He Gets One Electoral Vote of Kentucky's 13.

BOLIVIA RECOGNIZES CUBA

Wheat Goes Climbing Towards the Dollar Mark--Coast Fortifications Being Pushed.

WASHINGTON, Nov. 13.—While the navy is being placed on a war footing in anticipation of possible trouble with Spain, growing out of the Cuban rebellion, the army is equally active in its warlike preparations, especially along the South Atlantic coast.

These works of coastwise defense have been quietly but rapidly pushed toward completion, and General Craighill has reported to the secretary of war that all or nearly all of them will be ready for occupancy by December 15.

General Craighill would not say that work on these fortifications and the orders for their immediate completion had any bearing upon the Cuban question, but he placed a significant emphasis upon the remark that, "Just now we are exerting all the energy of the engineer corps in the work upon these fortifications."

At the last session of congress an appropriation of \$5,000,000 was provided for immediate expenditure upon the coast defenses from Maine to Texas, besides as much more for contracts. This being an unusually liberal amount, orders were given to exercise all due haste in the work along the Southern coast.

General Craighill says the work on the fortifications has been pushed forward to the exclusion of other business of the engineering department. He is gratified to report that they will be ready to receive their armament not later than the middle of next month.

CUBANS RECOGNIZED.

Sensation Caused in Peru by the Action of Bolivia.

LIMA, Peru, Nov. 13.—Something of a sensation has been caused here by the news received yesterday from Sucre, Bolivia, of a favorable report made by the committee on foreign affairs of the Bolivian chamber of deputies on a decision to recognize the Cuban insurgents as belligerents.

Upon hearing the news, the Spanish envoy to Peru, Senor Devancello, who is also accredited to Bolivia, immediately set out for Sucre to look after Spanish interests in that capital, and presumably to lodge a protest on behalf of his government against the proposed action.

Further advices received today from Sucre show that the congress had an exciting and stormy session to consider the resolution. The president of the chamber declared the resolution adopted, and the senate proceeded to approve it in the midst of loud protests from excited senators and great confusion in the senate chamber, so that the session finally had to be suspended.

The New York Market.

NEW YORK, Nov. 13.—Wheat made another long reach towards the dollar mark this morning. December in the first hour sold up to 90 1/2. Trade was very active for a time, including a fair volume of European buying, stimulated by strong cables. The bulge started heavy realizations and towards noon prices eased off. Unfavorable crop reports from France and Argentine helped the bulls.

Arloes reports having heard firing near Loma, probably from the division under General Weyler.

The hills of Rubi have been captured after a serious engagement. The Spaniards had a general, six officers and fifty-four soldiers wounded.

THE RESULT IN KENTUCKY.

Bryan Secures One Out of Thirteen Electors.

FRANKFORT, Ky., Nov. 13.—The official count of the vote shows that Cash, the first elector on the ticket for McKinley and Hobart, has 218,054; Smith, the highest on Bryan and Sewall ticket, 217,796. Smith defeats the lowest McKinley elector. McKinley's plurality is 258, taking the two highest votes.

No Truth in This Story.

LONDON, Nov. 13.—Officials at the foreign office deny that there is any true in the story published by a New York newspaper, that the British ambassador, Sir Julian Pannecote, tendered the good offices of Great Britain with a view to averting trouble between the United States and Spain. Officials say that beyond newspaper rumors they have no knowledge of any difficulty between the United States and Spain.

Gov. Atkinson Withdraws.

ATLANTA, Ga., Nov. 13.—Governor Atkinson this afternoon announced his retirement from the senatorial race. This leaves the contest between Clay and Howell unless a dark horse is introduced.

It is expected Atkinson's strength will be thrown to Clay.

The Delaware Case Settled.

WILMINGTON, Del., Nov. 13.—Governor Watson issued a proclamation today declaring that all the votes cast for James G. Shaw and James G. Shaw, sr., for presidential elector, shall count for James G. Shaw. This will send the three McKinley electors from Delaware to the electoral college.

Death of T. C. Hyde.

BAKER CITY, Or., Nov. 14.—T. Calvin Hyde, aged 49 years, a prominent attorney, died this morning. He leaves a wife and five children. Deceased was born in Oregon City.

One of Hanna's Enterprises.

NEW CASTLE, Pa., Nov. 14.—The Rosena furnace, owned partly by Mark Hanna, of Cleveland, started today after several months' idleness.

The furnace employs about 2,000 men. Been Reported Many Times.

WASHINGTON, Nov. 13.—It is reported that Justice Field is soon to retire from the supreme bench and that Secretary Carlisle will be appointed to succeed him.

