restore the nutrition of the nerves and have cured many cases of paralysis when all other remedies and methods of treatment have failed. The record of this remedy entitles it to a thorough trial.

Perhaps there is no man better known in the city of Lawrence, Kannas, than Mr. G. H. Snyder. To a reporter Mr. Snyder related a wonderful story. He said:

"I am now seventy years of age. About three years ago I experienced a coldness or numbness in the feet, then creeping up my legs until it reached my body. I grew very thin in flesh, my appetite was very poor and I did not relish my food. At last I became so had I was unable to move about. I consuited several distinguished physicians, one telling me that I had locomotor ataxia, another that I had creeping paralysis. I took their medicines but they did me no good and I continued to grow worse.

"One day a friend advised me to try Dr. Williams' Pink Pills for Pale People. I immediately commenced their use, throwing all other medicines away. Before I had finished my first box I found that they were benefiting me. I used twelve boxes in all and was perfectly cured."
