

BATTLE IMMINENT BEFORE CALUMPIT

MacArthur's Division En Route to the Place from Malolos.

STRONG REBEL FORCE THERE

Aguinaldo in Command and Accompanied by His Staff—General Hale's Brigade Already Within a Quarter of a Mile of the City.

MANILA, April 24.—7:50 p. m.—General MacArthur's division left Malolos today, apparently intending to attack Calumpit.

MANILA, April 24.—7:30 p. m.—General Hale at 4 o'clock this afternoon had crossed Bagdad and reached a position a quarter of a mile from Calumpit, thus commanding the river ford.

Prisoners captured by Hale's troops say Aguinaldo, General Luna, and the Filipino staff are at Calumpit with a great force of Filipino troops.

7:40 p. m.—Before daylight the Fourth cavalry, with three guns belonging to the Utah battery, the Nebraska regiment and the Iowa regiment under Hale were proceeding in the direction of Kulinhun, where the Bagdad (Tibabag) is fordable, but commanded by trenches. During the afternoon the troops crossed the river.

Generals MacArthur and Wheaton, with the Montana regiment, advanced to the left of the railroad, and the Kansas regiment moved forward to the right, north of Malolos. They had with them a long supply train with two armed cars in front carrying two Gatlings and Colts rapid-fire guns, and the six-pounders.

The insurgents attempted to destroy their bridge outside of Calumpit, and succeeded in badly warping the iron framework. As soon as the soldiers left the Filipino capital, the natives began fleeing in, as they did at Santa Cruz before the last boat of General Lawton's expedition had sailed. Our army is compelled to abandon all towns when an onward movement is commenced, because of inefficient men to garrison them.

No Change of Plans.

WASHINGTON, April 24.—Secretary Alger said yesterday's battle at Quinga had not altered the plans of the department in any degree. General Otis, General Lawton, Admiral Dewey and the Philippines commission all were fully authorized to deal with the situation in the Philippines according to their best judgment, and the department believed it would be good policy to refrain from meddling unnecessarily. The secretary said that if Otis wants more troops he shall have them, and meantime the department will make every effort to hasten the relief of the volunteer troops by the regular soldiers.

Colonel Smith Promoted.

WASHINGTON, April 24.—The president has appointed Colonel James F. Smith, of the First California regiment, to be a brigadier-general of volunteers. The regiment is now in the Philippines. General Smith will be assigned to one of the brigades of General Otis' army.

TWO NEGROES LYNCHED

Yesterday's Terrible Scenes at Newman, Ga.—Re-enacted Near Palmetto—Mob Still Unsatisfied and Searching for Other Victims.

PALMETTO, Ga., April 24.—The body of Lige Strickland, the negro implicated by Sam Hose in the killing of Alfred Cranford, was found swinging to the limb of a tree about a mile from town this morning. The ears and fingers had been cut off, and the body was pinned a placard bearing these words: "We must protect our Southern women."

Strickland was a negro minister, 60 years of age. Hose, just as the torch was about to be applied to the wood under him yesterday, admitted that he killed Cranford, but said Strickland had given him \$12 to do the deed. The confession of Hose caused great excitement here, and a crowd of men left for Major Thomas', where Strickland works, and at dusk

took the negro from the place and brought him into town.

Major Thomas made a speech to the mob while they were on his farm, urging them not to take the negro and saying he believed the fellow innocent. An impromptu trial was held in the public square. Everybody who knew Strickland was called upon to give testimony as to his character. Several negroes employed by Major Thomas said the negro was a law-abiding citizen and was not implicated in the Cranford affair. Other people living near the Thomas place gave Strickland a bad name. There were several people in the crowd who favored letting the law take its course, and suggested that the court adjourn to another place a mile from town, where several people lived who knew Strickland. This met with approval, and the "court" moved out into the woods a mile away.

Here Strickland was strung up two or three times in an effort to get his confession, but each time he denied that he had paid Hose to murder Cranford. The crowd seemed to be evenly divided, and the speechmaking continued until daylight, when it was decided to take the preacher to jail at Fairburn. This was the last the negro was seen alive.

A couple of farmers coming into town this morning reported finding the body of Strickland hanging from the limb of a tree, and shockingly mutilated. The city marshal summoned two deputies and drove to the scene. The body of Strickland was secured and brought here for an inquest.

A telephone message received today at 10 o'clock says the mob which lynched Strickland captured Albert Sewell, a negro who expressed himself to the effect that the death of every negro should be avenged, and has put him to death. The mob is said to be still on a hunt for negroes, and it is probable two more will be lynched.

Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at Blakeley & Houghton's drug store. 2

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see if it would effect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by Blakeley & Houghton Druggists.
