They left here three weeks ago for a trip to Colfax, Spokane and the Cœur d'Alene country, and Mr. Davenport reports having had a delightful trip. He is infatuated with Wallace and the Cœur d'Alene country, and well he may be, for at this time of the year Northern Idaho is as near Paradise as it is vouchsafed humanity to see.

Misappropriation of Church Property Discussed.

The final day of the Methodist conference was a busy one. This forenoon was devoted to hearing committee reports, and to discussion of some trouble over church property at Walla Walla. It seems that the Wilbur Chapel property there, donated by Father Wilbur and Father White, was sold by the First Methodist church of Walla Walla and the proceeds spent in building a new church. The complaint is now made that the Wilbur Chapel belonged to the conference as a whole and not to the Walla Walla church. Rev. W. T. Koonz and Father White, two pioneer ministers, had something vigorous to say on the subject, and there were other talks. A committee was appointed to see if the alleged misappropriation can be adjusted.

This forenoon, also, constitution and by laws for the Preacher's Aid Society were read and adopted.

This afternoon was devoted to finances and statistics. The conference is still in session, and the appointments will not be announced until its close.

Pullman, Wash., was selected as the place for holding the next conference. The rival cities were Pullman, Moscow and Walla Walla.

Rev. Utter advocated the establishing of a Methodist academy at Sprague, Wash. No action was taken by the conference.

The report of the committee on the state of the church was read, and adopted with some modifications.—Monday's East Oregonian.

At Last It Will Be Here.

On Thursday evening, Sept. 2d, at the Vogt opera house will be presented the great Veriscope reproduction of the Corbett-Fitzsimmons fourteen-round contest. The exhibition is beyond description. The whole civilized world knows this gladiatorial contest was taken by the Veriscope and is perfect in every detail. Everything that occurred at Carson City upon the 17th of March is graphically shown, not one blow is missed, and the sensational scenes which took place will be depicted as in life. The opera house will no doubt be crowded to the doors. The Veriscope will present everything just as faithfully as when shown at the Academy of Music, N. Y., and Marquam Grand, Portland.

Our Hold on Samoa.

NEW YORK, Aug. 28.—A special from Washington says: Instructions have been issued by the state department to Luther W. Osborn, of Nebraska, the consul-general to Apia, Samoa, which will form the basis for the restoration of the influence of this country in the Samoan islands. Under the Cleveland administration Samoa was abandoned to Germany and Great Britain, and no attempt to live up to the provisions of the tripartite agreement has since been made by this government. President McKinley, however, considers the islands well worth holding to the limited extent provided by the agreement, and his ideas on the subject are embodied in the instructions which Mr. Osborn will carry with him to Apia. It is probable that a United States warship will be sent to Apia to show the Stars and Stripes and to let the people of the islands understand that this government has not lost interest in them. No mystery about it. When the Shakers offered some dime ago to give away a bottle of their Digestive Cordial to any one who might call at their New York office, there was a great rush and a great many people thought they were crazy. Subsequent events proved to have been a very clever advertising transaction, for although they gave away thousands of bottles, it was in the end profitable; nearly every one that took a free bottle came back for more and paid for it with pleasure, saying they had derived better results from its use than from any other medicine they had ever used. There is nothing so uniformly successful in the treatment of stomach troubles as the Shaker Digestive Cordial, and what is better than all, it relieves at once. Laxol, the new form of Castor Oil is so palatable that children lick the spoon clean.

Swept by a Hurricane.

DENVER, Aug. 28.—A special to the News from Nogales, Ariz., says: Advice from Guaymas state that a hurricane visited the Gulf of California and the lower Mexican coast on the 22d inst., and that information of the damage done is beginning to arrive at that port. At Las Guaymas, near the mouth of the Yaqui river, the region for miles

around was inundated, and the town swept away. Three lives are reported lost and great damage done to crops. The steamer Carmen is supposed to have left Agiabampo for the south just as the hurricane was coming, and fears for her safety are entertained. The storm has prostrated the wires all along the coast, and no particulars can be gathered. It is feared that a number of vessels have been lost.

Wage Scale Lowered.