Motions for Review and Rehearing.

DEPT. OF THE INTERIOR, } WASHINGTON, D. C., Oct. 24, '96. Rule 114 of Practice (see 18 L. D., 472) is amended to read as follows, to take effect as of the date hereof:

Rule 114.—Motions for review and motions for rehearing before the secretary must be filed with the commissioner of the general land office within thirty days after notice of the decision complained of, and will act as a supersedeas of the decision until otherwise directed by the secretary.

Such motion must state concisely and specifically the grounds upon which it is based, and may be accompanied by an argument in support thereof.

On receipt of such motion the commissioner of the general land office will forward the same immediately to this department, where it will be treated as "special." If the motion does not show proper grounds for review or rehearing, it will be denied and sent to the files of the general land office, whereupon the commissioner will remove the suspension and proceed to execute the judgment before rendered. But if, upon examination, proper grounds are shown the motion will be entertained and the moving party notified, whereupon he will be allowed thirty days within which to serve the same, together with all argument in support thereof, on the opposite party, who will be allowed thirty days thereafter in which to file and serve an answer, after which no further argument will be received. Thereafter the case will not be reopened except under such circumstances as would induce a court of equity to grant relief against a judgment of a court of law.

All rules or parts of rules inconsistent herewith are rescinded.

DAVID E. FRANCIS, Secretary.

Backlen's Arzica salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Blakeley and Houghton, druggists.

Several Small Engagements.

MADRID, Nov. 13.—A number of engagements have taken place in the provinces of Matanzas, Havana and Pinar del Rio, in Cuba. The rebels at Tenerife were dispersed (the latter is a hamlet near Consolation del Sur, in the province of Pinar del Rio). General

Says America Must Be Responsible for its Words.

THE DINGLEY TARIFF BILL AGAIN

F. C. Hyde of Baker City Died Saturday--Hanna's Factories Are Running Full Blast Again.

NEW YORK, Nov. 15.—The evening Post's copyright cablegram from London today has a review of the press comment on the Anglo-American agreement on the Venezuelan question. The most notable extract is one from the Spectator, which dispatch says it laments over the folly of a country like the United States, with a standing army and great fleet, "putting itself into position of being dragged into war whenever a petulant American half-caste state chooses to insult a European power."

The Spectator says: "If the United States assumes suzerainty it must guarantee decent wards. Thirty of fifty years hence Europe, pressed almost to madness by the inability to feed the over-crowded peoples, will want to swarm into South America under its own flags. To deny them will mean attempting to crush the fleets and armies of the combined continent of Europe."

THE DINGLEY TARIFF BILL.

Possibility That It Will Pass at the Coming Session.

WASHINGTON, Nov. 14.—In view of the recent statements of some of the silver senators that they would not oppose the Dingley tariff bill, and the opinion of Senator Morgan that the Democrats would probably permit the legislation without obstruction on their part, the prospects for the bill are deemed fair, if the Republicans decide to pass it. Upon the latter contingency there is a division of opinion among Republicans. Senator Sherman, of Ohio, takes the ground that the passage of the Dingley bill at the coming session would obviate the necessity for an extra session of congress, as it would furnish the revenue needed for the present and would be sufficient for all purposes until congress shall meet in regular session and prepare a revision of the tariff carefully and deliberately.

Another reason advanced in support of the proposition for the passage of the Dingley bill at this time is the suggestion that the custom-houses should be locked as soon as possible by an increase of the tariff rates against the impending flood of cheap foreign goods which would come in through anticipation of a certain increase in the rates at some future date. The fact is recalled in this connection that just such a flood of cheap goods poured into the country prior to the McKinley bill going into effect, and in anticipation of the increased rates carried by that bill. In a single month prior to the taking effect of that bill, the importations jumped to \$78,338,183. This was an increase over the preceding month of \$15,000,000 and of the same month a year previous of nearly \$25,000,000.

According to the arguments advanced the ill effect of such a condition are obvious. It is held that it discounts the revenues of the incoming administration because the market is surfeited with goods and the importations would be light for the first few months of the tariff law. For the same reason it is claimed harm is worked to the American manufacturers and laborers, the people whom the new law is to benefit, for it cuts off the market of the American product. However, it is stated that President Cleveland would veto the Dingley bill or any other tariff measure passed at the coming session of congress. His support of the sound money principles and his practical co-operation with the Republican party in the election just over can in no way be construed, it is said, as meaning that the president is in any way in sympathy with the party on the other questions. The Republican party is still his foe on the tariff question. He will, despite the severe lesson the country has learned, continue a free trader.

