Tongue at Portland.

Oregon congressional delegation is today wrestling with mighty matters of state. The arrival of Representative Tongue from his home at Hillsboro last evening completed the triumvirate, Senator McBride and Representative Ellis having preceded him, and today the delegation is keeping open house to their friends and those who are in quest of federal appointments. The three members got together for a short time last night, but as Senator McBride was fatigued from the siege of placehunters during the past three days, no conference was held, and further consideration of the claims of applicants was deferred until this morning when the army of office-seekers was again out in full force. The entire forenoon was given up to callers and eloquence in support of candidates, and doubtless the greater portion of the afternoon will be devoted to

the same end. A formal conference between the members of the delegation will therefore, in all probability, not be held until some time this evening if as early as that. The delegation will give the placehunters and their friends every opportunity to be heard, and as every candidate for office of any importance is in the city the hearing should be concluded today. It is a question whether the delegation will at this time agree upon appointments other than those most urgent. The offices of U. S. district attorney and U. S. marshal are upon this list by reason of the fact that the terms of the incumbents will soon expire. For this reason most of the interest is centering upon these two offices at this time. It has been intimated to the members of the delegation that recommendations for offices that will not become vacant before the meeting of congress will not be made for some time to come. The suspense of many of the candidates must therefore be prolonged for some time.—Telegram.

VETERANS ON PARADE. Grand Procession the Feature of the Day at Buffalo. BUFFALO, N. Y., Aug. 25.—Drums beating the reveille brought the comrades from their tents early this morning. Aides de camp in gold lace of the national guard of New York were dashing about the streets on horseback looking with anxious care to the divisions to which they had been assigned. In the corridors of the Iroquois hotel spurs were jingling and sabers clanging as the officers of General Clarkson's staff hurried to the headquarters of the commander-in-chief to report to Colonel J. Corey Winans, chief of staff. The posts of the department of Illinois and some of the department of Wisconsin were early on the march. Music and the tramp of marching feet brought cheering crowds to the little detachments as they passed, and the hum of expectancy grew into a roar of excitement as the time for the moving of the procession grew near. Excursion trains began to pour thousands of recruits into the already congested thoroughfares. In front of the Hotel Niagara, General Clarkson and staff drew up in a line and Clarkson waited upon President McKinley to escort him to the head of the column. At 10 o'clock the president left the Niagara accompanied by an escort. At 10:30 o'clock the procession moved to the roll of innumerable drums and the blare of trumpets, and the Grand Army headed by the president took up its triumphal way through the seas of cheering humanity.

Delegates from California. BUFFALO, N. Y., Aug. 25.—A large delegation of Californians arrived here last night. They have come with a twofold purpose, that of discharging their duty as delegates to the G. A. R. encampment and to boom San Francisco a place for holding the next encampment, or that of 1899. A Valuable Prescription. Editor Morrison of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed strength. Prices 50 cents and \$1.00. Get a Bottle at Blakeley and Houghton's Drug Store.

The Latest Popocratic Craze. TOPEKA, Aug. 24.—The chairman of the Populist, Democrat and free-silver Republican committees are in conference here, and have decided that in order to maintain fusion in Kansas it would not be good policy to make opposition to federal courts a leading issue in the coming campaign. The contest will be made upon the silver question and the other demands that have been dominant in the Populist platforms heretofore. Troops Guard the Bridges. BOMBAY, Aug. 24.—The bridges in the upper Punjab are strictly guarded by troops. It is reported that when the Mohammedans attacked Fort Shabakadar they burned all the sacred books of the Sikh temple there. This excited the greatest indignation among the Sikhs throughout the province, and the Sikh troops on the frontier are greatly incensed. Steamer Portland Not Yet Sighted. PORT TOWNSEND, Wash., Aug. 25.—A small army of newspaper men are here waiting to intercept the steamer Portland with the latest news from Dawson City. She was reported off Cape Flattery last night, but the vessel proved to be the steamer Willamette, from Dyes. Up to 10:30 o'clock this morning the Portland was not sighted. Plan of the Labor Leaders. KANSAS CITY, Aug. 25.—According to the plans of the leaders of the great labor organizations of the country revealed by one of their number, the labor conference to be held in St. Louis on the 30th will result in a general movement for an eight-hour day and a uniform scale of wages for men engaged in the same occupations the country over.

WORK OF AN ARKANSAS MOB.

