## VIOLENCE IS URGED

### Spain Advised to Declare War Upon America.

#### BITTER NEWSPAPER COMMENT

A Correspondent Thinks This Country Should Be Humiliated—Weyler's Late Proclamation.

NEW YORK, May 15.—A special to the Herald, from Havana, says:

La Correspondencia Militar, in a leading article, urges an immediate declaration of war by Spain against the United States.

The writer professes his belief, that when the first cannon was fired the Southern states would again withdraw and preserve neutrality and Mexico would invade the country, to recover its lost territory in the West, and thus insure the quick dismemberment and lasting humiliation of the great republic.

Captain-General Weyler, in extending his proclamation of amnesty, says:

"I am determined to show as much generosity toward these rebels who repent and surrender their arms and re-swear their allegiance to the government, as I have already displayed energy and firmness in dealing with those who have persisted in disloyalty to the crown."

Senor Corro, mayor of Baracoa, where the filibuster Competitor was captured, is in Havana, and had a long conference with the captain-general. Mayor Corro says the Competitor party disembarked in a small zinc boat, lettered "S. T. R." on Shelter island No. 4. It was he who discovered, partially concealed on the beach, the 27 boxes of cartridges heretofore announced as captured by the government.

The Havana press re-echoes the cabled opinions of Madrid journals, urging the Spanish government to abrogate the existing treaty and protocol with the United States.

Owing to the growing scarcity of horses in the central provinces, Maximo Gomez, on his present counter-march westward, has been compelled to dismount several thousand of the rebel cavalrymen and re-organize them as infantry.

The insurgent forces in the burned districts in Santa Clara and Matanzas, are also beginning to feel the dearth of cattle and forage. Two hundred refugees and families left homeless by the insurgents' torches, reached the government post in Bahia Honda, Pinar del Rio, Thursday night, seeking food and temporary shelter. The authorities are providing for them as far as possible.

#### HEAVY SPANISH LOSS.

An Entire Company of Soldiers Marched by Insurgents.

NEW YORK, May 15.—The Herald's correspondent in Puerto Principe, Cuba, reports that the Spanish column of 1500 men which left that city April 26, under command of General Imenez Cattelanos, governor of the province, has not yet returned, being still in pursuit of the rebels, with whom it has had several engagements. It is reported that Cattelanos' force has suffered heavy losses and that an entire company was marched by insurgents under Rabi.

The insurgent president, Cisneros, and Secretary of War, Roloff, are still in that province, where Calixto Garcia, escorted by Jose Maceo's forces, is momentarily expected from the Orient.

The large number of desertions from the Spanish ranks is alarming the authorities. The entire garrison in Gibanien has been relieved, by order of the governor, who accidentally discovered a conspiracy to go over to the rebels in a body. The captain and lieutenants were placed under arrest, while the corporal and a private were publicly shot two days ago. A sergeant belonging to the same company had previously deserted to the rebels. The principal cause of discontent among the Spanish troops is ill-treatment and lack of pay.

#### THE GOLD RESERVE.

Decreasing at the Rate of Almost One Million Dollars Daily.

CHICAGO, May 15.—A Chronicle special from Washington says:

May 1st the gold reserve in the treasury stood at \$125,000,000; today it is a trifle over \$114,000,000. In twelve working days \$11,000,000 in gold has been taken from the treasury, and there is not, it is said, the slightest indication of any abatement in the export of the yellow metal.

The last payments of the recent popular loan have been made, and the gold reserve can therefore expect no accre-

tions other than those which will come to it in the ordinary way.

While the withdrawals of gold are not enough to be a positive menace, they are causing anxiety to the treasury officials. If there is anything like a steady increase in the withdrawals, it is said that Mr. Cleveland will make an effort to secure legislation to check it.

Congress expects to adjourn some time between June 21 and 10th. There is a long stretch between that date and the first Monday in December, in which the president would have to act without the aid of congress, should the conditions of last fall be duplicated. The administration has been for some time considering the possibility of just such a situation developing after the adjournment of congress.

