IN OUR POCKETS.

We May Soon Be Able to Carry Gallons of Coffee.

In the forward march of science, nature's methods are being closely imitated in the laboratories of the synthetic chemist who has already been able to make an artificial quinine which contains most of the therapeutic properties of the real article. Two German chemists working in Berlin have just produced an artificially prepared caffeine, the alkaloid to which both tea and coffee owe their refreshing stimulating and anesthetic properties.

As may be readily imagined, says the Cincinnati Enquirer, the process by which this has been done is exceedingly elaborate and costly, but the discoverers are not without hope that they will be able to simplify and cheapen it so as to bring it within the region of practical economics, as has been done with many of the coal-tar preparations which, though now exceedingly cheap, were very expensive when first produced. Should the anticipations of these two gentlemen be realized a cup of tea or coffee will resolve itself into a question of minute pellets; one of the alkaloid, one of saccharine, and one of a highly concentrated milk, which will only need to be put into a cup of boiling water to be an efficient substitute for the real article.

IT WAS ON A TRAY.

Reason Why Johnnie Could Not Put the Card Under the Door.

The lady who lives at the family hotel on the North side was dressing for dinner. She was not expecting company just at that moment and was somewhat startled to the eye. But no eye was there save hers. Suddenly she was roused from a contemplation of her charms in the mirror by a knock. "Some one is rapping again," she muttered. "Everybody in this hotel seems to have a hammer out."

Then in a clear, bird-like voice she called: "Who is it?" "It's Johnnie," said a voice. Johnnie was the sad-faced boy with the painstaking head who brought up ice water and things.

"What is it, Johnnie?" asked the lady fair. "I have a card," replied the page. "Put it under the door," said the charming guest. "I can't," said Johnnie; "it's on a tray."

And the elevator fell to the basement with a great crash.

COVERED WITH SCALES

Eczema in Worst Form Face a Loathsome Sight Could not Leave House

HAD TO SACRIFICE HAIR

In Despair Dismiss Doctors and Begin the Use of CUTICURA REMEDIES

Effect Wonderful In Three Weeks Scales Gone In Six Weeks Cure is Complete

About four years ago Eczema made its appearance on my head in its worst form. I was attended by two physicians, but notwithstanding their treatment it continued spreading, until my face was covered with scales and became a horrid loathsome sight. For three months I did not leave the house, and people passing would turn and look back when seeing me at the window. I had a fine head of hair, seven years' growth, and had to sacrifice it. I was in despair. The physicians had failed even to relieve me, when one of my father recommended CUTICURA SOAP. My father dismissed the doctors and procured a full set of CUTICURA REMEDIES. I commenced using them according to directions, and in three weeks from the time I began the scales had left my face and the skin lost its horrid hue. In six weeks I was entirely cured. My face was smooth and my complexion clearer and finer than it had ever been before. I used three boxes of CUTICURA, one half dozen cakes of CUTICURA SOAP, and one bottle of CUTICURA RESOLVENT. Persons having any doubt about this testimonial being genuine, can write to my address, and I will cheerfully tell them more about CUTICURA REMEDIES. MISS MARION A. SMITH, Sanbury, Pa.

The almost miraculous cures daily effected by CUTICURA REMEDIES prove them to be the greatest skin cures, blood purifiers, and humor remedies ever known. Warm baths with CUTICURA SOAP, gentle applications of CUTICURA (ointment), and mild doses of CUTICURA RESOLVENT (blood purifier).
