COAL RATE WAS FIXED

Finance Committee Decided on 67 Cts. per Long Ton.

RESTORE DUTY ON PAINTINGS

Several Hundred Pension Bills Reported to the Senate—Pettigrew Again in His Place.

WASHINGTON, June 29.—The senate committee on finance has fixed the duty on coal at 67 cents per long ton. This rate applies only to coal shipped from countries which do not impose a higher rate on American coal. It, therefore, affects only Canada, the Canadian rate on American coal being the same.

The committee decided to restore paintings to the dutiable list. The house imposed a duty of 25 per cent ad valorem on paintings. Crude gypsum rock was taken from the free list and made dutiable at \$16 per ton.

A FLOOD OF PENSION BILLS.

Several Hundred of Them Reported to the Senate.

WASHINGTON, June 29.—Several hundred pension bills were reported to the senate today as a result of the first meeting of the pension committee since the present congress assembled. Gallinger stated that it had been decided to report favorably all those bills which had been formally passed by either branch of congress or had been favorably considered in the committee.

The general pension bills were among those reported, two of them amending the act of 1890 and another referring to proof in pension cases.

TO RESTRICT ANNEXATION.

Constitutional Amendment Introduced by Crumpacker.

WASHINGTON, June 29.—Representative Crumpacker, of Indiana, has introduced in the house a resolution for a constitutional amendment, providing that hereafter no noncontiguous territory shall be annexed to the United States except in pursuance of a treaty negotiated by the president, concurred in by two-thirds of the houses of congress and ratified by the legislatures of three-fourths of the states, and no contiguous territory except by treaty concurred in by two-thirds of each house, the vote of concurrence not to be taken into the house of representatives until two years have elapsed from the time of taking the vote in the senate.

To Control the Trusts.

WASHINGTON, June 29.—The Republican members say the committee on judiciary today had under consideration the form of an amendment to be submitted for control of the trusts. They practically agreed upon an amendment making it an offense punishable by fine and imprisonment for one year for any person or corporation to monopolize or to conspire with any person or corporation to monopolize trading in any article protected by the tariff bill.

President's Nominations.

WASHINGTON, June 29.—The president has sent the following nominations to the senate.

State—To be consuls-general, Church Howe, of Nebraska, at Apia; John P. Bray, of North Dakota, at Melbourne. To be consuls of the United States—Hugo Donzelmann, of Wyoming, at Prague; Louis A. Dent, of the District of Columbia, at Kingston, Jamaica; Saml. S. Lyon, of New Jersey, at Osaka, Japan; Rounselle Wildman, of California, at Hong Kong.

War—Lieutenant-Colonel W. H. Powell, 11th infantry, to be colonel; Major C. E. Bennett, 19th infantry, to be lieutenant-colonel.

Pettigrew Again in His Place.

WASHINGTON, June 29.—Senator Pettigrew was on the floor of the senate today and was congratulated by his colleagues on his speedy recovery.

Charges Against Goodnow.

WASHINGTON, June 29.—Charges have been made against John Goodnow, of Minnesota, nominated for consul-general to Shanghai. The committee on commerce, to which the nomination was referred, will hear proof in support of the charges to-morrow night.

Lead Rate Agreed To.

WASHINGTON, June 29.—The senate has agreed to a duty of 1½ cents per pound on lead ore, as reported by the finance committee, by a vote of 30 to 23.

Killed From Ambush.

CRIPPLE CREEK, Colo., June 29.—Constable Michael Hayes was shot and

killed from ambush by Charles E. Nickell at the latter's ranch yesterday, two miles below the Beaver Park mill and about five miles out of this city. The victim was riddled with buckshot and died almost instantly.

Hayes was approaching the premises with a writ of execution from Judge Calderwood's court against a bunch of cattle belonging to Nickell. After the shooting Nickell delivered himself up at Colorado Springs.

SIX DEATHS BY EXCESSIVE HEAT

This Was the Record Yesterday at Chicago.

CHICAGO, June 30.—The excessive heat yesterday caused six deaths in this city, while a number of persons were prostrated. The strong wind tempered the sun's rays to a great extent, and many who felt the effect of temperature sought a shaded spot and were resuscitated by the cool breezes that blew steadily from the southwest. Five persons seeking relief from the heat went bathing, and the excessive temperature of their bodies induced cramps and all were drowned. The dead are:

Clarence Cummings. J. C. Bockour, drowned while swimming alone.

William Kamke drowned while swimming with companions in the lake.

