The property owners seem determined to have good sidewalks this summer, and quite a number are having the old worn-out planks taken up and new ones put in their place. We hope that others who have not yet begun to make like improvements will profit by these good examples.

Hon. E. M. Veatch has forwarded to Washington his resignation as register of the United States land office at Rose-

The Red Men entertainment at the K. of P. hall last evening was well attended, and the good time which this order always has at their entertainments was enjoyed. A spread was served and the evening's entertainment was closed with a social hop, which lasted till after 12 o'clock.

At present everything looks very encouraging for the G. A. R. encampment, which will be held in this city in May. All necessary preparations that could possibly be made at this early date are completed, and the members of the G. A. R. and the others who are assisting them in their work, do everything in their power to make the encampment a grand success.

The pictures of the principal characters and groups that will take part in "King Hallababoola II" are on display in the windows of Pease & Mays, A. M. Williams & Co., the Snipes-Kinners Drug Co. and the Postoffice Pharmacy, and are attracting a great deal of attention. Every stranger who sees them inquires in the next breath where tickets for that show can be purchased.

A runaway occurred near the Christian church last night, which might have been serious. The horse started near Captain Lewis' residence, and at the time there was a small boy in the vehicle, who, owing to the speed of the team, was unable to get out. On Court street the vehicle got caught on a telephone pole and the frightened animals pulled loose. No damage was done except to the buggy and harness.

Yesterday Sheriff Combs, of Prineville, arrived in this city, having in charge an insane woman who he was taking to the asylum at Salem. He left this morning with his charge for the latter place.

It would be hard to conceive of a more beautiful line of spring clothing for men than the H. S. & M. line displayed by Pease & Mays, in their furnishing goods window. How they can afford to sell these goods at the same price that other dealers charge for ordi-

nary ready-made goods, surpasses our understanding.

Mays & Crowe's new warehouse is receiving a second and last coat of paint today, which adds much to the beauty of the new building. When it is finished it will certainly be a credit to the block in which it stands.

Today while Mr. Langille was hewing a piece of timber for the new ferry-boat the ax slipped and struck him in the leg, inflicting a serious cut. He had the wound dressed by a physician, and at present is superintending the work as usual.

The program for "King Hallababoola II" is being prepared today, and it will be one of the finest of the kind that has ever been printed for any performance in our city. It will be a neat book, put in a beautiful embossed cover, on which will be the club emblems. On account of its splendid make-up it will be an excellent souvenir of the second performance of the Commercial Club.

The owners of fisheries and canneries have only three days more to prepare for the fishing season, as it will open at 6 o'clock Sunday evening. Everding & Farrel and Senfert Brothers have their cannery crews engaged at present in making cans and other preparations for a big run this season. At present there is said to be some salmon in the river, but as yet they have not come in large quantities.

Nearly all the delegates to the convention returned to their homes today, and on leaving appeared to be well satisfied with the work they had accomplished. The Republicans of Wasco county can well be complimented on the good, clean ticket they have arranged, and there is little doubt that the men who compose it will meet with the hearty support of their party when it comes to a matter of being elected.

At the regular adjourned meeting of the B. P. O. E. held last night the following officers were installed: Exalted ruler, L. E. Crowe; loyal knight, W. L. Bradshaw; secretary, E. M. Wingate; treasurer, A. S. Mac Allister; trustee, Thomas Kelly. The exalted ruler appointed the following gentlemen to offices: Esquire, Harry Lonsdale; inner guard, H. H. Riddell; chaplain, John Michell, and organist, Archie McCully. Some of the officers elected were not present last night, and will be installed at the next meeting.

Last evening a rehearsal of "King Hallababoola II" was held at the opera house. The orchestra was present and practiced the music for the performance. In fact, the entire program was gone through as it will be next Tuesday evening, and the boys made a splendid showing throughout. Each and every character are as near perfect in their respective parts as is possible for them to get, and it will take more than the ordinary amount of stage fright to make any number on the program a failure in the slightest degree. There will be no musical rehearsal at Schanno's hall tonight.

Last night the fusionists' nominee for sheriff and one of the delegates to the

Republican convention decided to economize on lodgings and share the bed together. How long they shared it we do not know, but there must have been a mix-up, for about 9 o'clock this morning the Democratic candidate was around inquiring of his friends where his Republican brother was. He appeared to be slightly ruffled, informed them that he had made a mistake and taken one of the Republican's garters in place of his brogan and wanted to rectify the unfortunate error. The owner of the garter was found and the matter settled peaceably. Now they are wondering what caused such an error. We answer by saying that they must have met too many newly-nominated candidates before retiring. Perhaps he may carry his ideas of fusion to such an extent that his shoes must need fuse with those of his neighbor. However, if the Republican shoe fit him he should have worn it.