Should circumstances warrant, it is said the president will send a message to congress on the eve of adjournment, insisting that congress furnish some measure of relief to the treasury before adjournment.

#### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

#### Successful Applicants.

#### The Discovery Saved His Life.

Mr. G. Cailloutte, Druggist, Bearersville, Ill. says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Blakeley & Houghton's Drug Store.

## FOR THE CORONATION

### Visitors From All Over the World at Moscow.

#### FETES WILL LAST THREE WEEKS

The American Legation—Decorations of the Kremlin—Other Foreign News.

Moscow, Russia, May 18.—This old town is rapidly filling up with visitors from all parts of the world, who have come to witness the ceremonies attending the coronation of the czar and zarina, which will extend over a period of three weeks, beginning, according to program, with the arrival of their majesties at the Petrovski palace, outside the city, on Monday, and ending with their departure for St. Petersburg, June 7th.

The streets are filled with people of all nations and delegates from all parts of the empire. The weather, up to the present, has been a little too cold to be pleasant, but a change is expected before the fetes begin. A question regarding the precedence of Prince Henry of Prussia, representing Emperor William of Germany, and the Duke of Connaught, representing Queen Victoria, has been settled in favor of the latter.

The American legation is the center of attraction for Americans here. The latter are headed by General McD. McCook, representing President Cleveland, and the legation has been his headquarters. The building is well situated, and affords a fine view of the boulevards. It is very handsomely decorated inside.

The decorations of the Kremlin are about completed. The old domes have been freshly gilded, and the richly tinted towers are most picturesque. The public is freely admitted, and there is a constant procession of pilgrims to Uspenski cathedral.

A decree has been promulgated prohibiting, during the fetes, riding on horseback or on bicycles in the streets, or boating on the river. This step was taken in view of the immense crowds of people expected here.

#### THE CLERGY AROUSED.

Emperor William Interferes With Their Rights.

BERLIN, May 16.—The German clergy, Protestant and Catholic, are thoroughly aroused in consequence of Emperor William's telegram to Gehimrath Hinzpirt, regarding Dr. Stoeker, the ex-court chaplain and Christian-socialist leader, which was published with his majesty's consent. This message was almost brutally brusque, and read:

"The clergy must not meddle with politics, because it is no concern of theirs."

This angered the clergymen, and the whole clerical press has been expressing indignation. Dr. Stoeker has made an outspoken protest in his organ, the Evangelical Church Gazette, in which he says the emperor, when still Prince William, himself characterized the Christian-social activity of the clergy as a means of vanquishing socialism. Dr. Stoeker added:

"Since Christian-social thought was tabooed in Berlin, socialism reigns politically there. As I have begun, so shall I continue. I leave the end to God."

Two of the leading clerical organs, the Reichsbote and the Volk, severely condemn and deplore the publication of the telegram, classing it as "inconsiderate" and "unjust," and pointing out that clergymen, by the constitution, are granted the same rights as other citizens.

The Roman Catholic organs, Germania and the Cologne Volks-Zeitung, publish articles of a similar tone. The socialist press denounced the telegram as imperial interference with constitutional rights, and in various parts of Germany, clerical synods have taken pains to express confidence in Dr. Stoeker and his methods and severely criticize his majesty's telegram.

MCKINLEY AND THE A. P. A.

The Advisory Board Decides That It Was Misinformed.

WASHINGTON, May 16.—Today's session of the American Protective Association supreme council was the most interesting of the convention, because of the action of the executive committee of the advisory board in blacklisting Major McKinley as a presidential candidate to be reviewed. The report of the advisory board upon the action of its committee was made to the council late in the session.

It was technically an endorsement of the executive committee. It asserted in substance that the executive committee

was warranted, in view of the evidence presented, in placing the ban on McKinley, but, in addition, it stated that a further examination of the testimony by the full board has convinced the members that the witnesses were unreliable, and that their statements were not correct, therefore the board concludes McKinley should be placed upon the same footing, as far as members of the A. P. A. are concerned, with the other candidates for presidential nominations, and not be discriminated against.

