SILVER MEN CONFERENCE

The Bolters Draft an Appeal for Support.

DECLARE THEIR INDEPENDENCE

Also Endeavor to Persuade the Populists to Indorse Teller—Will Continue Their Work.

St. Louis, June 19.—The silver men continued in conference today and report that they have the signatures of 26 delegates to their declaration of independence, which sets forth their principles and recommends that all parties and organizations opposed to the gold standard unite in supporting Teller for president.

There is a strong effort being made to get the delegates who did not withdraw from the convention to sign this appeal to the people. There has been conferences with representatives of the Populists and bimetallic league to get them to indorse Teller and have such a strong fusion against the gold standard as to induce the Democratic national convention to also indorse Teller.

The silver bolters have been conferring during night and day with ex-Governor Francis and members of the Democratic national committee relative to their action. They have no assurance from the Democratic managers, but have been invited to send representatives to the Democratic national convention at Chicago next month to confer with the party.

The silver men say they are willing to co-operate wherever they can consistently do so to defeat the gold standard, and are not seeking to press Teller so much as they are to secure relief from the power of the gold men. The silver men will continue in conference tonight and tomorrow, and keep up the work till all the national conventions have been held with a view to perfecting a general fusion. The silver conferees claim they have not yet more than half the signatures that were promised. There is a difference of opinion among the silver delegates, some of whom denounce the gold standard, but are not in favor of an independent movement.

COMING TO CANTON.

Vast Crowds of People Flooding to McKinley's Home.

CANTON, O., June 19.—The Canton party from St. Louis will be home tonight. The New York McKinley League will probably reach here this evening also. According to a telegram from Cleveland this morning, ten trainloads of people are arranging to come to Canton from that city within a few days. Railroad men say that dozens of trainloads of people have contracted to stop at Canton on their way home from St. Louis to the East.

The Pittsburg office of the Western Union reports that there were congratulatory telegrams piled several feet high in the office. Several thousand have been received by McKinley, the rush beginning even before the nomination was announced.

Major Strong of New York wired: "New York will ratify your nomination in November by giving you the largest majority ever given to a presidential candidate."

Ex-Senator Dolph of Portland, Or.: "I congratulate you upon your nomination and certain election."

Garrett A. Hobart, the vice-presidential nominee, wired from St. Louis: "Accept my hearty congratulations, and those of the New Jersey delegation." McKinley replied: "I send you my cordial congratulations, and wish you might visit me on your way home." Governor McKinley shows no sign of nervous strain, and is the most natural and composed of anybody about the household.

The beautiful lawn and flower-beds in front of the McKinley home show the devastation of the surging thousands who trampled the life out of them last night. The enthusiastic visitors plucked all the flowers from a half-dozen beds. The fences did not escape. In the great crush last night, which lasted nearly seven hours, many women fainted. But for the timely direction of the police, personal injury would undoubtedly have resulted.

TELLER INTERVIEWED.

Declines to Discuss His Reported Presidential Boom.

St. Louis, June 19.—When Senator Teller was asked about the movement to place him in the field as an independent candidate for the presidency, he declined to discuss it or to say whether

he would accept or decline.

"It is," he said, "a movement with which I have had nothing to do, and which I have not encouraged. I do not therefore feel called upon to discuss it and shall not do so at the present time. The senator received over a hundred telegrams during the afternoon. Most of them were from Western states, but there were some from Pennsylvania and two or three from New York and New England states, a large majority of them indorsing the course taken, but some condemned it.

One message from Ohio said: "I do not regard you as a representative Republican."

Upon reading this aloud to his friends the senator remarked:

"I agree with him, but I don't see why he should go to the expense of a telegram to tell me what I already know." Mr. Teller will spend several days with his mother in the northern part of Illinois before proceeding to his home in Colorado.

Bolters Replaced.

St. Louis, June 19.—The Republican national committee was called to order today by Joseph Manley of Maine. Powell Clayton of Arkansas was made temporary chairman. On motion of N. B. Scott of West Virginia the committee proceeded to fill vacancies caused by the silver bolt.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. THE MILITIA RETURNS.

Astoria Girls Were Sorry to See the Soldier Boys Leave.