Edward Masters, drowned in a pool at the foot of Pearson street while swimming with companions.

John Wawrynkiwicz, a laborer, seized with cramps while bathing in the river and drowned before his friends could reach him.

William Tumbach, colored, drowned while swimming in the lake at the foot of Twentieth street.

George Snire died from an apoplectic stroke induced by the heat.

Of the prostrate, Fred W. Bert is in a critical condition.

John L. Fell From Grace.

NEW YORK, June 29.—The Journal and Advertiser announces that John L. Sullivan has broken away from all training rules. Says the Journal and Advertiser:

Sullivan got away from Billy Muldoon while they were taking a walk through the streets of White Plains Sunday night, and when his trainer found him again he had consumed so much liquor that he had to be put to bed. Muldoon had him later on driven to the training quarters. Neither of them will speak of the matter.

Gave Back the Property.

OAKLAND, Cal., June 29.—Henry Kean, the East/Oakland coachman, has given back most of the fortune given to him by the late Ellen McLaughlin, and the suit commenced against him by the executors of the estate has been compromised. He was given \$30,000 in property, and has relinquished claims to nearly all of it in response to the demands of the executors.

The Railroad Restrained.

OMAHA, Neb., June 29.—Judge Castleline, of the South Dakota district United States court, has issued an order restraining the railroad commission of the state from putting into effect the maximum rate law established by the late legislature of South Dakota.

A Failure at Chicago.

CHICAGO, June 29.—The Clinton Lithographing Company, one of the most extensive lithographing plants in the city, made an assignment today. The assets are nominally \$419,994. Liabilities, \$104,442.

Rich Strike in Colorado.

ASPEN, Colo., June 29.—At a depth of 1000 feet a body of metallic ore that runs 24,000 ounces of silver has been struck in the Mollie Gibson mine. This discovery is what caused the stock to advance 20 cents yesterday.

Says Her Boy Was Poisoned.

SAN FRANCISCO, June 30.—The body of Thomas Norgan, lies at the morgue. The child died Monday morning. The boy's father is absent, and his mother has charged that the fatality was due to the boy's eating some cake given him by a neighbor.

Between this neighbor, a Mrs. Rusher, and Mrs. Norgan there has been trouble which resulted about a week ago in the arrest of Mrs. Norgan, but the charge of assault was dismissed. Mrs. Norgan says her son has been suffering from a throat trouble, but was taken violently sick Saturday night, after eating the cake given by Mrs. Rusher, who says that the boy's death was caused by cigarette-smoking.

A REAR-END COLLISION

Two Endeavor Sections Wrecked Near Chicago.

THREE KILLED AND MANY INJURED

All the Injured Persons Are Residents of Wisconsin—Cause of the Accident Unknown.

CHICAGO, June 30.—Three persons were killed outright and about twenty others injured in a rear-end collision on the Chicago & Northwestern road at 1:45 this morning, thirty miles out of Chicago. The dead are:

Mrs. R. Shipman, of Appleton, Wis. Mrs. John Gooding. An unknown tramp.

The injured were all residents of Wisconsin.

The colliding trains were sections No. 4 and 5 of the Christian Endeavorers' special, sent out in nine sections. Section 5 ran into section 4, which left Chicago fifteen minutes ahead of it. Section 4 carried Wisconsin delegates, nearly 500 strong, and in the rear sleepers were people from Fond du Lac, Green Bay, Appleton and other Wisconsin cities. The section had come to a stop just out of West Chicago, where the Freeport line diverges from the main line. Section 5 came up behind at great speed and the shock of the collision was terrible. Passengers in the two rear sleepers of section 4 were in their berths and most of them were asleep. They received no warning, and those not killed outright awoke to find themselves jammed in the wreckage.

Passengers on both trains began the work of rescue. One of the first of the injured taken out was Engineer Charles Courtney, of section No. 5. He had stuck to his post and was seriously injured.

Men and women could be seen struggling to extricate themselves from the wreckage. Others pinned down by some crushing weight were crying for help. Here and there was an arm or leg protruding from the debris.

A pathetic scene was the rescue of two daughters of Mrs. Shipman, of Appleton. They were unable to extricate themselves, and although hurt, refused assistance, begging that their mother be helped. Mrs. Shipman was found crushed under part of a roof and life was extinct when she was taken out.

Mrs. John Gooding was probably instantly killed. The force of the collision crushed together the partitions of her berth and she had no possible chance to escape.

The Chicago & Northwestern officials did everything in their power to relieve the sufferers. Two hotels in West Chicago were turned into hospitals, and able physicians were promptly in attendance.

