months old and growing like any other healthy boy. Until about two years ago he was

rather a delicate boy. His chief diet was bread, water and tes, In fact, upon this he lived and thrived. He could not eat meat or vegetables. In the last two years, however, his appetite has demanded more substantial food. He has grown strong and vigorous. Indeed, he is well proportioned. The last pair of shoes he bought were No. 12. Now they are pinching his feet, and his next ones must be No. 13, and be made to order.

Eddie is light complexioned, quiet, and as his father says, a good boy. He proposes some day to become a brickmason like his father. But this far im life he has spent his time in school. He has attended the Franklin building, where his tall, stalwart form is a familiar sight among the other children of his age and grade.

Taxes at d Taxes.

The taxes in La Grande, including smells as savory under either name.

There is but one remedy-to utterly refuse to go further into debt; to practice the most rigid economy; to keep our tax rate up, and pay off our debts. Get out, and then keep out. The worst feature of the whole affair is that the high taxes prevent the establishment of factories and the starting of new indusdling any portion of our mismanagement on'to someone else. We must meet it ourselves.

Fortune Frowns on Mark Twain.

Few of the many friends of "Mark Twain'5" (Samuel L. Clemens) know of the plucky fight he is making with adversity, or how badly he has been used

In a word, Mark Twain, who a few years ago thought himself a rich man, is today worse than penniless.

Since his return from Africa a few months ago, he has been living in very modest lodgings in London, going nowhere and seeing but one or two friends, working all day and every day at a history of his trip around the world.

With the proceeds of this book he hopes to be able to pay off his creditors Mark Twain lost practically every-
