TWO FACTIONS FIGHT

Bloody Battle Among Polish Miners at Girardville.

NINE KILLED AND SCORES WOUNDED

Mine Operators Issue an Address-- National Labor Conference at Chicago.

GIRARDVILLE, Pa., Sept. 27.—At least nine men received fatal injuries and possibly two score others were more or less seriously wounded in the bloody riot here late last night and early this morning. The battle was the outcome of a quarrel over the Hazleton troubles. Thirty-six men are known to have been wounded, and about fifty more are being secreted by their friends, who fear that they will be sent to jail.

Twelve of the ringleaders were brought before Justice Elias Kissinger and ten before Justice H. B. Johnson. All were charged with assault with intent to kill, horsebreaking and rioting, and were held in heavy bail for court. Many warrants have been issued, but have not been served as yet.

Dr. Charles Schlessman attended the twenty-two wounded, nine of whom he says will die. Drs. William Monaghan and James Donohue attended fourteen others, and how many the other physicians cared for is not known. Three others have been reported dead, but this cannot be verified.

Several hundred Poles board at William Cullacabage's hotel, on Second street. Joseph Cavendish is proprietor of the hotel at the east end of town, where several hundred more Poles make their headquarters. Bad blood has existed between them for a long time, and the recent strike troubles at Hazleton embittered them still more. Last night matters came to a crisis. Cullacabage, it is charged, and his followers, to the number of several hundred, armed with guns, revolvers, knives, axes and clubs, marched to Cavendish's hotel, where several hundred of their enemies were celebrating payday. The Cavendish men ascertained that their foes were marching upon them, and, arming themselves hurriedly, awaited their arrival. After a demonstrative march, the Cullacabage contingent arrived, and immediately stormed the saloon.

Then a bloody battle ensued. The men fought like demons, the shooting was fast and furious; axes, knives, clubs and other weapons were used with deadly effect. The battle lasted almost an hour, when the Cullacabage men were routed, leaving their wounded behind. Everything in the house was smashed and the floors strewn with wounded men. The walls were bespattered with blood and shreds of human flesh.

After the rioters had returned to their headquarters, the Cavendish gang armed themselves to the teeth, and marched to their enemies' rendezvous, where a battle, still bloodier than the first, resulted. The police force and the constables of the surrounding region were called to the scene, but were unable to cope with the rioting horde, who continued hostilities until morning.

Shot By His Intended Victim.
VICTORIA, Sept. 28.—In the mining village of Granite Creek, not far from Nicola, on the famous old Cariboo wagon road, Mrs. Thomas Rabbit, the young wife of the leading merchant of the place, defended herself a few days ago and shot to death James Hamilton, a mining man. It is alleged that he forced his attentions upon her and attempted to assault her, when she seized her husband's rifle and fired, inflicting a fatal wound.

Stevenson Statue Cast.
SAN FRANCISCO, Sept. 28.—The bronze monument to be erected in Portsmouth square to the memory of Robert Louis Stevenson, the novelist, has been successfully cast in this city. The statue will represent a Spanish galleon under full sail, it being considered the most appropriate emblem of Stevenson's work.

First Sealing Vessel in.
VICTORIA, B. C., Sept. 28.—The first of the sealing fleet to return home was the Casco. She brought 1064 skins taken off the Japanese coast and Copper islands. She reports that the Calotta with 1400 skins, and the Director with 1000 skins, are close behind her.

Vinalay Gets Forty Years.

MISS FIORINE POIRIER, in August last, was this morning sentenced by Judge Albery to 40 years in the Folsom penitentiary.

THE LUETGERT TRIAL.
A Witness Produced Who Saw Mrs. Luetgert May 9th.
CHICAGO, Sept. 28.—In the Luetgert trial this morning Dr. Rutherford, the Luetgert family physician, on the witness stand, said Mrs. Luetgert's health was fairly good. He visited the family twice a month, and never saw any unpleasantness in the family.