Women's Christian Temperance Union.

ST. LOUIS, Nov. 13.—The twenty-third annual convention of the National Women's Temperance Union opened today with a greater attendance than any one previously held. At least 500 accredited delegates were present and as many more visitors from every portion of the country.

Spain and Uncle Sam Friendly.

WASHINGTON, Nov. 14.—In answer to inquiries as to the foundation of certain sensational stories in circulation recent-

ly as to trouble with Spain growing out of the Cuban situation, Secretary Lamont said today: "Stories about the movement of troops in the South are untrue, and the assumption that work on coast defenses has any significance or is being expedited for any unusual purpose has no foundation. This work has made excellent progress in the past year, and I am making an effort to show some return in completed defenses for the large amount of money appropriated for this object."

A Mayor Under Arrest.

NEW YORK, Nov. 14.—A bench warrant for the arrest of Mayor H. J. Gleason of Long Island City was issued by the district court today. The warrant charges violation of the election laws. The indictment was issued on complaint of the Jeffersonian party of Long Island City, which alleged that Gleason had illegally refused them representation on the board of election inspectors.

STATE OF OHIO, CITY OF TOLEDO, ) ss. LUCAS COUNTY, )

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1896.

A. W. GLEASON, Notary Public.

Floods in Turkey.

CONSTANTINOPLE, Nov. 16.—This is the fourth day that Constantinople has been cut off from postal communication with the outer world, as owing to the floods, Orient express service is interrupted trains only running from Soas irregularly.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50 cents and \$1.00 per bottle at Blakeley & Houghton's Drug Store.

Robbed the Till.

BAKER CITY, Nov. 16.—Jack Walker's saloon was last night visited by four masked men, who robbed the till of its contents, \$10. The robbers cornered the men in the saloon with shotguns and pistols, and made good their escape.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store.

The Wasco Warehouse Co. begs leave to inform Farmers that they have STORAGE ROOM for 200,000 SACKS OF WHEAT and any one wishing to store their wheat and hold for later market can do so on usual terms. Also, they will pay the HIGHEST CASH PRICE for Wheat, Oats, Rye and Barley.

Work Horses.

For sale or will exchange for cows and calves. Time given on first-class security. For particulars inquire of C. E. Bayard, The Dalles, Or., or Frank Watkins, at ranch on 15-Mile. 21-w1k

Anyone desiring their chimneys cleaned can have it done by calling upon or addressing Mr. Ike Peary or James Hogan, The Dalles or telephone to No. 89. 017-11

There's more clothing destroyed by poor soap than by actual wear as the free alkali rots them. Hoe cake is pure. 1y24-1j

No more BOILS, no more PIMPLES Use Kinerly's Iron Tonic. The Snipes Kinerly Drug Co. Telephone No. 3.

Clark, the East End jeweler, makes a specialty of fine watch repairing. Call and see him.

WATER EVERYWHERE

The Willamette Valley Under the Flood.

MOUNTAIN STREAMS ARE BOOMING

The Snohomish Breaks All Records, and Has Flooded Everything--Niagara Falls Making Electricity.

OREGON CITY, Nov. 15.—During the past 24 hours, the Willamette has risen seven feet below the falls, and half as much above, stand 22.2 below and 11.3 feet above the falls. One and seven-tenths of an inch of water fell today, and the rain continues. The river is still rising at the rate of one inch an hour. The wind has changed to the northward, and the temperature is perceptibly cooler.

The upper tributaries of the Willamette are reported as booming and considerable rise is looked for.

Reports from the foothills are to the effect that a great deal of snow has melted in the last three days.

The canal closed at 4 o'clock this evening.

An old scow from up the river went over the falls this evening, and another structure, resembling a crib-pier or box-house, went over a little later. It was too dark to distinguish the character of the building.

In town, every drainage channel is filled to bursting. Singer creek burst its bounds and threatens damage to streets and private property. The rising water suspended work on the new electric power house. Many basements and cellars are flooded. Water put out the fire in the Methodist church furnace this afternoon, and no services will be held tonight.

The trolley line to Portland was disabled by deep water on Birney flat. The north-bound Roseburg local was three hours late here tonight.

The Clackamas cut a wide channel round the north end of the Gladstone dam, and is eating a large slice out of the big peach orchard there. The Clackamas bridge is in danger.

THE RAGING SNOHOMISH.

Ranchers on the Bottom Lands Rescued by a Steamboat.

