## POLITICAL OUTLOOK

### McKinley Indorsed in Strong Terms.

#### BRYAN'S TRIP TO NEW YORK

He Desires to Be Notified of His Nomination "In the Enemy's Country."

TACOMA, Aug. 7.—Congressman W. H. Doolittle (Republican) of this city, made a public statement through the press today of his political views. He endorses McKinley in strong terms and points out that the Republican platform is the only one that can bring about the adoption of bimetalism by international agreement. He says:

"I am for bimetalism in all truth and sincerity, by agreement with other nations, if that agreement can speedily be brought about. I am for the use of both gold and silver as basic money, and if, after an honest trial, which the platform of the Republican party pledges, an agreement cannot be speedily reached with the other nations, for bimetalism I believe the Republican party will deem it then to be the duty of the United States to open our mints to the coinage of silver and by proper retaliatory legislation against other countries, enforce our way and protect ourselves as suggested in the statement of Thomas B. Reed, of Maine, published in Fortnightly Review about two years since."

He says further that the St. Louis platform is the only one that makes possible the building of the Nicaragua canal, for the Chicago platform condemns bond issues in times of peace, and one is necessary if the canal be constructed.

#### Bryan's Trip East.

PITTSBURG, Aug. 7.—The train bearing Hon. William J. Bryan, the Democratic nominee for the presidency, and party to the notification meeting at Madison Square Garden, New York, on the 13th, will leave Chicago over the Pennsylvania system on next Sunday night and will arrive in New York on Tuesday evening, the 11th. No program has been arranged but short stops will probably be arranged at a number of points along the line. The distinguished party will remain in Pittsburg Monday night and arrangements are being made by the Democrats for a grand demonstration.

OMAHA, Aug. 7.—The Bryan tour through the East was inaugurated at 2 o'clock this afternoon.

#### CANNOT SWALLOW SEWALL.

Populists Have no Use for the Man From Maine.

ATLANTA, Ga., Aug. 7.—Thomas E. Watson opened his vice-presidential campaign here last night with an address of two hours' length, delivered before an audience of 3,000 people in a rough shed used for the Moody revival meetings several months ago. Watson appealed at the outset for a non-partisan hearing, declaring that he spoke with bitterness to none and in behalf of the men who held the plow, who pulled the hook, who wielded the hammer. If God gave him strength, he declared, he would plead the cause of these people through the pens of the Northern reporters present, before 65,000,000 of people in the morning.

"We can stand by Mr. Bryan," said he. "He has been with us and fought for our policies. But when we are asked to swallow Sewall, we beg to be excused. We cannot vote for Sewall because he does not represent our platform. If we do we say we did not mean what we said in the platform. You cannot consistently say this is a fight of the West and South and go off to Maine to get a candidate for vice-president. This is a movement of the South and West and you must have a Southerner on your national ticket."

In conclusion Watson made this significant statement:

"We are not going to put up a candidate against Bryan. We are going to vote for Bryan whether Sewall is withdrawn or not. Let Mr. Jones say what he likes. Let him insult you if he will. Make no answer. We are going to put out a full electoral ticket for Bryan and Watson. We can't vote for Sewall."

#### A TEMPERANCE PLANK.

Georgia Populists Would Banish the Saloon.

ATLANTA, Ga., Aug. 7.—The Populist state convention having perfected organization yesterday and listened to Watson's address last night, settled promptly down to business this morning. The platform indorses the St. Louis

platform and contains the following bar-room plank:

"Civilization, to say nothing of religion, has entered upon the judgment of condemnation against barrooms. Public conscience revolts at the license system, which fosters the saloon and generates its manifold evils in consideration of a revenue that pays less than a tithe of the public burden it entails. It is non-American monopolistic and essentially immoral."

#### A Man Sold at Auction.

ELIZABETHTOWN, Ky., Aug. 6.—A sale on the court house steps last evening was a reminder of ante-bellum days. Instead of a negro slave being transferred to another owner, it was a white man sold at auction for vagrancy under an old law seldom enforced. The vagrant was Lawrence Peak convicted by the circuit court. Six months was the penalty. The sale was cried by Deputy Sheriff Williams. Out of the large crowd present there was only one bidder. John C. Reil bid \$12 75, for which he is entitled to Peak's services for six months.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75 cents.

#### The Sewall-Watson Muddle.

CHICAGO, Aug. 7.—The Times-Herald says: There is a light on between Governor Altgeld and Chairman Jones of the Democratic national committee. Governor Altgeld holds Chairman Jones personally responsible for the Sewall-Watson muddle and is of the opinion that if the Arkansas senator had remained away from St. Louis matters would have adjusted themselves in much better shape.

