LOCAL BRIEVITIES.

Wednesday's Daily.

H. Maetz held the record at the Umatilla House alleys this week as usual. The scores were as follows: Monday, 60; Tuesday, 59; Wednesday, 57; Thursday, 57; Friday, 53; Sunday, 59. Saturday's record was held by James Benton, with a score of 58.

Yesterday Sheriff Kelly took his oath of office and his position in the sheriff's office. He has selected for his deputy F. C. Sexton, a man well qualified for the position, and by this choice he has shown as good judgment as he has capability in discharging the duties of the office.

The high scores at the Commercial Club alleys for the week ending Sunday were as follows: Monday, Nolan, 64; Tuesday, Ballard, 53; Wednesday, Ballard, 56; Thursday, Jobson, 40; Friday, Bradshaw, 56; Saturday, Bradshaw, 53; Sunday, Stephens, 46.

One of the pleasant features of the Fourth of July celebration which we omitted mentioning yesterday was the excursion on the Sarah Dixon in the evening. Two hundred pleasure seekers went down the river and their trip was not in vain, for everyone was in an enjoyable frame of mind, and as everything passed off pleasantly the excursionists were more than pleased with their trip.

The Fourth was celebrated in Hood River with a will as a result of the bulletin received announcing Sampson's victory. The G. A. R. fired a salute. The drill of a company of young women was a feature of the day. Arrangements are being made to make the organization a permanent one. The Emergency Corps' entertainment at night was well attended, the leading feature being the extra drill of sixteen young women of the company of forty.

Monday afternoon Charles Gray, of Cove, shot three times at Albert Ohms, of Island City. One bullet took effect in Ohm's thigh, another struck his saddle and the third killed his horse. Both

are young men. The trouble arose over money owed Ohms by Gray. They had trouble over the account this morning, but separated, meeting again later. Both men were on horseback and after the shooting Gray left Arlington hurriedly firing his pistol several times. Officers are pursuing him.

North Yakima held the biggest celebration in years, with no casualties to mar the enjoyment. Everybody was patriotic in the morning, but when news came of Sampson's victory at Santiago, the town went wild. A delegation of citizens stopped the procession and read Sampson's telegram, and rousing cheers followed. The same citizens went to the ball ground, called time, read the message and nearly broke up the game. The procession was one of the largest ever seen in the city, and was witnessed by a large crowd. The ball game nearly ended when the first man went to the bat, the pitcher striking Batter Farrar behind the ear with the third ball pitched, rendering him unconscious for several hours. A report came from Zillah to the effect that one Indian killed another during the celebration there. Both were drunk.

The city election which was held last night passed off a quickly and with a little trouble as any we have ever had, and throughout was apparently satisfactory. Chas. Lauer, the present incumbent of the marshalship, has proven a faithful man in that position, which accounts for his retention. Julius Wiley, the night watchman for the past year, has conducted himself in such a straightforward manner that he would have been unanimously returned should he have allowed his name to come before the council. His successor we trust will fill the position creditably. The city recorder, Roger B. Sinnott, also refused to accept the office the second time, since by so doing he would be forced to neglect his law practice. Mr. Sinnott has filled the position of recorder in a most creditable manner, and, if he wished, would have been elected unanimously. Mr. Gates is a promising young attorney and fully capable of filling the position.

Thursday's Daily.

Yesterday Thomas Smith, wool buyer for Moses & Co., purchased a large clip of wool at the Wasco Warehouse. The price paid was 13½ cents.

The old Times-Mountaineer building is being moved at last. Yesterday the contractors got it as far as the Snipes-Kinnersly drug store, and at this rate it will likely be at its destination on the vacant lot across the street from Mays & Crowe's.

Reports from all parts of Eastern Oregon indicate that a good fruit crop will be had this season. Early peaches in Wasco, Sherman and Moro counties

are ripening. Cherries continue to be plentiful, while strawberries are about out of the market for this season.

N. J. Sinnott returned yesterday morning from Antelope, where he delivered the address on Independence day. Mr. Sinnott states the celebration at Antelope was a grand success and that the hospitality of the people residing there could not be surpassed.

Albert T. Baldwin has purchased the insurance business of J. Hartnett, and will in the future will be the authorized agent of the St. Paul Fire and Marine Insurance Co. Mr. Baldwin is an enterprising young man and will certainly secure a liberal share of the public patronage.

