

THE AWFUL CRIME OF A HUMAN FIEND

Killed a Man and Wounded a Woman.

HE CHASED A GIRL

Was Crazen by the Effects of Hard Drinking—Officers Who Have Him in Charge Fear a Lynching.

PENDLETON, Sept. 17.—C. C. Cunningham, of Milton, at the O. R. & N. depot this evening at 8 o'clock shot and killed O. Young, shot Mrs. Julius J. Worcester and chased her daughter, Effie, a block, with a cocked pistol in his hand. She refuge in the first open place—the First Chance saloon. Cunningham followed her. Several men grasped him, and, after a struggle succeeded in securing him. No motive is to be assigned as yet but the case is developing interesting features. Mr. Worcester was examined by the best physicians. Dr. Smith, who is mayor of the city, says a cursory examination shows a wound in the back, the ball entering near the kidneys. She is now in an extremely dangerous condition. Cunningham is believed to be insane. He said he couldn't understand how he came to commit the terrible crime. He had apparently been drinking. He was assaulted at Milton a few days ago, and came to Pendleton to secure the further prosecution of his assailant.

THE KAISER'S PILGRIMAGE

Abdul Hamid Prepares for Emperor William's Visit.

BERLIN, Sept. 17.—The approaching visit of Emperor William to Turkey is now arousing considerable interest. The sultan is making extraordinary efforts to please the emperor during the latter's stay at Constantinople. The palace intended for his reception is being fitted up with luxury. Emperor William will stay about 12 days at Constantinople. The Turkish troops it is asserted, are somewhat dissatisfied on the subject, as their arrears of pay have been devoted to the expense of Emperor William's visit.

LAUNCH FERNANDO A LAWFUL PRIZE

NEW YORK, Sept. 19.—A dispatch to the Herald from Santiago de Cuba says: In regard to the story about the trouble at Manzanillo, prior to the news of peace, it is said the Cubans had captured the small steam launch Fernando in the harbor. One Cuban was killed the next day, when the Spanish attempted to recapture the launch. The Fernando was taken by the Cubans to Guamo, on the Cauto river, a town which they were then occupying. Salvador Rios, in command of the Cubans, after the news of peace, hearing that it was the intention of the Spaniards to march to Guamo for the purpose of bringing back the Fernando, informed the Spanish colonel in command at Manzanillo that, notwithstanding the suspension of hostilities, if any move was made an attack would be begun by the entire force of Cubans. The Cubans then began making preparations for the attack, and mined the entrance to the Cauto river. The Spanish commander gave no further intimation of a desire to disturb the Cubans, but he refused to allow the Cubans to come to town to purchase food. A government steamer went Sunday night to bring back General Castillo and his staff from Santa Cruz, whither they had gone to confer with the Cuban provisional government.

ORDERS DIRECTLY REVERSED

Much Conjecture as to Cause of Change.

War Department Announces That the Move is Merely in Furtherance of a Plan to Garrison the Philippines Cuba and Porto Rico.

WASHINGTON, Sept. 10.—The following troops now at San Francisco have been ordered to Manila: Fifty-first Iowa regiment. Twentieth Kansas regiment. First Tennessee regiment. First Washington regiment. Recruits for the Second Oregon regiment. Arrangements for the embarkation of the troops will be made at once. It was stated at the war department that no exigency had arisen which made it necessary to send the troops now at San Francisco to Manila, but the order issued today was in accordance with the general plan of the department regarding a garrison for the Philippines. It was also said the plan included 20,000 men for the Philippines, 12,500 for Porto Rico and 60,000 for Cuba. The troops to be sent to Manila under today's order will fill the complement for that station. WASHINGTON, Sept. 19.—The war department has amended the orders relative to the dispatch of reinforcements to the Philippines so as to increase the number by 161 privates and 36 officers. These are made up of four companies of the Twenty-third infantry and recruits for the Tenth Pennsylvania, First Nebraska and First Colorado. These troops made up the expedition under General King, which recently left San Francisco on the Arizona for the Philippines, but was stopped by the department's order when two days out and returned to its post.

TENNESSE TROOPS MAKE TROUBLE

Another Round-up-Made at San Francisco Last Night.

SAN FRANCISCO, Sept. 18.—There was another round-up of drunken and disorderly Tennessee soldiers last night by a provost guard from the regiment. Major Maguire commanded the guard and Adjutant Pork Lieutenant Chapman of company E, assisted him. The men did not carry rifles, but each of them had a big army revolver strapped to his hip beneath his overcoat. All saloons in the tenderloin were raided and many intoxicated men sent back to camp. General Miller has strengthened the guards at the entrance of the Presidio. The lines of the Tennessee camp have been closed except to the very few members of the regiment, to whom passes are given. At intervals of one and one-half hours a roll is called in each company, and against every man away leave charges are preferred before a summary court.

