A marriage license was issued yesterday by County Clerk Kelsay to William S. Claypool and Ella E. Tozier.

On July 1st the time on the stage line between this place and Prineville will be changed, the stages arriving and departing at 1 p. m.

A band has been organized at Hood River to furnish music for the Fourth of July celebration at that place. One of the features of the day will be a parade and drill of a military company of fifty young women.

The Russian Fins, at Cayuse, Umatilla county, celebrated the feast of St. John the Baptist last Friday. The day is generally one of religious observance, but the young people are disposed to have sports and enjoy themselves.

For the International Mining Congress to be held at Salt Lake City, July 6-9, the O. R. & N. Co., will sell tickets, The Dalles to Salt Lake City and return for \$36.50, tickets on sale July 3rd, 4th and 5th, tickets limited to expire returning July 15th.

Oliver Marshal, aged 25, and his 14-year-old brother will be tried at Baker City this week for the murder of James Reid. For several years there has been a feud between Oliver Marshal and Reid. Marshal claims that his wife and Reid were intimate.

Many Powder valley farmers were in Baker City Saturday, and all interviewed had the same story to tell of good grain and hay crop. The weather has been all that could be desired, and there is every assurance that the farmers will reap a good harvest this year.

Yesterday Jack Daly, the unfortunate morphine fiend who had been released under the condition that he would leave the town immediately, was caught selling stolen sheep pelts. He claims that someone stole them and gave them to

him. He was lodged in jail and will have his hearing before Justice Filloon today at nine o'clock. The pelts are the property of Christman Bros., and Daily will be likely to spend a term in the "pen" for the theft.

At a meeting of the Jackson Engine Co. held Saturday evening, it was decided to take part in the grand parade to be held on the Fourth. They will appear in full uniform, and as they have a large membership, will undoubtedly make a first-class appearance.

Mrs. Oliver Moore, of Pleasant Valley, who poisoned her children last Friday by putting strychnine in their milk, has been declared insane by the Baker county court. She is 26 years old and is fairly good looking. Mrs. Moore is melancholic. She broods over imaginary wrongs.

Those intending to enter in the cayuse pony races, sack races and all sports of this sort are requested to report to John F. Hampshire, chairman of the Fourth of July amusement committee, before 7 p. m. Saturday next. All boys with ponies are invited to enter the cayuse pony race. Remember, a prize for each and every winner.

On account of the rapid fall in the river it is expected that the Regulator will be able to go through to Portland today, while the Dixon will make the run up to this city. This will make it much more pleasant for the patrons of the D. P. & A. N. line, as the trip will be made quicker and without the disagreeable feature of transferring at the locks.

In a letter written by A. F. Martin to the editor from Honolulu dated the 3rd inst. he says: "We are just starting from here on the Manila expedition, after having enjoyed a rousing reception. The Oregon boys won applause everywhere, and are well pleased with the treatment received at the hands of the generous people of this place. The Charleston will escort us from here to Manila." He closes by sending regards to Dalles friends and expresses regret that he cannot write at greater length.

Tuesday morning while Nightwatchman Wiley was making the rounds he heard some one scream in the direction of the D. P. & A. N. warhouse, immediately struck out to see what the trouble was. On arriving on the driveway near the warehouse he found a number of Indians standing around, while two were engaged in mortal combat. One had the other on the railing and was in the act of throwing him over into the river below, and had not the night-watchman been on hand there would

have been one Indian less today. He immediately stopped the fight and took the Siwash who attempted the deed to jail while the others escaped in the darkness. They were all more or less intoxicated and this probably accounts for the trouble.

Thursday's Daily.

Yesterday five carloads of wheat were shipped to Portland. Until the fall crop comes in the shipments will be limited.

John D. Mayfield and Miss Mary A. Story, both of this county, were furnished with a marriage license yesterday by County Clerk Kelsay.

Yesterday two small clips of wool changed hands in the city. M. J. Manning was the purchaser. We have not learned what the price paid was.