Yesterday THE CHRONICLE office was presented with a calendar from the Chicago, Milwaukee & St. Paul railway. It is one of the most artistic we have ever seen, being printed in various colors. Each page contains an illustration appropriate for the month, and on the whole it is a very neat souvenir.

The temperature has fallen over the Columbia river basin. This decrease in temperature is favorable for a more rapid fall of the water in the rivers. The fall will be from 0.3 to 0.5 of a foot a day at Umatilla and Portland and about .07 of a foot at The Dalles. Within four days the rivers will be below the danger line.

Chas. Remi, a sheep herder working in Klickitat county about fifty miles from here, was accidentally shot on the Fourth of July by a forty-four caliber revolver falling from his pocket and striking on a rock. The ball entered near the elbow and ranged up coming out near the shoulder. Remi was brought to The Dalles yesterday and his wound dressed by Dr. Hollister. The wound, though painful, will be all right in a short time providing blood poisoning does not set in.

In a letter received from I. N. Sargent dated Omaha, Neb., July 23, he says "we have been for two weeks attending the exposition and have taken in, in a general way, the principal buildings and exhibits and must say it is much beyond our expectations. Oregon is well represented in timber, fruits and minerals, and the gentlemanly superintendent Mr. Doech has a good word for all. We start today for Chicago and some other points east before returning to Oregon."

Private Elias Hutchinson, of company M, Second Oregon volunteers, died of peritonitis June 20, en route to the Philippines, and was buried at sea June 21. He was born on the Hutchinson farm place, two miles east of Hubbard, twenty-three years ago, and worked on his mother's and adjoining farms up to the time of his enlistment. One brother, Will Hutchinson, is a section foreman

at Mt. Angel; another, Elijah, is a farmer near Canby, while the third brother, Ed, also lives. Mrs. John Zeek, of Clackamas, is Private Hutchinson's sister.

As the hot weather comes on, Dalles people invariably hie themselves to the numerous summer resorts so easy of access from our city, where many of them remain until the fall term of school commences. The exodus has begun, and every day families leave the city, eager for the cool, invigorating sea breezes, or the quiet rest of weeks spent by some clear mountain stream. Soon the streets will show the difference in the evening, when the "summer girl" has deserted them for "greener fields," and thereon will be seen only a few tramps and the inevitable newspaper reporter, both of whom are "only waiting till the shadows are a little longer grown," when walking will be a more pleasant pastime and the night watchman be asleep on his beat.

Owing to the increase in the amount of wool and other freight coming to the Wasco warehouse, a large force of men are employed at present and are kept extremely busy from morning till night. On account of the large addition that has been built on to the warehouse, it is much more convenient to handle and store wool and grain than in smaller warehouses, and as the expense of handling is less, the cost is less in proportion on the producers. For this reason, this warehouse can do as well for its patrons as any in the land. Its offices are neatly arranged and if any business is to be transacted with Mr. Lord, the manager, he has a neat private office where it can be attended to without it becoming public property. The large amount of business that is being transacted at present shows plainly that the people appreciate the efforts of the Wasco Warehouse Company to please its patrons.

Friday's Daily.

Thursday Charles Florer was seriously burned on the face and hands with carbolic acid. It appears that he was drawing a nail from a horse's hoof and when he had done so he was pouring carbolic acid in the hole left by the nail. The horse kicked and broke the bottle, splashing it on Mr. Florer with the above results.

Le Roy George, the rattlesnake king, gave a performance in this city last evening and the manner in which he handles the rattlers is little short of marvelous. He will take these venomous reptiles, which he has caught across the river in Rockland, and handle them as he would a pet animal. He will wrap them around his neck as if they were perfectly harmless and seems to have some power by which he keeps them from injuring him. His

show is certainly worth the price of admission, which is 10 cents. He will show this afternoon and evening, also tomorrow, next to Murchie's stables.

The Dalles Commercial and Athletic Club team, consisting of Judge Bradshaw, Fred Houghton, M. T. Nolan, N. J. Sinnott, Victor Schmidt and Carey Ballard, leaves on the 7 o'clock train this morning for Portland, where they will take part in the tournament for the Feldenheimer trophy. The contest will be between the Multnomah and the D. C. and A. C. teams. Our boys will be joined in Portland by H. M. Ogden, who is a member of the team.