Capitalist and Contractor John Kierman, of Portland, owner of the stranded ship Glenmorag, passed through Ilwaco Tuesday morning on his way to the scene of the wreck. He is going to make a determined effort to stop the leak in her hull, caused by the crushing of the steel plating, and if he succeeds he will leave the ship in the hands of a competent keeper until the weather settles, when a final attempt will be made to float her.

Another medal will be purchased for the ladies.

By permission of Judge Bellinger, counsel for I. H. Taffe, in the suit of the United States against him, to condemn right-of-way for the Celilo railway across his property, appeared in court Monday to make some suggestions for the guidance of the court in the matter of awarding damages. Some time since Mr. Taffe stipulated that Judge Bellinger should decide the amount of damages to be awarded, and Judge Bellinger went up and looked over the property to enable him to arrive at a just conclusion as to what the damage would be. Taffe's counsel wished to make some statements and explanations in regard to the matter, and were given permission. U. S. Attorney Hall was present on behalf of the government, and, after hearing what the counsel for the defense had to say, replied. Mr. Taffe was present, and also Lieutenant Potter, U. S. engineer, who has charge of the proposed boat railway. The court after hearing the arguments took the matter under advisement, and will deliver his decision as soon as convenient.

Today Captain Waud, of the steamer Regulator, left today on his last trip, and on his return, tomorrow evening, will lay off in order to make preparations to go to Alaska, to accept a position offered him on the Yukon. Captain Waud has ever been a favorite with river passengers on this popular line, and he will be greatly missed.

Last evening the large steam pipe in the electric power house, bursted, and in order to reduce the power nearly all the business houses closed before the usual hour. In this way the machinery was kept running under a small pressure throughout the night. For a time the lights on some of the circuits went out, but it was soon remedied and no serious trouble was encountered.

An opportunity will be afforded all who desire to make the acquaintance of King Hallababoola II before his appearance at the Vogt next Tuesday evening. With their customary enterprise, Pease & Mays have secured his services, and he will be in attendance at their special glove sale tomorrow. By the way, all reports to the contrary notwithstanding, they have, and offer for sale, a full line of the celebrated Dent gloves for gentlemen and ladies.

This morning's bulletin states that nothing is left but war, and that Consul General Lee has been recalled. Our relations with Havana will be severed Saturday. Unless Spain yields before that time, war will certainly be declared, and this seems all the more certain since Spain declares she will not yield to McKinley and that she will not be satisfied with anything short of war. Our government is determined, and trouble can be averted only by surrender on the part of Spain.

W. H. Babb met with a painful and

shocking accident Wednesday forenoon at Pendleton. He was harnessing a horse at his ranch near Echo when the animal kicked him in the face. He was putting the crupper under the beast's tail and was in a stooping position when the horse kicked. The force of the blow knocked him down, and when he was picked up his face was covered with blood. The lower jaw was fractured at the angle, and a gash was cut in his cheek. His tongue was almost cut in two. The cut extends diagonally across the member. While the injuries sustained are severe and very painful, there is no danger of any serious results from the accident.

No more flattering recommendation for "King Hallababoola II" could have been desired than the anxiety of everyone to secure seats at the box office this morning. Pat McNeil, late of the Commercial Club, was the first one to arrive on the scene, and at 4:30 took his place in front of the drugstore. Soon others arrived, and by 7:30 o'clock the line was a half a block long and still increasing. Had the box office remained closed an hour longer, the line-up would have ended somewhere in the East End; but at 9 o'clock sharp the seats were placed on sale, and by 10:30 the majority had been satisfied and the excitement abated. There are still a few seats left, and in order to get them one will have to go immediately—if not sooner.

The announcement of the early appearance in our city of the distinguished actor, Frederick Warde, cannot but be a source of genuine satisfaction to lovers of the drama and admirers of all that is noble and true in art. For sixteen years Mr. Warde has been recognized as one of the foremost actors of the country. He has won the respect and admiration of the public by his devotion to his profession and fidelity to the Shakespearean and legitimate drama. Mr. Warde appears in a character that he has made peculiarly his own, "Virginia," in the grand old play of that name by James Shridan Knowles. It is safe to assert that no grander impersonation exists on the American stage today, and that its equal has never before been in our city.