Armadale Opylke, a fruitvender from near Janesville, Wis., was shown a picture of Mrs. Luetgert and positively identified it as one of the two women he saw near Lake Zurich, on the night of May 9th.

Maggie Shaughnessy was put on the stand to impeach the evidence of Emma Schimpke. She says they were together at a dance hall opposite the sausage factory May 1st, and went home at 9 o'clock, and that Emma Schimpke could not have seen Luetgert and his wife at 11 o'clock.

Says He Saw Mrs. Luetgert.
TEKAMAH, Neb., Sept. 28.—H. Wade Gillis, an attorney of this place, claims to have seen the wife of A. L. Luetgert, who is now on trial in Chicago for her murder, long after the woman's body is supposed to have been boiled to pieces in the sausage factory. He says the woman came to him in the latter part of May and consulted him about getting a divorce.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Bear to Convey the Portland.
PORT TOWNSEND, Sept. 30.—According to Captain Mungler, of the cutter Grant, it is the Bear and not the Corwin that will guard from desperate persons the nuggets that the steamer Portland is to bring from St. Michaels. Orders from Captain Tuttle to act as a policeman of the seas were taken to him by the Corwin, which left Unalaska the same day the Grant started for this port, September 19th.

Oregon Preparing to Go to Sea.
SAN FRANCISCO, Sept. 30.—The battleship Oregon is filling her bunkers with coal, and according to instructions received by her commander a few days ago, will remain in the bay ready to go to sea on a few hours' notice. It is thought by her officers that if she is not ordered to proceed to Honolulu she will be sent to Paget sound.

AMERICAN ANNEXATION OF HAWAII WILL BE PROTESTED.

But Will Not Be Belligerent

She Merely Hopes to Persuade Uncle Sam to Give Up Necker Island-- Happenings in Hawaii.

SAN FRANCISCO, Sept. 29.—The steamship Australia arrived this morning from Honolulu with the following Hawaiian advices:

HONOLULU, Sept. 29.—When the question of annexation of the Hawaiian islands comes up before the United States senate, England will make a protest. This protest will not be of a belligerent nature, and will be only the forerunner of a scheme to obtain control of Necker island for cable purposes.

For some time past English war vessels have been besieging the islands in the Pacific, but have kept their hands off Hawaiian territory. In May, 1894, President Dole had reason to believe that England had her eyes on Necker island. He acted promptly, and on the 25th of May a vessel was chartered and sailed the same day for the island. Captain James A. King, a minister of the interior, was in charge of the expedition. The island was reached two days later, and the following proclamation was read:

"I, James A. King, minister of the interior of the provisional government of the Hawaiian islands, take possession of this island, known as Necker island, as a part of Hawaiian territory; having been claimed by the Hawaiian government since the year 1845, when an expedition under Captain Paty was sent to survey said island."

Both the United States and Hawaiian governments know positively that England does not object to annexation of the islands; but she must have a cable landing near Honolulu, and a landing must be on British soil. Necker island is practically worthless to Hawaii, and it is believed that the United States government will readily cede the barren rock to please England.

When Captain King visited Necker island it was found to be almost a sterile heap of volcanic rocks, nearly 300 feet high, with a few patches of coarse grass on the surface.

Representative J. G. Cannon, of Illinois; H. C. Landenslager, of New Jersey; A. S. Berry, of Kentucky, and J. A. Tawley, of Minnesota, and their families leave for San Francisco today, after a short stay in this country. Senator Morgan will remain several weeks longer. During the party's stay they have been conducted to the different points of interest, and have had everything pertaining to Hawaii explained to them. Many social functions have been given in their honor. On the evening of the 20th a public reception was tendered Senator Morgan. It took place at the United States legation, and was largely attended.

Senator Morgan and the congressmen visited Pearl harbor yesterday. The latest charts, together with a brief sketch of the work already accomplished by the Pennington survey party, were laid before the senator and his colleagues.

