January 18, in charge of Captain Jamison. When the steamer ran ashore, it is said there were only four feet of water over the bar. Old seaman along shore say the vessel may not be floated for a week or more.

The wrecking-tug Hustler passed out at 9:20 a. m., to render assistance to the vessel, but at 10 a. m. no passengers had been removed from the steamer. At that time two tugs were beside the steamer, and another on the way from New York. A stern line was put out to hold the vessel in the position she struck. This morning she appeared to be leaking, dirty water coming from the ship's pumps.

This afternoon the life-saving crews commenced the transfer of the St. Paul passengers to another steamer.

From the fact that she ran aground at high water, it is thought she will not be easily floated. The next high water will be a little before 2 o'clock, and an effort will then be made to pull her off. Meantime everything that can be removed will be taken from the vessel in order to lighten her. Nine tugs are now with her.

Some steerage passengers became greatly alarmed when the vessel struck. When they went on deck, however, and saw the shore, they became quiet.

The St. Paul was launched from Cramps, yard, at Philadelphia, April 10, 1895. She is one of the most magnificently appointed vessels in the Transatlantic service. If she is not ready to sail next Wednesday the Company will substitute the St. Louis.

THE TRANSVAAL INVASION.

Statement From Our Consular Agent Regarding American Prisoners.

WASHINGTON, Jan. 25.—The state department today gave out the following statement: Manian, the consular agent at Johannesburg, cables Secretary Olney that all American prisoners are out on parole, except Hammond, whose case differs from that of the others, in that Hammond signed the constitutional invitation to Jameson to come to Johannesburg in case of extreme peril. Jameson marched towards Johannesburg, however, before trouble arose. When this was discovered the American and other leaders issued a proclamation calling on the people to refrain from hostilities. Instead of inciting the rebellion, Hammond in the beginning raised the Transvaal flag and all in the movement swore allegiance. Clement and other Americans took arms from many and sent them home. Not a shot was fired by the Johannesburg party. There was no disturbance, nor a single act of hostility. The arms were peacefully surrendered and every effort was made to

maintain the republic against encroachment.

The cases against the American prisoners arrested will be tried in court, though the government has not yet indicated the time of prosecution. Manian adds that the Transvaal government has acted magnanimously.

In view of the foregoing, it is believed here that neither Hammond nor any other American is in serious peril. The state department has cabled Manian to use the most active and vigorous measures for the relief of Americans, and to that end make the Transvaal government direct representation on behalf of the United States, which acts independently, of course, in its own interests.

Stopped by Insurgents.

HAVANA, Jan. 27.—The passenger trains which went from Havana to Guanaja, leaving the latter place at 4 p. m. for a return trip, was held up last night by the insurgents near San Antonio. The passengers were ordered to leave the train. When they had gone the rebels burned the cars and destroyed the engine. This train had no armored cars, because the company had none ready. Some are being constructed for passengers, and when they are finished they will be put on all trains. Then, it is believed, people may travel over the island in safety.

Mr. Peter Godfrey Makes Some Caustic Remarks.

EDITOR CHRONICLE:

Seeing in your issue of January 15th that the road through Thompson's Addition was in a fearful condition and has been the cause of numerous complaints, I would like you to state if its condition was any worse through '95 than it has been for the last ten or twelve years. I went over it every week, and whenever it needed repairs, they were done. Some of your streets in The Dalles are as bad, or even worse, than Thompson's Addition.

Now, if your Commercial Club is suffering so for exercise, and to do good for the country, let them get a dozen shovels at The Dalles and keep the money at home, in place of sending it to Chicago for a bowling alley, and start in at The Dalles, right at home. After they get the mud out there, if they want to do some more good for the country, come to Thompson's Addition and take the road on out with their shovels. That would have more effect than wind in newspapers. I kept the road through Thompson's Addition and ten miles out in repair through '95, and am willing to leave it to people who pass over it if the condition was not as good, if not better, in '95 than it generally is.

AID FOR THE CUBANS

Another Expedition Bound for the Island.

SPANISH MINISTER PROTESTS

What Campos Thought Would Prove Effective Against the Insurgents Failed to Stop Them—Gomez Only Feared.

WASHINGTON, Jan. 27.—The Spanish minister has informed the state department that last Friday night the steamer E. W. Hawkins left New York with an expedition of 150 men, arms and ammunition, in command of Calixto Garcia, that the ammunition confiscated at Cedar Key, Fla., is ready to be embarked on a schooner to join the Garcia expedition at sea, and that the steamer Commodore, at Wilmington, N. C., in port, is in the conspiracy.

The secretary of the treasury telegraphed this statement to all collectors along the South Atlantic coast with instructions to consult the United States attorneys and take whatever action may be necessary to prevent any violation of international law.

