

MEN AND WOMEN CAME

People From Six Cities Called on McKinley.

FALSE CAMPAIGN STATEMENTS

Story that Marshall Field, Phil Armour, Lyman Gage and Others Had Flopped to Free Silver.

CANTON, Oct. 27.—The first delegation today to be presented to McKinley was a party of 52 ladies who arrived in a special car from Martin's Ferry, O., at noon. They wore large ribbons upon which was inscribed, "McKinley and sound money."

The women were introduced by Harry Pratt, the delegation from West Virginia and Maryland by E. H. Sincell, of Piedmont, W. Va. Later delegations accompanied by two bands, made a highly enthusiastic demonstration.

Before the first crowd was out of the yard three other delegations in one body were in the street waiting for their turn. These were from Cleveland, and composed of employees of the Upon Nutt Company, Lamson & Sessions Company, Beck, Stowe & Wilcox, Kirk's band, of Cleveland, and a Grand Army band, of Canton, played the "Star Spangled Banner," while the crowd greeted McKinley with cheers.

The employees of the Junction Iron & Steel Company, of Mingo Junction, with their wives and friends, in number sufficient to fill a special train, headed by the Grand Army of the Republic band, arrived just after the Clevelanders, and waited their turn. They were introduced by Captain N. J. Quabhart, a member of the company. A reviewing stand had been erected on the front of the lawn. Three delegations are announced to arrive this afternoon, most important of which is the "Sound Money" club of New England.

Popocratic Falsehoods.

CHICAGO, Oct. 27.—[Special to THE CHRONICLE.]—Every day brings its new set of falsehoods to influence voters to support the Popocratic ticket. The latest was a statement put into circulation yesterday to the effect that Marshall Field, Phil Armour, Lyman J. Gage, and several other distinguished business men of Chicago had declared for free silver. The report offered as an explanation of this surprising statement was the assertion that those gentlemen had found "the presence from the business people of the West so great and the prospect of Bryan defeat so bright that they had been forced to this step."

Bryan Fighting Hard.

BLOOMINGTON, Ill., Oct. 27.—Bryan will make the last week of the campaign a record-breaker. Shortly after 7 o'clock this morning he was talking to the people of Lincoln, Ill. At 9 o'clock the people of Bloomington were listening to him. At Lincoln, when the special car was side-tracked shortly after 3 o'clock this morning, a crowd of ardent admirers of the nominee disturbed his rest, demanding a speech. He spoke later to several thousand in the public square.

A Fatal Bull Fight.

NOGALES, Ariz., Oct. 27.—A bull fight with fatal results occurred at Nogales, Sonora, Sunday, and for a short time caused a panic in the audience. One of the bulls, becoming more enraged than usual at these rather tame fights, rushed about the arena going everything within its reach. A horse was disemboweled.

held him between his horns and pawed him. He was frightfully injured and died a few minutes later. There was intense excitement in the audience and at one time it was on the verge of a panic, but was quieted by the killing of the bull.

Fatal Accident Near Wallula.

WALLA WALLA, Wash., Oct. 27.—An extra wheat train of thirty-three cars was wrecked seven miles east of Wallula at 11 o'clock this morning, in which Fireman Roy Carpenter and Brakenham Williams were killed and Engineer Runke received painful but not fatal injuries. The cause of the accident was a broken rail. The accident happened on a curve, where there is a hill. The engine was hurled upside down under nine demolished cars. A special train took surgeons to the place of the disaster today. Engineer Runke was brought to this city, and is now in the hospital. His home is in La Grande, as was that of Fireman Carpenter, who leaves a wife and several children.

Flag Day in Chicago.

CHICAGO, Oct. 27.—Old Glory will have a big day Saturday. Thousands of voters in both the big parties will follow the advice of the campaign managers and observe Saturday as flag day. Reports received at headquarters indicate that patriots all over the country will vie with each other in decorating their homes and business places with the stars and stripes. In Chicago additional honor will be paid the national emblem at a big patriotic meeting to be held in the Auditorium Saturday afternoon, when tribute will be paid the stately banner in song and story. The Republicans printed and distributed 1,000,000 paper flags, and will have 100,000 for use in Chicago next Saturday.