Owing to the crush caused by the Christian Endeavor business all schedules were abandoned and the trains sent out as fast as filled. Nine sections left the Northwestern depot at intervals of 15 minutes, beginning at 10:30, to say nothing of trains sent earlier in the evening. Assistant General Superin-

tendent W. A. Gardner said this morning he could not give a tangible reason for the accident.

John Gooding, a Nevada Man.

MILWAUKEE, June 30.—John Gooding, killed in the West Chicago wreck, is a resident of Austin, Nev. He and his wife have been visiting their son, Attorney J. M. Gooding, of Fond du Lac, Wis., and took advantage of the excursion rates to return to Nevada.

A COLUMBIA RIVER TRAGEDY.

A Fisherman Fatally Shot by His Boat-puller, Near Astoria.

ASTORIA, June 30.—A terrible shooting affray occurred Monday night between 8 and 9 o'clock, in a fishing-boat, as the result of which Louis Spina is now lying at the point of death at St. Mary's hospital.

Spina and Antone Tonich operate Elmore's boat No. 83. They were in the city yesterday, and did considerable drinking. When they left out for the night's drift, Spina, the captain, went to sleep. He did not wake until the boat arrived at the place where they were to cast their net.

After laying the net Tonich wanted to lie down and sleep, but Spina objected. A quarrel followed. Spina drew a knife and started for his boat-puller, but the latter picked up a Winchester rifle, and, warning the captain not to come at him, pulled the trigger. The ball struck Spina in the left groin, lacerating the intestines in a frightful manner. The injured man fell into the river and was rescued by the boat-puller, who hastened with all possible speed to this city and reported the matter to the sheriff.

The fishing-boat did not arrive here until 10 o'clock this morning, and the delay had much to do with the seriousness of Spina's condition. The shooting occurred off the bell buoy, at the mouth of the river.

Spina made a statement of the cause of the shooting and exonerated Tonich from blame in the matter. He said he was wrong in objecting to the boat-puller taking a rest, and that he attacked him. When he started for him, Spina says he was warned, but would pay no attention to the boat-puller. He also said the shooting was accidental, but it is likely he wished to shield his partner.

Tonich was lodged in jail pending further investigation into the case.

Spina cannot possibly live. Internal hemorrhage has set in, and death is momentarily expected. Owing to the man's injuries, fully four feet of intestines had to be removed. The men had fished together for the last four years.

A Strike to Be Ordered.

PITTSBURG, Pa., June 29.—Notwithstanding the denials of local officials of the Miners' Association, an afternoon paper says officers of the national union will issue orders tomorrow for a strike in five states.

Negro Murderer on Trial.

FRANKLIN, Ky., June 29.—The trial of Green Dunning, the negro charged with killing Jodie Conn, began this morning. Eighty-seven members of the Kentucky state guard were present to protect the negro from the hands of a mob.

COTTON BAGS FREE

Senate Places Them There by a Vote of 30 to 25.

COTTON TIES WILL ALSO GO FREE

Teller Makes Inquiries Regarding the Anti-Trust Amendment—House Adjourns Until Monday.

WASHINGTON, July 1.—The senate today placed on the free list cotton bagging, burlap, grain sacks made of burlap and other bags made of jute or hemp, by a vote of 30 to 25.

The senate also adopted a tariff amendment placing cotton ties on the free list by a vote of 29 to 23.

REGULAR PROCEEDINGS.

Teller Makes Inquiries Regarding the Anti-Trust Amendment.

WASHINGTON, July 1.—The tariff bill was taken up promptly in the senate today. Teller made inquiries as to reports that an anti-trust amendment would be brought up. This was a most important matter, he said, and there should be ample time for consideration. Allison said he did not know what disposal was to be made of the subject, as no action had been taken by the finance committee. Teller said it had been reported about the chamber that such an amendment had been considered in caucus. He urged that it should not be brought in at the last moment, "as it will not be done," he added with positiveness. Allen gave assurance that no such hasty action would be taken.

White remarked he thought the anti-trust subject had been dropped.

"The trouble with Senator White and myself," answered Teller, "is that we are not members of the Republican caucus, and therefore are somewhat in the dark."

STOWE HOMESTEAD TO BE SOLD

Daughters of the Late Authoress Must Move Out.

HARTFORD, Conn., July 1.—The meagerness of the estate left by Harriet Beecher Stowe is soon to be apparent. Her twin daughters, who made a home for her on Forest street in this city for so many years, are in danger of being deprived of the old home, now historic.

