

ARMS FOR THE CUBANS

Maceo's Solders Received Much-Needed Supplies.

WERE LANDED IN PINAR DEL RIO

Expedition was Carried by the Steamer Three Friends--Spanish Vessels Were Eluded.

NEW YORK, Sept. 11.—Information has reached this city that the steamer Three Friends, which left Jacksonville last Friday, has been successful in landing an expedition in Cuba, in spite of the watchfulness of the Spanish war vessels which constantly patrol the coast.

The cargo which was landed consisted of 1108 rifles, 460,000 rounds of ammunition, one pneumatic dynamite gun, 2000 pounds of dynamite, 1000 machetes and a large supply of medical stores and clothing.

It is thought in Cuban circles that with this supply of ammunition Maceo will make an attack on the Pinar del Rio trocha as soon as General Gomez moves from the east upon Havana this autumn.

The steamer Bermuda, noted for her filibustering exploits, has arrived in this port, in charge of treasury department officers.

State Chairman Merrill said: "We come from a great and surprising victory. The battle was fought solely on national issues.

Colonel George T. Childs, national committeeman from Vermont, followed in the same strain.

The Election in Maine.

AUGUSTA, Me., Sept. 11.—J. H. Manley, chairman of the Republican state committee, tonight summarized the situation in Maine thus:

"We shall cast, (in Monday's election) the largest Republican vote ever known. We shall give the largest majority ever given in a presidential year."

Mr. Manley points out that the largest majority the Republicans have had in September elections in presidential years was 19,818, in 1892, and shows how much smaller it was in other years.

"If it is a pleasant day, the republicans expect to cast 80,000 votes on Monday next. The combined opposition cannot throw 60,000."

Was Badly Frightened.

PROVIDENCE, Sept. 11.—John Hughtit who allowed himself to be buried alive on the theory of hypnotic suggestion, induced by Professor Watson, of London, has been unearthed.

THE MAINE ELECTION

Republicans Expect Over 30,000 Majority.

LARGEST IN A PRESIDENTIAL YEAR

Sound-Money Canvass Conducted Under Most Favorable Circumstances—The List of Candidates.

AUGUSTA, Me., Sept. 13.—If the weather is fair tomorrow, Hon. Llewellyn Powers, Republican, will be elected governor of Maine by over 30,000 majority, with a strong possibility that the figures will be nearer 40,000.

Chairman Manley, of the Republican state committee, believes that the figures will be the largest ever given in a presidential year, and his Democratic opponents practically agree with him.

The Republican canvass has been conducted under the more favorable circumstances. Maine has never heard so many distinguished Republican orators as during the past few weeks.

Mr. John McCoy, who returned last week from the mines that bear his name, in the Cascade mountains in Skamania county, Wash., informs the Hood River Glacier that the members of the Mazama mining company will not return to the mines to work this season.

BUTCHERED BY SPANIARDS.

Cubans Massacred in Matanzas Province.

KEY WEST, Sept. 13.—Advices from Havana by the steamer Mascotte give details of a massacre of Cubans in Matanzas province by Spaniards under General Molinas. The butchery occurred on Las Calas sugar estate.

Thursday insurgents raided and burned the town of San Francisco de Paula, a suburb of Havana. The Spanish garrison of 300 men surrendered, but were released after being disarmed.

Weyler seems to have completely lost his head. He is having leading citizens of Havana arrested by the wholesale.

THE SILVER BARON'S STAKE.

List of Mine Owners to Whom Bryan's Election Means Millions.

The supporters of Mr. Bryan have undertaken to array "the masses against the classes" in this contest and to that end have held up the millionaires as supporters of McKinley and Hobart.

as yet been made, and especially as it can be shown that this silver agitation is due to the plotting of silver mine millionaires.

The Republican congressional campaign committee has given out a statement showing the part played by the owners of the silver mines of the country in shaping the course of the recent conventions which have declared for the free and unlimited coinage of silver at sixteen to one.

Table listing names and amounts: Hearst estate, California, \$75,000,000; Fair estate, 50,000,000; John Mackay, 40,000,000; J. B. Higgins, 40,000,000; W. A. Clark, 40,000,000; William Stewart, Nevada, 40,000,000; Francis S. Newlands, Sharon estate, 40,000,000; David Moffat, Denver, 30,000,000; Sen.ator John F. Jones, Comstock lode, 25,000,000; Flood estate, 25,000,000; Denver silver smelting works, 25,000,000; R. G. Chamber, Ontario silver mine, 25,000,000; Charles E. Lane, California, 20,000,000; E. L. Holden, Old Telegraph mine, 15,000,000; Mark D. Ly, Anaconda, Montana, 15,000,000; Butte silver smelting works, 14,500,000; S. T. Hanser, Granite Mountain silver mines, 10,000,000; French syndicate, Old Telegraph mine, Utah, 10,000,000; Leadville silver smelting works, 8,500,000; Broadwater estate, Helena, Montana, 5,000,000; Senator Henry M. Teller, Colorado, 2,000,000; Senator Lee Mantle, Montana, 2,000,000; Total, \$47,000,000.