CINCINNATI, Aug. 27.—The Commercial Tribune special from Anderson, Ind., says:

The American Wire Nail Company, having expended \$70,000 in improving their plant with machinery, has announced the scale for the wire department, which is a slight increase above the average scale of like plants in the country, but a cut on last year's scale, which is due to the introduction of the plate system. The company will treat with the men only as individuals.

Last night a notice was posted by the company notifying 300 men that they would be given until Friday evening to remove their tools and personal effects from the factory.

Remarkable Cure of Chronic Diarrhoea.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write to me. Yours gratefully, Henry Steinberger, Allentown, Pa. Sold by Blakeley & Houghton.

Chamberlain's Colic, Cholera and Diarrhoea Remedy always affords prompt relief. For sale by Blakeley & Houghton.

Wants the Girard Millions.

KANSAS CITY, Aug. 30.—Mrs. Edith Singles, wife of Frank Singles, of this city, a traveling salesman, today made the following sensational declaration:

"I am a descendant of Stephen Girard, the multi-millionaire of Philadelphia, founder of Girard college. My great grandfather was a brother of Stephen Girard's father. When Stephen Girard died, in 1831, he left a fortune which has increased until it is now about \$20,000,000. He had no descendants and the collateral descendants could not be found, so he left his estate to charity. I am going to try to wreck Girard college and get my money."

News of the Squared Ring.

SAN FRANCISCO, Aug. 30.—Owen Ziegler, the Philadelphia lightweight, has arrived here with his trainer, Zeke Abrahams. He is to box twenty rounds with Ed Connolly, of New Brunswick, before the Knickerbocker Athletic Club in September.

The Occidental Club has secured the Solly Smith-George Dixon contest contest. Articles will be signed this evening for a twenty-round match and a purse of \$5250.

A Campaign Against the Weak.

CHICAGO, Aug. 30.—Maude Maynard Noel, a young Chicago woman, herself beautiful and in perfect health, has begun a campaign which has for its aim the slaughter of all the weak, whether physically or mentally incapable. She would relentlessly kill them by a painless death if possible, and holds that the end would justify the means, for it would benefit the human race.

Smuggling on the Isthmus.

NEW YORK, Aug. 18.—A special to the World from Colon says: Cases of goods shipped here from the United States will be opened to prevent the smuggling of tobacco, the protective duty on which is so high that merchants do not openly import it. The authorities have seized several cases marked "lard" which contained tobacco.

Thinks Andree Will Return.

NEW YORK, Aug. 30.—Evelin B. Baldwin, an Arctic explorer of some note, when seen by a reporter in Brooklyn last night, declared his belief that Andree will come back safely from his journey in search of the north pole. Mr. Baldwin has just returned from Europe, where he talked with leading scientists, all of whom shared his belief.

British Steamers Collided.

GBRALTAIR, Aug. 27.—The British steamer Glengyle, Captain McGillivray, bound from London for China and Japan ports, is beached at Cetaros bay near here, badly mangled from a collision with the British steamer Coronet in the straits. The Coronet sought refuge in this port with her forepeak full of water, after rescuing the Glengyle's passengers.

Fanatics Springing Up.

NEW YORK, Aug. 28.—A special from Rio Janeiro to the Herald says that many fanatics bands have appeared in Santa Catherine state. Local forces are in pursuit of the fanatics, and according to the last reports more than 100 have been killed in a running fight.

Arrest at Constantinople.

CONSTANTINOPLE, Aug. 27.—The police continue to make wholesale preven-

tive arrests. An expert examination of the bomb used in the Ottoman bank has been made and it was found to contain over nine kilograms of dynamite and nitroglycerine.

The Figel Examination.

SAN FRANCISCO, Aug. 27.—In the Figel case, the defense called Solomon Lewek for the purpose of proving that from letters written him by Hoffman, the domestic affairs of the latter were unpleasant, and that there was reason for his committing suicide.

Embezzlement the Charge.

BOSTON, Aug. 30.—Robert S. Stain, president and director of the Union Telegram Company, in this city, was arrested this afternoon by an inspector from police headquarters on a charge of embezzling \$78,500.

Intercepted a Filibuster.

KINGSTON, Jamaica, Aug. 28.—The British cruiser Intrepid reports having intercepted on Wednesday, near Fortune island, a filibustering vessel. The cruiser also boarded the steamer.
