

Confirmation of the American Achievement

Previous Reports Attested By Dewey...The Loss of Americans Light.

WASHINGTON, Aug. 17.—The government is in receipt of the following report from the hero of Manila. "MANILA, Aug. 13.—Manila surrendered today to the American land and naval forces, after a combined attack. A division of the squadron shelled the forts and intrenchments at Malate and on the south side of the city, driving back the enemy. Our army advanced from that side at the same time. The city surrendered about 5 o'clock. The American flag was hoisted by Lieutenant Brumby. About 7000 prisoners were taken. The squadron had no casualties, and none of the vessels were injured. On August 7th Merritt and I formally demanded the surrender of the city, which the governor-general refused. DEWEY." The second dispatch from the admiral had not been deciphered up to noon. They both were received early in the day, and after the first one had been translated it was laid before the president.

MORE TROOPS TO GO TO SANTIAGO

The Administration Considers Vigorous Steps Absolutely Necessary to Preserve Order.

WASHINGTON, Aug. 18.—Dispatches of importance were received and considered at the war department today. Immediately after the arrival of Alger at the department he had a consultation with Corbin. The conference was a protracted one. They were considering the dispatches received from Merritt and from Santiago.

Conditions at Santiago are causing a great deal of uneasiness, and troops will be ordered there very soon. Already orders have been issued directing the Fifth regular infantry to proceed to Santiago. Inquiries have been made as to the condition of the immune regiments which have not yet sailed, with a view of sending them to Santiago.

The government intends to take vigorous measures to preserve peace and keep order at Santiago and the territory under United States control. The emphatic order issued to Lawton a few days ago will be followed by orders sending enough disciplined troops to enable him to carry out the instructions of the secretary. As a further step in this direction, the president today directed that the Twenty-third Kansas regiment, colored, be dispatched to Santiago, to form an army of occupation in Cuba.

FOR GOVERNMENT OF MANILA

Provisions Embodied in a Proclamation Issued by Merritt.

New York, Aug. 18.—A special to the World from Manila, under date of August 14th, via Hong Kong, says: Merritt has prepared a proclamation to the natives which provides a scheme of government for Manila and surrounding territory and other islands placed in our possession, the chief points of which are rigid protection to all in personal religion; municipal laws, tribunals and local institutions for punishment to remain until further notice, except where incompatible with military rule, subject to the supervision of the American general, provost marshal and subprovost to be appointed with power to arrest civil as well as military officers; open trade for neutral nations, public property to be rigorously protected; no interference with the people so long as they preserve peace.

Merritt occupies the general's palace. Cleveland wheels are selling in spite of all the cheap wheels that are offering. Call and see our '98 models. Maier & Denton.

OUR BATTERY BOYS SOON TO BE HOME

Batteries A and B, Oregon Volunteers, and Battery C, California Volunteers, Will Soon Be Mustered Out.

VANCOUVER, Wash., Aug. 17.—Orders will be issued tomorrow for the mustering out of service of the United States all volunteer artillery and cavalry batteries and companies now serving in the department of the Columbia. This will include Battery A, Oregon volunteers, now at Vancouver; Battery B, Oregon volunteers, now at Sellywood, and Battery C, California volunteers, now at Fort Canby. There is no volunteer cavalry at present serving in the department of the Columbia.

SHIPS FOR THE NAVY

Congress Will Be Asked to Authorize the Construction in the Near Future of the Most Formidable Fighting Machines Afloat.

CHICAGO, Aug. 17.—A special to the Record from Washington says: The navy department will ask congress to authorize the construction of the largest and most formidable battle-ships and cruisers afloat. Vessels without equals in any foreign fleets, and incomparably superior in offensive purposes, speed and endurance to any of the magnificent ships which a few weeks ago destroyed Cervera's squadron.

The naval board has practically agreed to begin the designing of three battleships of between 13,000 and 14,000 tons displacement, with at least nineteen knots maintained speed. It was also determined to recommend three first-class cruisers of about 12,000 tons and of not less than 22 knots speed, and a class of protected and partly armored cruisers of between 5000 and 7000 tons, as well as a new class of 2500-ton cruisers. The battleships will be designed to whip any fighting vessel in the world, of whatever class, and the cruisers are to be more formidable than any of the vessels of their speed up to this time in Europe.

CAPTAIN CLARK SERIOUSLY ILL

MONTAUK POINT, L. I., Aug. 18.—Captain Clark, of the battleship Oregon, is seriously ill, and cannot at present be removed from the auxiliary cruiser St. Paul.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Snipes-Kinnersly Drug Co.

CERVERA WILL GO HOME SOON

Madrid Instructs Him to Take the First Available Ship for Home.

New York, Aug. 17.—A dispatch to the Herald from Madrid says: At the conclusion of the cabinet council last night Cervera was instructed to take the first ship home independent of nationality.

New York, Aug. 17.—There was considerable handclapping and some cheers this morning when Cervera landed from a Fall River line steamboat. While on the boat a passenger shook hands with Cervera and remarked: "I am glad to know you were kind to Hobson."