Appended to the report was a statement in writing by Delegate Huddleson, of California, who asserts that the committee, of which he was chairman, interviewed McKinley at Canton, O., on the 14th inst., and that the interview was satisfactory. Other members of the committee are stated to have been Delegate Vanfossen, Washington and S. C. E. Zypf, state chairman of Kentucky.

#### VIGOROUS MEASURES.

How the Competitor Prisoners' Lives Were Saved.

NEW YORK, May 18.—A Herald special from Havana says:

The action of Consul-General Williams, in protesting against the methods of the trial of the prisoners of the schooner Competitor, made by the Spanish authorities, is worth more than a passing mention.

Before the court-martial closed, Consul-General Williams' letter of protest was read. The representative of the United States quoted the treaties existing between the United States and doubted the right of the latter to try American citizens and others sailing under the American flag, by other than civil law, adding that in the letter they must be judged by ordinary and not by military and naval courts, and be permitted to employ legal counsel and present witnesses in evidence.

A note by the judge advocate-general, which had also been indorsed by Admiral Navarro, the highest naval officer of Spain in Cuba, ruling Consul-General Williams' protest as without good ground and out of order, was also read and noted.

Within four hours after the court-martial closed its session, at a special meeting in the afternoon, its members sent to Admiral Navarro a sealed verdict, which was immediately approved by the naval chief. The sentences of all five prisoners to death, in accordance with the verdict, was signed at once, and preparations were made to have the men shot.

Receiving no satisfactory response from the admiral, nor even an invitation to attend the proceedings, neither Consul-General Williams nor any attaché of his office was present at the court-martial, nor was he allowed to see the prisoners until the trial was closed. Naturally he laid the whole case before the state department at Washington early, and received instructions as prompt as energetic.

When these arrived he went immediately to the palace, where a stormy interview with Captain-General Weyler occurred. The general told the consul-general that if the men had been convicted, as the latter supposed, they would most certainly be shot at sunrise the following morning, despite any protest the United States might make.

"If you shoot them," said Mr. Williams, "my government instructs me to close its consulate here and demand my passports, and I shall most certainly hold you and your government responsible should these prisoners be executed before our protest be given due consideration."

When Mr. Williams bowed himself out of the general's presence, he drove back to his office. The excitement that followed at the palace was indescribable.

The leading personages advised the authorities to suspend the execution pending further instructions from Madrid. General Weyler said if the men were not executed he would resign, and so telegraphed the Spanish ministry.

In the meantime it appears the United States was, through Minister Taylor, bringing pressure to bear also at Madrid. Orders came from Spain to suspend all proceedings and directing the captain-general and admiral to transmit all documents in the case to Madrid for consideration there by the supreme military and naval council and cabinet. The transfer of the case to Madrid will give the prisoners at least a month or six weeks' respite.

## THE LATEST TWISTER

### Great Loss of Life and Property in Kansas.

#### NUMEROUS TOWNS WERE STRUCK

The Village of Reserva Was Entirely Wiped Out—List of Killed and Injured.

KANSAS CITY, May 18.—News of the loss of life and destruction of property during yesterday's cyclone in Kansas is slow in coming in, owing to the crippled condition of the telegraph wires. Fully a half dozen towns were struck by the twister, and the known dead number seven. The injured number fully thirty, many of whom are injured fatally.

Reserva, a village on the Missouri Pacific, in Brown county, seems to have felt the brunt of the storm. But five houses are left standing there. The killed and injured at Reserva are: Killed—D. W. Terhune, aged 60; Ralph Sweeney, aged 9; Viola Phillips, 4; Mrs. John Rynder.

Injured—Rynder, fatally; William Mellison, Mrs. D. W. Terhune and daughter, Sherman Phillips, Jerry Young and wife; George Kennedy, Ed. Phillips, Harry Thompson and wife, Frank Jones, Mrs. Sweeney and three children, Rev. Mr. Parker, wife and daughter and Wm. Margrave.

#### THE CYCLONE IN MISSOURI.

A Large Number Killed and Injured at Sabetha.