In a private letter received from Fred Skibbee, of this place, who several months ago left for Skagway, he states that he has started in the saloon and hotel business there and is doing well. He also says that property has raised wonderfully in price there since the rush commenced, and it costs \$50 per month for a lot 50x50. At present the nights are cold in Skagway, but during the day it is pleasant. He informs us that the reports concerning the spinal meningitis raging there were false, and, as far as he knows, there were no cases at all in Skagway or along the pass. Horses, mules and burros command a high price there, but outside of pack animals everything is very reasonable. He speaks about the loneliness of the place, but outside of this, has no complaints to make, and concludes by sending regards to all Dalles friends.

May Day Excursion to Hood River.

The Sons of Veterans are making preparations for a May Day excursion to Hood River. In a short time voting places will be arranged and candidates for a May queen will be selected from among the young ladies of the city, and the one receiving the highest number of votes will have the honor of being queen of the May. Although arrangements are not completed yet, it is expected that the Regulator will carry the merry-makers to and from the scene of the festivities, and it will indeed be a pleasant change to some of our city people to go for even a single day to as beautiful a resort as Hood River. Appropriate exercises will be rendered and we are sure that a very enjoyable May day will be spent.

## The "RUSHFORD" Wagon

Is the most desirable Wagon on the Market.

It is not as cheap as some others, but is better than all others. This is a broad assertion, but examine the wagon and you will agree with us. It is constructed from carefully selected material, and it is the aim of the manufacturers to make the best Wagon on the market.

It has more improvements and points of superiority than we can enumerate here. If you are thinking of getting a new Wagon, examine the "RUSHFORD" before buying.

## THE COUNTY CONVENTION.

Nomination of Candidates—Delegates to the State Convention.

At 10:30 o'clock Wednesday the delegates to the Republican county convention were called to order by J. M. Patterson, chairman of the county central committee, and at once proceeded to business. The courthouse was crowded with not only Republicans, but men from every party seemed anxious to be on hand and witness the proceedings. Unlike the convention held a week or two since, no quibbling took place, but matters were conducted in a business-like manner, and interest ran high.

For chairman of the convention T. A. Hudson, of The Dalles, and E. E. Savage, of Hood River, were nominated, and Mr. Savage was elected on the first ballot.

Committees on credentials and order of business were then appointed and the convention adjourned until 1 p. m.

The convention being called to order at 1 o'clock, the committees reported and their reports were accepted. The order of business was as follows: First, the selection of ten delegates to the state convention; nomination of sheriff, clerk, treasurer, school superintendent, commissioner, surveyor and coroner.

The following delegates were unanimously elected to the state convention: E. E. Savage, A. E. Lake, E. L. Smith, H. L. Kueck, M. T. Nolan, J. S. Schenck, M. P. Isenberg, T. H. Johnston, Walter Fraine, Grant Ashby.

The nomination for sheriff was next in order. The names of Robert Kelly, E. S. Olinger, T. J. Driver and C. W. Haight were placed before the convention. The first ballot stood: Kelly 22; Olinger 16; Driver 36; Haight 18.

On the second ballot Kelly received 30 votes, Driver 40, Olinger 12, and Haight 11.

Third ballot—Kelly 36; Driver 42; Olinger 9; Haight 6.

The fourth ballot decided the vote, and was between Kelly and Driver. On this ballot Kelly received 48 votes, while Driver got but 45; which gave Mr. Kelly the nomination for sheriff.

The next in order was the nomination for clerk, and the name of Ed Kealey, who has during the past four years served faithfully in this position, was brought before the convention. No other nomination was made, and he was nominated by acclamation.

The nominees for treasurer were William Tackman, C. L. Phillips and M. H. Nickelsen. The first ballot resulted as follows: Tackman 19, Nickelsen 17, and Phillips 57, which gave the latter the nomination.

C. L. Gilbert was nominated by acclamation for county school superintendent, and was also W. H. Whipple for county assessor.

Those named for county commissioner were M. C. Evans and J. W. Hinrichs. On the first ballot the vote stood 46 to 46, and on the second Evans received 52 votes, while Hinrichs had 41.

The nomination was placed on J. B. Golt and W. Campbell for county surveyor, and the first ballot decided it in favor of Golt, the vote standing 52 to 38.

William Butts and Dr. O. C. Hollister were placed in nomination for coroner. Butts carried the nomination by a vote of 64 to 36.

As there were no further nominations of county officers to be made, a recess of fifteen minutes was given before the nominations for precinct officers took place.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. Stroud, Popponoke City, Md. For sale by Blakeley & Houghton.
