

TEN MEN KILLED AND FORTY WOUNDED

Results of Yesterday's Battle Near Santiago as Reported by General Shafter to the Adjutant-General.

WASHINGTON, June 25. A dispatch from General Shafter, concerning the engagement of yesterday between the Spanish and American forces near Santiago, reached the war department today, and was as follows:

BAIQUIRI, June 24.

ADJUTANT-GENERAL, Washington:

Further news from General Wheeler places our loss in this morning's firing at about ten killed and forty wounded. Captain Capron, First volunteer cavalry, was killed.

Wounded: Major Brodie, Captain McClintock and Lieutenant Thomas, First volunteer cavalry; Major Bell, Captain Knox and Lieutenant Bryan, First United States cavalry; Captain Knox seriously.

Captain Wainwright, formerly reported wounded, is uninjured. The names of the others killed and wounded are not yet known.

The Spaniards occupied a very strong entrenched position on a high hill. The firing lasted about an hour and the enemy were driven from their position, which is now occupied by our troops, about a mile and a half from Sevilla. The enemy retired toward Santiago. SHAFTER.

UNCLE SAM'S CONDITIONS

What Spain Must Concede When She Tires of Fighting.

MADRID, June 25.—It is reported here that the peace conditions suggested by the United States include the possession of Cuba with an American protectorate, a naval station in the Philippines and a coal depot in the Canaries.

Regarded as a Feeler.

WASHINGTON, June 25.—The announcement from Madrid that the United States has suggested peace conditions with Spain was received with great interest for the reason that the report was regarded as a feeler. There is no basis of fact for the report. From the state department it met a prompt denial. No overtures have come to the department from any responsible diplomat as yet, looking to the consummation of peace.

Murderous Bandits Captured.

ST. LOUIS, June 25.—A special to the Post-Dispatch from Whitehall, Ill., says:

Frank Ainsworth and Bill Jackson are the men who held up the fast express on the Burlington road last night, and killed Engineer Dempsey. A sheriff's posse was immediately organized, and bloodhounds soon tracked Jackson to the Rood House, where he was arrested. Jackson told the whole story of the hold-up, and Ainsworth was arrested a few hours later.

Fell One Hundred Feet.

BUTTE, Mont., June 25.—Five men were probably fatally injured here this afternoon by falling from a scaffold, a distance of one hundred feet. The men were at work on the big Hennessey building, in course of construction on Main street. They were picked up unconscious and it is believed all will die.

SHAFTER'S ARMY IN SIGHT OF SANTIAGO

Advance Guard Was Within 200 Yards of the Spanish Entrenchments Saturday Night.

PUSHING ON TOWARD THE CITY

Active Operations Before the Place are Officially Expected to Begin Monday—Two Regiments of Cavalry May Remain at Daiquiri.

ON THE RIO GUMA, Sunday, June 26, Noon.—Four batteries of American artillery and a galling gun have been placed on a hill overlooking the basin in which Santiago lies. The American troops were within 200 yards of the Spanish entrenchments last night.

It is believed that more artillery will be necessary, before an assault can be made upon the Spanish works. All the hills about Santiago are covered with block houses. There are 34 lines of entrenchments and behind them are four lines of rifle pits, while the fronts are secured by rows of barbed wire.

Pushing on Towards Santiago.

OFF DAIQUIRI, Sunday, via Kingston, June 27.—The Third and Ninth cavalry men remain here guarding the material ashore. All the other regiments are being pushed as rapidly as possible towards Santiago. Active operations before that place are officially expected to begin Wednesday. The interruption of communication between the army and the fleet by storm is possible at any time.

Insurgents Concentrating Near Juragua.

JURAGUA, June 26, via Kingston, June 27.—General Garcia, with 3000 Cuban insurgents from the mountains west of Santiago, were brought here today on American transports. Fully 5000 insurgents are now concentrated near Juragua. The majority are well armed, but all are badly clothed. They are accustomed to the bushwhacking methods of the Spaniards, and are familiar with every trail in the vicinity of Santiago. A conference between Shafter and Garcia will be held tomorrow to further consider plans of co-operation of the two armies. Garcia's plan is to march his entire army overland along the northern coast, keeping in touch with the American army. As soon as possible Garcia will effect a junction with Gomez' forces, now west of Havana. The Cuban leaders plan is to have 20,000 insurgents before Havana when the time comes for investment of that city.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. 6-10

READY TO LEAVE FOR THE PHILIPPINES

Camara's Squadron to Sail From Port Said—Spanish Admiral Secured No Coal.

LONDON, June 27.—A Madrid dispatch says the minister of marine had made a statement to the effect that Admiral Camara's squadron will leave Port Said today for the Philippines. He believes the squadron is powerful enough to defeat Dewey.

Camara's Secures No Coal.

PORT SAID, June 27.—A dispatch to the Tribune from Port Said says: Admiral Camara has made extensive arrangements for coaling his ships in the Red sea and Indian ocean. Trustworthy information leads to the belief that the true objective point of Camara's fleet is not Manila, but Hawaii and finally San Francisco.

Admiral Camara has asked to be allowed to purchase 10,000 tons of coal for the Spanish fleet at Port Said, but the Egyptian government refuses to permit the ships to coal in Egyptian waters. Pending deliberations which are likely to last a long time, the fleet intends to remain at Port Said.

ONE OF THE BOLD BLOCKADE-RUNNERS

Steamer Newfoundland Will Again Try to Carry Supplies to Cuba.

HALIFAX, N. S., June 27.—The steamer Newfoundland, which attempted to sell her cargo of foodstuff at Guantanamo and was ordered away from that port by American warships, has arrived here in ballast, having disposed of her cargo at Mayaguez and San Juan de Porto Rico, and it is alleged will reload to run the blockade. The shippers of the cargo are said to have cleared a handsome sum on the venture, and there are said to be several other vessels fitting out for the same business.

ST. JOHN'S, June 27.—Lieutenant Peary's steamer, the Hope, Captain Bartlett, has sailed for Sidney, C. B., where she will take on a scientific party, proceeding thence to North Baffin's bay, where she will join Lieutenant Peary, to transfer stores and coal to the steamer Windward. The Hope's reserve stock of 1000 tons of coal will be landed at Littleton island, off the coast of Greenland, to be used by the Windward on her return, provided she is frozen in at the north pole. The Hope expects to return here in September.