#### Marvelous Results.

From a letter written by Rev. J. G. Underman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Blakeley & Houghton, Druggists.

#### Oysters for Oregon.

PORTLAND, Aug. 7.—At the solicitation of Mrs. Governor Lord, State Fish and Game Protector McGuire has secured from the national fish commissioner a carload of Eastern oysters which are to be transplanted on the Oregon coast. The oysters will be brought as soon as the location is selected for planting them.

#### Teachers' Examination.

Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the county school superintendent thereof will hold a public examination Wednesday, August 12, 1896, at 1 o'clock p. m. at the high school building, The Dalles, Oregon.

Dated this 3d day of August, 1896.

County School Superintendent of  
Wasco Co. Oregon.

#### Was Loyal to His Party.

WASHINGTON, Aug. 7.—A. C. Moore, a colored messenger in the treasury department, has resigned, assigning as the cause his refusal to serve under a Democrat who bolted the ticket nominated by the party convention.

#### Senator Quay Will Retire.

PITTSBURG, Aug. 7.—Senator Quay says he will retire from politics at the expiration of his present term.

#### McKinley Declines.

PHILADELPHIA, Aug. 7.—Mark Hanna says McKinley will not go on the stump against Bryan.

## PATRIOTS TO PATRIOTS

### Veterans' League Appeals to Boys Who Wore Blue.

#### COUNTRY IS AGAIN IN DANGER

The Inevitable Effects of Silver Basis on Savings and Wages Earned Set Forth.

NEW YORK, Aug. 8.—The Union Veterans' League, of which Major-General Daniel E. Sickles is president, and Major-General Franklin and Horace Porter are vice-presidents, today issued an address to the Union veterans of the late war. The address in part is as follows:

"Comrades: Your country is in great peril. In the present presidential campaign, dangerous combinations again threaten the integrity of the government."

"Misguided men conspire to bring repudiation, dishonor and financial ruin upon this nation once saved by your valor. Should this dangerous and revolutionary conspiracy against the financial honor and integrity of the government meet with success, every pensioner, every depositor in a savings bank, every policy-holder in an insurance company, etc., would lose one-half of what is due him by being paid in 50-cent dollars. The price of everything the workingman buys will be doubled, but he would have to struggle and wait longer before he secured any substantial increase in his wages."

"We appeal to you to lay aside all partisan differences, to prefer country to party, as you did in the dark days of the civil war, and rally to the support of our gallant comrade, Major McKinley, the first private soldier who has ever been nominated to the high office of president of the United States, who stood shoulder to shoulder with you in many memorable battles, and for two long years carried his musket and shared the toils and dangers which fell to the lot of the men in the ranks, who defended the union, and who, today, stand for the maintenance of the good name and honor of the country."

"Therefore, we urge you to form yourselves into an association to be known as 'The Union Veterans' Patriotic League,' and do all in your power as individuals and members of the league to secure the triumph of the right."

The address urges every veteran and son of a veteran to send his address to the secretary of the league, Colonel Edwin Dudley, No. 1, East Ninth street, New York city.

#### A QUIET SATURDAY.

Nebraska and South Dakota Reported Safe for McKinley.

WASHINGTON, Aug. 8.—It was very quiet at both the Republican and Democratic headquarters today. The lack of visitors is attributed to the extreme heat. The mail, however, continues heavy, and the demand for literature from both committees is enormous. Letters received at the Republican headquarters from Nebraska say that Bryan's state is safe for McKinley, and from South Dakota the information received indicates that the Republican majority will be increased rather than diminished. Secretary Mercer, of the Republican congressional committee, went to Atlantic City today to spend Sunday with his family. The chairman of the Democratic committee has gone to Frostburg, Md., to remain with his family over Sunday. He will go to New York Monday.

At silver headquarters the secretary says about 1600 letters are received daily, fully one-fourth from former Republicans, who say they cannot support the gold declaration in the St. Louis platform.

A visitor there today predicted that much of the soldier vote would go for the silver candidate. He said he had a letter from Thomas Spaulding, ex-post commander of Springfield post, Erie county, N. Y., saying that a majority of the members would vote for Bryan. The gentleman said the post was composed of 164 members, of whom but four were Democrats.

#### WARNED AGAINST GIBBS.

Letter to Hanna From the McKinley League, of New York.

