NOW SUE FOR FAVOR

Blanco Extends a Full Pardon to all Rebels.

OTHER SPANIARDS WANT WAR

Prospects for a Hot Time in Old Madrid When Weyler Comes Marching Home.

HAVANA, Nov. 8.—Marshal Blanco has issued the following edict, officially described as "expressing the magnanimous sentiments of the queen regent and the first determination of the national government."

"I pardon in full all those who have been prosecuted for the crime of rebellion. Rebels prosecuted for common crimes, independent of rebellion, such as spoliation, immorality and the like, will be pardoned as rebels, but judged for other offences committed by them.

"Those suffering sentences prior to the date of this edict will have their sentences commuted to a certain extent, and perhaps in some cases in full. Persons pardoned should appear before the civil and military authorities at their respective places of residence, which they will designate and which will be communicated to me. Should they designate places of residence outside the principal towns they will be advised of the necessity of residing within the military zone of cultivation. The military authorities will be careful not to invade the jurisdiction of the civil authorities. Therefore, those pardoned cannot change their residence without obtaining the permission of both civil and military authorities."

To Receive Weyler.

MADRID, Nov. 8.—Lieutenant-General Weyler's political backers, supported by his influential followers in the army, are fermenting an agitation in his behalf in the government policy, and are preparing to give him a reception on his arrival, which will, if they can bring it about, neutralize the critical attitude of the Sagasta Cabinet. Senor Romero Robledo, who is leading the agitation, addressed a large meeting of conservatives today, at which several senators and deputies were present, and made a violent attack upon the governing committee of the conservative party, whom he charged with being responsible for the dissolution of the party. He enlisted Weyler as a commander, and his civil administration, and urged that "war is the only true policy in Cuba"

Robledo will meet Weyler on his arrival on the Montserrat. Meanwhile he is organizing a series of public meetings to protest against the recall of Weyler, the first of which will be held tomorrow, and he promises a reorganization of the conservative party on the basis of the program of the late Senor Conovas del Castillo as to Cuba and the Philippine islands.

Insurgents and British Mix.

SIMLA, Lov. 8.—The foraging expedition from the camp of General Sir William Lockhart, in the Maidan valley, had captured some large supplies of provisions without opposition until they were retiring, when the insurgents adopted their usual gorilla tactics, with the result that the British lost three men killed and seventeen wounded. The loss of the enemy was heavy.

Famine in Archangel.

ST. PETERSBURG, Nov. 8.—A terrible famine is raging in the province of Archangel. Many have already died of starvation. The people wander about reduced almost to skeletons, the heads swollen to the size of baskets. The only means of subsistence is tea.

The French in Danger.

LONDON, Nov. 8.—A dispatch from Paris says alarming information from the island of Madagascar has reached the French colonial office. Large bands of well-armed and disciplined rebels are scouring Madagascar and cutting off the isolated French detachments.

Gold Standard in Favor.

LONDON, Nov. 8.—According to a dispatch from Shanghai, the emperor of China and the board of revenue have approved a memorial in favor of establishing a gold standard and prohibiting the export of gold. It is doubtful, however, if this will have any practical result.

After Hanna's Scalp.

COLUMBUS, O., Nov. 8.—A local democratic newspaper printed an interview with C. V. Harris, secretary of the democratic central committee, in which he is credited with saying that at a confer-

ence of democratic leaders of the state it was decided to pledge the votes of as many democratic members of the democratic assembly as could be controlled, to Governor Bushnell for senator, on condition that the governor could command enough republican votes to make his election possible. Mr. Harris is editor of the Athens Journal. He is quoted as saying:

"We have decided to throw the democratic vote in the next assembly to Governor Bushnell, on the condition that he get votes enough from the republican side to elect him. So many republican members want to down Hanna that we think there will be no difficulty in this. The deal is all arranged."

The three-year-old boy of J. A. Johnson, of Lynn Center, Ill., is subject to attacks of croup. Mr. Johnson says he is sure that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his boy's life. He is in the drug business, a member of the firm of Johnson Bros., of that place, and they handle a great many patent medicines for throat and lung diseases. He had all these to select from, and skilled physicians to answer to his call, but selected this remedy for use in his own home at a time when his boy's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of the croup. Mr. Johnson says this is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold by Blakeley & Houghton.

