PEASE & MAYS.

The Evangelists' Farewell.

The memories that cluster around the arewells of old and tried friends seemed o be expressed in the words and songs of the evangelists, Carpenter and Wallace, last evening, who came to our city but ten days since.

A goodly number were present at this ast service, and it was a very solemn occasion. At times both gentlemen were nearly overcome with the feelings that oppressed them. The solos of Mr. Wallace were especially impressive, and when he sang the last farewell but few remained unmoved. The solemnity of the occasion was intensified to those who had learned in the last few days to esteem these men and love the ones for

whom they labor. Mr. Carpenter's text was taken from Isaaih liii:1, "Who hath believed our report? and to whom is the arm of the Lord revealed?" His words were very earnest as he told his audience that they had done their duty in telling them the truth, and now it rested with them to decide. In giving the last invitation he said it might be the last time he should meet them this side of eternity, and as he choir sang "Just As I Am" heavenly home to rise. Quite a large number responded to this last invitation. When Mr. Carpenter made the closing prayer be remembered these and all others who had felt constrained, but had not risen. Then he prayed for the choir, pastors, Christian workers, ushers and all who had taken part in these services. The exercises closed with the