SEATTLE, Nov. 15.—A special to the Post-Intelligencer, from Everett says: The Snohomish river has broken all records, and is now about two feet higher than the top high-water mark of previous years. Disregarding the regular channel, it has broken over the banks and dikes and is taking a short cut across the country on its mad race to the Sound, and the water is still rising.

The ranchers on the bottom lands were only partially prepared for the flood. While their loss must be considerable in the aggregate, it is impossible to get details. Mr. Powers, who keeps a dairy on the East place, is reported to have lost all his cows.

The steamer Florence Henry has gone out on the bottom lands east and south of Lowell, and is now gathering up the rancher's families from their submerged dwellings, some of them miles from the river.

The Monte Cristo track between Everett and Lowell is all under water. The wharf at the foot of Hewitt avenue is partially submerged.

At Lowell the water has washed out the tracks of both the Great Northern and Monte Cristo roads. The lower floor of the paper mills is flooded, and the fires have been put out in the furnaces.

The Monte Cristo train of yesterday was not able to get through the canyon, the track being covered with water most of the way, and water filled the tunnels to the depth of several feet. Three bridges across the Ebey slough, and the river at Lowell are not damaged.

The Turning of the Switch.

NIAGARA FALLS, N. Y., Nov. 15.—The fact that at midnight was begun the transmission of electrical power from the falls to Buffalo for the first time drew a very large crowd of people to the power-house of the Niagara Falls Power Company tonight. So many were trying to gain admission to the place that at 9 o'clock the doors were closed. Those present in the power house proper were: Messrs. W. B. Rankin, secretary of the company; W. A. Breckinridge, resident engineer; Paul M. Lincoln, electrical superintendent; I. R. Edmonds, of the General Electric Company, and Hon. W. H. Ely. Mr. Edmonds had charge of the transformer-house. At 11:45 Messrs. Rankin, Breckinridge and Lin-

ROYAL BAKING POWDER Absolutely Pure. A cream of tartar baking powder. Highest of all in leavening strength.—Largest United States Government Food Report. ROYAL BAKING POWDER CO., NEW YORK

coln took positions on the raised platform in front of the switchboard, on the main floor of the power house, and arranged the switches.

Shortly before 12 o'clock Mr. Breckinridge informed Mr. Edmonds, in the transformer-house, that electricity was ready for the transformers, and a moment later the switch was thrown and the power was rushing through the transformers out on the line and away to Buffalo. Mr. Edmonds pronounced the machinery all right, and formally delivered it to Mr. Breckinridge for the power company. It was accepted, and then the current was shut off for a brief space. Communication was had with the street-railway company in Buffalo, and word was received from them that everything was in readiness at that end of the line. Mr. Rankin then stepped to the platform, threw the switch over, and Niagara's power was in Buffalo. A salute of twenty-one guns was fired by a battery stationed near the power house.

THE EFFECT IN CALIFORNIA.

Much Depended Upon the Supreme Court Decision.

SAN FRANCISCO, Nov. 16.—Much local interest is felt in the decision of the United States supreme court in the irrigation bonds case, for on it the development of the state greatly depends. About \$8,000,000 of irrigation bonds are held in this vicinity and in Europe. Local banks and capitalists have advanced much money upon the bonds as collateral securities, and a decision that they are valid means the immediate establishment of a strong market value for them, the issuance of more bonds and opening up of vast areas of rich farming lands, which, coupled with the advance in wheat, will make the state more prosperous than ever.

A decree of the supreme court confirming Judge Ross' decision that the bonds were invalid would have meant a loss to the extent of the money invested in them and loaned upon them, and the retarding of the important work of irrigation for a time.

In the irrigation districts directly affected by the decision, the sustaining of Judge Ross by the supreme court would have worked a great hardship. Nearly \$5,000,000 has been spent already in building dams, etc., and preparing to irrigate and cultivate 20,000,000 acres. Under the exact provisions of the Wright act, an adverse decision would cause this money to be lost. On the other hand, a favorable decision would cause at least \$15,000,000 more to be spent for improvement purposes.

The Storm in Lane County.

COTTAGE GROVE, Or., Nov. 15.—The heaviest rain storm that has been known in this section for many years has prevailed for the last forty-eight hours. The river is breaking over its banks and causing much damage. Many families are leaving their homes for safety, and if the river continues to rise till morning, it is feared many houses will be carried away. Some business houses are also in danger.

Two miles north of here, a quarter of a mile of track is under water. The south-bound local was stopped at Creswell, and there is no telling when the track will be safe for traffic. The rain and wind since noon have been at intervals, though the temperature remains about 65.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for coughs, colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at Blakeley & Houghton's, Drug Store.
