Dr. Nickelson and wife, of Philadelphis, came up on the boat yesterday and spent the evening with Mr. and Mrs. Ketchum, who piloted them around the city. They will return to Portland today.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other pas ties. The high standing of the CALI-FORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and

bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company-

CALIFORNIA FIG SYRUP CO.

SAN FRANCISCO, Cal NEW YORK, N. V. LOUISVILLE, Kr.

Better Than the Filter.

Dr. Martin of the New York board of health says that a sure safeguard against ill effects from contaminated water, and especially useful in the country, or at summer resorts, is the addition of five drops of peroxide of bydrogen to a glass of water a few minutes before drinking

it. The liquid is obtainable at any drug store, it costs but a few cents, is abso-

lutely harmless, tasteless and colorless. Its addition to the water only breaks it up into active oxygen and water, the former killing whatever germs or disease may be present in the water.

In purifying water in quantity, add 15 drops to the quart. This matter is equally effacacious and much more convenient than the ordinary way of boiling water to destroy possible germs. If Cambon will receive authority this aftera few drops of solution of sugar are placed in a glass of suspected water, and the glass is covered, if it is contami-

nated, will become cloudy and deposit a sediment after a few hours. The Library.

circulating library? If not, you cannot full text of McKinley's reply, they had realize how much you are missing, received an announcement from the Twenty-five cents a month is such a French foreign office which covered the small sum for the privilege of access to case.

Rico to Be Evacuated.

WASHINGTON, Aug. 10 .- Today the French ambassador, accompanied by Thiebaut, arrived at the state department at 11 o'clock, and after a conference lasting fifteen minutes with Secretary Day, during which time they considered some of the details of the reply, which had been left over, the latter drove to the White House to confer with the president.

There is reason to believe that the Spanish government will recede from certain conditions and that the result will be an agreement upon the basis of the terms of peace. Secretary Day, at 1 o'clock, made the following statement to the press:

"We have agreed upon a protocol, embodying the proposed terms for the negotiation of a treaty of peace, including the evacuation of Cuba and Porto Rico, and it is expected the protocol will be executed. It can be stated that the terms are precisely those laid down by the president in his original note about a week ago. It is believed that nothing but a few formalities remain to be disposed of to secure the signature of the protocol."

Later an agreement was reached on the protocol, embodying the terms of peace be-

ing 6000 to be forwarded. This includes in price. We quote Western grass boef the Eighth California, which was turned steers at \$3.75 to \$4.50; cows and heifers, over to Major-General Otis. \$3 to \$4; Western stockers and feeders, The First Washington has not been

Notice to Delinquent Taxpayers.

The delingent taxes of Wasco county, as shown on the rolls now in the hands of the sheriff are \$60,000, an amount almost equal to the indebtedness of the county. Every citizen will doubtless admit that this state of affairs should not exist, and that all taxes should be collected. On account of hard times in the past the county court Las shown leniency to taxpayers, but that leniency has reached the limit, and the court cannot wait longer on delinquents to make settlements. For this reason a linquent roll commanding the sheriff to collect all taxes by seizure and sale of property. With a bountiful crop now in sight, there can no longer be any reasonable excuse for the non-payment of to dispel headaches, colds, or fevers, use taxes. The sheriff is bound by oath to Syrup of Figs. Manufactured by the comply with the terms of the warrants attached to the tax rolls for the collection thereof, and has no option in the matter. Delinquent taxpayers can save the cost of seizure and sale of property by settling their taxes at once.

ROBERT KEELY, County.

Dated, August 4, 1898.

New Snake River Steamer.

The O. R. & N. Co. has commenced work at Riparia on what is intended to be the finest and fastest steamer that ever ran on the upper Snake river. The new boat will be named the Spokane and will have a third more power than the Lewiston, which was a big improvement on the boats which preceded her. The Spokane will be 160 feet long, with 35 foot beam and 41/2 foot hold. Her engines will be 18-inch cylinders, 7-foot tain Lopez were killed. Our loss was stroke, and the boiler will carry 180 pounds of steam. On account of burning coal, there will be more room for freight, and she will easily carry 5000 sacks of wheat. She will be lighted by electricity, and have all the modern improvements. The cost will be about \$25,-000. On account of not being able to get her boller before December 10th, it will be the middle of December before she will be completed. The new boat will have the speed and power, with light draught, to more easily navigate the upper Clearwater than the company has been heretofore mble to do with the Lewiston.