ASTORIA, June 21.—Members of the National Guard, to the number of 350, left for Portland this evening, leaving two companies of infantry and 20 men from battery A, with two Gatling guns, in this city. While there is general rejoicing over the adjustment of the differences between the cannerymen and the fishermen, the departure of the militia is much regretted. During their short stay here, the boys in blue, by their gentlemanly demeanor, made many warm friends, who would eagerly have embraced an opportunity to extend hospitality, had it been possible to enable the men to mingle freely with the citizens.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla is in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

The Fishermen's Strike is Ended.

ASTORIA, June 20.—At a meeting of the fishermen's union tonight the strike was formally declared off by a majority of fifty-seven in a total vote of 450. In anticipation of this the men have been applying all day at the canneries, for their nets. The militia will probably be relieved within a day or two.

M'KINLEY AT CHURCH

Peace Was Restored at Canton on Sunday.

THE CONGRATULATORY MESSAGES

Peoples Party Advised to Support Teller for President—Militia Called Out at Roseburg.

CANTON, O., June 21.—Sunday has brought temporary peace and quiet to the citizens of Canton. Aside from the profuse decorations that greet the eye on every hand, there has been no sign of the stirring scenes of the past week. It was bright and beautiful this morning when Governor McKinley and Mrs. General Russell Hastings, accompanied by Captain H. E. Ireland, the major's right-hand man, drove to the first Methodist Episcopal church. Governor McKinley, thirty years ago, was superintendent of the Sunday school of this church, while his wife was a Sunday school teacher in the First Presbyterian church, two blocks west, in which they were married twenty-five years ago. The church was crowded with Governor McKinley's fellow-citizens, and the members gave him a warm greeting. Fifty newspaper reporters were present. The pastor, T. P. Edmunds, chose for his text "Make your calling and election sure, for if ye do these things, ye shall never fail." Dr. Edmunds made his sermon personally applicable, and he referred in a happy manner to the result of the St. Louis convention last week.

THE POPULIST CHOICE.

People's Party Advised to Support Teller for President.

St. Louis, June 20.—As the result of a series of conferences between a committee appointed by the seceding silver men of the national convention, and a committee composed of prominent Populists, an address was issued tonight from the headquarters of the people's party national committee in this city, advising Populists throughout the country to make Henry M. Teller of Colorado, their national standard-bearer.

Chairman Taubeneck, in an interview, said tonight:

"The seceding silver men of the Republican party and the Populists have, as the result of our conference, come to a perfect agreement as to the future, and we will work along the same lines." He predicted victory for a ticket with Teller as its leader.

Immediately after the silver men walked out of the convention, they appointed a committee, of which Charles H. Hartman, of Montana; Senator R. F. Pettigrew, of South Dakota; Senator Cannon of Utah, and Senator Fred T. Dubois, of Idaho, were members, to confer with a committee of Populists. That evening, at the Planters' hotel, they met H. F. Taubeneck, of Illinois; Howard S. Taylor, of Chicago, and T. M. Patterson, Denver, of the national Populist committee, and as a result of that and subsequent conferences, the address was issued.

Militia Called Out at Roseburg.

ROSEBURG, Or. June 20.—Upon request of the mayor, Governor Lord ordered out the militia here last night to protect prisoner James Dixon, who shot and killed Charles Rice, on the 14th, from the mob who, hearing that the jail was well guarded did not come. Sheriff Cathcart took the prisoner to Eugene for safe keeping on the northern bound overland. Having walked a short distance Cathcart signaled the train and getting aboard with his prisoner, was soon beyond the reach of the would-be lynchers.

The first intimation that an attempt would be made to lynch Dixon was last night, when John Dixon, a brother of the murderer, rode into Roseburg and informed the sheriff that a large mob was forming at Blakesley's, the scene of the crime, with the intention of proceeding to Roseburg and demanding the prisoner.

The sheriff and his deputies at once made preparations for defending their charge, but at last, fearing that the mob would be too strong for them to cope with, a consultation was held with the mayor of the city, which resulted in a request being made upon Governor Lord for aid. The crime for which Dixon is awaiting the trial was the murder of Charles Rice at a ball game near Blakesley's on Sunday last.