RELIEF FOR WHALERS.

The Revenue Cutter Bear Will be Dispatched to San Francisco.

WASHINGTON, Nov. 8.—There was a conference at the White House today attended by the Secretaries Gage, Long and Alger, Commodore Melville and Commander Dickens, of the navy, and Captain Showalter, commander of the revenue service, to consider means for relief of the American whaling fleet said to be icebound in Behring sea. It was decided to send the revenue cutter Bear to the relief of the whalers.

Orders have been issued to put the Bear in commission for the voyage, and Captain Showalter says she will be ready to sail as soon as she can be provisioned which will take but a short time.

Commodore Melville, who has had great experience in the Arctic, gave the conference the benefit of his experience and knowledge, but it appears there is yet a great lack of information as to the location of the whalers, also as to whether or not they are in destitute circumstances. Secretary Long has issued orders to ascertain most definitely, if possible the, existing conditions. It is probable that the Bear will stop at some points on the Alaskan coast, and take onboard a supply of reindeer and dogs to be used in crossing the ice floes, when the vessel can no longer be navigated.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2025 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed strength. Prices 50 cents and \$1.00. Get a Bottle at Blakeley and Houghton's Drug Store.

Vesuvius in Eruption Again.

NAPLES, Nov. 8.—Mount Vesuvius is in great activity. A mass of lava is pouring out from the Arlio del Cavallo crater, which opened in 1895. Two wide streams are running down in the direction of Vitrova and Hiene del Inestro.

A Day of Wrangling.

LOUISVILLE, Ky., Nov. 11.—The second day's session of the general assembly of the Knights of Labor was consumed in wrangling over the contested delegations. It is believed the assembly will be fully organized before the day is finished.

MRS. NACK CONFESSES

Tells How She Helped Her Lover.

THE GULDENSUPPE CASE IS OVER

Decoyed the Victim into a Vacant House Where Thorne, Her Accomplice, Shot Him.

NEW YORK, Nov. 10.—The startling announcement in the morning papers that Mrs. Neck had confessed the murder of William Guldensuppe and implicated her lover, Martin Thorne, was confirmed when court assembled by Judge Weller, who is assisting District-Attorney Young in the prosecution.

After Thorne entered the courtroom his counsel informed the prisoner of the confession of Mrs. Nack. Thorne's face flushed.

Mrs. Nack entered the court room at about 10 o'clock. Thorne watched her closely. She soon took the stand and began the recital of her story. She said Guldensuppe was known as her husband. Thorne boarded with them. Quarrels in the family were frequent. On one occasion Guldensuppe kicked Thorne down stairs. Thorne, thereupon fired at Guldensuppe with a pistol, but did not hit him. On another occasion Thorne said he wanted to kill Guldensuppe, but the witness objected and told him to kill her.

Gradually Lawyer Weller led the witness up to the events of Friday morning, June 25, the day on which the crime was committed. The witness said she and Guldensuppe left New York about 10 a. m., and after crossing the ferry they boarded a car for Woodside cottage.

"I had a key to the house," she said, "and opened the front door. I told Guldensuppe to examine the house while I went into the yard. He went up stairs and I heard a shot. Thorne came running down, and when he met me, said: 'I have shot him; he is dead.' He was excited and I was half dead," said the witness.

The witness said that at 5 o'clock in the afternoon Thorne had various parts of Guldensuppe's body tied up in parcels. When they were ready to leave the cottage, she took one package and Thorne took another, both going to the ferry, where the head was thrown overboard. On June 26 they returned to the cottage for the remainder of the body, which they also threw into the river.

During the recital of this story Thorne listened to every word with his lips tightly compressed.

Attorney Weller asked Mrs. Nack: "Why do you make this statement?" She replied: "I don't want to have it on my mind." She then said: "I make this statement of my own free will. No promise of mercy has been made to me, but I wanted to clear my mind; I don't care what they do with me."

During the cross-examination by Attorney Howe, Mrs. Nack admitted that the Woodside house was rented to the sole purpose of murdering Guldensuppe; that she decoyed him there, and that she bought the material in which parts of the body were wrapped. Adroitly the lawyer made the witness own up to the most damning and cold-blooded preparations for ridding herself of her lover.

Durrant to Hang Friday.