When Mrs. Stowe made her will some years ago, she thought she would leave property enough to provide amply for her daughters and also for her son. By a codicil she bequeathed her Forest-street house to her daughters, but failed to put her signature to that portion of the will. When the estate came to be inventoried it was found that there was not enough in the daughters' share to support them comfortably or enable them to keep the old home for many years. It is now learned that their brother has notified that he is about to sell the house.

It has been suggested that the money which was to be raised for a statute of Mrs. Stowe be devoted to the purchase of the house for the daughters.

Fusionists Sold the Populist Vote.

ATLANTA, Ga., July 1.—Thomas E. Watson in a signed editorial in today's issue of the People's Party paper, charges that the fusionists have entered into a compact to deliver the Populist vote to the Democrats in November for \$1500, recently contributed to the Populist fund by Bryan out of the proceeds of book sales as the first installment of purchase money. His editorial concludes as follows:

"We could wish that Bryan had kept his money in his pocket. He has made a mistake, just as he made a mistake when he joyously rushed a telegram of congratulation to McKinley. How such a devoted champion of the people could find in his heart to rejoice at the election of a representative of the gold-bugs and corporations, we have not yet been able to comprehend. "But having thrown out these few remarks, we recur to our question, why have the fusion Populists taken Bryan's money if they are not under obligation to deliver him the Populist vote in 1900?"

Removed for Cause.

WASHINGTON, June 30.—Secretary Gage today by telegraph appointed B. M. Thomas, acting collector of internal revenue for the San Francisco district. The action was taken upon receipt of a report from a special agent of the department stating that he had discovered wrongdoing on the part of Collector Welborn in connection with the administration of the collector's office, and that Welborn had left the city to avoid arrest. The special agent in the report

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO. NEW YORK.

said Welborn was either making dummy appointments and purloining the salary attached to the place, or making the appointment under an agreement to divide the salary.

FOREST RESERVE REGULATIONS.

New Rules Drafted by Land Commissioner Hermann.

WASHINGTON, July 1.—Much attention has been paid recently by the general land office to the preparation of rules and regulations applicable to the government of the various forest reserves, and Commissioner Hermann has now formulated these for the approval of the secretary of the interior.

Prospecting, locating and developing mineral resources and forest reserve are permitted. Lands for schoolhouses and churches are provided and water for domestic, mining, milling and irrigation purposes are also allowed. Construction of wagon roads is authorized and the right of way across reserves for irrigating canals, ditches, flumes and reservoirs is permitted.

Mineral lands of the forest reserves are subject to location and entry under mining laws in the usual manner. Makers of mining locations are authorized to fell and remove from their mining claims any timber growing thereon, for actual mining purposes upon their particular claim. Free use of timber is allowed to bona fide settlers, miners, residents and prospectors for minerals, for firewood, fencing, buildings, etc.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

A California Elopement.

LOS ANGELES, July 1.—Mrs. John Bradbury, wife of the well-known young millionaire, and H. Russell Ward, a young Englishman, have eloped. It is believed they left this city on the north-bound train last night, and it is said that their destination is Australia.

The elopement is the sequel of a compromising escapade of the couple at Santa Monica several days ago, which shocked the four hundred and set the gossiping tongues a-wagging. Ward has abandoned his wife and two children, who are touring Europe for pleasure.

Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store. 1

\$400⁰⁰ not \$200⁰⁰

Two San Francisco grocers—Ring Bros. and T. Salomon—won \$100.00 each because they sent the most yellow tickets before June 15th.

But grocers and clerks can get more tickets than other consumers; so we also paid \$100.00 each to the two persons named below:

Mrs. Wm. Funk, Winnemucca, Nevada, 132 tickets.
Mrs. L. Doring, 819 Bryant Street, San Francisco, 72 tickets.

Mrs. Doring got a number of friends in San Francisco and near by (one keeps a boarding house) to give her their tickets; and she used the tea herself.

By the way, she uses *Schilling's Best* baking powder and extracts—too bad she doesn't know how good *Schilling's Best* spices are! But she says the extracts and baking powder are wonderful.

A woman in Stockton, who keeps a restaurant, came very near getting a prize. She deserves one for supplying her customers such good tea.

Better read our advertisements every day—some contain suggestions how to win the prize.

By the way, grocers can't compete for the two \$150.00 prizes offered for the most yellow tickets in one envelope between June 15th and August 31st. They can, however, compete for the \$1000.00 prize.