He Did Speak, After All.

THOMPSON, Ga., Oct. 27.—Thomas E. Watson spoke yesterday at Lincoln to 300 Populists. He declared he would be in the race for vice-president until the last vote was counted. He said the withdrawal of the Populist electoral ticket in Georgia did not indicate that he would come down, but was only a protest against the present management. He declared the Populist party had been betrayed by its leaders. He denounced Sewall as a plutocrat, a national banker, etc.

POPE IS INTERESTED.

Outcome of American Presidential Campaign Closely Watched.

LONDON, Oct. 27.—The Pall Mall Gazette publishes a dispatch from Rome which says: The presidential election of the United States is the absorbing topic at the Vatican, the explanation being the strides which Catholicism has made in America, which is now one of the church's largest sources of income.

A recognized standing danger of Romanism in the United States is the independence of American bishops noticeable since the time of Pius IX. The latter fully recognized that these bishops enjoyed greater power than their brethren elsewhere and showed that he understood this by his witty answer to some English priests who asked for certain privileges. He said: "I am, as you say, the pope; yet I cannot accede to your request, but, added the pontiff, with a slight twinkle in his eye, "I can show you a way to obtain your desire. Go to America, for there the bishops are greater than the pope."

On the accession of Pope Leo matters assumed a different aspect. He charged Monsignor Satolli with the duty of intimating to the bishops in unmistakable language the limit of their powers and the result was something like a split, which it took Monsignor Satolli two years to heal. But his mission had good results.

The correspondent of the Pall Mall Gazette remarks that the church does not desire its representatives in America to take an active part in the campaign, fearing a new division in the ranks, and apprehending at the same time some of the more impetuous bishops might break out.

Politics Drove Him Crazy.

WALLA WALLA, Oct. 27.—Martin Delaney, a single man, aged 37, was adjudged insane today by Judge Upton, and ordered to be committed to the asylum at Medical Lake. Delaney, a farm hand, of late had been attending all political meetings in the country. He is rational on all matters except those political. Upon political subjects he is very violent, and wants to make speeches to every one he meets.

State Will Give McKinley an Immense Majority.

COLUMBUS, O., Oct. 28.—Hon. C. L. Kurtz, chairman of the Ohio Republican executive committee has sent the following telegram to M. A. Hanna at Chicago: "Columbus, Oct. 27.—Hon. M. A. Hanna, Chairman Republican National Committee, Chicago: Ohio will give McKinley a larger majority than she ever gave to a leading candidate on the state or national ticket, with the possible exception of that given to Brough for governor in 1863. C. L. Kurtz, chairman."

HE TALKED TOO MUCH

Bismarck Divulged State Secrets.

DUE TO JEALOUSY OF CAPRIVI

His Article in the Hamburger Nachrichten Brings Forth a Rebuke From the Official Press.

BERLIN, Oct. 28.—Public opinion generally in Germany condemns Prince Bismarck's revelations in the Hamburger Nachrichten, regarding the alliance between Russia and Germany, which existed during the last years of his chancellorship, and allusions are made to his "indiscreet loquacity, which is gradually tarnishing his glorious reputation."

There is little doubt that the prince has divulged important state secrets in his attempt to triumph over his successor, General Count von Caprivi, and the official communication in the Reichsanzeiger yesterday, cabled exclusively to the Associated Press, indirectly admits the truth of the article in the Nachrichten, and sharply rebukes Prince Bismarck by saying: "Diplomatic events of this kind are strict state secrets, and to preserve them conscientiously is an international duty, a breach of which would prejudice important state matters. The imperial government must therefore decline any attempt to clear up the matter, and it will neither deny what is false nor supply what is incomplete."

THINKS SPAIN WILL WIN.

