

YOUNG BRIDE JUMPED IN THE WILLAMETTE

Rescued by Frank Ackersen a Longshoreman.

HER IDENTITY A MYSTERY

Rescuer Paid Not to Divulge Her Name or Address—She and Her Husband Came From the East—Nothing More known.

PORTLAND, Sept. 1.—The Evening Telegram has the following: Splash!

And a woman went over the Couch-street dock at 8:45 last night. An instant later Frank Ackersen, a longshoreman, was in the river, holding the woman's head above the water, and she struggling violently to free herself from his grasp.

Ackersen succeeded in saving the woman without assistance, as he had but a few yards to swim. As he was about to request another man to ring up the central station, a drag, containing a man and woman, drove rapidly to the spot.

"Is there a woman in the river?" inquired the driver excitedly. "There has been, but I got her out," replied Ackersen.

"So you would disgrace us, you horrible girl!" replied the driver as he got a glimpse of the shivering form of the would-be self-murderer.

"John, do not come near me," shrieked the young woman, "I am weary of all this."

But "John" denied her request, and he, with Ackersen's assistance, placed her in the drag and the party drove off. Ackersen, who is well-known as a temperate and reliable man, refuses to divulge the location of the residence of the dramatic personae of this drama; but he is in a spirit of much delight this morning related that he received fifty dollars for his trouble and promised to keep a silent tongue.

At police court, however, the fact was learned this afternoon that while the drag belonged to a prominent family here, the would-be suicide and the man, who was her husband, are strangers. They are on the coast spending a most singular honeymoon, judging from the night's events.

While the names of this couple are known to several members of the police department, they decline to divulge them for publication. It is said that the couple has been married six months since which time the bride has developed dangerous signs of suicidal mania. This is the third time she has attempted to take her life since they came West.

They are domiciled with friends on Nob Hill, but beyond that nothing could be ascertained respecting their identity.

BURNED IN KOBE HARBOR

American Ship "Baring Brothers" Destroyed With Three Thousand Tons of Matting.

VANCOUVER, B. C., Sept. 1.—The steamer Empress of China brings the following Oriental advice:

The American ship Baring Brothers, from New York, was burned in the harbor of Kobe, August 10th. It is intimated that the fire was of incendiary origin. When the vessel arrived at Kobe from Yokohama six of her crew were in irons. Four were soon afterward liberated.

The United States consul at Shanghai is inquiring into the most recent anti-foreign outrage. Messrs. Chapin and Alexander, of the international alliance mission, while on their way up the Yuen river with their houseboat, were stoned at Hongkiang, Huan. The boat was smashed and then burned by the mob. The two travelers barely escaped with their lives on a Chinese run-boat. The officials did nothing to protect them.

At Hong Kong they say there is grave reason to fear that the steam launch Wingatoo, which flies the American flag and which left on July 21 for Cavite, has foundered.

The Korean government has established a land survey office, with a view to surveying the land in the empire and examining the position of the roads, bridges and fortifications. A contract has been signed between the United States minister and the Korean govern-

ment to engage an American engineer for carrying out the work. It is stated that the Korean government will grant Japan a railroad charter between Seoul and Fusan, if the Japanese government will surrender a number of Korean refugees who are now in that country.

The annexation fever has spread to Japan, which recently raised the flag of the "rising sun" over a small island south of Japan. The island is said to have been discovered by an American captain and marked on the chart as Marcus island. A small colony has been sent to cultivate the island.

The indemnity paid by the Hawaiian government has been received, and its disposal will be shortly decided on. After claims of compensation by the emigration companies have been paid, the balance will be appropriated to defray the expenses incurred by the government in the matter.

The Japanese legations at London and at Washington will be raised to the rank of embassies.

HAWAIIAN PORTS AS USUAL

Will Be Open For the Entry of Foreign Vessels Pending a Revision of the United States Laws.

SAN FRANCISCO, Sept. 1.—T. H. Goodman, of the Southern Pacific Company, is in receipt of a ruling from the treasury department on the question of whether or not foreign vessels will be allowed a clearance for any port or ports in Hawaii and to enter and land their cargoes at said ports, now that the islands are American territory.

The Southern Pacific Company is interested in the matter to the extent of its interest in the Occidental & Oriental Steamship Company, which is operating the steamers Gaelic, Doric, Coptic and Belgic, between here and the Orient by way of Honolulu. All are chartered British vessels, and under the treasury regulations cannot engage in a coasting business between American ports.

The ruling of the treasury department settles this question. The company will be allowed to continue running its vessels between here and Honolulu until new laws for the islands are enacted by congress.

TRAMPS OPENED THE SWITCH

Passenger Train on New York, Ontario and Western Wrecked—Three Persons Killed, Eight Injured.

SARATOGA, N. Y., Sept. 1.—A special to the Herald from Fulton says: Passenger train No. 5 on the New York, Ontario & Western railroad, was wrecked at Ingalls, crossing, near this village, early this morning. The wreck was doubtless due to the dastardly work of tramps, who threw open the switch at which the train was wrecked. The dead are:

- Engineer B. C. Dowd, of Oswego. Fireman William Hall, of Norwich. Brakeman A. L. Osborne, of Walton. Eight persons received painful, though not fatal wounds, their injuries ranging from broken ribs to burns, bruises and scalp wounds.

Beats the Klondike. Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at Blakeley & Houghton's drug store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

A PEACE DEADLOCK.

Spain Has Not Yet Appointed Her Commissioners.

MADRID, Sept. 1.—The deadlock over the appointment of the members of the peace commission continues.

