

LYNCHING RAMPANT IN WILMINGTON

Whitemen Provoke Trouble
With Negroes.

FOUR OF THE BLACKS KILLED

Battle Was Precipitated By the Destruction of the Plant of Newspaper Run by a Negro, and in Which Had Been Published an Article Derogatory to the White Women of Wilmington.

WILMINGTON, N. C., Nov. 10.—Events have moved quickly in Wilmington. This morning the white people made good their threats to take vengeance on the negro newspaper which published an editorial derogatory to the white women. At 7:30 o'clock the negroes not having responded to the demand for the removal of the press of the Record, the negro newspaper, Ex-Representative Waddell, chairman of the white committee of twenty-five, repaired to the light infantry armory, where he was to meet the citizens by appointment. Eight o'clock was the last hour of grace for the negroes to reply, and that hour passed without an answer of any kind being received.

Meantime armed men had begun to gather in the street in front of the armory. They carried rifles, shotguns and ammunition, and the assemblage included some of the most solid citizens of the town. At 8 o'clock the procession moved in the direction of the Record printing office. When the negro quarter was reached the negroes could be seen a few blocks away running into their houses.

When the crowd arrived in front of the Record office, the citizens surged into the place and commenced the work of destruction. Furniture was smashed and thrown into the street, floors were gutted of moveables, and the building was fired and destroyed. Some one turned in a fire alarm, and when the engine responded the crowd discharged their weapons, and a fusillade of gun and pistol shots and shouts filled the air. The affair was soon over, however, and no one was hurt. The publishing house was destroyed, but neighboring property was saved. Manley, Iris brother and associate, fled and could not be found by the citizens.

Last night was one of terror. There were disturbances in different sections of the city, and the streets were patrolled during the hours of darkness by armed whites. In one instance a number of negroes fired on a street car, but without injuring any one. Mobs of excited negroes gathered at various places and were only dispersed after argument. The police were not in evidence, and made no effort to assist in restoring order. Soon after 11 o'clock news came that reinforcements were needed in the negro section of Brooklyn. The men were sent. Twenty minutes later news came that there had been a collision between the whites and blacks, and that blood had been shed.

As a result of the trouble at Brooklyn, it is believed that the negroes who have been killed will number four. A white man named Mayo, who was shot in the stomach, has since died. Another white man was hurt. The situation is quiet at the scene of the trouble now. The negroes have gone into their houses. Squads of men are halting all negroes and taking their pistols from them.

The demonstration this morning resulted from the action of a mass meeting of white citizens yesterday called to "assert the supremacy of the white men."
