Of this amount \$2,233.85 was received of this amount \$2,233.85 was received during the month, principally from city taxes. It will be observed there are two funds, known as "General Fund" and the "Style A" fund. The general fund is that of receipts from all sources, and must at all times be in excess of all re-quirements made upon it. At the pres-ent time it seems very large, but before the end of the vear it will dwindle away the end of the year it will dwindle away to less than \$1,000. The city taxes come in about this time every year, but there are current demands made upon it later, which exhausts the funds. Of these de-

PHILADELPHIA, May 7.-H. H. Holmes was hanged at Moyamensing prison this morning. The drop fell at 10:12%. Half an hour later he was pronounced dead. His neck was broken by the fall. Even on the scaffold he was probably the coolest person in the solemn assemblage. In a few well-chosen words he proclaimed his innocence of any murder, including that for which he was convicted, and ,hanged. He declared that the only wrong-doing in taking human life for which he could be held responsible, consisted in the death of two women, who died as a result of criminal operations at his hands. He did not name these victims.

Holmes spent the greater part of his last night writing letters. At midnight he went to bed and slept soundly until 6 which so many suffer. o'clock this morning. It took two calls

to awaken him. Promptly arising, he received a visit from his spiritual advisers, Fathers Daly and MacPeak, of ministered the last sacrament and did not leave him until nearly 9 o'clock.

During their absence he ate a breakfast of eggs, dry toast and coffee. At 10:02 o'clock the sheriff called together the official jury, and after each man had answered to his name and subscribed to the certificate, the march to the gallows was begun. As the gathering stood in silence before the scaffold a murmuring sound came from behind a

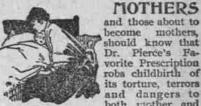

scaffold, and, resting his hands on the rails before him, made a statement of his innocence. It was received in absolute silence. Two minutes later he had finished his valedictory, then, at a silent

WASHINGTON, May 5 .- When the senate met today Call introduced a resolution requesting the president to protest against the execution of American citisens taken on board the schooner Competitor by a Spanish gunboat, and to demand of Spain that the prisoners be not subject to cruel treatment. the curtailing of the expense of the electric lights, will largely augment that figure the coming year.

"Style A" fund is, or was the amount received for the city's bonds, amounting to \$57,000, which the city voted to pay its outstanding indebtedness. The old warrants having been nearly all presented for payment, the fund is now reduced to the amount stated in the treasurer's report, \$1,539 85. This is an asset also, and is to be considered the same as

the amount in the general fund for the payment of city claims. Of the \$57,000 city bonds, \$37,000 are held by New York parties, and \$20,000 by A. H. Curtis of this city.