After criticism of some of the wealthy men who are working for free coinage the statement charges that William J. Bryan has for years been paid to deliver silver orations, and concludes:

"To the silver mine owners the election of Bryan and of a free silver Democratic house means millions. Placing the product of their mines 54,000,000 ounces a year, though it would soon be 100,000,000 ounces, and the government paying them at the rate of \$1.29 an ounce, and granting, for the sake of argument, that it cost them sixty-eight cents an ounce to mine it, the people of the United States would pay into the pockets of the silver miners \$41,000,000 per annum, and make gigantic monopolies in their platform.

The silver movement is a conspiracy, and those behind it are the most desperate and unscrupulous men who have yet become foremost in American affairs.

The McCoy Creek Mines.

Mr. John McCoy, who returned last week from the mines that bear his name, in the Cascade mountains in Skamania county, Wash., informs the Hood River Glacier that the members of the Mazama mining company will not return to the mines to work this season.

Recognized His Better Half.

An old man down in Sherman county would not believe he could hear his wife talk a distance of ten miles by telephone. His better half was in Moro during the recent thunder shower, where there was a telephone, and the skeptic was at Grass Valley, where there was a similar instrument, and on being told how to operate the thing he walked boldly up and shouted, "Hello, Jane!"

MAINE IS ALL RIGHT

An Unprecedented Republican Victory.

BY A PLURALITY OF 50,000 VOTES

The Largest in the State—Powers is Elected Governor by Over 45,000 Plurality.

AUGUSTA, Me., Sept. 14.—Maine has followed the example of Vermont and declared for the Republican ticket by the largest majority in its history.

Hon. Thomas B. Reed is re-elected to the house by over 10,000 plurality. The returns show a plurality of about 10,000 for Dingley for congressman from the Second district; over 12,000 for Milliken in the Third district, and practically the same for Boutelle in the Fourth district.

In the state legislature, the Democrats will apparently have less than half-a-dozen of the representatives in the house and not one in the senate.

On the other hand many disaffected Democrats remained at home, and only a few voted for the nominee of the gold standard wing.

The successful candidate for governor is the Hon. Llewellyn Powers, of Houlton, Republican. The nominees of the other powers were: Hon. Melvin P. Frank, of Portland, Democrat; Luther C. Bateman, of Auburn, Populist; Ammi S. Ladd, of Calais, Prohibitionist, and Hon. William Henry Clifford, of Portland, gold Democrat.

Hon. Thomas B. Reed, of Portland, from the First district; Nelson Dingley, of Lewiston, from the Second district; Seth Milliken, of Belfast, from the Third district, and Charles A. Boutelle, of Bangor, from the Fourth district, who have for years represented Maine in the national house, are the congressmen re-elected.

VESSELS FOR UNCLE SAM.

Bids Opened for Constructing Three New Battleships.

WASHINGTON, Sept. 14.—At the navy department today bids were opened for building the three coast line battleships authorized by congress at its last session. Several prominent shipbuilders have already arrived to witness the opening.

The new vessels are to be combinations of the best features of the Iowa and Kearsarge, now under construction, modified by such improvements as experience has suggested.

Offensively, each of the three new ships will possess two very powerful batteries. The main battery will be composed of four 13-inch breechloading rifles and 14 6-inch rapid-fire rifles.

In addition to this force, an allowance of gun cotton for submarine mining and eight automobile torpedoes to be discharged from the two tubes on each broadside amidships, will be carried for that silent and more deadly phase of naval warfare.

AFTER A LONG SEPARATION.

Jenny Rust is Again Restored to Her Father.

SAN DIEGO, Cal., Sept. 14.—Two of the happiest people in San Diego today are James F. Rust and his daughter, Jenny, for they have just found each other after a separation of 10 years.

After her parents were divorced in 1886 Jenny was adopted by a rancher and his wife, who live at Encinitas, 30 miles north of this city, and Rust traveled over the country in search of work.

He purchased a stout backboard and a fine horse and left Seattle July 3, bound for San Diego. He had obtained the address of one of his children at Bakerfield, and so far as he could learn his pet daughter, Jenny, was still at the home of her adopted parents in this country.

On the way down, he ran across two other married children, a son and a daughter.

BYRAN RECONSIDERS.

Cozey's Success in Speaking from the Capitol Occurs to Him.

EVANSVILLE, Ind., Sept. 14.—W. J. Bryan today denied he would speak from the steps of the national capitol. He said he had heard of such a rumor and had telegraphed the committee in charge of the meeting at Washington that to do so would not be in accord with his wishes.

"It would be a bad precedent," said Bryan, "and one I would not wish established. So far as I know, no candidate for presidency ever spoke at the capitol and I do not care to be the first."

Herr Most is Disgusted.

NEW YORK, Sept. 14.—Anarchist Herr Most would leave New York if he could raise the funds to do so. He admits that anarchy is on the decline in New York and that it does not pay to be an anarchist leader.

"If I had the money I would go West and live in retirement or found a colony. I know that this would not further the cause of social revolution, but that cannot be helped. The present state of affairs in New York does not suit me. I am discouraged and disgusted with the dullness and apathy about anarchy here."