It has been claimed that representative Cannon is opposed to annexation. In an interview he said:

"You can rest assured that I have not committed myself against annexation. I do not care what you hear to the contrary, no man can say that I am pledged against the annexation of the islands. I dislike going into print on this question at the present time. I came here for pleasure and to see and learn all I possibly could during the short period of my stay. I can truthfully say that I

THE YAKUI GOLD FIELDS.

Returned Prospector Gives Glowing Accounts of Their Richness.

NOGALES, ARIZ., Sept. 29.—Captain T. C. Cox, and old and experienced mining man from Tuolumne county, California, has just returned from the Yaqui country in Mexico, and brings the first authentic information about the gold region there.

He described the country as of a rolling surface, about thirty-five by sixty miles in area, and says the gold is found in the foothills at the edge. It is reached by road from Ortiz station on the Sonora railway, 215 miles south of Nogales, and 40 miles north of Guaymas. Captain Cox says the ground is very rich placer. The gold is coarse and heavy and is well washed. Captain Cox reports that in the vicinity are many quartz ledges, from six to ten feet of free milling ore.

If you eat what you like, and digest it, you will surely be strong and healthy. But if you don't digest it, you might almost as well not eat, for what good can your food do you if it doesn't nourish you?

If you find that you can't digest it, there is a simple help for your stomach. It is Shaker Digestive Cordial, made by the Shakers of Mount Lebanon. It has never failed to cure the worst case of indigestion. Strength and health comes from the food you eat, after it has been digested and has gone into the blood. The best tonic is digested food. The best aid to digestion is Shaker Digestive Cordial.

When you have acid eructations, nausea, headache, wind, dizziness, offensive breath, or any other symptoms of dyspepsia, Shaker Digestive Cordial will cure you.

AFFAIRS IN THE NORTH

Goldseekers at St. Michaels Not Discouraged.

MINERS RETURNING FROM ALASKA

Sailor Gossip Says They Have "All Kinds of Gold"—Another Yukon Railway Scheme.

PORT TOWNSEND, Sept. 30.—Captain Clinger, of the tug Holyoke, which left St. Michaels September 11th, says:

"I judge there were from 350 to 400 men at St. Michaels while we were there. All were cheerful. There were none I ran across who asked for passage with me. I did not see any miners from Klondike at St. Michaels, and do not believe there were any there, for no steamer had come down lately, though one was expected any day. It was cold and hailing while we were there, and snow fell the day after we left."

The Alaska Commercial Company's steamer Bertha brought to Unalaska news from St. Michaels up to the 13th inst. There were over 100 men on the Upper Yukon waiting to come down on the Portland, and according to sailor gossip, they had "all kinds of gold." But the officers of the Grant say that according to their best information no vast amount of treasure will be brought down.

A Canadian Railway Scheme.
NEW YORK, Sept. 30.—A dispatch from Montreal says:

Application will be made [to] the dominion parliament next session for a bill to incorporate a company for the purpose of constructing an operating a railway from a point near the head of Chilkoote inlet, on the Lynn canal, to the rapids on the Yukon river, following as closely as practicable Dalton's trail, with power to construct and operate branch lines, bridges, wharves, telegraph and telephone lines, steamboats and other craft on the lakes and tributaries of the Yukon river. The promoters are a syndicate of wealthy men.

Latest reports received at Ottawa of the progress of the Crow's Nest pass railway construction are to the effect that work on the first 100 miles is very far advanced, and that there is no question but the company will be able to realize its purpose of completing this section before the close of the present season.

New Hotel for Dawson.
CRIPPLE CREEK, Colo., Sept. 30.—Joe Wolfe has had donated to him by Joseph Ladne, the bonanza king of the Klondike, a half block of ground in Dawson, upon which he intends to erect a mammoth hotel. His partners in this enterprise are fifteen Chicago business men. Mr. Wolfe has made arrangements with P. D. Armour for everything needed in the provision line.