NEW YORK, Aug. 9.—The McKinley League state executive committee has written a long letter to Hon. Mark Hanna, chairman of the Republican national committee, in which it warns him against Frederick S. Gibbs, the Republican national committeeman from New York, and the regular organization of

the Republican party in this city and state. It reviews with much detail the alleged wrongdoings of the organization, discusses the political character of Mr. Gibbs, who is the personal representative of Thomas C. Platt; touches upon the methods adopted by the organization in the last election, and declares:

"We are convinced that Mr. Gibbs has not only been exceedingly active in his opposition to the interests of McKinley, but is deliberately and constantly using his official position and influence to bring about the disruption of the party in the county of New York, and to impair, if not prevent, the election of the Republican ticket."

It then recites instances where the organization has deprived members of the league and other Republicans of party rights, and declares:

"We believe that in a majority of the states the party is thoroughly and highly desirous of the election of McKinley and Hobart, but in many places the machinery of the party is under the absolute control of discredited and unscrupulous traitors, men who did not hesitate to vilify the candidate before nomination, and who will not hesitate to betray them after it."

Attention is called in the letter to the plurality by which Blaine was defeated in New York, and a suggestion of the possibility of the change of one vote in each voting precinct is made.

#### NO REST FOR MCKINLEY.

Too Many Visitors Have Kept Back His Letter of Acceptance.

CANTON, O., Aug. 9.—Governor McKinley continues to be so busily engaged with the callers, who flock in on him every day, that it has been almost impossible for him to find any time to give to the formal letter of acceptance. It is not now considered possible that it will be issued before the first of September.

#### A DEATH-DEALING GUN.

The East Stricken by an Extremely Hot Wave.

WASHINGTON, Aug. 8.—The report of fatalities resulting from heat in various sections of the country indicate that the present hot spell will be as disastrous in effect as a national calamity or plague. The death roll of today exceeds 128 in the principal places. Following is the reported fatalities:

New York and vicinity, 50; Philadelphia, 18; Washington, 16; Baltimore, 19; Bayonne, N. J., 3; Newark, 3; Albany, 12; Jersey City, 1; Pittsburg, 1; Memphis, 1; Rochester, 1; Chicago, 15; Louisville, 1; Cleveland, 2; Cincinnati, 5; San Antonio, 1.

#### TO END THE WAR.

Negotiations for Peace to Be Begun in Cuba.

KEY WEST, Aug. 8.—It is openly declared here that Captain-General Weyler has reached an understanding with the chief insurgent leaders and that negotiations will be begun with a view to the cessation of hostilities in Cuba upon terms satisfactory to all concerned. It is also stated here that the captain-general and his deputy commanders have held a conference in relation to this important movement.

None But Ayer's at the World's Fair.

Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed on exhibit at the world's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the world's fair authorities in favor of Ayer's Sarsaparilla is in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

A good recommendation for Simmons Liver Regulator is, that it is purely vegetable and strongly tonic. Then too, it is better than Pills because easier to take in liquid or powder and with no griping, while the relief from Constipation, Biliousness, Sick Headache and Dyspepsia is quick and sure. "I find Simmons Liver Regulator a very safe and valuable family medicine."—Rev. J. M. Rollins, Fairfield, Va.

## AT MCKINLEY'S HOME

### A Novel Scene at Canton, Ohio.

#### BOTH CANDIDATES SHARE HONORS

White's Bryan Reception Committee Is Waiting for the Train They Call Upon McKinley.

CHICAGO, Aug. 10.—A little before midnight last night Bryan resumed his journey to New York over the Pennsylvania Central. At all the stations, notwithstanding the early hour, large crowds gathered and gave him an enthusiastic reception. The people climbed over and under the cars with the utmost recklessness in their zeal to get near the car platform. At most of the stops Bryan made a few remarks.

#### Both Candidates Speak.

CANTON, O., Aug. 10.—The Bryan reception committee from Pittsburg, composed of about sixty prominent democrats of that city headed by County Chairman Holey, arrived at Canton at noon today, and finding that they had nearly two hours to wait before the train arrived, decided to call upon Major McKinley. Morris Forster acted as spokesman. He said he believed any candidate for the presidency was worthy the greatest respect of every one, regardless of political affiliations. In response, McKinley said:

"I am deeply grateful to receive this friendly visit from the Bryan reception committee. Although we are of different political belief, we are, as American citizens, proud of our country and believe in common that we have now and will continue to have in the future the best government in the world. I sincerely thank you, gentlemen, for this visit and assure you it gives me great pleasure."