SAN FRANCISCO, Nov. 10.—William Henry Theodore Durrant, condemned murderer of Miss Blanche Lamont, and the supposed murderer of Miss Minnie Williams also, was taken before Judge Bahr this morning for the purpose of having the date for his execution reset. His attorney made a desperate attempt to secure further delay, but Judge Bahr

brushed aside all technicalities objecting to the proceedings, and ordered that Durrant's execution should take place on Friday next.

District Attorney Barns appeared before Judge Bahr yesterday, and stated that he had received official notice that the supreme court of the United States had affirmed the decision of the lower court in the Durrant case. Judge Bahr thereupon made an order directing that Durrant be brought before him this morning in order that a new date might be set for the carrying out of the sentence already imposed upon the condemned murderer. It was rumored last evening that Friday next might be selected as the day for the execution. The events of the day have confirmed that rumor as above related.

Durrant's attorneys have made a desperate struggle to save the life of their client, stubbornly fighting the case through the courts, and employing every subterfuge known to the legal profession to delay execution of the death sentence. Their last resource has now been exhausted and it seems probable that tardy justice is about to overtake the convicted murderer of Miss Blanche Lamont, and supposed murderer of Miss Minnie Williams.

WILL BE REOPENED.

Three Suits are to be Filed Within a Few Days.

SAN FRANCISCO, Nov. 10.—Within a few days one or more contests are to be filed in the superior court against the trust will of the late James G. Fair. This will was dated September 21, 1894, and the original was stolen from the county clerk's office and never recovered.

There is certain to be a suit brought by the children Mrs. Oelrichs, Miss Virginia Fair and Charles L. Fair, Mrs. Nettie Craven will probably file a second suit, and a third may be commenced in the name of an alleged grandchild of the deceased millionaire.

The contests will be commenced on the ground that Senator Fair was incompetent or insane at the time he made the trust will, and that he was acting under undue influence and duress.

Mrs. Craven's suit will probably be brought by her as the widow of the ex-senator. Judge Slack's decision left her in such a position that she must fight the trust will if she expects to get anything at all. The contest will be upon the same general ground as that of the three children.

It is stated the contest of the heirs will be brought to obtain relief in case Judge Slack is reversed by the supreme court in his ruling destroying the trust clause in the will.

WAR AGAINST THE TRUST.

A California Sugar Combine to Take the Aggressive.

SAN FRANCISCO, Nov. 10.—The Chronicle says:

Plans have been effected and the assurance is given that everything will be in readiness for fighting the sugar trust on January 1, when the five years' contract of the Hawaiian planters with the Western Sugar Refinery will expire. It will continue to handle that portion of the crop, say from 40,000 to 50,000 tons, that Claus Spreckles can control.

Of the remainder of 225,000 tons, 150,000 tons will be placed on the market by the California Beet Sugar & Refining Company, in which Welch & Co., Geo. W. Mcnear and their friends are the principal elements.

Of the 150,000 tons of raw island, 90,000 tons will be sent to New York, where it has been sold to refineries independent of the trust.

The remaining 60,000 tons will be refined at the California Beet Sugar and Refining Company's works at Crockett, on the Straits of Carquinez.

AFFAIRS OF THE PULLMANS.

Robert T. Lincoln Made a Director in the Company.

CHICAGO, Nov. 11.—A meeting of the directors of the Pullman Car Company was held today. Robert T. Lincoln was elected a director. The most important action taken was the appointment of an executive committee, consisting of H. E. Hulber, of New York; Marshall Field and Robert T. Lincoln of Chicago, who will have charge of the general affairs of the company. Lincoln was elected chairman of the committee.

Today's action practically makes Lincoln president of the company.

"The worst cold I ever had in my life was cured by Chamberlain's Cough Remedy," writes W. H. Norton, of Sutter Creek, Cal. "This cold left me with a cough and I was expecting to all the time. The remedy cured me and I want all my friends when troubled with a cough or cold to use it, for it will do them good. Sold by Blakeley & Houghton.

BOTH BRANCHES SAFE

Republicans Will Control the Assembly.

CHAIRMAN HACKETT'S STATEMENT

Rumors of Factional Strife Denied—Citizens' Union Men Will Act With the Republicans.

