

FOREIGN MISSIONARY SOCIETY.

New in Session in The Dalles—About Forty Delegates Present.

Thursday night about thirty ladies arrived in the city on the Sarah Dixon to attend the meeting of the Columbia river branch of the Woman's Foreign Missionary Society...

As the boat reached the dock about 6:30, the delegates were conducted to the church at once, and at 7:30 the first session was held, opening with a prayer service, followed by a reception in charge of the secretary of the Columbia river conference, Mrs. Burrill.

Reception to Rev. and Mrs. Poling. Thursday's Daily.

Last evening the members of the Congregational church and their friends gathered at the home of Mr. and Mrs. Truman Butler and gave their new pastor, Rev. Poling, and his wife a hearty welcome to our city and to the pastorate of the church here.

The impression which prevailed Sunday (after listening to Mr. Poling's addresses) that a better choice of pastor could not have been made, was intensified last night when all had an opportunity to meet him personally.

Death of Mr. A. Canfield. For some time past the friends of Mr. Andrew Canfield, who has for several years resided near Boyd, have been deeply concerned in his behalf...

Among those now in attendance are: Mesdames N. A. Fisher, C. Edmunds, L. Armitage, C. D. Willis, H. Baesner, W. H. Saylor, J. F. Wolfe, H. Crosier, Nellie Holmes, E. F. Kelly, M. Vail, and Misses Eva Foster and N. Lyons.

Mr. Canfield was seventy-three years of age, and having been a resident of The Dalles for a long time, and of this county of later years, was very well known by many of our citizens.

He leaves a wife, but no children, which makes the loneliness of her who survives him the more severe.

WHO WILL BE SENATOR? Echo Answers Who, While the People are Anxiously Waiting—Bill Abolishing Railroad Commission Was Passed.

Thursday's Daily. THE CHRONICLE'S special from Salem today says: The bill abolishing the railway commission has passed both houses and now awaits the signature of the governor.

The measure providing exempt certificates for Astoria volunteer firemen passed the house. A bill creating the office of game and forestry warden also passed the house.

The agricultural committee's report on fire at the agricultural college comes up this afternoon. Senate today worked on routine matter, doing no important business.

The senatorial situation remains virtually unchanged. So far Corbett's forces are still firm. George may develop unexpected strength any day.

On the Toboggan Slide. The Pendleton Tribune says: "Many who had hopes that wheat was going up and up until the last year's figures were reached for the crop of the present season, look dubious nowadays and conclude that the grain is on the toboggan slide and on the downward trip, at that. It refuses to climb to any higher altitudes."

"The quotation in Pendleton today is 44 1/2 cents. This, as has been said on numerous occasions, is just 5 1/2 cents under what will be required to pull any wheat away from the grower, unless he becomes frightened and fears it is going lower yet."

There are stations on The Dalles toboggan slide, and wheat here has stopped at the 50-cent one, remaining there for the past few days. Well-bread wheat isn't too fast in its downward movements, and isn't going to drop any lower till it feels the knead of so doing.

Three Doctors in Consultation. From Benjamin Franklin. "When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e. Theory) says is best is to be chosen in the last place. But if

of Cod-Liver Oil with Hypophosphites of Lime and Soda as the standard, and the purchaser who desires to procure the "standard" because he knows it has been of untold benefit, should not for one instant think of taking the risk of using some untried preparation.

The substitution of something said to be "just as good" for a standard preparation twenty-five years on the market, should not be permitted by the intelligent purchaser.