KANSAS CITY, Mo., May 18.—The cyclone crossed the central branch of the Missouri Pacific and Blue river, two miles east of Irving, and followed the railroad and river to Frankfort, thence north to Baileyville, Seneca, Sabetha and Reserve, entering Nebraska at Falls City. At Falls City it overturned 20 freight cars, demolished the Burlington and Missouri depot, and damaged 28 houses. Mr. and Mrs. Hinton are reported hurt.

At Sabetha, Kan., 25 houses were destroyed, and twice as many wrecked. The identified dead in the vicinity of Sabetha are: Mrs. Jacob Meisner, Hattie Buheny, Ellen Carey, Sherrard and Conwell children (number not given), Mrs. Dan Saylor, Mrs. Scougg and Mr. Beahy. The injured are: W. M. Carey, George Carey, Wm. Machamer, S. P. Hay, Artie Hay, Mrs. Carey, two Carey children and Mrs. Dick Murphy (not expected to live). Forty Sabetha families are homeless. Six persons are reported killed near Oneida.

#### A TERRIFIC GALE.

Great Niagara Fruit Belt Damaged by the Storm.

NIAGARA FALLS, May 18.—The great Niagara fruit belt has been severely damaged by the terrific gale which prevailed all day yesterday.

The wind began early in the morning to blow strong from the west and by noon it was a howling gale, which tore young fruit off in clusters. The indications from the blossoms in the orchards throughout this section, pointed to one of the largest fruit crops in years. The fruit was formed splendidly. There has been no frost and fruitgrowers were congratulating themselves on the future, when the gale came along and changed the aspect of affairs.

Apples, pears and plums suffered the most. So fierce was the gale, that whole branches were torn from the trees. Small fruits escaped without much damage. It is estimated that half of the apple crop is lost and nearly as much in pears and plums. Peaches suffered some, but nothing near to what the others did.

#### Change in the Ballot Law.

Attention has repeatedly been called to the change made by the last legislature in the election law, by which the name of the candidate is to be marked with a cross, the old way of marking out names not voted for being superseded. Two other changes must be noted. One is that the various legislative tickets are grouped by parties, instead of the whole batch of legislative nominees being arranged alphabetically. It is also pro-

## THE BEST SPRING MEDICINE

Is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get THE BEST BLOOD when your system is in Al condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

vided that a candidate's name must appear in but one place on the ticket, though his party endorsements are to be set down opposite him. There appears to be considerable chance for the exercise of discretion by the county clerk in arranging the party sobriquets. He might be expected to arrange a man's party endorsements in the order of their filing, but probably this could not be insisted upon.—Oregonian.

#### Range Peddlers Again.

Every little while we hear about our old friends, the range peddlers. Now it is the Dayton, Ohio, papers that tell of arrests of range agents; now it is Jefferson county, Kansas, dealers who complain of the competition of these itinerants; Canadian trade papers have spitted and roasted them as has this journal; New Jersey dealers and the Windham county, Connecticut, trade have seen these gentry loom up on their horizon, and now Butte, Montana, comes to the front as the scene of their operations. The Silver Bow region has been thoroughly worked by these people, judging from the tenor of a little article in Home Industry, a paper devoted to the mercantile interests of Butte. According to this paper a few Butte people paid a double eagle more for one of these ranges than a superior range would have cost them in Butte.

The range peddlers would jump around on the range, throw the stove lids on the floor and impress people with the strength of the goods of the Wrought Iron Range Co., of St. Louis, Mo., who make the Home Comfort ranges. These ranges were sold on the installment plan, and Home Industry says three carloads were sold in Butte alone. There are experienced hardware men there who pay taxes and spend their incomes in that city. What is more, these dealers sell a No. 1 steel range at better prices than these itinerants, and in case of defects in the goods or needed repairs they are there to remedy the evils, while the peddlers like the Irishman's flea are somewhere else. In case any dealer's territory is invaded by a range wagon he should not supinely abandon the field, but should take the most aggressive steps. He should enlist the local press on his side and should also write us for numbers of The American Artisan containing accounts of the operations of range peddlers in other localities.—The American Artisan.