Every evening the band practices over A. M. Williams & Co.'s store, and it will certainly do credit to itself by its playing on the Fourth. Along with the Dalles band will be two outside bands who will add much to the musical program.

A new bandstand has been erected in the Academy Park and seats sufficient to accommodate the large throng which will be there on July 4th have been placed in the shade of the trees so that everyone will be in a position to enjoy the exercises of the date.

An auxiliary to the Oregon Emergency Corps was organized at La Grande Wednesday with twenty-three members. The officers are: Mrs. A. C. Williams, president; Mrs. Mary Aldrich, vice-president; Miss Jeannette Clark, secretary; Mrs. C. Larm, treasurer.

The Fourth of July amusement committee have offered a prize of five dollars for the best decorated bicycle in the parade which will take place at 8:30 in the evening. Two dollars and a half will be given as second prize. Bicyclists are requested to turn out in the parade.

The rivers continue to fall. The temperature has remained nearly stationary over the Columbia river basin during the past 24 hours. This will cause a rapid fall from last night, so that it is expected the river will have fallen below the danger line within the next ten days.

Yesterday both the Regulator and Sarah Dixon made the trip through the locks without any great amount of difficulty. The Dixon got through at about 1:30 and arrived here at a few minutes after seven. Except an unexpected raise comes in the river the boats will be able to run the rapids without difficulty in future.

The Elder sailed for Alaska last night, with a good load of freight and enough passengers to keep the crew from becoming lonesome on the way up. Her departure does not excite as much attention as it did nine months ago, and she is allowed to sail without any crowd to see her off.

Last night a quiet wedding occurred at the bride's residence in this city. The contracting parties were the sheriff-elect, Robert Kelly, and Mrs. Amoretta Heppner. The marriage was of a strictly private character, there being present only members of the family and the officiating clergyman, Rev. J. H. Wood. The happy couple left on the early morning train for a short trip to the coast.

We understand that Earnest Sherar, who at present resides near Cross Keys, met with a painful accident a few days ago. He was driving from Cross Keys to his home when something scared the team and in attempting to run away they threw Mr. Sherar out and broke his collar-bone. He was taken to Antelope for medical treatment and is getting along as well as could be expected. His many friends in The Dalles will be grieved to learn of the accident.

Word was received in the city last evening that Mrs. Smith, wife of C. S. Smith, of Boyd, had been found dead in bed at her home yesterday morning. Tuesday evening she retired as well as usual, and nothing unusual transpired during the night to warn her husband that anything was wrong until he woke and found that his wife was dead. She has been troubled with heart, and her death is attributed to this complaint. She has been married six years, and leaves a husband, but no children. The funeral will be held at Odd Fellows cemetery, near Dufur, today at 2 p. m.

Rev. L. L. Holl, of Chicago, Ill., has accepted a call to the Lutheran parish in Sherman county, Oregon. He left The Dalles for Wasco last night and will begin work there this morning. Rev. Holl is a young man, possessing a thorough classical and theological training, well able to officiate in the English, German and Danish language. He is an able orator and fine musician, and has also several years' experience in practical mission work. His love for the cause of Christianity and his ardent desire to enter pioneer mission work have prompted him to accept a call to the field in Sherman county. We congratulate the Lutherans of Sherman county in securing their new pastor.

Yesterday morning Jack Daly, the opium fiend who is charged with stealing sheep pelts from Christman Bros., was arraigned before Justice Filloon for his preliminary examination. A. A. Jaype appeared for the state, while the defendant acted as his own counsel. He claimed that someone, whom he could not produce in court, had given him one dollar to sell the pelts, and that he did

not suspect they were stolen. The council for the state argued that Daly should have known that if they were not stolen the party who had them in his possession would not have hired anyone to sell them for him. As Daly's plea was faulty throughout, he was bound over under \$200 bonds to appear before the next grand jury. No bondsman appearing, he was lodged in jail.