The two young men were old enemies, and their quarrel was reopened over a decision concerning the game, when after a few hot words between them, Dixon drew a revolver and fired twice at

Rice, both shots taking effect, and resulting in the instant death of the young man.

LEPROSY IN UTAH.

Discovered in a Kanacka Settlement in Toole County.

SALT LAKE, June 20.—The Herald prints a story this morning saying that several well-developed cases of leprosy have been discovered in the Kanacka settlement of Josepha, in Toole county, about 70 miles west of this city. A representative of the Herald visited the little settlement and found leprosy prevalent in the Peters family, a 16-year-old girl named Bessie being the most seriously afflicted. Her limbs are shriveled beyond description and covered with the "maculosa," or white blotches, which mark the eruptive form of the malady. Several other cases were discovered in the settlement, but in a less developed stage. The inhabitants of the settlement were very reticent, and it was difficult to get particulars touching the other cases. The county authorities are taking measures for a thorough investigation. Bishop Cluff, who lives in the vicinity, admitted that leprosy had prevailed there for some time, but denies that it is contagious. He says he has lived with the lepers here and on the island for some years, and has no fear of taking the disease.

Gross Carelessness.

SAN FRANCISCO, June 22.—The three-story building at the corner of Fifth street and Mint avenue collapsed at 4 o'clock this afternoon, burying a dozen persons in the ruins. Two bodies have been recovered, and it is feared there are others in the debris.

Carelessness of the grossest sort is responsible for the collapse of the lodging house, and the loss of life it caused. From the statements of several people, it is evident that the disaster had been expected. Warnings were given and heeded.

GOLDEN MEDICAL DISCOVERY

Many years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., compounded this medicine of vegetable ingredients which had an especial effect upon the stomach and liver, rousing the organs to healthful activity as well as purifying and enriching the blood. By such means the stomach and the nerves are supplied with pure blood, they will not do duty without any more than a locomotive can run without coal. You can not get a lasting cure of Dyspepsia, or Indigestion, by taking artificially digested foods or peepsin—the stomach must do its own work in its own way. Do not put your nerves to sleep with so-called celery mixtures, it is better to go to the seat of the difficulty and feed the nerve cells on the food they require. Dyspepsia, Indigestion, Biliousness and Nervous Affections, such as sleeplessness and weak, nervous feelings are completely cured by the "Discovery." It puts on healthy flesh, brings refreshing sleep and invigorates the whole system.

Mrs. K. HENKE, of No. 866 North Halsted St., Chicago, Ill., writes: "I regard my improvement as simply wonderful. Since taking Dr. Pierce's Golden Medical Discovery in connection with his 'Pleasant Pellets' I have gained in every respect, particularly in flesh and strength. My liver was dreadfully enlarged and I suffered greatly from dyspepsia. No physician could give relief. Now, after two months I am entirely relieved of my disease. My appetite is excellent; food well digested; bowels regular and sleep much improved."

Mrs. HENKE.

A Household Treasure. D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Blakeley & Houghton's Drug Store. Regular size 50c. and \$1.00.

MORE ATROCITIES

Spaniards Continue Their Deadly Work.

AN ENTIRE FAMILY MASSACRED

Insurgents Arrive too Late to Prevent the Outrage—Gomez Becomes Furious.

NEW YORK, June 22.—The American three-masted schooner Mabel Hooper, of Rockland, Me., which has just arrived in this harbor, brings news of fresh atrocities by the Spanish troops in Cuba.

The Hooper sailed 10 days ago from Sagua, on the northern coast of Cuba, and in Santa Clara province. While at that port the American consul told the captain of the Hooper, in substance, this story:

"The Spanish commander of the post there had orders from Havana to see to it that all the tobacco planted near Sagua should be taken to that city. A large tobacco plantation, about three miles south of Sagua, is owned by Mr. Gonzales, said to be an American citizen. The Spanish commander summoned Gonzales to his headquarters, and asked why he had failed to comply with the captain-general's proclamation. Mr. Gonzales explained that the Spanish troops had taken all his horses and cattle, and he could not cart his tobacco.

"I am satisfied with your explanation," said the Spanish commander, 'you may return to your plantation!'