Several accidents occurred in Spokane on the Fourth. Mrs. James Coverly nearly lost her eyesight by being struck in the face by a piece of a flying bomb. Wm. Wilson was struck in the face by a flying rocket, and will lose the larger part of his nose. Nelson Hartson, son of M. T. Hartson, exploded a bomb in a tin can with disastrous results to himself and the can. He was cut in the face and arms and received other slight injuries none of which, however are serious.

Dorothy, the 5-year-old daughter of Justice Holman, of Dayton, narrowly escaped being burned to death Monday. Unobserved by her mother, the little girl got hold of some firecrackers, and proceeded to amuse herself. In some way her waist was ignited and the frightful screams soon brought her cousin, Mrs. George Savage, to her rescue. Without a moment's hesitation Mrs. Savage seized the child and extinguished the flames by briskly rubbing the cloth with her hands, burning her hands painfully. The little girl was burned quite badly on the breast and arms, but it is thought she will recover.

R. C. Atwood, who is extensively interested in wheat-raising in Sherman county, in speaking of the crop outlook, said: "Sherman county is going to market more wheat this year than any other county in the state. I believe better prices for wheat are past, and fair prices will prevail. The California shortage will make room for our product. Our farmers are well posted, and in most cases will seek the early market, which, as a rule, is the best for the section. It will not take long to supply the California shortage and load all the chartered ships from the great yield of wheat that will be produced this year in the Northwest."

"I have used Chamberlain's Cough Remedy in my family for years and always with good results," says W. B. Cooper, of El Rio, Cal. "For small children we find it especially effective." For sale by Blakeley & Houghton.

One Minute Cough Cure, cures. That is what it was made for.

OFF FOR THE WAR.

Eighteen More of Our Brave Boys Left Friday Morning to Support the Flag.

Thursday Captain H. F. Kendall and Doctors D. Walker and H. C. Johnston, examining surgeons for the United States army, were in the city and examined twenty-three volunteers. Of the 23 eighteen were accepted and leave on the morning train today for San Francisco and Manila.

The following are the names of those accepted: Senica F. Fouts, Wm. E. Lee, Charles McDougall, Fred Pretzald, A. E. DeAtly, Ralph Cobbs, Geo. H. Dufur, Thos. Nutter, Daniel J. Kretzer, Clarence E. Tiernan, Charles F. Wagner, Charles Rubart, Harry A. Fredden, all for Co. L, and Jack Williams, Frank Pierce, Lodanar Crary, Kenneth E. Warner, and Isaac Turney, for Co. H.

The rejected are John E. Brogan, married; Edward H. Sargent, defective vision; James E. Ball, deaf in right ear; Chas. L. McGafferty, deaf; Geo. F. Stranahan, right hand deformed.

The Dalles apportionment was thirteen men there were five more needed and as our boys were anxious to go they accepted the entire eighteen who passed the examination. The men will go in charge of S. F. Fouts, who will act as lance corporal.

THE CHRONICLE wishes the boys a successful trip, and hopes that when the war is passed they will return to receive our congratulations for the laurels they will certainly win.

PUBLIC INSTALLATION.

Officers of the A. O. U. W. and Degree of Honor Duly Installed Last Evening.

Last evening the installation of officers for the A. O. U. W. and D. of H. was held in Fraternity hall and largely attended by members and friends. The lodge was called to order by Dr. Frazier, and after a selection by the Alpha Mandolin and Guitar Club, the following officers were installed:

S. H. Frazier, M. W.; Fred Lempke, F.; C. A. Borders, overseer; S. L. Young, financier; J. F. Haworth, recorder; C. L. Phillips, receiver; Hans Hansen, guide; Fred Welder, I. W.

At the conclusion of the Workmen's installation Mrs. Maude Eddon gave a recitation, which was highly appreciated, after which the following officers of the Degree of Honor were installed, Mrs. Chas. Stephens, acting as installing officer; P. C. Mrs. C. J. Crandall; C. of H., Mrs. J. A. Douthit; L. of H., Mrs. McArthur; C. of C., Mrs. Sterling; Recorder, Mrs. Stephens; Financier, Ida Burchdorf; Receiver, Elizabeth Schooling; L. U., Mrs. Krefe; I. W., Mrs. Hallpap; O. W., Mrs. Ward.

After the installation refreshments were served and the usual pleasant time was enjoyed by everyone present.