In a few weeks the new Dalles City will be ready for the business of transporting freight and passengers on the Upper Columbia. The house of the old boat, which has been hauled up on the ways alongside, has been transferred to the new hull, and fits like a glove, so to speak. Workmen are now engaged in putting on the last planking and making the boat ready for launching. The fine passenger propeller, Inland Flyer, which is to run in conjunction with the Dalles City, is receiving her machinery, and the work on her cabin is being put in. She will be finished inside in mahogany, and will be an unusually handsome steamer. We understand from parties concerned in the D. P. & A. N. Co. that the Flyer will be put on about July 15th and will well merit the name of the Inland Flyer, as the distance between this place and Portland will be covered in less than five hours without any trouble.

Friday's Daily.

Early Monday morning, G. P. Griffin, well-known among O. R. & N. employees as "Patsy," who has been employed for some time as crane-man on the steam shovel working at Huron, lost his footing and fell from the crane, about 15 feet, landing on the rocks in the pit. He was picked up and taken to Pendleton, where it was found that he was badly shaken up, but no bones were broken.

Wednesday night burglars entered the residence of Mr. Parkins, on Second street, and helped themselves to whatever struck their fancy. Two gold watches and \$2.50 in cash has been missed. As yet no clue to the miscreants has been found.

W. E. Frank, of Sioux City, Ia., has just purchased 200 yearling steers in Northern Grant county for shipment East. The price paid was \$18 per head. Other buyers are in the field buying both sheep and cattle. Thirty horses were started for the Pendleton and Walla Walla wheat belts Tuesday where the owners expect to market them.

Yesterday, when the steamer Regulator was coming into the swift water below Bonneville, the Potter, which boat was taking an excursion party to the Locks, ran alongside and was, to all appearances, going to show the Regulator how to speed. About this time the engineer threw on a full head of steam, and in about the time it takes to tell it, the Potter began to fall behind. In a remarkably short space of time she was fairly out of the race, as the trim little vessel of the D. P. & A. N. Co., set a pace which the Potter could not touch.

J. E. Campbell, who resides at the ferry near the Warm Springs, in Crook county, last week met with a serious accident while branding cattle. He was in the act of dew-lapping a 2-year-old steer when the animal moved and struck with its head his hand, in which he had a knife with the large blade open. The blade was about 3 1/2 inches long and was driven up to the handle into Mr. Campbell's thigh near the groin. The flow of blood was stopped with difficulty.

On Sunday July 3d, the O. R. & N. Company will sell round trip excursion tickets at the depot and Umatilla House ticket offices, from The Dalles to Hood River, Cascade Locks, Bonneville and Multnomah Falls for \$1. Light refresh-

ments will be served at Bonneville at popular prices. This will be an excellent opportunity for small excursion parties to visit any of the above places. Tickets will be sold for train No. 1 leaving at 3:20 a. m., and No. 3 leaving at 6:55 a. m., and will be honored for return on trains No. 4 and 2, on date of sale.

The Berkeley Quartet, of the University of California, will give a concert in Vogt's opera house, Wednesday, July 6. The Quartet will be assisted by a quintette of banjos and guitars. The college boys have secured for these concerts the well known impersonator, Cyrus B. Newton, who will give some of his best recitations. They have with them also C. E. Parcels, the violin virtuoso, for a long time the soloist of the University of California Glee Club. Clinton R. Morse, familiarly known as "Brick," is with the quartet, and will be heard in some of his best tenor solos and funniest dialect speeches. The press from the towns where the boys have played speak very flatteringly of their entertainments and no one should fail to hear this great aggregation of college songsters. Admission 50 cents; reserved seats without extra charge at the Snipes-Kinnersly Drug Store.

REGULATOR LINE.

Reduced Rates for the Fourth of July.

The D. P. & A. N. Co. will sell round trip tickets on Saturday, July 2d, as follows, between Portland and The Dalles \$2.00; between The Dalles, White Salmon and Hood River 50 cents. The Southern Pacific company will carry passengers between all stations on its lines in Oregon at one fare for the round trip on the Fourth of July. Tickets at this rate will be on sale on the afternoon of July 2d, on July 3rd and 4th, and will be limited to expire July 5th or 6th, according to the distance.