"The Spaniard then sent for a young lieutenant, and instructed him to take a guard and escort Mr. Gonzales to his plantation. Upon his arrival at the plantation Mr. Gonzales was met by his wife and their five small children.

"You may enter your house," said the lieutenant, 'and you will remain there until I send for you.'

"Shortly afterward the soldiers piled a lot of dry grass and shavings about the house and set fire to it. The smoke soon compelled the family to leave, and as they walked out of the rear door, the front of the building being in flames, all were shot down.

"The lieutenant reported to his commander that Gonzales and his family had tried to escape, and were shot because they disobeyed orders in leaving the house. General Gomez arrived near Sagua some days later at the head of an army said to have numbered 10,000. When he learned how the Spaniards had killed Mr. Gonzales and his family he became furious."

AN ATROCIOUS CRIME.

Brutal Murder of an Aged Pensioner—Killed for His Money.

SHELBYVILLE, Ind., June 22.—Milton Bolley, an aged pensioner, came to this city from his home, seven miles north of here, and drew \$600 from a bank with which to pay off the balance due on his house. About dusk Bolley started for home, and after arriving there two men drove up to his residence, called the old man out and requested him to go to once to the bedside of his daughter who, they said, had been taken suddenly sick and was dying.

Bolley hurried to the barn for his rig, leaving his wife preparing to go with him. On opening his barn door he was knocked down with clubs. Staggering to his feet he tried to resist his assailants, but was again attacked from the rear by the second man. His skull was crushed and four ribs broken. When he was unconscious the ruffians went through his pockets without finding the money.

They returned to the house and demanded that Mrs. Bolley inform them where the money was. She refused to do so, and after beating her in vain they held her over a natural gas blaze until she could not endure the torture longer. Blackened and blistered and covered with bruises, she was compelled to reveal the hiding place of the money. Bolley will die, and there is little chance of his wife's recovery. The robbers drove rapidly from Bolley's toward this city. There is talk of bringing the bloodhounds here from Anderson to run down the robbers.

A RAID OF ELKS.

They Have Selected Baker City for a Browning Ground.

BAKER CITY, Or., June 22.—The Elks have taken the town by storm. Every window has some sort of decoration including B. P. O. E. All the clocks point to the hour of 11, and lots of fellows are getting mixed up in their bearings. Portland sent twelve live antlers up. Baby McKee is one of them, and his gigantic stature is creating a formidable impression among the candidates. A sumptuous banquet has been provided for tonight at which 70 people will participate. A miniature gold brick is attached to each menu; the lodge number, 338, and B. P. O. E., is engraved on the bricks. Superintendent McNally has invited the members to come out to the Virtue mine tomorrow, and the Elks will be permitted to browse around in the shafts at their pleasure. Extra men have been employed so that the boys don't walk off with the mine. Two of the candidates had their lives insured after they had a talk with Griffin.

MORGAN'S BITTER COMMENT. He Criticizes Cleveland's Action in the Cuban Matter.

WASHINGTON, June 22.—It is with no little concern that the president and Secretary Olney are awaiting the confidential report from Consul-General Lee on the situation in Cuba. Until the reports have arrived, the authorities will not, of course, discuss their probable action upon them. It may be stated that the situation will have to be very grave and the emergency great to induce the president to interfere in the Cuban affair at the present time. The president has been unmindful for some weeks past that the time was not far distant when the United States, in the interest of its citizens and humanity, might find it necessary to interfere. However, he is most anxious to stave off action as long as possible.

Applause in Church.

CHICAGO, June 22.—The congregation at the People's church, McVicker's theater broke out with applause several times during the course of Dr. Thomas' sermon Sunday. He was speaking of the cause of Cuba. It was while dwelling on this point that the big congregation interrupted by cheers and handclapping. He said:

"The slaughter of Christians in Armenia and the butchery of patriot Cubans by Spain seems terrible to the present age, because of its nobler humanity. It is not right that the Turks should massacre the Armenians; the powers of the world should step in and stop it. It is not right that Spain should crush patriots in Cuba, and the country should send forth an army and navy to stop it. I wish that the plank in the Republican platform had gone forth as it was first published."