"Hobson is a brave young man and I admired his courage," answered the admiral. Cervera is on his way back to Annapolis. When he reaches there he expects to complete arrangements for transportation back to Spain.

SICK SOLDIERS SENT HOME

Members of the Second Oregon Brought Home by the Australia.

SAN FRANCISCO, Aug. 18.—The Australia brought back the following soldiers, who were discharged on account of sickness: G. P. Brown, company G, Second Oregon volunteers, Portland, heart trouble; Sergeant C. A. Bort, company K, Second Oregon volunteers, Salem, deafness; William Wann, company B, Second Oregon volunteers, consumption; William Dye, company K, Second Oregon, epilepsy; P. W. Shelby, company B, Second Oregon, Eugene, partial blindness.

MERRITT GAVE HIS CONSENT

Removal of Augustin to Hong Kong on the German Cruiser Was Not Irregular.

BERLIN, Aug. 19.—A dispatch from Hong Kong, dated August 18, and evidently official, says: The Kaiserin Augusta, which left Manila with dispatches from Admiral von Diederichs, after the fall of the city, will return there today. Augustin and his family arrived on the cruiser. Von Diederichs, at the request of Augustin, gave them passage by arrangements with the American commander. Augustin has left Hong Kong en route to Spain.

THE ARKANSAW TRAVELER, JR.

T. Allen McQuary Arrives in the City on His Strange Mission Around the World for an Arkansaw Girl and \$5000.00.

Last evening a large throng gathered on Second street in front of Daut's optical parlors to listen to the youth, T. Allen McQuary, which the St. Louis Globe-Democrat has termed "the Missouri Don Quixote," who arrived in this city Monday on his way around the world for \$5000 and a bride, the daughter of a rich Southern planter. It appears that McQuary fell desperately in love with the young lady and as the feeling was mutual they desired to be married immediately. The old gentleman objected and finally as a bluff offered McQuary his daughter and \$5000 if he would make the trip around the world from east to west starting penniless in Missouri on May 19, 1897, and returning 18 months later, having made the trip on horseback and by water, and forcing him to make the expenses of the trip on his way.

McQuary's history of his experiences as told in the little book which he sells after his lectures is an interesting one and too long to publish here, while his lectures are interesting and instructive. Mr. McQuary will lecture again this evening and has chosen The Dalles as the place where he will secure a horse and begin his long ride to Missouri and has no doubt that he will be able to reach his destination by the date which is set for his arrival October 19th of this year. The young globe trotter is about 24 years of age, of pleasing appearance and an interesting talker. He is according to the contract dressed in the garb of a knight of the Sixteenth century and carries with him records and documents sufficient to convince the most skeptical that he is not a fake.

SPECIAL MARKET LETTER

Issued by the Union Stock Yards for the Benefit of Stockmen.

The corn crop conditions continue to improve, and the prospect, taking the whole United States into account, is now better than at the same time last year, although in the principal producing and feeding states there has been injury in spots, especially so in many parts of Kansas and in a part of Nebraska. It is now conceded that there will be plenty of corn at reasonable prices to meet all demands for feeding both cattle and sheep, and therefore it is fair to conclude that the demand for both feeding cattle and feeding sheep will continue good and at fair prices. Receipts of western grass beef cattle and also of corn-fed beef cattle continue moderate. Prices on both declined a little during the early part of the week, but have since regained it all and the market closed firm. On Monday and Tuesday the receipts of stock cattle and feeders were the heaviest of the season and prices declined sharply. Since then, however, part of the loss has been gained and the market is closing only about 10c lower than the close of last week. We quote western grass beef steers at \$3.75 to \$4.40. Cows and heifers \$2.75 to \$4.25. Yearling steers \$4.20 to \$4.70; two-year-olds \$3.80 to \$4.40; three and four-year-olds \$3.65 to \$4.40. Receipts of western sheep continue very light; trade is active and prices higher. We quote western wethers \$3.70 to \$4.25; ewes \$3 to \$3.75; yearlings \$4 to \$4.75; lambs \$4.25 to \$6.

NOTICE TO DELINQUENT TAXPAYERS

The delinquent taxes of Wasco county, as shown on the rolls now in the hands of the sheriff are \$60,000, an amount almost equal to the indebtedness of the county. Every citizen will doubtless admit that this state of affairs should not exist, and that all taxes should be collected. On account of hard times in the past the county court has shown leniency to taxpayers, but that leniency has reached the limit, and the court cannot wait longer on delinquents to make settlements. For this reason a warrant has been attached to each delinquent roll commanding the sheriff to collect all taxes by seizure and sale of property. With a bountiful crop now in sight, there can no longer be any reasonable excuse for the non-payment of taxes. The sheriff is bound by oath to comply with the terms of the warrants attached to the tax rolls for the collection thereof, and has no option in the matter. Delinquent taxpayers can save the cost of seizure and sale of property by settling their taxes at once.