This is more of a reduction than the company has been in the habit of making for this occasion, but in line with the wide spread spirit of patriotism throughout the country at this time, they are anxious to offer as much inducement as possible to enable the people along this line to attend and participate in the celebrations arranged for at so many different points.

Cheap Rates for the Fourth of July.

For the Fourth of July the O. R. & N. Co. will sell tickets from The Dalles to any station in Oregon and return, including Wallula and Walla Walla, Wash., at the rate of one fare for the round trip. Tickets on sale July 2d, 3d and 4th. Tickets good for return up to and including July 6, 1898.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. Respectfully, Mrs. Mary A. Beard, Claremore, Ark. Sold by Blakeley & Houghton.

A HONOLULU LETTER.

One of the Soldier Boys En Route to Manila Describes Honolulu and Their Stay There.

Yesterday a letter was received from Max Bartel by one of his friends in this city. He being one of the soldier boys in the Manila expedition, and as his letter contains interesting information concerning Honolulu and their stay there, with the consent of the recipient of the same, we publish it. It bears the date of Honolulu, June 2d, and we are sure his many friends in The Dalles will be pleased to hear from him. He says:

"Honolulu is almost on the open seacoast. A little channel dredged through the low marshy beach leads to the city. It is situated on a beautiful level stretch of land along the base of the foothills. The streets are narrow and the houses small, mostly one or two stories high. There are horse cars on the principal streets and almost all the sidewalks are paved, in short it is one of the cleanest, neatest and most picturesque cities which I have seen. It beats all that I have seen in either Oregon or California. The population is about 30,000, consisting of Chinese, Japs and a few thousand whites, mostly Oregonians (?). The Chinese here are a different class than those in America, wearing American clothes, and they can all speak fair English. The Chinese run most of the restaurants and candy stands, and the Japs many of the clothing stores. The whites and natives mingle indiscriminately and they are the most hospitable people I ever met. Small as the town is they raised \$8000 by subscription to entertain us during our stay here. One would naturally expect them to be American sympathizers, but they are more, they are actually American patriots, and if they were permitted fully nine-tenths of them would enlist in this Manila expedition. The Hawaiian national guard wear the same as the O. N. G., but their drilling will compare with the best of the U. S. regulars. One good thing about their army is the officers, even to the highest, put themselves on the same level as the privates. They walked around town with the common soldiers with the same pleasure as they would with the general, and that is the foundation of an efficient army."

A REMARKABLE CHARACTER.

Le Roy George, the Rattlesnake King, Pays a Visit to Rockland and Secures Some Rare Specimens.

Yesterday our city was visited by a remarkable character in the person of Le Roy George, who the San Francisco Examiner some time ago gave a full page, describing his ability at handling rattlesnakes and the fearless manner in which he acts with those venomous reptiles.

Yesterday he went to Rockland and succeeded in locating and catching thirteen large rattlers and brought them over in a sack to this city. Last evening quite a crowd gathered around Lynch's barber shop to watch him take them from the sack and put them in a soap box, which he had prepared with a screen over the front like a cage. In a short time he had the snakes removed from the sack and put securely into the cage.

He does not claim that he has any special gift, and says that anyone who has the nerve can handle a rattler just as easily as he. A snake in a hole or under a rock will bite a man every time, says Mr. George; but when he is on the open ground a person can walk up to him and pick him up with little danger of the reptile striking him. Two of the snakes he caught yesterday were concealed under a rock. Upon turning the rock over he caught the snakes without any difficulty or danger of being bit.

Mr. George will send them to Portland, where their oil will be used for medical purposes. He informs us that after snakes are captured they refuse to eat or drink, and will live as long as twenty-seven months without any nourishment whatever.

Since he has been in the business he has been bitten twice, but applied the proper antidotes and recovered without any serious results more than a stiff joint in one of his index fingers.

He states that he would give a performance in this city could he secure more rattlers; but he has not a sufficient number to make it interesting.