General Weyler Is Confident of Success in Cuba.

HAVANA, Oct. 28.—In an interview General Weyler was asked last night: "What do you think about the prospects of putting down the insurrection in the province of Pinar del Rio?"

The general replied that he thought the chances were excellent for the complete success of the Spanish arms in that province. He had been of this opinion for some time, he said, and the recent victories of General Munoz at Cacajajara, and of General Arolas at Artemisa, had only confirmed him in his belief of freeing the province of all insurgents. "Is it a fact that you have decided to take the field in person, General Weyler?" asked the correspondent. "There is nothing absolutely decided on that subject. I am in telegraphic connection with my generals everywhere and can direct the movements of all my forces. Here I can follow the course of events, both civil, political and military. I have so far believed that my best work could be done here. Here I can better direct operations; here I have in my hands the control of telegraphs, railroads and steamships. Once in the field my scope would be limited to that of a commander of an army corps."

SITUATION IN INDIA.

Outlook for a Famine Is on the Increase.

SIMLA, Oct. 28.—The famine outlook in India is increasing in gloominess. It is not probable now that rain will fall and prospects are serious in the north-west and central provinces in the Punjab. The scarcity is extending to Behar. At Bombay prices have risen heavily. Large imports of foreign grain are expected. About thirty lakhs of rupees have already been given from the imperial revenues for advance seeds, etc., and relief work in the north-west and central provinces, the Punjab, Central India and Raptana are being started, in addition to the irrigation works which are projected in the Punjab. The government will issue a detailed final forecast of distress in December.

OHIO IS SAFE.

The State Will Give McKinley an Immense Majority.

COLUMBUS, O., Oct. 28.—Hon. C. L. Kurtz, chairman of the Ohio Republican executive committee has sent the following telegram to M. A. Hanna at Chicago: "Columbus, Oct. 27.—Hon. M. A. Hanna, Chairman Republican National Committee, Chicago: Ohio will give McKinley a larger majority than she ever gave to a leading candidate on the state or national ticket, with the possible exception of that given to Brough for governor in 1863. C. L. Kurtz, chairman."

Kurtz can best be understood when it is stated that two years ago Hon. S. M. Taylor, Republican candidate for secretary of state, received a majority of 64,000, his plurality being 137,000. Brough's majority for governor in 1863 was 100,882. Mr. Kurtz says he does not care to give any figures at this time, but may do so before the election. It is figured that the vote in the rural precincts will stand about the same as last year, the cities and towns rolling up the big majorities for McKinley.

A POPELISTIC FORGERY.

Celebrated Locomotive Engineers' "Proclamation" Is Denounced.

PEORIA, Ill., Oct. 27.—The following circular was issued today: "To the Workmen of the United States: To refute the false statement, as we sincerely believe it to be, and to correct the impression our friends and acquaintances may have formed concerning our signatures to a campaign document going the rounds of the press and circulated broadcast on the streets, entitled, 'A Proclamation,' in which it is made to appear that we are in favor of free silver at any ratio, and the substantial establishment of two standards of money, contradictory as the terms may be, we wish to be recorded by all who are interested in our position as being emphatically and unequivocally against any such measure, but are for the sound-money plank promulgated by the Republican convention at St. Louis."

"Our signatures were obtained nearly three years ago to a document pretending to be a memorial to congress, then in session, which in our belief and memory was a much milder paper than is the 'Proclamation' referred to, and no matter what our opinions may have been on any question at the time of our signing the memorial, nearly three years ago, we have learned enough since on the subject of warranting in renouncing the subject at the free coinage of silver at 16 to 1, believing it to be directly against the interests of labor, and also believing that under the condition of free coinage this country will be subjected to one of the most frightful panics any country in this world has ever seen."