The cabinet sat this evening in concert, the queen regent presiding. Senor Sagasta, the premier, made a statement as to foreign policy, referring particularly to the disarmament proclamation of Emperor Nicholas. Lietsant-General Corres, minister of war, read a dispatch from General Rios, acting governor-general of the Spanish territory in the Philippine islands, announcing that he had acceded to Admiral Dewey's request to open Philippine ports, subject to ratification by the Madrid government.

Senor Sagasta, according to El Herald is trying to persuade the Duke of Tetuan now leader of the dissident conservatives, to join the peace commission.

THERE IS NO TIME FOR RESEARCH

Steinberg is Opposed to an Investigation At the Present Time.

WOULD BALK THE SERVICE

General Shafter Arrives at Camp Winkoff, But Has Not Taken Charge—The President Will Make Investigations.

WASHINGTON, Sept. 1.—Surgeon-General Steinberg today sent the following letter to a New York medical publication which had made inquiries of him concerning the conduct of the war with reference to the medical department, and especially about the subject of having an immediate investigation of his bureau. He says:

"I am ready at any moment for a complete investigation with reference to my administration of the affairs of the medical department, but the war department is not disposed to make such an investigation as the result of sensational newspaper articles. There is at present an evident craze to criticize, without regard for truth or justice. I have no doubt there will be a congressional investigation into the conduct of the war, but I do not feel at liberty at present to insist upon an investigation for my own vindication, because it is contrary to the general interests of the service. It would be wrong for me to give up all the important official work which at present almost overwhelms me, for the purpose of devoting myself to a presentation of the facts relating to my administration.

"It would make it necessary to take clerks away from their daily tasks in order to look up the documentary evidence on file in my office, and in the meantime import matters would necessarily be neglected and the sick in all parts of the country would suffer. It would make it necessary to call upon the medical officers, who are now urgently needed for the care of the sick in the various camps and hospitals, to come to Washington as witnesses, and all this to satisfy the clamor of irresponsible newspaper reporters. There has been no official campaign with reference to an administration of the medical department."

STRIKERS RESORT TO VIOLENCE

President and Superintendent of the Springside Mines Taken Prisoners.

St. Louis, Sept. 1.—A special to the Post dispatch from Pana, Ill., says: Six hundred striking miners this afternoon seized David J. Overholt and Lewis Overholt, president and superintendent, respectively, of the Springside mines. The two officials were taken from a buggy by the mob and carried in the direction of the mines. Nothing is known of their fate. Rev. Dr. Millard, a minister, made a plea to the miners to release the Overholts, and was knocked on the head with a revolver. The seizure is for the purpose of demanding the surrender of the negro miners who are taking the union men's places.

PACIFIC CABLE RECOMMENDED.

It Is Thought a Wise Move by the Wellington Committee on Legislation—Proportion of the Cost.

WELLINGTON, N. Z., Aug. 31.—The report of the committee on legislation just issued recommends the joining of the Australian colonies with Canada and the mother country by a Pacific cable on the basis that if Canada and Great Britain together would guarantee five-ninths of the cost of the work, New Zealand and the rest of the colonies would contribute the remaining four-ninths, of which amount New Zealand will furnish one-ninth.

Persistent Coughs

A cough which seems to hang on in spite of all the remedies which you have applied certainly needs energetic and sensible treatment. For twenty-five years that standard preparation of cod-liver oil,

SCOTT'S EMULSION

has proved its effectiveness in curing the trying affections of the throat and lungs, and this is the reason why: the cod-liver oil, partially digested, strengthens and vitalizes the whole system; the hypophosphites act as a tonic to the mind and nerves, and the glycerine soothes and heals the irritation. Can you think of any combination so effective as this?

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.

A CRITICAL TIME

During the Battle at Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba Were all Heroes—Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My command and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by Blakeley and Houghton.

Dated this 27th day of July, 1898. R. E. GIBSON, Executor. July 30-11.

DEPARTMENT OF THE INTERIOR.

General Land Office, Washington, D. C., August 19, 1898. Notice is hereby given that the order of the President of January 31, 1898, permanently reserving the following described tracts or parcels of land, for the use of a boat-railway between The Dalles and Celilo, on the south side of the Columbia river, has been revoked. Said tracts described as follows: One tract situated in the NW 1/4 of Sec. 31, T. 2 N., R. 14 E., containing about four and one-half acres no other description. The other tract in the NW 1/4, Sec. 21, T. 2 N., R. 15 E., containing about one-half of an acre, particularly described as follows: Beginning at the northwest corner of said section 21, and running thence in a southerly direction along the west boundary line of said section 21, one hundred and seventy (170) feet to a point on said boundary line; thence in a straight line to a point on the north boundary line of said section 21, the distance between said point and the point of beginning; and thence in a westerly direction along the north boundary line of said section 21 to the point of beginning. Said tracts are therefore restored to the public domain, and are subject to disposal the same as other public lands. By order of the Hon. Commissioner. Dated at The Dalles, Oregon, August 19, 1898. JAY F. LUCAS, Register. OTIS PATTERSON, Receiver. aug21-1

DEPARTMENT OF THE INTERIOR, General Land Office, Washington, D. C., May 27, 1898. Notice is hereby given of the following Executive Order, restoring certain lands in the Cascade Range Forest Reserve to settlement and entry: "EXECUTIVE MANSION, Washington, D. C., April 29, 1898. In accordance with the provisions of the Act of June 4, 1897 (30 Stat., 36), upon the recommendation of the Secretary of the Interior, the west half of Township one south of Range ten East, Willamette Meridian, Oregon, within the limits of the Cascade Range Forest Reserve, is hereby ordered restored to the public domain, and is hereby offered for sale by publication, as required by law, it appearing that said tract is better adapted to agricultural than forest purposes." WILLIAM MCKELVEY. The above land will be subject to entry at the United States Land Office, The Dalles, Oregon, on and after October 17, 1898. Elmer Hermann, Commissioner.