"A WALL OF MEN."

Means Adopted by Campos for Stopping the Insurgents.

NEW YORK, Jan. 27.—A special to the World from Havana says:

The plan of campaign adopted by the commander-in-chief of the Spanish forces now in Cuba has been divulged by several officers of high rank, whose names must be kept secret.

General Campos established what became known as the "wall of men." He distributed a large number of Spanish troops in such a manner that they practically formed a solid line from coast to coast. His line began in the north, about five miles west of Havana, and extended south to the Bay of Matamoras. At the time this plan was adopted, Gomez had announced that he would take his command not only into Havana province, but he would walk into Pinar del Rio, and as far as he possibly could. Campos determined to prevent Gomez from carrying out his project. The wall of men was well to the westward of the railroad line between Havana and Batabano. Gomez and Maceo not only succeeded in crossing Campos' line, but recrossed it several times, and Gomez and Maceo separated west of it two weeks ago. Maceo remained in Pinar del Rio province, doing about as he pleased while Gomez invaded Havana province again, and one time camped within 15 miles of the capital of Cuba.

Reports were printed in the United States that Gomez was at the gates of Havana and that it was only a question of a few hours when he would enter the city. But Gomez had no intention of attacking this city. He openly declared that his only object is to tire out the Spanish troops.

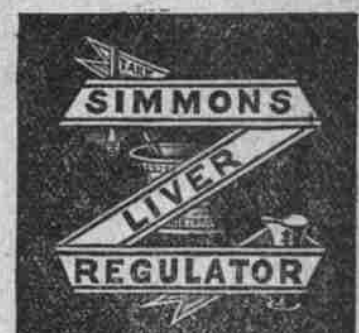

A large number of armored cars have been ordered. At least 3000 armed troops will be kept constantly moving over the railroad.

Maceo and his command, the Spanish generals say, cannot escape. He is looked upon as an "easy mark." Many of his troops are believed to be wounded. If Maceo tries to go east he will run up against a new wall of men much stronger than he broke through some weeks ago. If he tries to escape west, the Spanish argue, he will have to march to sea, where his only chance to get away will be in boats.

The Spanish commanders fear only Gomez. Although he is nearly 68 years old, they recognize in him one of the ablest of fighting men, and an expert tactician.

Judge Peckham's First Decision.

WASHINGTON, Jan. 27.—Justice Peckham, the new member of the supreme court, delivered his first opinion today in a case involving the right of the government to condemn the real estate of the Gettysburg Electric Railway Company as a part of the National Park, located upon the Gettysburg battle ground. The court below decided that the act of congress authorizing the establishment of a park, as far as it applied to the condemnation of private

CHARGES DENIED.

Ohio Legislator Says He Did Not Accept a Bribe.

CINCINNATI, Jan. 27.—The Commercial Gazette has received the following card from Rev. James A. Spear, the member of the Ohio legislature accused of considering an offer to pay for securing a constituent an appointment in the service of the state:

"The charges against me are false. I did not receive one cent from the guard-ship. Was offered \$300 for it. This fuss was all raised by disappointed candidates. The reports that I had some notion of resigning is true, but I am over my scare now. I am willing and anxious that an investigation shall be made by the general assembly."

As stated in these dispatches last night, the charges against Rev. James A. Spear were that he considered an offer of \$300 to secure the appointment of a constituent as a guard in the Ohio penitentiary. The fact is, Representative Spear did not secure that appointment.

Brown Has Eluded His Pursuers.

ROSEBURG, Or., Jan. 27.—News came tonight from Myrtle point that murderer Sam G. Brown has again eluded his pursuers. Friday night he stayed at a ranch near Gravel Ford, 25 miles east of Myrtle Point. He was much exhausted, but left early Saturday morning. Sheriff Gage, who was a short time behind him, tracked him to the east and north forks of the Coquille river. There he found where Brown had rolled a five-foot log into the river and evidently embarked. A log, supposed to be the same one, was found lodged a short distance below. There was no trace of Brown having landed, and he is believed to have been drowned. The water is very swift, and Brown may not have been strong enough to hold on. Another theory is that this is a ruse to mislead the officers. A short time will probably determine.

Andy Pool, who is held on the charge of assisting Brown to escape, waived examination and his bond was fixed at \$500.

May Hang on Friday.

SALEM, Or., Jan. 27.—Attorney Newport, representing Lloyd Montgomery, the Linn county triple murderer, was in the city yesterday presenting the bill of exceptions to the judges of the supreme court, and asking for a certificate of probable cause there, so as to obtain a stay of proceedings. Should he fail there, he will apply to Governor Lord. Failing there, he will feel that he has done his duty, and the boy must hang.
