WHEELING, W. V., July 28 .- Among the local labor leaders there is a general

States Has a Valid Claim Upon United Paimyra Island.

NEW YORK, July 28 .- A Herald special from Washington says:

In support of their claim to Palmyra island, which has been taken possession of by the British government, the London authorities refer to the fact that the British flag was boisted over this territory in 1889. Even if the official records July 28th; Rosalie, July 31st; Al-Kl, of the Hawaiian government fail to show the title of the Dole regime to the island, the United States is in a position to Topeka, August 12th; Rosalie, Aug. 13. raise the claim that the island belongs to this government by virtue of discovery

P. B. Weare, who represents the Alaska company at Chicaso, says in his telegram :

"We fear trouble, and want you to convoy us out of Behring sea." This message put everybody about the

treasury department on the move with a view to granting the request for a revenue cutter.

One of the vessels to start during the danger period between August and September is the Portland, but it is not home with complexions like a known whether this will be the treasure craft or not. This vessel is a stanch one and has a good-sized crew, who could give an excellent account of themselves in case of an emergency.