One Negro Lynched Yesterday and Six This Morning. LITTLE ROCK, Ark., Aug. 25.—If a report which reached here this morning be true, a wholesale lynching has taken place in Cleburn county, Arkansas, where, according to report, six men were swung into eternity last night by an enraged mob of citizens. One negro rapist was burned in his home by a posse of deputy sheriffs of Drew county Sunday night, and Tuesday morning the lifeless body of a negro murderer was found dangling from a railroad trestle near Pine Bluff. Last night six of the murderer's companions in crime were taken to jail at Rison, and this morning comes the report that the entire half dozen were lynched last night. A terrible riot occurred at a negro picnic near Kendal Saturday. Two white men were attacked and terribly cut by a mob of picnickers. One of these men, Johnson, a prominent citizen, died of his wounds. Two ring-leaders in the riot were arrested and turned over to the mob. Quick work was made of one of them, but the other escaped, after being shot several times. Not satisfied, the enraged citizens began searching for other rioters. Six men were arrested at daylight, and the officers started with them to jail at Rison, the county seat. The prediction was freely made that all six would be lynched within twelve hours. It is now reported that a sextuple lynching has already occurred. WHEAT SHOT UPWARD TODAY. Five Minutes After the Opening \$1.03 Was Quoted. CHICAGO, Aug. 26.—Wheat shot upward today as if a volcano had burst under the market. September, which closed last night at 96 3/4, started today on the regular board with sales all the way from 98 1/2c to \$1. Within five minutes it was selling at 1.03, amid tremendous excitement. Before the upward rush closed the quotation was 1.03 1/2 for September. Today was the first time the bulls had carried the price past the dollar mark in Chicago, dollar, wheat having only just touched for a moment some days ago. Besides the action of the French government in upholding the duty on cereals, opening Liverpool quotations showed an advance equal to from 2 1/2 to 3 cents a bushel. The shortage in the potato crop abroad was estimated at the enormous amount of 1,000,000 bushels, increasing the demand for American wheat. Later advices from Liverpool timed 1:30 p. m. show a further recession in prices there, and Chicago followed suit, September declining almost as rapidly as it had advanced. The price twenty minutes after the opening was 98 3/4. At 10 a. m. another rally carried September up to \$1.02 1/2. Dr. King's New Discovery for Consumption. Free trial bottles at Blakeley & Houghton's Drug Store. Regular size 50 cents and \$1.00. Concession to an American Company. KANSAS CITY, Aug. 26.—A Kansas City syndicate representing the Pittsburg & Gulf railroad interests, has secured a concession from the government of Colombia giving valuable commercial privileges in the South American republic. This concession, which was secured through J. Edward Buckley, United States vice-consul at Bogota, gives the right to navigate the Magdalena river and to build a railroad across the country from a point 250 miles from the mouth of the river at Bogota, and thence on south through the whole of the country. The project also carries with it the establishment of a line of steamships from some point on the Gulf to some of the ports of Colombia on the Caribbean sea. It is the aim of the Pittsburg & Gulf Company to build up a profitable traffic between Kansas City and South America. Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Blakeley and Houghton, druggists. Gold Dredge from Sawdust. PORT TOWNSEND, Wash., Aug. 26.—By the schooner J. N. Colman, which arrived this morning from St. Michaels, it is learned that the sealing schooner Eppinger, from San Francisco, when spoken July 20 had a total catch of 221 skins and 11 sea otter. The latter skins are valued at \$175 each. Last year's Eppinger's seal catch was 1450. Mr. J. Metcalf, of Detroit, Mich., who

came down from St. Michaels on the Colman, states that he saw a man wash \$12.50 from one pan of sawdust which he took from the floor of a barroom in Dawson City. It is said to be a common practice for miners to open gold dust bags and take out a pinch of gold dust in payment for drinks. The Mount Lebanon Shakers recently performed a great deed of charity, although it was not designed as a charity, being nothing more nor less than an advertising scheme. It however resulted in great good just the same. They gave away 1000 bottles of their Digestive Cordial to those suffering from stomach derangements. It was so effective in curing those who used the remedy that they were loud in their praises of it and in consequence a large demand for the Cordial was at once created. The druggists of this town have little books that tell all about it. Digestive Cordial creates an appetite, aids digestion and brings about a rapid increase in flesh and strength. Laxol is the name of a palatable Castor Oil. Just the thing for children. Quartz Mining More Certain. WASHINGTON, Aug. 26.—General W. W. Duffield, superintendent of the coast and geodetic survey, in discussing the gold discoveries in Alaska, gave this advice to young men: "If I were a young man," he said, "I should get about a 75-ton schooner at Seattle, take supplies and engage the services of a first-class prospector. Then I should cruise along the southeastern part of Alaska, in what is called Alexander archipelago. There are a number of islands there and more gold lodes than at any place with which I am acquainted. The mining would not be 'placers,' but the ore can be gotten out very cheaply and being directly on the sea, the transportation amounts almost to nothing, except the time spent."

Low Excursion Rates to the Oregon State Fair. The Southern Pacific will make one fare rate from all points on their lines in Oregon to the Oregon state fair which opens September 30 and closes October 8. A big harvest and a big fair. A clean, vigorous, delightful, and comprehensive exposition of everything pertaining to the farm and the farmer. Good races and amusements of all kinds. Special attractions every day. With the present crop prospects and the extremely low railroad rate of one fare for the round trip, the people of Oregon can afford to patronize the State fair that benefits all classes. Popular admission of 25 cents. Watching for the Portland. PORT TOWNSEND, Wash., Aug. 26.—The steamer Portland is due here from St. Michaels today. Every available tug-boat on the Puget Sound has been pressed into service by the various newspapers, and the race from the Straits of Fuca to the nearest telegraph station will be exciting. The weather down the straits is very thick this morning and the Portland might easily slip in, without being sighted. Situation in West Virginia. WHEELING, W. Va., Aug. 24.—The strikers suffered further losses in Kanawha valley, in the Upper Loup creek region and along New River today. In Kanawha, 200 more men went to work today which leaves very few men out. For Rent. The Doc Lee ranch on High Prairie, Klickitat county. 500 acres fenced and 250 acres in cultivation.