"Our belief in this statement is strengthened by the admission made by William Jennings Bryan, candidate for president, in a recent speech in the Northwest, wherein he is reported as saying that he thought free-silver coinage would bring for the present stagnation and panic, but from which in four years we would recover. We do not believe this country can stand an additional four years of misery and distress, and are therefore opposed to the sentiments contained in the aforesaid 'Proclamation.' Respectfully,

P. M. ARTHUR, Grand Chief of the Brotherhood of Locomotive Engineers. E. P. SARGENT, Grand Master of the Brotherhood of Locomotive Firemen. F. W. ARNOLD, Grand Secretary and Treasurer of the Brotherhood of Locomotive Firemen."

RESERVOIRS ARE LEAKING.

Montreal May Suffer the Awful Fate of Johnstown.

MONTREAL, Oct. 29.—Montreal is threatened with a disaster even worse than that of the Johnstown flood, owing to the present condition of the city reservoirs on Mount Royal, overlooking the city. The big basins have been leaking badly for years, and the leaks have been increasing rapidly. The authorities of McGill university, which is situated just below the reservoirs, have communicated with the city officials, pointing out the danger and notifying the city that it would be held responsible for \$1,000,000 damage in the event of a break.

The reservoirs hold over 20,000,000 gallons of water, and experts say that unless repairs are made at once the walls holding the reservoirs will give way and a terrible disaster result. The masonry wall is only eight or ten feet thick, and once it is thoroughly honeycombed and gives way the earth backing will not hold the immense body of water. The effect would simply be the obliteration of a wide belt of the city from the reservoir to the Lachine canal and river, and the whole of the low-lying part of the city would be flooded. The mayor has given orders to have the necessary repairs made at once.

HIS CHICAGO SPEECHES

Bryan Doing Himself Absolute Harm.

STARS AND STRIPES INSULTED

One Audience Became So Anarchistic They Trampled Upon the American Flag.

CHICAGO, Oct. 29.—[Special to THE CHRONICLE.] Mr. Bryan's visit to Chicago is proving a great disappointment to his managers. While his frantic efforts and mad rush from place to place in the city have attracted many people, a large proportion of them not only wore yellow badges, but showed their loyalty to McKinley by cheers for him at the conclusion of Bryan's remarks. Wherever Bryan speaks speakers soon put in their appearance, and if it were possible for Bryan's speeches to have any influence on voters, it would be more than offset by the workers of McKinley speakers throughout the city.

Senator Tillman's appearance in the public squares of Chicago at this time is likened unto the notorious "sand lot" appeals of Dennis Kearney in San Francisco, and his work is doing good service for the sound money cause. After tenants of Temple Court buildings, 225 Dearborn street, had listened to Bryan speak today, they torn down the American flag and trampled it under foot. This created intense indignation among other occupants of the building, and for a time it looked as though serious trouble would result.

After Chairman Hanna had this evening carefully examined revised polls from several states, including those recently regarded as doubtful, he declared he was now absolutely certain that McKinley and Hobart would be elected by a much larger majority than he has heretofore anticipated. He said there was no longer the least doubt that all the Pacific slope states—Kansas, Nebraska, the Dakotas, Minnesota, Michigan, Tennessee, West Virginia, Maryland and Delaware, would choose McKinley and Hobart electors on next Tuesday.

C. C. Vale & Co., brokers in this city, have posted \$1000 to bet on McKinley's election at three to one.

RESORT TO VIOLENCE.

McKinley Parade Stoned by Populists in Linn County.

ALBANY, Or., Oct. 29.—As the campaign nears its close, the lawless element in the Bryan party appears to have become emboldened, and numerous instances of shameful methods resorted to are reported. Yesterday A. C. Hough went to Lyons to speak for the McKinley cause. He was met at the train by Mr. Hiatt, a staunch Republican. The consent of two of the directors of the school district had been obtained to use the schoolhouse for the speaking, but when Mr. Hiatt, went after the key, a third director, who is a Populist, informed him that the schoolhouse had been let for a dance. After considerable trouble Mr. Hiatt found the door opened, and went in and lit the lamps. He stepped out for a few minutes, and when he returned, found the door locked and behind it were two ruffians, who said with an oath that they did not propose to allow any Republican to speak in Lyons. It was raining, and no outdoor meeting could be held, and the speaking was given up. The next morning Mr. Hough was insulted and hooted at on his way to the train.