Mr. Wolfe will be remembered as the only person who ever succeeded in pulling off a genuine Mexican bullfight in the United States. He succeeded in doing this in the summer of 1895.

STRIKERS WERE THE AGGRESSORS.
A Conflict at the Mines Near Edwardsville, Illinois.
ST. LOUIS, Mo., Sept. 30.—Early today the miners in the employ of the Madison Coal Company at Edwardsville, Ill., while going to work were attacked by strikers, including thirty or more women sympathizers. The strikers threw stones and red pepper and beat their opponents with clubs. "Scotty McAllison had his skull crushed, and numerous others were cut and bruised.

The miners fought as best they could with their tin dinner pails, and were finally allowed to go to work. After the attack the strikers and women formed in line and marched through the streets of Edwardsville shouting and singing. No arrests were made.

The strikers, more than 300, with the women, far outnumbered the workers, who were guarded by a force of deputy sheriffs on the way to the mine. T. W. McCune, a deputy sheriff, in the escorting posse, was disarmed and dragged to one side, where a crowd of irate strikers beat him until he was almost unconscious. Though heavily armed the sheriff's officers took their drubbing without making any attempt to use their arms. They were outnumbered ten to one, but they fought with their fists.

Had a shot been fired the consequences would have been fearful, as the strikers were frenzied.

McLean Not in the Race.
COLUMBUS, O., Sept. 30.—John R. McLean, his nearest friends declare, is not a candidate for the United States senate.

ROYAL BAKING POWDER
Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO. NEW YORK.

Mr. McLean has held a conference with the state committee, and his friends say he spoke as follows:

"I am not a candidate for the United States senate. I am merely a good Democrat, and wish to see the Democratic state and legislative ticket successful. In the event that the legislature is Democratic, I hope to see some good Democrat elected to represent the state in the United States senate. I believe General Warner is a good man for the place. For that matter there are half a dozen men in the state who are as well known and as able as General Warner. I would be glad to see any of them elected."

CONCESSION MAY CAUSE TROUBLE.
Franchise Said to Have Been Granted by Nicaragua.
WASHINGTON, Sept. 30.—The report that a bill has been passed by the congress of Nicaragua granting a thirty-year franchise to the Atlas Steamship Company, of London, for the exclusive steam navigation of the Rio San Juan del Norte with authority to deepen the channel at various points and also to construct a railroad from Lake Silica to the river, cannot be officially confirmed here.

If the Nicaragua congress has granted a concession to the Atlas Company, that action may arouse quite a diplomatic discussion between representatives of the Greater Republic of Costa Rica and the United States.

The solution of the complications into which the three governments are drifting may be a treaty between the United States and the Greater Republic for the completion of the Nicaragua canal by this government.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say that it was satisfactory in its results, is putting it very mildly, indeed. It acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form.—The Banner of Liberty, Libertytown, Maryland. The 25 and 50 cent sizes for sale by Blakeley & Houghton.

Floods in Salton Basin.
PHOENIX, Ariz., Sept. 30.—A dispatch from Tucson says passengers who came in on the belated California trains, state the cause of the delay as being floods in the Salton basin. The rumored belief is that the waters of the Gulf of California had broken over the sandbar which separates the gulf from the basin. If this should prove to be true, Southern California will have the largest inland sea on the continent, in some places more than 300 feet deep, and Arizona would come up through the gulf to a point opposite Yuma.

In the meantime many miles of the Southern Pacific would be submerged.

Bad!

It is news to you, perhaps, that baking powder can be bad for the insides. Good baking powder, however, is not bad for the insides.

True, it costs more than baking powder at 25 cents or 30 cents a pound; but it does better work, and more work for the money, than "cheap" baking powder does, and it does no harm.

Of the right-price baking powders Schilling's Best is the best—your money back if you don't like it—at your grocer's.