At the conclusion of the brief address McKinley greeted each member of the delegation in person.

When the 1:40 p. m. Pennsylvania train pulled into Canton, 15 minutes late, bringing Bryan, thousands were at the depot to cheer their fellow townsmen opponent in this campaign. Special trains had brought delegations from all over Southeastern Ohio.

Allen Cook, the local Populist leader, escorted Bryan to a flat car. After the applause had subsided Mayor Rice presented Bryan, who said:

"I am glad in this city, the home of my distinguished opponent, to testify to his character and personal worth (tremendous cheering for McKinley). I shall be satisfied if as a private individual I may be able to stand beside him in public esteem, but, friends, this is not a contest between persons. It matters little to the American people whether your distinguished townsman or myself as individuals occupy the chief executive position of the greatest nation upon earth, but it does matter for what policy the president shall stand, and in this campaign persons are lost sight of in the cause which these persons represent."

#### DROPPING INTO THE EARTH.

Land in the Vicinity of Mansfield, Mo., Gradually Sinking.

MANSFIELD, Mo., Aug. 10.—The people throughout this section of the country are becoming much alarmed over what appears to be the gradual sinking of the earth in certain localities. It has been a little more than a year ago since a whole field fell an average of a little more than two feet. Within the last two weeks the ground has become very dry from want of moisture, and as a result crevices, some of which are a foot wide, have appeared in the earth. Eight miles south of here, in Douglas county, there is a very noticeable depression of several inches, covering more than a section of land.

Another evidence of this inexplicable phenomena occurred in Texas county a day or two ago, when a sudden sagging of the earth swallowed up a horse while hitched to a plow, and it was with difficulty that the driver saved himself. These strange occurrences seem to come periodically with certain seasons and although they have been the subject of investigation for scientific purposes, nobody is able to advance a reasonable theory for the existence of such a state of things. The negroes have become so wrought up over the matter that many of them are leaving the country. They declare that it is an indication of the early arrival of the judgment day.

**WOULD BE A SENATOR.**  
Ex-President Harrison Has Political Aspirations.  
CHICAGO, Aug. 10.—Ex-President Harrison is said to be a candidate for United States senator and to be ready to make a fight for the place this fall. The statement that the ex-president would like to return to the senate, which he left to become president, was made today by a Republican close to the party leaders. He said:

"Mr. Harrison wants the place. He is desirous of retiring to public life for several reasons, which I am not at present able to give, and his old place as United States senator from Indiana would be no loss of prestige in his going to the senate after occupying the office of president. There are plenty of precedents for it. John Quincy Adams, after he retired as president, went to the senate after he had left the presidency. James Monroe was postmaster of New York after he was president."

If it is true that Mr. Harrison wants to go to the senate, he will probably have a bitter opponent in the person of Charles M. Fairbanks, who was temporary chairman of the Republican national convention at St. Louis.

**DISTRESS IN NEW YORK.**  
Horses Dropping Dead by Scores, and Hundreds of Workers Frostrated.  
NEW YORK, Aug. 10.—The deaths caused by the heat in Greater New York is 100, and additional victims are being reported hourly.

The prostrations are almost innumerable, and no accurate statement of them can be made. Ambulances and patrol wagons have been running about all day, the sound of their bells becoming familiar. Street-car horses have dropped in their tracks by scores. Out-of-door work has been largely suspended, and many factories are temporarily closed.

**A MASSACRE IN CRETE.**  
Helpless Christians Murdered by Mussulmans.  
ATHENS, Aug. 10.—At Anapoli, Pedadad, near Heraklion, in the island of Crete, on Saturday, 1,000 armed Mussulmans butchered 30 unarmed Christians in the precinct of St. John monastery. Several priests, women and children are among the victims.

One woman was slaughtered for saving her children and her husband. She was butchered on her knees.

Several churches were desecrated, and a priest named Jeremiah had his ears and nose severed from his head and was then burned alive on a pile of sacred pictures.

**Her Mission Ended.**  
CONSTANTINOPLE, Aug. 10.—Miss Clara Barton, president of the American branch of the Red Cross Society, has started on her return to the United States, her mission of distributing relief to the Armenians having been ended.

**"Long Live Free Cuba."**  
VALENCIA, Spain, Aug. 10.—Riotous demonstrations against the government continue. This city was placarded yesterday with posters reading "Long live free Cuba," "Long live social revolution," etc.

**Electric Bitters.**  
Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1 per bottle at Blakeley & Houghton's drug store.