AGUINALDO'S STATEMENT OF AFFAIRS

Denies that He is Unfriendly to America.

SITUATION IS VERY GRAVE

Philippino Congress May Ask for a Protectorate—They are Kindly Disposed Toward Us.

NEW YORK, Sept. 19.—The following dispatch has been received at the Associated Press office: "Manila, Sept. 19.—The Filipino government desires to inform the American government and people that the many rumors circulated regarding the strained relations between the Filipinos and American forces are base, malicious slanders of an enemy to both parties; are without truth and are circulated for the purpose of prejudicing the appeal of the Filipinos for release from the opposition and cruelty of Spain. "The relations of our people and yours have been and will continue of the most friendly nature, and we have withdrawn our forces from the suburbs of Manila as additional evidence of our confidence in the great American republic. "AGUINALDO." WASHINGTON, Sept. 19.—The Associated Press dispatch conveying Aguinaldo's message to the American people was regarded with much interest at the White House. The president read the statement with evident appreciation of its importance, but did not volunteer any information as to the attitude of this government. Officials near him spoke of the message as a "very important" document.

BARRACK BADLY NEEDED

If Troops at the Presidio Are Not Housed During the Coming Winter, a Large Increase in the Number of Hospital Cases is Inevitable.

SAN FRANCISCO, Sept. 10.—While General Miller, in charge of the Presidio military post, is strongly in favor of substituting substantial barracks for the tents now in use, he will not act in the matter until the return of General Merriam from Honolulu. Without an express appropriation from congress, nothing but temporary structures can be erected for the barracks. But even those would be vastly superior to the scant protection against the elements which the tents afford. The necessity of more careful housing of the troops during the coming winter is made apparent by the increase in the sick list at Camp Merriam. There have been nine cases reported at the division field hospital, making 318 in all, as against 300 when the camp was moved. Among the new cases are two of measles and one suspected typhoid fever case.

TENNESSEANS TO BLAME

Individual Responsibility, However, is Not Fixed in the Report, the Board Having Been Unable to Secure the Guilty Soldiers.

SAN FRANCISCO, Sept. 19.—The board of survey appointed to discover the Tennessee volunteers responsible for the outrage on the Thomas family, has made its report to General Miller. The board reports that it has been unable to discover the names of any of the participants in the riot, except those of the four Tennesseans who have been tried already by court-martial—Anderson, Davis, Clark and Scroggs. In the report, the board states its belief that members of the Kansas, New York and Iowa regiments, and the California heavy artillery were a part of the mob, but that the greater part of it was from Tennessee. There is no evidence to show that injury to the property of the Thomases was caused by any other than the Tennesseans, and is the belief of the board that most of the members of the other commands that joined themselves to the Tennesseans were attracted as spectators.

THE BOTKIN MURDER CASE

Governor Budd Refuses Extradition on the Charge.

SAN FRANCISCO, Sept. 17.—In summarizing the result of the hearing of the Botkin case before the governor. The Examiner says: "Mrs. Cordelia Botkin cannot be tried for murder. Governor Budd has decided, while granting a two weeks' postponement of formal action in this matter, that the woman cannot be extradited to Delaware. The prosecution admits that the murder trial cannot be undertaken in this state, as it was in Delaware that the murder was actually committed. The only thing can be done is to charge Mrs. Botkin with preparing candy package and depositing it in the mails. This offense is felony, and is punishable by a 10-year term in the state prison. There is no apparent way of getting the case before the supreme court on the extradition question except by agreement, or unless the governor refuses to act at all."

Chaplain C. C. McCabe, BISHOP IN THE M. E. CHURCH,

In answer to an urgent call by the church in this city, will deliver his famous lecture on the

"Bright Side of Life in Libby Prison."

AT THE Methodist Church, Sept. 22, at 7:30 p. m.

This continues to be one of the most noted lectures of the day. It is always given in the interests of the church, and has made for it more than \$150,000. The price of this lecture in all Eastern cities is \$1.00, but we have reduced the price to 50 cents, to give all an opportunity to hear it, especially accommodating those of neighboring towns and counties.

Bishop McCabe sees a bright side in every thing. This lecture is instructive, entertaining and inspiring. It was Chaplain McCabe that tore up his shirt to make a flag with which to celebrate the 4th of July in Libby Prison. His singing has inspired many a soul to deeds of heroism and many a fainting heart to renewed courage.