NEW YORK, Nov. 11.—Chairman C. W. Hackett, of the republican state committee, has given out the following statement concerning the organization of the New York legislature:

"The republicans have elected a substantial majority in the next assembly, and will organize the body. The returns as canvassed officially make it certain that the republican vote in the next house will exceed the democratic by at least 11. A republican will be elected speaker, and republican ideas of legislation will prevail in the sessions. The lower house will be in sympathy with the republican senate and the republican governor. The rumor of factional differences and the claims of democrats which have been circulated with the manifest purpose of confusing the people of the State as to the political complexion of the assembly, are not worthy of serious consideration.

"Eighty-one republicans have been elected to the assembly. Two of them from New York city were nominated by the Citizens' Union. Their affiliations have been always with the republicans. Doubtless on considering and acting upon legislation effecting municipal affairs they will be guided to some extent by the views of those responsible for their nomination and election, but on questions involving party considerations it is as absurd to suppose that they will join the democrats as that the democrats will rally under their leadership.

"There is nothing in the avowed principles of the Citizens' Union as I understand them, which would compel men holding the ideas of either great party to abandon them and take up with their old-time opponents. Even if such an absurdity were possible there are still enough representatives to guarantee that a republican speaker will preside, and that the legislation will be directed along the lines of established republican policy."

X-RAY EVIDENCE CONSIDERED.

Roengen's Discovery in Court for the First Time.

NEW YORK, Nov. 11.—"X" rays were used in court for the first time in this country in a damage suit before a jury in the Brooklyn superior court. Martin Hutchinson, 9 years old, was subjected to a ray examination for several minutes. He was injured on Christmas night, 1895, by being ejected from a street-car. The plaintiff contends that the head of the left humerus was fractured from the boy's fall from the car when the conductor threw him off.

A dynamo was placed in front of the jury box and near the lawyers' table, and a large Crookes tube was used. Soon after the case had been resumed young Hutchinson's jacket and outside shirt were removed. The arms and shoulders were exposed.

Before the examination the question as to whether any possible injury would result from the examination was discussed. J. Stewart Ross, who represents the plaintiff, insisted that a limit as to the time of the examination should be set. It was decided that it should be three minutes.

When the boy took his seat with his left shoulder about six inches from the Crookes tube, he smiled at the jury and the lawyers. Dr. William Morton looked at the boy's shoulder through a fluoroscope, and Judge Johnson, who presided at the trial, stood up and timed the proceeding. George L. Fowler then took the fluoroscope and looked at the boy's left arm and shoulder until time was called.

Dr. Morton and Dr. Fowler will tell on the stand the results of the examination. They are witnesses for the defense.

Previous to that made in court there had been examinations of the boy's shoulder. The examinations were made to show the results of the fracture.

A Last Desperate Effort.

SAN FRANCISCO, Nov. 11.—The attorneys for Durrant are making a desperate effort to save the life of the murderer. General Dickenson this morning appeared before United States District Judge Dehaven and asked permission to file a petition for a writ of habeas corpus on behalf of the condemned youth. Judge Dehaven suggested that the matter be taken into the United States circuit court. At 11 o'clock General Dickenson renewed his plea in that court before Judges Morrow and Dehaven.

NOVEMBER 12.—A dispatch received this afternoon states that the petition has been filed and a stay of proceedings granted.

Tragic Ending of a Romance.

CYNTIANA, Ky., Nov. 11.—Two weeks ago Lynn Taylor went to Cincinnati instead of appearing at the side of Miss Mary Burns, on which occasion he was to make her his bride. The heartbroken girl took the matter so seriously as to prefer death by suicide to facing life afterward. Yesterday Taylor committed suicide from remorse, adopting the same method as did Miss Burns, his affianced bride; he hanged himself.

Situation at Madrid.

NEW YORK, Nov. 11.—A dispatch to the Herald from Madrid says:

The outlook as regards the United States is considered to have improved. Greater quiet prevails here.

It is reported here that the papal nuncio at Madrid, who is at present in Rome, has received instructions from the pope to exhort the Spanish clergy against espousing the cause of Don Carlos.

Tribesmen Still Killing.

LIMLA, Nov. 8.—A rumor has reached here that a native officer and 35 Sikhs belong to the Kurram column have been intercepted by the tribesmen in a ravine and slaughtered.
