Mr. and Mrs. S. J. Hanna were in the city today from Boyd and called at THE CHRONICLE office. Mr. Hanna states that the early varieties of spring wheat are heading up nicely, and that fall wheat has already headed. A rain would help to fill the grain, and would do much good, but fair crops are assured without it.

All is not vexation of spirit in the life of the militia boys. At the coming Fourth of July celebration in Pendleton the militia have been detailed to dance with the country girls beneath an arbor 150 feet long extending the width of the street. It would now be a pity if they had to leave that pleasant pastime to shoot Finns at Astoria.

Two carloads of strawberries were shipped from Hood River last night. This is the heart of the season, last night's shipment being the largest. From the way the river is rising, they may not be able to ship to eastern markets more than a day or two longer, as the water at the present rate it is rising, will soon efface a portion of the track.

A quiet home wedding took place last Tuesday at I o'clock p. m. at Red Willows, the home of the bride's parents, Mr. and Mrs. R. R. Hinton. Their daughter, Lillie May, was united in marriage to Mr. John L. Hollingshead, the ceremony being performed by Rev. Leech of Antelope in a most impressive manner. Only immediate members of the family and a few intimate friends were present. The parlors were tastefully decorated with numerous wild flowers, which rendered the scene of festivity a sylvan bower. The bride was lovely in a gown of white organdie, prettily trimmed with lace, with veil, held in place by a spray of lilies of the valley.

After cordial congratulations, the guests repaired to the dining-room. where a dainty luncheon was served. The numerous presents received attested the high esteem in which the bride and groom are held by their large circle of friends and relatives.
