

ONE MAN KILLED, FIFTEEN WOUNDED

American Losses in the Recent Battle of Iloilo.

REBELS LOSS ESTIMATED AT 150

Of These Fifty Were Killed and One Hundred Wounded, According to General Miles—Several Cases of Sunstroke Among the Americans.

MANILA, March 23.—5:30 p. m.—Details of the fighting at Ilo Ilo on March 16 show that 400 rebel riflemen from Pania were met by seven companies of the Eighteenth regiment, United States infantry, and a battalion of Tennessee volunteers. Supporting these troops were three two-inch Hotchkiss guns under General Miller. North of Jaro, across the river, the Americans were met with a heavy fire. One man was killed and fifteen wounded of the Eighteenth regiment, and there were several cases of sunstroke. General Miller estimates that fifty rebels were killed and 100 wounded.

Will Observe Operations.

SAN FRANCISCO, March 23.—Lieutenant Ferruelo Vitall, military attache of the Italian embassy at Washington, has arrived here en route to the Philippines, where he will watch the military operations as the military representative of the Italian government. He has been assigned to comfortable quarters on the City of Paebia, which is to convey part of the Ninth infantry to Manila.

United States Makes a Proposal.

LONDON, March 23.—In the house of commons today James Francis Hogan, anti-Paranellite, asked whether a modus vivendi had been arrived in the matter of the Alaska boundary, and whether information concerning the reported disturbances had been received. In reply the parliamentary secretary of foreign affairs said proposals for a modus vivendi had been made by the United States government, and added that they are now under consideration. The government had no news of a collision.

ADVANCE PRICE OF SILVER

Prime Object of the Smelters' Trust, and One It Proposes to Carry Out Immediately.

TOPEKA, Kan., March 22.—Mr. John T. Graham, of Denver, who owns extensive gold and silver mines in Colorado and New Mexico and copper mines in Utah, passed through Topeka today on his way to his home. Mr. Graham operates smelting plants at his various mines, and he has been in New York in attendance at the meeting of smelter

Copper Colored Splotches.

There is only one cure for Contagious Blood Poison—the disease which has completely baffled the doctors. They are totally unable to cure it, and direct their efforts toward bottling the poison up in the blood and concealing it from view. S. S. S. cures the disease positively and permanently by forcing out every trace of the taint.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do no good, I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved and was delighted with the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass.

Don't destroy all possible chance of a cure by taking the doctor's treatment of mercury and potash. These minerals cause the hair to fall out, and will wreck the entire system.

S.S.S. For the Blood is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no potash, mercury, or other mineral. Books on the disease and its treatment mailed free by Swift Specific Company, Atlanta, Georgia.

operators which resulted in the perfection of a gigantic trust, with a capital of \$95,000,000. While in this city Mr. Graham made the important statement that the first step made by the new trust would be to advance the price of silver 10 per cent. "This is a trust that will prove beneficial instead of oppressive," said Mr. Graham. "All the smelter operators who entered into the combine signed a contract agreeing not to raise the price on the treatment of ore for ten years. The advance in silver will be made within a very short time, just as soon as the combine can be perfected."

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you. Snipes-Kinersly Drug Co.

May Come to the Coast. WASHINGTON, March 23.—It is now believed that President McKinley will take an extended vacation this summer if public business will permit. Last spring he wanted to make a trip through the West, visiting Yellowstone Park, and going as far as the Pacific coast, and he may see his way clear to take that trip this summer.
