

### GETTING READY TO VOLUNTEER

Quotas of Various States Under the Second Call Will Rapidly Come Forward.

St. Louis, May 28.—In the course of a few days the second call of the nation for volunteers will be answered by the state of Missouri.

The Adjutant has decided not to form any more regiments, but to organize the companies over the state, giving preference to those sections not already represented in the volunteer army.

Immense purchases of fancy groceries were made yesterday for the army in the South by Captain Dunstan, commissary of supplies stationed in this city.

### SCHLEY MAKING PREPARATIONS

The Clash Is Now Expected In at Least Three or Four Days.

Key West, May 30.—Any doubt which may have existed regarding the exact location of Admiral Cervera's fleet have been removed by the dispatch brought in by scout ships.

The commanders have chosen. It has been said that the campaign against Cervera might be ended by demolishing the forts at the harbor entrance, blockading the channel and isolating the Spanish fleet until other problems of the war are worked out.

It has not been disclosed as to whether Schley will be reinforced, but it would not be surprising if some additional ships were sent to him.

Off Santiago De Cuba, May 29.—Commodore Schley and the flying squadron have the Spanish fleet bottled up in the harbor of Santiago.

"I have got them and they will never get home."

"The auxiliary cruiser St. Paul arrived here this morning, and was sent to Mole St. Nicholas with dispatches. She captured a coal ship, which was sent to Key West by Captain Sigsbee.

The officers and men of the flying squadron are jubilant over the fact that the location of the Spanish fleet has been definitely established.

Seattle, May 27.—The official trial trip of the torpedo-boat Rowan will probably take place Monday or Tuesday.

### THE SITUATION IS UNCHANGED

Food Supplies Coming Into Manila From the Surrounding Country.

Hong Kong, May 30.—The British cruiser Pique has arrived here from Iloilo and Manila.

The Spaniards are working upon fortifications, but their guns are old and useless and they are short of ammunition.

Admiral Dewey has informed the authorities at Manila that he will hold them responsible for the life of the captain of the Spanish gunboat Callao, captured by the United States fleet.

Fresh provisions are not obtainable at Manila, but there is no sickness in the American fleet.

In reply to a Spanish attempt to win over Aguinaldo's men, the insurgents are said to have informed the Spaniards that they are neutral, and will await developments.

The Americans captured the Spanish gunboat Leyte, while the latter was attempting to run dispatches into Iloilo.

A steamer is reported to have landed 6000 rifles at Cavite for the use of the insurgents.

The Spaniards have offered \$75,000 for head of Aguinaldo, the insurgent leader.

### SPANISH SPIES TO BE ARRESTED

Letters are Believed to Be in the Hands of the Assistant Secretary of War Which Will Warrant Wholesale Arrests.

Washington, May 30.—When Polo y Bernabe left Montreal it was generally supposed that the principal diplomat of the Spanish legation at Washington had departed from America, but such was not the case.

It has been known for some time that the Spanish spy system still continues in the United States. These curbs in the hire of Spain are of several nationalities. Of course they do not report direct to representatives of the Sagasta government now at Canada, but their communications are sent to the agents of Du Bose at Toronto and Niagara Falls and other Canadian towns.

Laid Away to Final Rest.

Gladstone's Remains Entombed in Westminster Abbey.

London, May 28.—In the Northern transept of Westminster, where England's greatest dead rest, the remains of William Ewart Gladstone were entombed today with the ceremonies of the nation he had served and of the church he had served.

A little boy asked for a bottle of "get up in the morning as fast as you can," the druggist recognized a household name for "DeWitt's Little Early Risers" and gave him a bottle of those famous little pills for constipation, sick headache, liver and stomach troubles.

Halifax, May 27.—There is absolutely no truth in the story of Spanish and French warships being off this port and the forts having been manned.

### SAGASTA'S RACE ALMOST RUN

An Overthrow of the Cabinet Only a Matter of Time.

New York, May 30.—A dispatch to the Herald from Madrid says:

The most pessimistic rumors are already prevailing in diplomatic circles regarding the durability of the new cabinet recently constructed by Senor Sagasta. Harmony does not prevail in this cabinet, in which free-trade and protection are both represented.

While the imminent fall of the Sagasta ministry is discussed, the talk of politicians is also as to who is likely to obtain the premiership.

WASHINGTON, May 28.—There is a very ugly story afloat today, which involves the Australian ambassador in act of hostility towards the United States and which will certainly lead to another DeLome incident.
