VICTORY IS COMPLETE

The Indications That the Entire Republican State Ticket Is Elected Overwhelmingly.

LEADS THEM

The Race Between Dunbar and Kincaid Is Close, But the Clatsop Man Is Considered Safe---Geer Is Elected By a Majority of Fully 5,000 Votes.

PORTLAND, June 8 .- 3:00 a. m .- The count of the election returns in the outlying counties of the state is proving slow. Complete returns have been received here from but one, Sherman, and the result there is a Republican land slide. The returns from Douglas county indicate the election of the fusion candidates by small majorities.

In Yamhill Republican majorities are assured for the entire state and county ticket with possibly one or two exceptions.

In Marion county also the Republicans have swept everything, with the exception of two or three county officers.

In Josephine fusion has apparently carried the day, as it has also done in Coos. Unable to Secure a Loan Abroad Once four marines on board were killed. Geer for governor is undoubtedly safe, with a majority of from five to six thousand.

Dunbar has probably polled a majority of the votes in the state, although several up-valley counties which are noted for being fusion strongholds have gone for Kincaid. The result of the contest for this office will probably be decided by the vote in Clatsop.

The other Republican candidates on the state ticket are probably all safe, although Geer will lead them all as regards the numerical strength of his majority.

Up to 3 o'clock 8700 votes on state senator had been reported at Republican headquarters. Simon's vote a liture coeded 3800 votes; Hume's vote was a little short of 3400, the remainder scattering. Simon's pleurality up to that hour was 434, and constantly growing. It would appear that he has been elected by 5000 to 8000. About 6000 ballots are yet to be counted.

Republican State and Congressional Tickets Safe and With Votes to Spare. Majorities are Heavy.

PORTLAND, June 8 .- Late election returns from the outside counties prove conclusively that the entire Republican state and congressional tickets have been elected, and that there will be a Republican majority of torty in the next legislature on joint ballot, thus assuring the election of an unprefixed Republican United States senator.

Geer's majority for governor will, judging from present indications, be not less than 10,000, and it will not be surprising if it considerably exceeds that

Dunbar, for secretary of state, has a of over 5000. This figure may be to some extent reduced when complete returns are in, but a majority of not less than 4000 for the Clatsop man is as-

For state superintendent of schools, Ackerman leads Lyman by over 5000. These figures will probably not be materially altered by subsequent returns.

All the other candidates on the state ticket are elected by heavy majorities. Moody's majority in the second congressional district is fully 6000, and is likely to'exceed that figure by several