At Jefferson, Tuesday evening, the Republicans held a big rally, and a great crowd was present. A gang of lawless Bryanites began throwing stones at the marching columns of McKinley men. A number of citizens were struck by flying missiles, and two men were knocked senseless.

All respectable people feel outraged at such acts of violence, and many are leaving the Bryan party out of sheer disgust.

ROYAL BAKING POWDER Absolutely Pure. A cream of tartar baking powder. Highest of all in leavening strength.—Largest United States Government Food Report. ROYAL BAKING POWDER CO., New York.

REPUTATION AND DISHONOR.

A Part of One of Henry Ward Beecher's Best Sermons.

During the fiat money and unlimited paper currency excitement of 1877 Mr. Beecher delivered a famous sermon on Thanksgiving of that year on the perils of the day. In it he used this language: "Whenever in any nation there is such an attempt to tamper with standards that the moral sense of man is bewildered and liberty is given to unprincipled men at large to cheat, to be unfaithful to obligations, to refuse the payment of honest debts—whenever that takes place, it is all the worse if done with the permission of the law. I hate the devil riding on a law worse than I do the devil riding without a law under him. Whoever tampers with established standards tampers with the very marrow and vitality of public faith. \* \* \* The danger into which we are running is hidden under the mystery of finance and the currency. All money is but a representative of property. As now, by facility of intercourses, all the world is one open market, the need of one and the same standard of money, uniform, universal and unalterable, becomes imperative."

"Gold is the world's standard. Gold is the universal measure of value. Other kinds of money there are—silver, copper, paper—but they all must conform to gold and be measured by it and be interchangeable with it, in fixed and definite proportions. Gold is king in commerce. All other money must represent gold. No vote of legislature can change the nature of commerce, the nature of property, the nature of its representative in money or the relative superiority or inferiority of different currencies. Gold came to its supremacy as a representative of property by the long established consent of mankind. Congress cannot change it for the world, nor even for this nation, except upon past transactions. It may give impunity to men to cheat confiding creditors, but it cannot rule the value of currency in all future transactions."

"The crime of paying a debt in a currency inferior in value to that in which it was contracted, base at all times and anywhere, has a deeper guilt and a baser infamy in our case. When in our mortal strangle capitalists were solicited to lend their money to us on the faith of the nation, we were too glad, most grateful, for their aid. Then they were not grasping and swollen usurers. Oh, no! They were benefactors. We rejoiced in their bounty and gave thanks for their confiding faith in our national honesty. Now, our dangers past, we revile them, finding no epithets too violent, and strive to pay them, not gold for the gold they lent our misery, but in a dishonest measure of an inferior metal."

"In the court of the commercial world's conscience we shall be convicted of endeavoring to cheat the men who came to our rescue in the dark day. This congress would not have existed nor any government of the United States but for the strength given to our armies by foreign capitalists, and now to return their aid by a base treachery is to deserve an infamy as deep as the lowest depths of hell. But woe to those men, bull headed, without eyes, who are attempting to undermine the integrity and simplicity of the nation."

An Unworthy Citizen.

Silverite Orator—What we want is more money.

Skeptic—Would free coinage make more money?

S. O.—Certainly. It would give us both gold and silver.

S.—But wouldn't free coinage at 16 to 1 drive gold out of circulation, in accordance with the Gresham law?

S. O.—My friend, Mr. Bryan proposes to repeal any law that is working in the interest of the goldbugs and Shylocks.

S.—But the Gresham law is a natural law, like the law of gravitation.

S. O.—My friend, you are a pessimist and don't know that you are a citizen of the grandest country on earth—one that can "without the aid or consent of any other nation" repeal even the law of gravitation itself if it should become a tool of Wall street. Shame on you! You don't belong to this country. As I was saying—
